

Chapter 5200

Matthew's heart instantly thumped.

Only then did he remember Randal's incident which had been making a lot of noise before.

In order to compensate the families of the victims injured by Randal,]

The Fei family took out more than one billion dollars before and after.

Stella had only managed to save the day and help the Fei family regain its reputation,

So how could she let herself go for the sake of his shares?

Thinking about this, he already recognized the situation in his mind and thought:

"I have to run away, the sooner the better! The better to leave the United States tonight!"

After making up his mind, he slowly stood up, he said with a contrite face:

"Please don't worry, Miss Fei, I will go to the police tonight to turn myself in,"

"I should bear the responsibility, I will never escape!"

After saying that, he turned around and ran outside while Stella was not paying attention.

His driver was outside, his private plane was at the airport,

As long as he could get out of this auditorium door, he would be able to get to the airport in half an hour.

As long as he could get on the plane, he would definitely be able to leave the U.S. tonight,

And as long as he could leave the U.S., he would be able to keep most of his assets while preserving his personal freedom.

If can't get on the plane, then his assets and freedom, both will be gone!

Matthew suddenly feet to escape, Stella also did not react for a while,

Just when Matthew thought he would be able to escape, he suddenly felt his body instantly get stagnant,

The whole person was instantly strangled neck, can not move.

He subconsciously looked back and found that it was Charlie who reached out and grabbed his collar.

Charlie said with a smile on his face: "Mr. Peterson, where are you going in such a hurry?"

Matthew hastily put on a strong calm and said,

"Mr. Wade, I just said, to go to the police to surrender"

Charlie nodded and said with a smile, "It's good that you are willing to turn yourself in,"

"But there is no need to go there in person, and this kind of crime by the elite class of society,"

"It's usually not the turn of the police to deal with it, it's the FBI itself,"

"So why not just let Miss Fei contact the FBI and let them come here to pick you up."

Once Matthew heard this, the whole person was suddenly paralyzed with fear, He struggled to break free from Charlie's hand, but naive Charlie's hand remained motionless.

Stella called Karl over at this time and instructed,

"Master Yuan, notify the head of the FBI and have them send the closest agent over."

"Okay, Miss." Karl immediately nodded, took out his cell phone, and made a call.

Matthew's body has been unable to support,

The whole person like mud spread on the ground, eyes full of desperation pleaded:

"Miss Fei, please let me live, do not drive to kill"

"I have worked so hard for so many years to get to today, you can not destroy me like that!"

Stella said in an icy tone: "Not I want to destroy you, it is you who destroyed yourself."

Matthew said, "Miss Fei if I can't, I will transfer all my shares to the Fei family unconditionally!"

Stella smiled blandly and said, "Did you forget what I said?"

"Your shares will have to wait for a low-price auction and be used to compensate for the company's losses."

"As for whether there will eventually be any surplus and how much will be left,"

"You will need to wait slowly in prison."

As he spoke, Karl had already walked back from outside.

He came in front of Stella and said respectfully,
“Miss, the head of the FBI has been called, they take it very seriously,”
“And have dispatched several senior agents from the FBI base in Providence,”
“They are in a helicopter and will be here in ten minutes.”
