

Chapter 5183

Charlie could see that in Claire's heart, she still treated Stella as a friend.

Only, on the basis of the huge gap between the social status of the two,

So that her own heart is also a little beaten back.

In this regard, Charlie understood very well in his heart.

Moreover, for him, he did not really want his wife to get too close to Stella.

On the one hand, Stella already knows his identity,

If the two of them get too close, it is likely to reveal his identity clues.

On the other hand, Stella is too smart, in contrast, Claire in front of her,

Is like a schoolboy facing a graduate student, one is too smart, one is too naive,

Such two people if they really become friends,

Both sides in order to compromise with each other must be very tired.

So, the two people just keeping the current state, in Charlie's opinion is the best.

So, he digressed and asked Claire,

"Honey, what time is the closing ceremony starting in the evening?"

Claire said, "The ceremony is from 5:00 to 5:30 pm to start signing in,"

"And it officially starts at 6:00 pm."

Charlie nodded and said, "Then let's collect our luggage in the afternoon,"

"And we can drive to New York in the morning."

"Yes!" Claire happily agreed and said with some joy,

"I've been out for so long, I'm really homesick!"

"Dad finished his exchange a few days ago and went back from Korea,"

"So I don't know how he's doing at home alone these days,"

"He can't cook either, so eating alone is a problem."

Charlie laughed: "Eating is a small matter, these days there is cell phone,"

"Where one can not be hungry, and Mom is not at home,"

"Dad you may not know how happy he is living alone,"

"So he may also look forward to us going back later,"

"For middle-aged married men can live alone at home for a few days,"

"It is more comfortable than being the President of the United States for a few days."

Claire could not help but sigh: "You see when we first came to the United States,"

"Dad also went to Korea for exchange, mom was alone at home,"

"According to what you just said, she must have been very comfortable at home alone,"

"But she still missed us, so she came all the way to the United States to see us."

Charlie was a bit dumbfounded and thought to himself,

“She has us in her heart? Good wife, you do not know your own mother well enough,”

“The reason why your mother came to the United States,”

“The reality is, in order to let her come to accompany you, I designed a small scheme,”

“Let her spend all the money, but where she has a hundred thousand or two hundred thousand in her hand,”

“Fix a golden chair to invite her, she would not come to the United States.”
