I am a quadrillionaire chapter 2441-The tortoise's next destination was Mia's hometown, a planet named Blue Star.

Mia was also from the Milky Way so they had to send her before going to Earth.

With the enormous tortoise's speed, they arrived at Mia's hometown Blue Star in just a blink of an eye.

However, the enormous tortoise did not leave highdimensional space.

"You can wait for me here. You don't have to go out in case we cause a sensation like just now. The tortoise is too big so it will alarm people no matter where it is," David said to everyone.

"Alright, David, go and send Mia off. We'll wait for you here," Celeste said.

"Master David, you don't have to do this. I can go by myself. I don't want to trouble you," Mia quickly interjected.

Ever since following David, she had always been humble.

Compared to the other women with David, she was just a maid.

"Let's go, Mia, I'll send you."

"No need! Master David, I can do this myself."

"Are you disobeying me now?"

"No! It's not like that! I just don't want to trouble you," Mia quickly explained.

"Mia, I have to say this. You've been thinking too lowly of yourself. You don't have to do that. As long as you're with me, all of you are equal and no one is superior to the other. Astrid is like this, and you are too. So, don't do this anymore. If not, I won't let you follow me anymore," David said seriously.

"But..."

“No buts! It’s a deal then. Mia, you don’t have to be so careful in front of me next time. You can be braver just like Sandy.”

“Dave, why are you bringing me up?” Sandy complained from one side.

“I was praising you!” David chuckled.

“Tch, I’m not stupid. You’re calling me rude. You think I can’t tell?”

“Pfft!”

The rest of the women could not hold back anymore and covered their mouths as they laughed.

“See? I think it’s pretty good too if you can be like that.”

“Hmph, Dave, I’ll be unhappy if you keep making me an example.” Sandy puffed up her cheeks, a look of anger on her face.

“Alright, I was wrong. I can’t even praise you. So, I won’t praise you anymore.”

“You’re not praising me, okay?”

“I got it, Master David. Thank you.” Mia’s eyes turned red.

Back then, even if she was Dance Fairy, one of the four fairies in the Milky Way and was sought after by countless men, she knew that she was always walking on the verge of danger despite looking well-off.

The main reason was that she did not have a background.

Among the four fairies, Astrid was the beloved princess of the Milky Way Empire while the other two were from big families.

Only Mia was born into a small force on Blue Star.

She did not have any strong support, so it made her feel like she was walking on thin ice.

She did not have the right to refuse any invitation and she could only run around the Milky Way, regardless of the time of day or night.

If she was not performing, she was on the way to a performance.

She was always taken advantage of by big shots, but she never dared to say anything.

Thankfully, Fergus helped her curb a lot of people with malicious intent, giving her a chance to meet David safely.

Mia wanted to maintain a good relationship with David and she was worried that David would abandon her.

Once she lost David as a support, her life would be even more tragic than before.

So, she started to become careful unconsciously.

To be honest, she was envious of Sandy and the women whenever they fooled around with David.

However, she never dared to join in.

Now that David had said this, she could finally stop worrying. She relaxed and was touched.
