

## **Guardians 531**

### Chapter 531

“Hehe. Are you afraid now?”

Herbert sneered and looked at Sean with disdain.

After Sean remained silent a moment ago, they all thought that Sean was frightened.

“Oh, now I understand.

“It seems... It’s you who contacted the Quinn family?”

Sean narrowed his eyes. He finally figured out something.

“Hehe. I’m free to talk to whoever I want.”

With a sneer, Wade took a sip of the red wine in front of him.

Wade felt very happy and showed a complacent face.

Sean glared at Wade with an extremely cold expression.

No wonder Old Madam Quinn was so determined to make Sean leave the Quinn family.

She also said that as long as Sean left the Quinn family, Reach For Will Group would sign a partnership agreement with the Quinn Corporation.

It turned out that Wade was behind all this!

At this time, Sean finally understood.

“Sean, do you still dare to say that you want to go against Brother Wade?

“You dare to offend him?”

Seeing that Sean was not speaking, Herbert asked again with a sneer.

Just as Sean wanted to speak, Willow reached out her hand and pressed his knee.

“Sean, don’t offend him...”

Willow’s eyes were filled with pleading.

Now the Quinn family was in a difficult situation. Their business was declining day by day.

If they could collaborate with Reach For Will Group, the current situation of the Quinn family could be solved.

Therefore, in the past few days, the entire Quinn family had been trying their best to connect with Reach For Will Group.

Wade gave Willow a glimmer of hope.

Therefore, she really did not want Sean to get into trouble with Wade.

“Willow, remember.

“There is no one I dare not offend in this River City.

“Even if he’s a senior executive of Reach For Will Group, I’m not afraid either.”

Sean slowly held Willow’s palm and raised his head to look at Wade soon after.

“So, that’s where your confidence comes from?

Sean asked with a bantering tone.

“Why? Are you not convinced?”

Wade folded his arms in front of his chest with eyes full of mockery.

“I heard that the pay and benefits of Reach For Will Group are very good.”

Sean suddenly said this as he glanced at Wade:

“Of course! After all, not everyone can simply join.

“Even I’ve spent a lot of effort and been through layers of screening to get hired.

“However, if you beg me, I can apply for a toilet cleaning job for you.”

Wade sneered as he loosened his cuffs with a proud face.

“You!”

Rachel was about to get angry but she was stopped by Sean with a wave of his hand.

“Reach For Will Group’s pay and benefits are good, but you can’t enjoy it anymore.

Sean’s tone was full of ridicule and mockery.

“What do you mean?”

Wade froze when he heard the words and frowned at Sean.

“Because you’ll be fired soon.”

Sean said a confident tone as he picked up the wine glass and swirled with it gently in his hand.

Chapter 532

As soon as Sean finished speaking, the room fell into silence.

Sean actually said that Wade would be fired soon?

Did he not know where Wade worked?

It was Reach For Will Group!

Reach For Will Group was the most capable dark horse in River City’s business circle during this period.

Their status in River City was rising steadily and many corporate bosses would gladly jump to cooperate with them.

It was very difficult for many corporate bosses to even contact Reach For Will Group.

Hence, what qualifications did Sean have to say that he could easily dismiss a senior executive like Wade ?

This was simply a joke!

A big joke!

“Sean, I see that you’re really shameless.

“What right do you have to say such a thing?

“Do you really think you can command Reach For Will Group just by knowing a few people?”

After Wade spoke, he sneered at Sean.

At this time, Sean had lost interest in talking to Wade.

Originally, he really thought that Wade had found some kind of backer, so he dared to be so arrogant.

Only now did he know that it was Reach For Will Group who gave Wade his confidence!

Sean, as the power behind the throne of Reach For Will Group, had no interest in talking to Wade at all.

It was because the two of them were completely not on the same level.

In other words, Wade’s level was not worthy of being Sean’s opponent at all.

“What’s wrong?

“Why are you so quiet there?”

Wade sneered arrogantly as he shook the Patek Philippe Nautilus watch on his wrist.

“You better enjoy this meal today.

“After all, you’ll be unemployed soon so you may not be able to afford to eat in such a luxurious place in the future.”

Sean’s word once again aroused Wade’s anger.

“You f\*cking b\*stard!”

Wade immediately became angry. He slammed his hand on the table and stood up.

At this moment, someone knocked on the private room door. The general manager of the hotel stepped in soon after.

“I’m sorry, Mr. Lennon, I’ve something to do just now so I’m late.”

“Hmph! You’re finally here?”

Wade turned to look at the general manager and snorted coldly.

The general manager smiled at Wade and walked towards the wine table with a glass of wine.

Wade slowly sat in the seat and waited for the general manager to come to toast him.

After all, his status as a big shot was clear as day now, so he thought that Sean was nothing compared to him.

“Mr. Lennon, let me make up my lateness by downing three glasses of wine first!”

However, the general manager passed over Wade and walked directly to Sean.

This scene left Wade, Herbert, and the others went dumbfounded.

Was this general manager stupid?

He must have known what kind of big shot Wade was by now.

He still ignored Wade and went to toast Sean first?

Did this not mean that even though Wade was now the senior executive of Reach For Will Group, his status was still inferior to that of Sean?

“Are you seriously asking for trouble?”

Wade shouted to the general manager in exasperation.

“Relax, Mr. Yancey.

“Mr. Clarke will come to us to inspect the work later.

“If you’ve anything to say, just tell Mr. Clarke.”

The general manager’s words made Wade freeze for a moment.

Mr. Clarke?

Harry Clarke, the general manager of Reach For Will Group?

Did he plan to come over in person?

Wade suddenly felt that something was wrong.

Herbert could not understand the current situation at all, so he asked the general manager with a cold snort.

“Since you know that Brother Wade is a senior executive of Reach For Will Group, then why did you go to toast him first?”

The general manager froze when he heard those words and then shook his head speechlessly. He did not know that Sean was the power behind the throne of Reach For Will Group.

However, he knew how terrifying Sean’s background was.

As for Wade, he was only an employee in Reach For Will Group, so how could he compare to Sean?

Rachel did not say anything after seeing this.

She found that there were a lot of things she did not know..

Sean was not as lowly as she thought!

“Mr. Lennon, the meal today...”

After the general manager toasted Sean, he asked Sean softly about something.

“Mr. Yancey will treat us.”

Sean replied with a light tone.

“Understood.”

The general manager nodded immediately.

The meaning of his question was naturally asking who would treat the meal today.

If it was for Sean, it would definitely be 100% free and they would also give him some expensive drinks on the house.

However, if it was for Wade, then that was a different matter.

“Mr. Yancey, you and I are both working for Reach For Will Group, so we can be considered colleagues.

“I’ll ask the front desk to give you a ten percent discount when you pay later.”

After the general manager finished speaking with a smile, he then said goodbye to Sean and slowly left the private room.

Bang!

Wade held a wine bottle and slammed it on the table.

The more he thought about it, the more uncomfortable he felt.

Embarrassed!

Today, his deliberate arrangements ended up being embarrassed once again by Sean!

“Brother Wade...”

Herbert was also confused and called out in a low voice.

However, Wade did not have time to pay attention to him at all. He was wondering where the problem was.

Why was he now a senior executive of Reach For Will Group, but his status in this hotel was still not as high as Sean’s?

At this time, the one who was even more flustered was Jay Bennett.

## Chapter 533

Originally, he thought that he would be able to get closer to Reach For Will Group by riding on Wade's coattails.

At that time, if the Bennet family had Reach For Will Group as their backer, would they still be afraid of Sean?

Therefore, he recklessly placed all his bets on Wade.

Now, he had begun to regret it.

The attitude of the general manager of Reach For Will Lakeside Hotel made him feel that Sean's identity might be even more terrifying than Wade's!

Upon thinking of this, Jay's expression got paler. He slowly raised his head to look at Sean.

"Sean, Brother Sean..."

Jay gritted his teeth slightly, lowered his head, and called to him.

"Scram."

Sean replied softly without even looking at Jay.

With just a word, Jay trembled and he did not dare to say another word.

"I don't think it's necessary to have this gathering today."

Rachel slowly stood up with a cold expression in this awkward atmosphere.

Her character had always been straightforward and she did not care what other people thought at all.

She would just speak up when she was upset.

What was more was that she could not bear to see that Sean was being targeted here.

"I originally thought that we hadn't seen each other for many years, it might be good to meet each other.

"But what did I see? Comparing, arrogance, looking down on others.

"Self-righteous, condescending behavior. Who do you think you are?" Many people's faces turned red upon hearing Rachel saying this coldly.

"Rachel, what do you mean?

"I tell you, you..."

Demi snorted coldly and was about to stand up to speak.

"Shut the f\*ck up!"

Rachel slammed a hand on the table and pointed at Demi.

Swoosh!

Demi's expression changed and instantly sat back to her original position.

1/4

"We all know what kind of person you are.

you

"And you! Herbert, Jay! What kind of showoffs the both of you were back then, do me to say more?

"I

originally thought that you all would be mature and change a little bit over the years, but now it seems that I think too much.

"A leopard can't change its spots.

"In the future, let's not contact each other anymore."

After Rachel said this, she turned to look at Willow.

\*

need

"Willow, Lexie, let's go.

"There is no need to maintain these meaningless friendships.

"Sometimes, knowing one good person is better than knowing a hundred people that are trash."

After Rachel finished speaking, Willow hesitated for a few seconds, then stood up and pushed Sean towards the door.

Outside the door.

"Rae, the Quinn family has been wanting to collaborate with Reach For Will Group recently.

"Actually, I want Wade to help the Quinn family build a connection with Reach For Will Group."

Willow lowered her head slightly, sighed softly, and glanced at Sean again.

This was her thought.

However, Sean had offended Wade once again today.

Perhaps Willow did not even have the right to hope anymore.

“Do you think Wade will help you?

“Even if he’s capable of helping you, do you think he’ll help you for free?

“Don’t you know what his plans are for you?”

Rachel spoke quickly and immediately frowned at Willow.

“Uhm...”

Willow shook her head helplessly.

Of course, she knew what Wade thought of her.

However, for the sake of the Quinn family, she had no choice.

When Sean heard this, he really wanted to say that he would handle the collaboration between the Quinn family and Reach For Will Group.

However, he still did not say anything after hesitating for a few seconds.

The establishment of Reach For Will Group was to leave a way out for Willow.

Since this was the case, Reach For Will Group could not have any relationship with the Quinn family.

Otherwise, there would be more trouble in the future.

Therefore, Sean would definitely not let Reach For Will Group establish any partnership with the Quinn family.

Severing ties was the best option.

“Forget it, let’s go back first.

“Will see how it goes later.”

Willow pushed Sean out after thinking about it for a while.

“Willow, you all go back first.

“I’ve something to do.”.

Sean paused and said to Willow.

“Okay...”

Willow did not ask anything. She just nodded in response.

At the same time.

Reach For Will Group’s building.

In the reception room, Jay’s father, Shane Bennett, was saying something with a smile on his face.

He relied on a lot of connections in the past two days before he had gotten in contact with Reach For Will Group.

Today was the day they signed a partnership.

Of course, this was also because the Bennett family was humble enough to admit their mistakes after they offended Sean.

Moreover, Shane also signed a partnership with the Quinn family.

Therefore, Sean only asked Harry Clarke to give the Bennett family such a chance.

“Manager Zenith, if there is nothing wrong with the agreement, let’s sign it as soon as possible, shall we?”

“It just happened to be lunchtime. I made a reservation at Reach For Will’s Lakeside Hotel. Let’s go and have a meal?”

Shane glanced at his watch and said with a smile.

“I don’t have time for lunch, but there’s nothing wrong with this agreement.”

After looking at it carefully, Manager Zenith immediately picked up a fountain pen and the seal of Reach For Will Group to sign the agreement.

The agreement prepared by the Bennett family would give Reach For Will Group a lot of profits.

P

Therefore, Reach For Will Group would definitely make a great profit after signing the agreement.

“Okay! Sure!”

Shane was extremely excited. He rubbed his palms together.

Chapter 534

When Manager Zenith picked up the fountain pen and was about to sign, Shane felt elated.

At the same time, he thought of the partnership signed with the Quinn family.

Now that they had signed a partnership with Reach For Will Group, it seemed that it was time to stop the partnership with the Quinn family.

After all, that agreement was completely for the Quinn family to profit from the loss of the Bennett family!

Before, Shane signed it because of Sean.

Now, relying on Reach For Will Group, did he still need to listen to Sean?

No matter how capable Sean was, could he be compared to Reach For Will Group?

The more Shane thought about it, the happier he felt. Watching Manager Zenith sign, he was so happy that he barely stopped himself from laughing out loud on the spot.

Buzz buzz buzz!

Just when Manager Zenith wrote his surname, the phone next to him suddenly rang.

Manager Zenith did not want to answer the phone at first because he planned to finish signing the agreement first.

However, he immediately put down his pen and picked up the phone upon casually glancing at the caller ID.

"Hello, Mr. Clarke.

"What? Okay, okay, I understand.

"Don't worry, I'll get it done."

Manager Zenith was stunned for a moment during the phone call. He nodded quickly soon after and said 'okay' a few times.

Then, Manager Zenith put down the phone and looked at Shane with a meaningful look.

The smile on Shane's face was still undiminished, but when he saw Manager Zenith's expression, he was a little confused.

"Manager Zenith, hurry up and sign."

Shane rubbed his palms and urged with a dry laugh.

"Sign? Sign what?"

Manager Zenith closed the cap of the fountain pen and asked casually.

"Uh... Sign the agreement..."

Shane was getting more and more confused at this moment.

"This agreement cannot be signed."

Manager Zenith picked up the phone, put away the pen and the company seal, and stood up slowly.

"Manager... Manager Zenith, don't joke with me, this, this..."

The smile on Shane's face froze. Then, he quickly forced on a wry smile.

He was still waiting to turn against Sean after signing a partnership deal with Reach For Will Group and then would withdraw his partnership with the Quinn family afterward.

Now that Manager Zenith said that this agreement could not be signed, what did it mean?

"You think I'm joking with you?"

"Leigh, see off the guest!"

Manager Zenith waved his hand slightly and immediately turned to leave.

“M—Manager Zenith...”

Shane stepped forward quickly. His tone was full of pleading.

The partnership that was about to be reached was stopped at the last minute.

How could he be willing to accept this?!

“Oh, right...”

Manager Zenith suddenly stopped as if he had remembered something.

“Manager Zenith, wh—what’s wrong?”

Shane’s Adam’s apple rolled as he asked expectantly.

“I was asked to pass these words on to you.

“You, Shane Bennett, what kind of sh\*t you think you are?

“And the Bennett family is also a pile of sh\*t!”

After Manager Zenith finished saying this, **he** turned and left the reception room with a sneer on his face  
.

As for Shane, he was stunned on the spot.

After he was stunned for more than ten seconds, Shane directly took out his mobile phone to find Jay’s number and called.

In the top—floor private room of Reach For Will Lakeside Hotel.

After Sean and the others left, Wade and the others were still eating there.

The food served at this hotel was quite high—end, so they did not want to waste it.

“Jay, look at your dumb—looking face.

“What are you afraid of? With Brother Wade supporting you, what can Sean do to you?”

Herbert glanced at Jay and said with a cold snort.

At this time, Jay was completely absent—minded with full of worries in his mind.

“Don’t worry.”

Wade waved his hand.

“Isn’t Mr. Clark coming over later?

“I’ll introduce him to you all if there is a chance.

“At least Mr. Clark will listen to what I say.”

Wade waved his hand proudly. After all, Wade was a doctor working overseas with a Ph.D.

Reach For Will Group had just been established and it was just the time when talents were needed.

Therefore, a lot of money was spent when hiring Wade.

Wade felt that his status in Reach For Will Group was naturally superior.

“Brother Wade, no, I always felt that Sean is not as simple as we think.

“Although he doesn’t seem to have accomplished anything and doesn’t even have a formal job.

“But his connections seem to be everywhere.

“I’m not only talking about the connections in the business circle, it seems that he has connections in the government office as well.”

Jay gritted his teeth slightly. His worries remained undiminished.

“What do you mean?”

Wade frowned slightly.

If Sean really had connections in the government office, then he really would not dare to underestimate Sean!\*

After all, it was not groundless to say that the poor did not fight against the rich and the rich did not compete with the government.

No matter how rich you were, you still did not dare to be too brazen in front of the people in the government office.

“Just last time, I offended him once.

“Then the Bennett family’s industry was blacklisted.

“Not only was the business targeted, but even those departments in the government office seized the properties of the Bennett family.

“I think it was all arranged by Sean.”

Jay gritted his teeth slightly. This was the first time that he told the truth to the crowd.

Chapter 535

Even Herbert and the others were not very clear about these things.

“Can you stop joking?

“The cripple Sean has connections with the government office?

“Do you

know that he’s a famous loser in River City? A loser who relies on Willow to survive.

“If he really has the ability, how could he be treated like this?”

Herbert froze for a few seconds and then said with a sneer.

“Hah...”

Wade put down his fork and a sneer appeared on the corner of his mouth.

“Do you know that the Old Madam Quinn of the Quinn family is trying to drive him out?

“If he really has any kind of ability, would Old Madam Quinn be willing to drive him away?”

Wade’s tone was also **full** of confidence.

After all, Quill brought him to meet Old Madam Quinn in person.

He also knew what Old Madam Quinn wanted.

He really did not believe that Sean really had any ability.

“Perhaps, the Quinn family doesn’t know anything about Sean?”

Jay took a sip from the wine glass as he frowned at Wade.

“What a joke!

“These days, who will still hide their talents if they are really capable?

“His status in the Quinn family is very low. If he’s really capable, will he not let the Quinn. family know?

“Don’t worry too much. As long as you follow me, I’ll definitely not treat you badly.

“I’ll find a way to let the Bennett family establish a partnership with Reach For Will Group later.”

Wade took a sip from the glass and spoke confidently.

“Uhm... Okay! Thank you, Brother Wade, thank you so much, Brother Wade!

“Brother Wade, cheers!”

Jay gritted his teeth and was finally relieved. He took a glass of wine and was about to toast. Wade.

At this moment, the mobile phone in his pocket rang.

Jay still finished his toast to Wade before taking out his mobile phone to answer the call.

“Hello, dad?”

Jay picked up the phone and answered.

“Where are you?”

Shane asked in a somber tone.

“I’m having a gathering with friends outside, what’s wrong, dad?”

Jay froze when he heard those words. He noticed that Shane’s tone was a bit strange.

“What’s wrong?

“You tell me now, have you offended someone again?”

Shane’s tone became colder and colder.

“I, I didn’t, I...”

Jay subconsciously wanted to explain but he suddenly remembered that he had just offended Sean just now.

‘Did something happen again?

‘Impossible, right? How could it be so fast?’

“You didn’t?

“Think about it carefully before answering me! Did you offend anyone again?!”

Shane on the other end of the line yelled directly at the phone.

“I... I did...”

Jay’s eyes widened. A very bad premonition appeared in his heart.

“Who?”

Jay shouted again.

“S–Sean Lennon...”

Jay gritted his teeth and then reported truthfully.

“You! You b\*stard! \*sshole!

“Did you call Sean a piece of sh\*t?”

Shane took a deep breath. His head buzzed.

“Dad, how did you know?”

Jay froze again when he heard the words. How did Shane know?

“How did I know?”

“I was scolded by someone saying I’m a piece of sh\*t! They even said that the Bennett family. is a pile of sh\*t in River City!”

The more Shane spoke, the angrier he became. He wished he could go across the telephone line and slap Jay directly.

“Who dares to talk to you like that?”

Hearing this, Jay was furious and shouted, “Does that person still wish to live in River City?

“It’s the people from Reach For Will Group, you can go find them.

“You come back right now, \*sshole!

“Did you know that we could have had a partnership with Reach **For** Will Group if we had one more minute? One more minute!”

Chapter 536

“You incompetent fool! Why didn’t I strangle you to death in the first place!”

“<”

Jay frowned dully and slowly put down the phone stiffly.

On the phone, Shane was still screaming angrily but Jay could not hear it anymore.

At this moment, his entire head was buzzing.

“I’m screwed...”

Jay widened his eyes and muttered to himself.

“Jay, what’s going on?”

Herbert frowned and looked at Jay and could not help but ask.

“D\*mn! The Bennett family is really in trouble now!”

Although Jay was a rich man’s son who just how to have fun every day, he was not a fool.

Having offended Sean twice in a row, he could already see the end of the Bennett family.

Perhaps, the cancellation of the partnership with Reach For Will Group was only the beginning!

“Why are you in trouble? What happened?”

“Tell me and I’ll settle it for you.”

Wade glanced at Jay. His face was still full of pride.

“Settle it for me...?”

“How are you going to settle it?!”

Jay suddenly grabbed a wine bottle and smashed it at Wade’s head.

Bang!

Before the others could react, Wade’s head was directly injured.

“ARGH!”

Wade gave a horrible shriek and crouched on the ground with his hands shielding his head.

Blood flowed continuously through his fingers.

“You’re f\*cking crazy!”

After Herbert reacted, he reached out and shoved Jay.

Jay suddenly turned around, raised another wine bottle, and smashed it at Herbert's head as if he had gone deranged.

Bang! Thump!

Herbert fell to the ground next to Wade. His head was bleeding as well.

No one dared to stop him now.

"You guys f\*cking got me in trouble!

"You guys insisted on making me offend him, now you're satisfied!

"I'm damned! The Bennett family is really in trouble!"

Jay threw the wine bottle aside, then turned and left the private room.

In the private room, everyone else was silent except for Herbert's and Wade's screams.

Although Jay did not make it clear what happened, they were able to guess some things through Jay's words.

It must be Sean who took action against the Bennett family again!

Thinking of this, everyone fell into silence.

"Why are you all still standing there? Hurry up and take Brother Wade to the hospital!"

Herbert covered his head with one hand. He still did not forget to express his loyalty to Wade.

Only then did everyone react and hurriedly supported Wade and Herbert and took them out of the private room.

In Willow's house.

At this time, there were only Willow and Rachel.

Sean said that he had some things to do and Lexie also left early for something.

]]

"Rae, here's your tea.

Willow poured a cup of tea for Rachel and then sat on the sofa with something weighing heavily on her mind.

"Willow, what are you worrying about?"

Rachel looked at Willow and asked softly.

"Rae, you don't know?

"In recent years, the situation of the Quinn family has been declining.

"Although Reach For Will Group is a newly established company, they are very powerful.

"The Quinn family is trying to find a way to establish a partnership with Reach For Will Group, but they simply ignore us.

"Now that we've completely offended Wade, I'm afraid it's even more hopeless.

"Those people in the Quinn family may also bring this matter against Sean."

The more Willow spoke, the more worried she became.

"Willow, although I don't know what kind of existence Reach For Will Group is.

"But what I know is that with Sean around, who can wrong you?

"Who can make the Quinn family feel wronged?"

2/3

Rachel slowly shook her head and looked at Willow with a very serious look.

Chapter 537

Hearing Rachel's words, Willow was stunned on the spot.

"Rae, what do you mean by that?"

After Willow reacted, she frowned and looked at Rachel.

However, Rachel did not rush to answer but just looked at Willow with eyes filled with complicated emotions.

She did not expect that the first man she could fall in love with over the years was actually the fiancé of her best friend!

Therefore, Rachel felt terribly upset now.

She even wanted to tell Willow to let her have Sean.

She was willing to take care of Sean for the rest of her life.

Alas, how could such a thing be said?

Willow was her best friend after all!

How could she do such a thing?

"Rae, what's the matter with you? Why are you in a daze?"

Seeing Rachel's dull gaze, Willow reached out and waved her hand in front of Rachel.

"Ah, nothing, what did you just say?"

Rachel came back to her senses and looked at Willow apologetically.

"You said that with Sean around, no one would dare to bully me.

"What do you mean by that?"

“Does Sean really have some kind of powerful background?”

“Are

you hiding something from me? Did you really know each other before?” Willow asked those questions in a row with a suspicious look on her face.

“No, I didn’t.

“I don’t know Sean.

“What I mean is that Sean was in the army before so he should be able to protect the Quinn family.”

Rachel hesitated for half a second and replied casually soon after.

In any case, it was impossible for her to tell Willow Sean’s true identity.

What was more was that Sean was now in an extremely dangerous situation because there were other hidden reasons for what happened back then.

Maybe there were still people who wanted to target Sean in secret, so Rachel could not say anything carelessly.

At the same time, Rachel actually had some selfish motives hidden in her heart.

She subconsciously did not want Willow to know how powerful Sean was.

Rachel could not help but think that if Sean broke up with Willow, she could have a chance?

“Really? Are you sure that you didn’t lie to me?”

“We’re besties, so you must not hide anything from me.”

Willow stared at Rachel for a few seconds and said seriously.

When Rachel heard this word, she could not help being a little stunned again.

She and Willow had really been good friends since school.

However, they happened to fall for the same man.

Rachel was certain in her heart that she liked Sean very much.

However, she was not sure how Willow felt about Sean.

Although Willow was very protective of Sean today, Willow could not help complaining about Sean to Rachel whenever they were on the phone together.

At that time, Rachel did not feel that Willow liked Sean in the slightest from Willow’s words.

“Willow, let’s not say anything else.

“Let’s talk about you and Sean.

“Do you think you and Sean are... really suited for each other?”

When Rachel asked this question, she was staring out the door.

With some shiftiness in her eyes.

“We...”

Willow thought about this question carefully in her heart.

“I don’t know.”

After a few seconds, Willow shook her head with an expression that was filled with complicated emotions.

“How could you not know?”

Rachel turned her head, looked at Willow, and asked.

“Because... in the entire Quinn family, no one supports us.

“Only my dad, Leah, and Candy. Only the three of them don’t object to me being with Sean. “The others, including my mom and my grandma, have tried their best to separate us.

“They all say that he has accomplished nothing, he’s a cripple... And they say that he’ll only disgrace the Quinn family.”

Willow sighed softly and shook her head slightly as she replied.

Hearing Willow’s words, Rachel was stunned for a moment, then anger rose in her heart, and then she could not help but laugh sardonically.

Sean accomplished nothing?

He would only disgrace the Quinn family?

If that was the case, was not everyone else just losers by comparison?

Rachel only felt that the entire Quinn family was ignorant and ridiculous.

“What about you? Do you like him?”

Rachel was silent for a couple of seconds before asking this question again.

When Rachel asked this question, Rachel’s heartbeat speed could not help but speed up slightly.

Willow’s response determined Rachel’s next reaction.

“I... Maybe a little bit.”

“After all, we’ve been together for two years...”

Willow was a little shy. She spoke those words with a light cough.

“Willow, this doesn’t mean that you like him.

“This, this is called habit at most. Both of you’ve been together for a long time, so you’re used to his existence.

“You must be certain. This really doesn’t mean that you like him.”

Rachel immediately took over the conversation and looked at Willow very seriously.

Willow frowned slightly when she heard the words. She glanced at Rachel with some doubts. She felt that Rachel’s reaction seemed a little unusual.

## Chapter 538

Rachel said before that she disagreed with Willow and Sean to be together.

Willow could feel that Rachel was doing it for her own good.

However, Rachel’s words seemed to hold some other meaning this time.

She seemed to want Willow to realize that she did not like Sean at all and Sean was not suitable for her.

“Rae, what’s wrong with you?

“Why do I feel that you, you seem to be...”

Willow always felt that the atmosphere was strange.

However, she could not explain how she felt.

“Willow, I’m here... for your own good.

“I don’t want you to compromise yourself.

“I just hope that no matter who you choose to be with, it’s because you like him.”

Rachel slowly took Willow’s palm and looked at Willow very seriously.

Those words really came from the heart.

“Rae, I understand...

Willow pondered for a couple of seconds and nodded heavily.

“I’ll carefully think about my relationship with Sean.”

Rachel also nodded and slowly leaned on the sofa soon after.

Her mind was in a mess.

She never thought that she would see Sean return triumphantly after waiting for him in the Northwest for so long.

Instead, she saw Sean again after she lost hope.

At this time, however, Sean already had another girl by his side.

If she did not know this girl, she would definitely try to win Sean to her side desperately with her character.

Unfortunately, this girl was Willow Quinn, her best friend.

Therefore, Rachel, who had a loyal personality, was also hesitant.

She did not want to destroy the sisterhood with Willow, but how could she willingly give up the man she liked?

Emotions were something that no one could control.

Love was hard to control!

"Willow, no matter what's your decision regarding this matter, you have to tell me.

1/3

"Actually, you don't have to worry that Sean will not be able to survive if he leaves the Quinn Residence.

"I think he has no problem taking care of himself now.

"Also, he knows the general manager of Reach For Will Lakeside Hotel, so he must have some connections."

Rachel subconsciously wanted to persuade Willow to leave Sean.

She could not do anything to actively snatch Sean from Willow, but she thought that if Willow voluntarily gave up Sean, then she would not have to.

"I know, I know it all.

"Rae, don't worry about me,

I'll handle it."

Willow nodded earnestly without the slightest suspicion towards Rachel.

Looking at Willow's attitude, Rachel could not help but feel some guilt in her heart.

She had always known that Willow had a kind personality, which was her nature.

Willow always habitually thought about the good side of others.

Especially for Rachel and Lexie, Willow maintained absolute trust in them.

At this time, Rachel took advantage of Willow's trust and wanted Willow and Sean to break up...

The more Rachel thought about it, the more she felt that she was a bad woman.

However, she did not know what to do to get the best of both worlds.

"On no ground exists an excellence which satisfies the decencies of both the Buddha and the beloved!"

Rachel slowly stood up and said with a tone that sounded extremely complicated.

“Rae, you?”

Willow frowned again.

“If there is nothing else, I’ll go back first.”

Rachel smiled and then said goodbye to Willow.

7 p.m.

The Grand Jade Hotel.

Old Madam Quinn invited the Quinn family to have dinner.

Naturally, the reason for this dinner was the discussion of Sean’s affairs.

During this period of time, whenever everyone in the Quinn family got together, they would definitely talk about Sean.

This time it was still about Sean.

“That’s the way it is.

“If Sean doesn’t leave, we can’t establish any collaboration with Reach For Will Group. “So, even if Sean confessed to Willow, I still want to ask him to leave the Quinn family.” Old Madam Quinn put down the teacup in her hand and looked at everyone.

“Please note that it’s a request.

“This time I want to discuss with him nicely and have him leave peacefully.”

Old Madam Quinn said this very seriously.

“I really don’t know how thick-skinned he is..

“We’ve tried to drive him away for so long, and he still doesn’t want to leave.”

Faye snorted coldly. Her tone was full of impatience.

Simon also nodded in agreement.

Including the rest of the Quinn family, they were constantly thinking about how to drive Sean away.

Originally, they felt that Sean would only disgrace the Quinn family.

Now they thought that because of Sean, they could not establish a partnership with Reach For Will Group, which made them feel that they must drive Sean away all the more.

Otherwise, the entire Quinn family would be held back by him.

“Say nothing more about these useless words.”

Old Madam Quinn waved her hand slightly and said, "Fion is quite supportive of this matter.

"As for Kent, he's a nose of wax, so he'll listen to me.

"The key is what Willow and Sean think, so I asked you all to come here to discuss it together.

"No matter what method is used, as long as Sean can leave us of his own volition, that's the best result.

"Now you all can start to think about it."

After the Old Madam Quinn finished speaking, she sat back in her chair and closed her eyes to rest.

## Chapter 539

Every Quinn family member looked at each other and discussed countermeasures in a low voice.

Meanwhile, there was a table of guests next to the private room where the Quinn family was.

There were three people sitting beside the table. In addition, six bodyguards in black stood against the wall.

"Mr. Lennon, thank you for coming over."

Shane Bennett, Jay's father, stood up and toasted a young man.

This young man was Sean.

Originally, he did not want to meet Shane.

However, after talking with Homer Larson, Shane came right after Homer left.

Sean remained silent and could only wait to hear what Shane was going to say to him.

"B\*stard, what are you waiting for?

"Quickly pour a cup of tea for Mr. Lennon!"

Shane slapped and scolded Jay.

"Yes yes yes."

Jay no longer had the arrogance he had at Reach For Will Lakeside Hotel earlier. He poured a cup of tea for Sean obsequiously.

Sean sat still expressionlessly.

He wanted to see what Shane and his son were going to do.

However, Shane's heart jolted upon seeing Sean's attitude.

If Sean got angry at them and scolded Jay, it meant that things could still be discussed.

However, Sean's indifferent attitude showed that he was not even interested in scolding Jay!

This showed that the Bennett family might really have no chance.

"Mr. Lennon, you, no matter what, you've to forgive this b\*stard this time.

"H-He lost his head for a while, you must..."

Shane's palm trembled slightly as he pleaded to Sean.

Today, if Sean did not forgive them, the entire Bennett family would definitely be totally screwed.

Therefore, although it was a bit humiliating to beg Sean, dignity was nothing compared to the survival of the Bennett family.

"I've given you a chance.

"But, I said there's only one chance."

Sean, who had not spoken for a while, finally said this slowly.

This was not the answer Shane wanted.

"Mr. Lennon, I know, I know..."

"You're the bigger person and you've spared the Bennett family once.

"Ev-

Even if you don't want to let us get away with this, it's just my son who offended you, it has nothing to do with the Bennett family!

"You can punish Jay any way you want, but it shouldn't involve the Bennett family..."

Shane gritted his teeth slightly and still begged Sean.

"The father is to blame for his son's faults.

"You didn't teach him how to be a man, so reality will teach him for you.

"If there is nothing else, I will leave first. Willow is still waiting for me to go home for dinner."

Sean looked at the time and immediately turned the wheelchair and prepared to leave.

"Mr. Lennon, you can't go!"

Shane took a step forward and grabbed Sean's wheelchair.

Sean frowned slightly and looked at Shane with a cold gaze.

Shane's heart trembled when he met Sean's gaze, but he still gritted his teeth and did not let

1. go.

"Mr. Lennon, I beg you, don't target the Bennett family, don't persecute the Bennett family.

"My son and I can kneel to you, but please spare the Bennett family!"

Shane clenched his jaw and spoke to Sean with an extremely sycophantic attitude.

However, Sean was completely indifferent.

Sean, who had seen countless blood spilled on the battlefield and killed countless enemies, never knew what it meant to be soft-hearted.

More importantly, even if he had a hint of compassion, he would only show it to the people closest to him.

As for the enemy, of course, they should be killed.

“Let me go.”

Sean frowned, looked at Shane, and said lightly.

“Mr. Lennon, I’ll kneel, please give the Bennett family another chance!”

Without saying a word, Shane directly took Jay to kneel before Sean.

The bodyguards in black by the wall looked at each other, but none of them dared to speak.

“Mr. Lennon, if you don’t forgive us, then we won’t get up.”

Shane widened his eyes and said very seriously.

“Hah, you both continue to kneel then.”

Sean sneered. He turned the wheelchair and moved towards the door, indifferent to their plight.

Swoosh!

At this time, the six bodyguards in black stepped forward and blocked the door.

“What do you guys trying to do?”.

Sean was calm. He was not nervous at all.

Shane and Jay, who were behind Sean, slowly stood up.

At this time, Shane’s expression was full of anger and madness.

“Mr. Lennon, is there really no chance to talk about this matter?”

Shane’s tone sounded extremely cold.

To try peaceful means before resorting to force. This was something that Shane had arranged in advance.

“Are you threatening me now?”

A sneer appeared on the corner of Sean’s mouth. He looked at Shane meaningfully.

“If Mr. Lennon insists on destroying the Bennett family, then I’ve no choice.”

Shane’s expression became more and more terrifying.

If Sean really wanted to deal with the Bennett family, the Bennett family would be destroyed within three days.

Last time, Sean did not attack them ruthlessly. Even so, it still caused serious losses to the Bennett family.

This time, Sean said that he would not give them any chance. Would he not want to destroy the entire Bennett family directly?

Once the Bennett family went bankrupt, the life of Shane's family would definitely be affected.

Therefore, he simply sent the helve after the hatchet. He thought to himself, 'Since I've begged him nicely and he still refused to accept it, then I'll play hardball with him.

"Today, no matter what method is used, I'll make Sean forget the notion of dealing with the Bennett family.'

Chapter 540

"Do you think you can stop me with just a few losers like them?"

Sean leaned lazily on the wheelchair and sneered.

"Of course, I know that Mr. Lennon has good fighting skills.

"But do you think I've prepared so few people for Mr. Lennon?"

Shane gritted his teeth slightly. Since things turned ugly here, there was no need to pretend anymore.

Sean nodded thoughtfully and took out his phone and sent a message.

As for Sean's actions, Shane did not care at all.

"I know you're acquainted with Mr. Wallace.

"But people from the mob value interests the most. As long as I can give more benefits to him than you, he will abandon you at any time.

"As for those connections of yours, once they arrived, I'll have done all the things that need to be done."

Shane's tone was filled with unveiled hostility.

"Anyway, if the Bennett family's properties are destroyed, we won't be able to survive.

"Since we're going to die, how about making you our scapegoat?"

Shane took a step forward and looked at Sean coldly. His gaze became more and more terrified.

"What right do you have to use me as your scapegoat?"

Once Sean finished speaking, he suddenly turned around and slapped the bodyguards.

Snap!

Snap!

After two consecutive crisp sounds, the two bodyguards in black were directly beaten by Sean and stumbled a few steps back, and then slammed into the wall hard.

"Who do you think you are? How dare you threaten me with such means?"

"Do you think the underworld of River City is in your grasp?"

"Today, I'll spend my good time playing with you."

Sean snorted coldly, moved his wrist, and moved forward to beat the remaining bodyguards.

In the private room next door.

The Quinn family discussed various methods but none of them were feasible.

There was nothing they could do if Sean insisted on not leaving.

Bang! Thump!

At this moment, the wall of the private room suddenly rang out with several consecutive thumping sounds.

It was like someone next door to them was hitting the wall with something.

"Ahh! Beat him!"

Immediately afterward, several screams came in a row.

The Quinn family was stunned for a moment. They only realized that someone was fighting next door after they came back to their senses!

"Grandma, I've got an idea!"

Simon rolled his eyes, suddenly raised his hand, and look at Old Madam Quinn.

"How? Say it."

Old Madam Quinn and the rest of the Quinn family immediately turned to look at Simon.

"Grandma, how about I find some people to frighten Sean?"

"If it really doesn't work, just beat him up."

"For as long as he doesn't leave, I'll let the people beat him up once a day. We'll see how long he can stay!"

Simon laughed. He was inspired by hearing the sound of the fight next door.

"I agree."

Faye raised her hand again in approval.

The rest of the Quinn family was also considering the feasibility of this matter.

However, Old Madam Quinn frowned with hesitation on her face.

“Grandma, don’t hesitate any longer.

“As long as we can make the Quinn family better and better, do we still need to care about him? “Everyone should look after his own interests, forget anyone else. Everything we do is to make the Quinn family better!”

Faye turned to look at Old Madam Quinn and persuaded her in a loud voice.

These words directly hit the heart of Old Madam Quinn.

“Is it possible?

“He also seems to know a lot of people.”

Old Madam Quinn looked up at Simon and asked as she gritted her teeth.

“Don’t worry, grandma.

“I have a friend who has a good relationship with Mr. Wallace.

“As long as I talk to him, it will definitely be done easily.”

Simon patted his chest confidently.

“Sean Lennon, this is what you forced me to do!

“If you have the guts, just go outside with me!”

At this moment, a roar suddenly came from outside.

The Quinn family was stunned when they heard Sean’s name.

“Sean Lennon?”

Was it Sean who was fighting next door just now?

“I really want to see what you can do to me.”

Immediately afterward, Sean’s incomparably calm voice was heard. Then, the Quinn family heard footsteps walking away in the corridor.

“Let’s go out to have a look.”

Old Madam Quinn waved her hand immediately and led the Quinn family to quietly open the private room door.

At the end of the corridor, Sean, who was in a wheelchair, was clearly seen by them.

“Grandma, look, this Sean will only cause trouble outside.

“You made the right decision to drive him away.”

Simon pouted and spoke again.

Old Madam Quinn frowned slightly. Then, she stepped forward to take a better look together with the rest of the Quinn family.

When they came to the lobby on the first floor, Sean, Shane, and his son were already outside. the hotel .

At this time, there were no less than 30 young men in black standing in the open space outside the hotel .

These young men were all wearing black vests with dyed blonde hair and many of them had ear studs.

The tattoos on the shoulders and arms were visible for all to see. You could tell they were gangsters at a glance.

Everyone around was avoiding them.

“Hah, Sean offended these people, he’s going to be in deep trouble!

“I originally wanted to find someone to deal with him, but now it seems that I don’t need to do anything at all.”

Simon sneered with glee.

The Quinn family, who was in the hall on the first floor, looked outside.

There were also many people watching outside the hotel and in the lobby.

At this moment, Shane and Jay were so mad that they did not care about other people watching them at all.

They wanted to give Sean a good lesson today no matter what.

“Sean, I’ll ask you one last time.

“Take my hand so we can put all this behind us.

“Or are you really going to force us to take action and send you to the hospital?!” Shane gritted his teeth slightly. The madness in his eyes was unabashedly visible. “I, Sean Lennon, am invincible on the battlefield, who do you think the Bennett family are? “Who gave you the guts to threaten me?”

Even at this time, Sean’s expression remained unchanged and he was not nervous at all.

“Good! Good! Then kill him now!

“I’ll be responsible for what happens!”

Shane cursed and waved his hand.

More than 30 young men in black immediately surrounded Sean with sneers on their faces.

Many people looking were very worried.

Even a healthy person could not withstand the attack of more than 30 young men!

Sean was just a cripple, was he not going to be beaten to death?

“No! I can’t let this happen.

“The Quinn family can deal with him, but I can’t watch him get beaten into the hospital by someone else.”

Old Madam Quinn hesitated for a few seconds but still wanted to go out to stop them.

“Grandma, are you serious?

“Say nothing. For the sake of the Quinn family, I don’t care if Sean dies!”

Simon grabbed Old Madam Quinn’s arm and stopped her from going out for half a step.

“Yes, Old Madam Quinn, isn’t Sean capable? Isn’t he rich and powerful?

“If he can’t even solve this little problem, how can you say that he is capable?

“If he’s really capable, then he can find someone to help him out!

The constant harrying of the Quinn family made Old Madam Quinn hesitant.

While Old Madam Quinn was stunned, the 30 young men in black had already surrounded Sean.

Vroom vroom vroom!

At this moment, there was a loud, distant roar of an engine.

Immediately afterward, one after another dazzling light came directly from the sky like a scorching sun.

Everyone turned their heads automatically and looked in the direction where the sound came from.

One after another, Harley–

Davidson motorcycles with headlights were rushing towards The Grand Jade Hotel with a screeching sound.

Hundreds of Harley–Davidsons motorcycles.

On each motorcycle sat a strong adult man dressed in a black trench coat.

Moreover, there were many strong men with big bald heads and fierce faces.

You could know at a glance that these were the people from the mob. It was definitely not something that these young men brought by Shane could compare!

These people were the real gangsters!

“I remember who they are...”
