

I'm A Quadrillionaire chapter 1457

Chapter 1457

"Nova! Come in first!"

"Yes, Reputable Elder."

After Nova finished speaking, she slowly stepped into the valley.

This place was filled with birdsong and fragrant flowers, which was just like a paradise.

There were all kinds of precious medicinal materials, animals, and plants here.

Any of them would cost a sky-high price if they were taken outside.

In the center of the valley, there were several clean and tidy cabins.

Trekking through the crystal clear stream and several blooming gardens, Nova eventually came to the cabins.

Along the way, she was very careful, for fear of stepping on a blade of grass or a small animal.

Even a blade of grass in this valley would be very unique outside.

It was not long before Nova stood outside the door.

Creak.

The door of a log cabin opened from the inside.

Then, an old woman in plain clothes came out of the log cabin.

This person was one of the four reputable elders of the Iridescent Sect.

She was also beyond Eternal Realm and a well-known existence in Star Kingdom.

When Nova saw the old woman, she immediately got ready to kneel.

In the end, she was blocked by a wave of energy, preventing her from kneeling.

She knew that this reputable elder did not like others to kneel for her, so she did not insist anymore.

She just bent down slightly, and said respectfully, "Nova greets you, Reputable Elder."

“Nova, it’s been a long time since you came to see us,” the old woman said with a smile.

Although she looked very old, she was speaking and moving with no problem, and she did not seem old at all.

“Reputable Elder, I wanted to come to accompany you, but there are many things in the sect recently, and I couldn’t help it. If you quickly find someone to replace me as the head, I will be here to accompany you every day.”

“Oh, you! Other forces are fighting for life and death for your position. I wonder why you are all so courteous with each other and refuse to be head,” the old woman said helplessly.

“This can reflect the uniqueness of the Iridescent Sect!” Nova laughed.

“Okay, stop talking nonsense and tell me what’s going on.”

“Reputable Elder, Nek, the new giant of the Simmons family, came to us just now and demanded us to give him an explanation.”

“Nek from the Simmons family? Is that the guy who just broke through more than a thousand years ago

and came to ask Red to be his wife?”

“That’s him!”

“An explanation? He was new and hadn’t even stabilized his own strength. What explanation does he want from the Iridescent Sect?” The old woman asked suspiciously.

“Reputable Elder, you see…”

Nova explained the matter carefully.

She told her how Nek came to the Iridescent Sect, saying that he quietly planted a mind seed on Celeste and how he learned that Celeste lost her virginity from the feedback of his mind seed. She also told the reputable elder how Nek’s mind seed was then removed.

In the beginning, there were still various noisy voices in the valley.

These were the sounds made by the precious animals.

However, as Nova explained more of the details.

The atmosphere in the valley began to become solemn.

These precious animals were efficacious.

Hence, they would not dare to make any sound after they realized that their master's mood was a little bit off.

After Nova finished speaking, the entire valley was silent, and not even the sound of breathing could be heard.

I'm A Quadrillionaire chapter 1458

Chapter 1458

The atmosphere in the valley was extremely tense.

Even the air was filled with chilling intent.

This old woman was none other than Celeste's master, Eira, one of the four reputable elders of the Iridescent Sect.

She was also beyond Eternal Realm.

She was not comparable to Nek, a guy who had just broken through and not yet stabilized his realm.

Eira surpassed Eternal Realm nearly a hundred thousand years ago.

Nek was not even born then!

Even though Nek had broken through Eternal Realm and reached the realm that countless people dream of, he still had to lower his stance and respectfully address Eira as his senior.

After listening to Nova, Eira was about to erupt.

She worked so hard, spent so much effort, and finally cultivated a satisfactory disciple, but she lost her virginity to man which resulted in the destruction of her alluring body. As a result, everything she did had been in vain.

How could she accept this?

Eira could not wait to appear next to Celeste immediately to see what was going on. She wanted to see which stupid man made this girl willing to give herself to him and go against her teacher, or which courageous man dared to forcibly take Eira's direct disciple's virginity, wasting all her previous efforts. No matter what the situation was,

Eira had decided in her heart that this man had to die. Even if he were beyond Eternal Realm, she would make the opponent pay the due price.

The current situation had completely disrupted the plans of the Iridescent Sect.

Celeste was more than just an elder or a successor of the Iridescent Sect.

She also had a very important mission.

T

However, Celeste had no idea about it yet.

After she went beyond Eternal Realm, it would be the time for her to complete this mission.

However, the premise was that her alluring body had to still be complete.

Now, according to Nova, Celeste's alluring body has been ruined, which meant that she could no longer complete her mission.

This was a huge blow to the Iridescent Sect and the four reputable elders.

Eira could not accept the news for a while. She stood in front of the log cabin without speaking.

Time and space in the valley seemed to be frozen.

At this moment, Nova felt as if she was in an extremely dangerous position. If she moved her body a little, she would be killed immediately.

However, she had long expected that such a situation would happen after the reputable elder learned of the news.

Therefore, now, she even stopped breathing temporarily, for fear of disturbing the reputable elder.

All kinds of efficacious and precious animals in the valley also felt this chill.

They all obediently found a hidden corner to hide in, not daring to make a sound.

There was a moment of silence.

Only then did Eira ask, "Nova, is everything you just said true?"

“Reputable Elder, how would I dare to joke about this? Nek is still in the Iridescent Sect. If you don’t

believe me, you can ask him directly,” Nova replied.

“How about Red’s Life Flame? Has it weakened?”
