

## Chapter 5224

Horiyah skipped a smile and waved her hand,

“Oh, forget it, you talk is also an old yin and yang master, and narrow-minded,”

“Can not see others live better than you, these two points I know better than anyone,”

“I also do not take my hot face to your cold a s s, going first, goodbye.”

After saying that, she stepped on the gas pedal,

The Mercedes-Benz issued a roar of the engine, leaving the three far behind.

Elaine’s body was shaking with anger, gritting her teeth and cursing:

“Fcuk, this woman dares to be so crazy with me, she must have found an opportunity to turn over!”

Claire said casually, “It’s good if auntie can have a chance to turn around,”

“Their family was really in difficulty before, not to mention grandmother,”

“Uncle and cousin, I heard that they have been lying in bed,”

“Almost incapable of taking care of themselves,”

“All depending on her, now that they have money, the days are definitely better for them.”

Elaine said angrily, "I tell you, Claire, in this world, anyone can live well, but only this family can not!"

Claire was surprised and asked, "Why? Mom, in the end, we are all family,"

"Blood is thicker than water, even if the two families don't get along much anymore, but they are still relatives."

"No!" Elaine gritted her teeth and said, "Let me tell you,"

"Sometimes the people who want to hurt you to death are the ones who are close to you!"

"You don't know how ruthless this dmn Horiyah is!"

When talking about this, Elaine couldn't help but remember the time,

When Horiyah cheated and almost cheated herself out of her family's money.

That time, if it were not for Charlie, she was really all finished.

It is also at that time, Elaine really realized that they could have eaten her alive if they were given a chance.

Therefore, Elaine to Horiyah, has been very hateful, and very wary!

The reason why she was close to Horiyah was that Horiyah had been licking Elaine like a pug,

So that Elaine found a great sense of superiority,

And she enjoyed that feeling of stepping on Horiyah under the feet,

At the same time also worried about her stretching thighs feeling.

However, even if she took Horiyah to eat, drink and play every day,

She still always remembered that Horiyah is a snake scorpion that eats people without spitting out bones,

And she must always be careful to prevent her from biting her again.

Originally, she thought Horiyah is certainly impossible to turn over in this life,

But did not expect, this b!tch turned over so fast!

She recalled the logo she just saw on the rear of the car and couldn't help but ask Charlie:

“Good son-in-law, what kind of car is the g500, is it very expensive?”

“g500.....” Charlie said casually: “is a Mercedes-Benz big g in the one,”

“A little stronger than the g350, a little worse than the g63.”

Elaine said off the cuff: “not that the big g is g63? How come the g500 is also one of the big g?”

Charlie laughed: “The g series of cars, are called big g, and g500 although not as expensive as g63,”

“But also not cheap, and the car has always had a premium, costing more than two million.”

“What do you mean?!” Elaine was wide-eyed, shocked beyond words:

“Just that g500, is more than two million?”

“Yes.” Charlie nodded: “More than two million is definitely necessary, after all, it’s a big g.”

Elaine was so angry that she kept stomping her feet:

“Dmn! God is blind! Horiyah can afford to drive a two-million-dollar car!”

“How can she do that? The family is so poor that they can’t even uncover the pot,”

“But they still drive a two million dollar Mercedes Benz big G. Where did she get that face!”

Charlie said heartfelt words: “Mom since people can afford to buy such an expensive car,”

“It is certainly not impossible to uncover the pot,”

“Before they really could have uncovered the pot,”

“But now it seems that they have indeed turned around.”

Elaine remembered something and frowned: “Is it, Wendy? I think I heard her say before,”

“Wendy engaged in that etiquette company, business seems to be quite good,”

“Dmn I thought she is working, did not expect to earn so much money!”

Charlie shook his head: “Mom, it is unlikely, even if Wendy’s income is good,”

“A year to the end, it is estimated to buy half of a big g,”

“Not to mention that she seems to have done only a few months, where can she earn so much money.”

Wendy’s that etiquette company’s situation, Charlie is actually still relatively clear,

After all, that company was taken down for her to run in the first place.

With cooperation from Orvel and Issac, the etiquette company this time is doing good business,

If according to the general etiquette, company play hard to squeeze the etiquette lady model,

That company can indeed earn a lot of money. However, Wendy is now considered reformed,

And has also experienced the ordeal of being victimized, so the company is sincere,

Not only the commission draw is less, and she even created a lot of benefits for the workers.

Just to buy a commuter car for the ladies, and hire a full-time driver, is a considerable amount of expenditure.

Besides, the company’s net profit is not 100% going into the pockets of Wendy,

Wendy can only get a small part, so from the calculation,

A year down, these earnings to justify a Mercedes are not realistic.

Elaine heard this, with a horrified face asked: "If it is not Wendy, then it is difficult for Horiyah to buy it over herself?"

"This ..... this is also impossible..... Horiyah this idle old woman has not much of a network,"

"And not much of a skill, what can she do to make a turnover?"
