I am a quadrillionaire chapter 2495-Perry almost burst into tears when he saw the gigantic body that looked like a small mountain.

He thought to himself, 'Ma'am, I've fu*king escaped to The Spirit Cage. Why did you follow me? Don't you know that I don't want to see you?'

Yes, this woman was the bride from the arranged marriage that Perry's family found for him. Her name was Fabiola Marche, the direct descendant of one of the major families in Leila.

She was an extraordinary woman who was not even 170cm tall but weighed about 300kg.

A woman like this would not reach anyone's beauty standards no matter where she was.

If she was on Earth, it might be difficult for her to walk with her 300kg body.

She could only stay in bed, eat, and wait for her death.

However, Fabiola could still walk with no problems here.

Her weight did not affect her speed at all.

The people around who threw up after seeing Fabiola were all pressed to the ground by the Marche family's guards. They were all eating their vomit.

No one would dare to not eat their vomit when their lives were in danger.

However, after they ate it, they would throw up again.

This was a human's natural response.

They could not control their bodies from repelling the vomit.

Yet, the Marche family's guards did not care.

They lifted their knives and killed the people who threw up again.

Since Miss Fabiola ordered them to kill anyone who did not finish eating their vomit, they would execute it.

“Ah!”

Screams could be heard.

Blood splattered everywhere.

Such a bloody scene caused the people who wanted to throw up to swallow their vomit forcefully.

If they dared to throw up, they would die.

If they died in The Spirit Cage, they would also die in real life.

Everyone was scared.

Arian saw this too.

As the captain of the Amber City law enforcement team and the number one person to maintain the order and safety of the city, logically speaking, he should do something to stop Fabiola.

However, he did not dare!

From Perry's expression, he could tell that Perry despised this disgusting woman who looked like a mountain, i

Anyone who could make Perry helpless and show such an expression would surely be from a force that was on the same level as the Campbell family.

If not, judging from Perry's temper, he would have killed the fat woman a long time ago.

Arian knew he could not afford to offend her.

If he forcefully did something to stop her, not only would he not be able to save others, but he might also put himself in harm's way.

He was not stupid.

He who understood the times was a wise man.

He could not do anything. He did not dare to do anything.

“Fabiola, why are you here?” Perry came back to his senses and questioned loudly.

“I’m here for you, of course! Perry, we’re engaged and you’re my fiance. Shouldn’t I come here to find you?” Fabiola looked at Perry and said aggrievedly.

If a gentle and beautiful woman was making this expression, she could surely dominate most men.

However, since Fabiola was the one doing it, Perry only wanted to throw up.

Not just him, but the people surrounding them also wanted to throw up.

However, no one dared to throw up.

Even Perry did not dare to vomit in front of Fabiola.

Once he offended her, he would suffer for the rest of his life.

They were both direct descendants of their respective families, but they had a certain gap between their identities.

Perry’s grandfather and the current head of the Campbell family were biological brothers, but he was not around now.

So, Perry was a direct descendant of the family with no support. Therefore, the seniors of the family arranged a marriage that was not a match for him at all.

Meanwhile, Fabiola was the biological granddaughter of the current head of the Marche family.

The head of a family was only second to the grandmasters and they had absolute authority.

What Fabiola said shocked all of the onlookers, including Arian.

They thought to themselves, ‘Master Perry Campbell was engaged to a woman like this?*
