I am a quadrillionaire chapter 2467-The five Overlords of Leila, Sylvio, Lufian, Drogo, Valentin, and Elora, who was having her body restored, shuddered at the sudden voice. They looked over to the source of the voice in shock.

A black shadow appeared above the planet.

Under the colorful lights, the black shadow looked so obvious.

‘The Soul Devourers!’ Sylvio gritted his teeth and said.

‘Tch tch tch, Sylvio! Long time no see! Do you still remember me, your old friend?’ The black shadow asked.

When Sylvio heard that, he was stunned.

Then he started to recall his memory about the Soul Devourers carefully.

It had been too long.

The battle with the Soul Devourers back then was thousands of epochs ago.

As for how long ago, Sylvio could not remember anymore.

He only remembered that Lufian and the others were not in Overlord Realm yet.

However, that battle was so bitter that Sylvio never forgot about it. He dared not forget it.

Even though Leila won, it was a tragic victory.

After recalling, Sylvio knew who this shadow in front of him was.

After all, there were only a few Overlords among the Soul Devourers.

In the end, only one escaped after the defeat.

‘Are you... Stark?’ Sylvio asked, unsure.

“Hehe, I guess you’re not confused. Not bad! I am Emperor Stark. The same one that got seriously injured by Leila and escaped. Now, I’m back. What do you think? Are you surprised?” The black shadow laughed.

“Stark, what do you want?” Sylvio’s eyes were fierce as he stared at the shadow.

He was thinking about how to solve this crisis in front of him.

He did not think that Stark would appear while they were at the most crucial part of Elora’s restoration.

If he appeared slightly earlier, they would not be so passive.

It seemed that Stark was prepared.

“What do I want? Of course, I’m here to see how you restore the body of an Overlord. Don’t mind me. Just continue with your thing. I’m just here to have a look,” the shadow Stark said calmly.

“Stark, you Soul Devourers are so forgetful. Did you forget how you got defeated so quickly?” Sylvio’s eyes were like

lightning.

“Sylvio, we will never forget the pain Leila brought on to the Soul Devourers. Because of that, we’re always thinking about how we will make a comeback in the future. We will avenge ourselves, take over Leila, and keep all the living creatures in Leila as food for the Soul Devourers. That way, we can console our ancestors. This time, Leila won’t be so lucky. The Soul Devourers will descend on Leila once again and take over completely.” The more Stark talked, the more excited he got.

They had been waiting too long for this day.

Even since they lost to Leila thousands of epochs ago, Stark had been wondering when he could bring his race to completely take over Leila.

Finally, his chance had arrived.

With the Soul Devourers’ strength, it would be impossible for them to breach Leila.

So, Stark decided to work with the Robotias this time.

They wanted Leila's resources while the Soul Devourers wanted the human souls.

Both sides did not have conflicting interests so they could work together perfectly.

As the saying went, 'The enemy of my enemy is my friend.'

Since the Robotias were enemies with Leila, they were friends of the Soul Devourers.

The Soul Devourers and humans were natural mortal enemies.
