

## I'm A Quadrillionaire chapter 1465

Chapter 1465

In the Iridescent Sect, Celeste's Life Flame instantly grew much larger.

This meant that she was very close.

The guards of the Life Flame in the Iridescent Sect immediately reported the matter to the head of sect

Nova.

After Nova found out, she contacted Celeste immediately.

At this time, Celeste was still feeling annoyed in her room about why she did not have intercourse with David earlier to increase her mind power.

A phantom figure suddenly appeared in front of her.

It was Nova, the head of the Iridescent Sect.

"Lady Dream!" Celeste saw this figure, stood up, and greeted her respectfully.

Nova looked as if she was the same age as Celeste, but she was much older than Celeste.

Not only was she Celeste's senior, but she was also the head of the Iridescent Sect, the first person under the four reputable elders.

Therefore, Celeste's status in the Iridescent Sect was lower than that of Nova's.

Even so, Celeste's teacher was Eira, one of the four reputable elders.

Hence, Nova did not dare to put on airs in front of Celeste either.

"Elder Red, you have worked hard. Where are you now?" Nova asked.

"I've just entered Star Kingdom," Celeste replied.

"Then you should come back to the sect immediately."

"I got it. I'm rushing back at full speed. I am wondering why you used the sect's emergency recall order to call me back urgently, Lady Dream?"

"I do need to speak to you, but it is inconvenient to talk about it here. I will tell you when you return to the

sect."

“Okay, Lady Dream. Please wait a moment, I will come back as soon as possible.”

“Alright.”

Nova disappeared and Celeste sat down.

She could not even delay for a little now, let alone turn back. Instead, she could only rush back to the sect at full speed.

David was resting in his room when Celeste’s voice suddenly sounded in his ear.

“David, we’ve arrived at Star Kingdom.”

“We’re here? So soon?” David asked.

“Yeah, we’re here. It was pretty fast,” Celeste replied.

“Are we going directly to the Iridescent Sect or Star Mansion?”

“I will separate from Amadi in a bit. I will go back to the Iridescent Sect, and he will go back to Star

Mansion. Do you want to go to the Iridescent Sect with me first, or go directly to Star Mansion with

Amadi?”

“Of course, I’ll go to the Iridescent Sect first,” David replied without thinking.

‘Why would I go to Star Mansion?’

‘I still haven’t decided whether to join Star Mansion or not!’

Moreover, David would not feel at ease if he did not watch Celia and the others join the Iridescent Sect..

“Okay! Then you can go to the Iridescent Sect with me.”

“Alright.”

After a while, Celeste spoke again, “David, there is one more thing.”

“What’s up?”

“Let’s... do it again!”

“Okay!”

David did not refuse.

## I'm A Quadrillionaire chapter 1466

Chapter 1466

David and Celeste entered the fantasy together.

This might be their last for a while.

They would have no chance to do this when they were in the Iridescent Sect.

Because they were the only ones with mind power here, they could do whatever they want in the fantasy.

However, there were quite a few powerful people with mind power in the Iridescent Sect, and if they did this, they would be easily discovered.

Neither of them wanted a third party to learn of their relationship.

David still had his eyes closed.

Celeste put her head on David's shoulder and blew softly into his ear.

Then, she said in an extremely seductive voice, "David, you can open your eyes this time."

David shuddered when he heard that.

He asked in disbelief, "Are you for real?"

"Yes, this may be our last time in a while. When we arrive at the Iridescent Sect, we can no longer do this. There are many powerful people with mind power in the sect, so we will be discovered."

David could hear the sadness in Celeste's voice.

He did not know if it was because the other party could no longer increase her mind power, or was it because she liked their intercourse, or both.

During this time, they would meet in the fantasy every day.

Both parties had gradually gotten used to it.

Every day was like a dream.

However, it was more real than a dream

It can be said that the number of times the two of them had intercourse in the fantasy was more than the number of times David and Celia had intercourse in real life.

Fortunately, it was not real physical contact and was just an illusion.

David felt a little better.

He was a good boy who had received formal education on Earth.

Even in Star Kingdom, he still needed some time to get used to how the powerful people here could marry dozens or even hundreds of women to create more off-springs because they had unlimited lifespans.

David would not give up Celia, Selena, or Pearl.

As for Sandy and the others, David would give them his blessings if they could find better men in the future.

“I see, Celeste,” David said.

“David, if I want to ask you to help me increase my mind power in the future, will you agree?” Celeste

asked.

“Of course!” David replied without hesitation.

“That’s good. It’s a deal then. My current mind power is not enough to help me surpass Eternal Realm, so I’ll come to you for help after I upgrade to peak Eternal Realm. You won’t be allowed to go back on your word then.”

“Don’t worry, Celeste, just let me know when you need it.”

“Thank you, now you may open your eyes.”

David grabbed Celeste’s shoulders with both hands and gently pushed her away.

Then, he slowly opened his eyes.

The first thing that caught his eye was Celeste’s mature and charming face.

She was closing her eyes tightly at that moment.

Celeste told David to open his eyes, but she closed hers tightly.
