## Chapter 249

Lex, who was sitting on the sofa, raised his eyes and glanced at James. “A-Are you really the one who sent them?”

James nodded. “Of course.”

“Lies! How could you have so much money?” Tommy shouted.

“Stop being so shameless, James. Just because your surname is Caden doesn't mean it's from you!”

Gladys also scolded him. 1

“That’s right. The other party never stated who it was for. Plus, Thea is already married, so it’s impossible to be for her. This Mr. Caden must be interested in me,” said Megan.

Lex was incredibly uncertain who the gifts were from. The delivery person did not say who it was for and only said it was from a Mr. Caden. “Thea, do you know of any rich man that goes by Mr. Caden?” Lex glanced at Thea and asked. “1-I do.” Thea was stunned for a moment, then nodded lightly. Many people turned to Thea after hearing her reply. “W-Who is this man?” Lex stood up and asked excitedly. James glanced at James and hesitated.

She did not know whether she should say it or not. She was worried that James would be angry if she did.

“Speak now!” Lex shouted.

“Darling, tell them,” James glanced at Thea and said,

Thea nodded and said, “T-The man i rescued ten years ago was from the Cadens, but I don’t lonow his full name.”

“Ah, I remember!” John’s voice suddenly sounded in the living room. Everyone turned to him.

“I heard the Megatron Group that had been shut down was reopened and taken over by a mysterious person. At the same time, countless companies under three of the Great Four had been given up. These companies belonged to the Cadens ten years ago,” said John,

Everyone was shocked to hear the news.

“I also heard about this. After the Cadens’ demise, the Great Four took over the Cadens’ family business.

“Now that they’ve given up the companies, wouldn’t that mean someone from the Cadens has retired?”

“Didn’t he get shot?”

“The execution must’ve been fake. I heard the person Thea saved had an amazing background. The Blithe king was forced to put on a show because of the widespread discussion. Thus, he probably used a death row prisoner instead.”

“Could it really be a betrothal gift from the Cadens’ survivor that Thea saved ten years ago? Does he want to marry Thea?”

The Callahans began to speculate. “What? Is he really alive? Thea exclaimed. John shook his head. “I don’t know. I only heard the rumors. Plus, I heard that someone took over part of the Great Four’s companies and established a new corporation, seemingly called Majestic Corporation. It should be on the news by tomorrow.” James was speechless after hearing their speculations. These betrothal gifts were from him. How did it end up being the person Thea saved ten years ago? The person Thea saved was him.

“It’s really from me.” “Shut up! Although your surname is Caden, you’re not from the influential Cadens! Are you rich?”

“Darling, don’t say too much,” thea pulled James and said. James sighed deeply How did it end up like this? They were really from him, so how come no one believed him? ‘Do I really have to reveal my identity?’ ‘No one even believed that I was the sender of the gifts. They’ll probably kick me out if I say I’m the Black Dragon and the owner of Transgenerational New City. I already told them in the afternoon, but no one took it seriously.’ 2

After thinking about it, he chose to remain silent.

That Mr. Caden that they were discussing was also him anyway. Let them misunderstand all they want.

“No matter who sent it, I can’t accept this betrothal gift. I’ve already had a husband,” Thea said. However, she lacked a little bit of determination for some reason.

She was slightly looking forward to meeting this mysterious Mr. Caden. She wanted to see the person she had saved ten years ago. She wanted to meet the ghost-masked man who rescued her from Trent, James caught on to Thea's expression.

He frowned and muttered in his heart, 'Could it be that Thea is really in love with me as the ghost-masked man?'
