

I'm A Quadrillionaire chapter 1479

Chapter 1479

"That's good! David. In the future, you must keep a low profile in Star Kingdom. Star Kingdom is not like the Milky Way. You are the strongest there, so you have the final say. You may have become accustomed to dominating others and giving orders, but there are too many people who are much stronger than you here, and it's scary out there. Even what I have learned is just the tip of the iceberg. If you want to gain a foothold in Star Kingdom, you must work hard to surpass Eternal Realm as soon as possible and reach Saint Realm," Celeste persuaded earnestly.

She was afraid that David would treat Star Kingdom as the Milky Way.

If so, he probably would not live very long.

This was the result Celeste did not want to see.

When they returned to the Iridescent Sect, Celeste had her own affairs, and it was impossible for her to follow David and protect him at all times.

Although David was not a fool and he knew what this meant, it was still better to warn him.

David was very touched by Celeste's sincere words.

"Thank you, Celeste!"

"Stop thanking me, I don't like hearing that."

Celeste frowned, a little unhappy.

David kept thanking her. He was undoubtedly trying to widen the distance between the two.

"Okay, I will stop thanking you then. If you need me in the future, just tell me. As long as it's within my power, I will not say no."

"That's more like it. David, if you don't want to join Star Mansion, you can come to the Iridescent Sect to find me if you encounter any troubles in Star Kingdom, or you can even contact me directly. As long as no Saints are involved, I can still handle it."

"Okay! Since you said so, I may trouble you in the future," David said with a smile.

"By the way, David, there's one more thing I forgot to tell you," Celeste said suddenly.

"What is it?"

"It's about Lorraine, who came from Earth with you all. Originally, I wanted to accept her as my disciple, but for some reason, my master took her instead. Now, she is my junior and she has left with my master."

“What? Lorraine has become your junior?” David asked in shock.

He never expected that a woman like Lorraine would be so blessed.

She was taken away by a Saint the moment she came to Star Kingdom.

She had gone from rags to riches!

“She is not just my junior now. Master said that the four reputable elders of the Iridescent Sect will accept her as their disciple at the same time and teach her together. From now on, Lorraine’s status in the Iridescent Sect will be second only to the four reputable elders. Even the head will have to show her respect.”

“That’s insane!” David’s eyes widened with disbelief.

He was quite familiar with Lorraine.

1/2

The Lovewood family was considered a second-rate aristocratic family in Capital City.

She was brought into The Krums, a hidden sect, when she was a child.

Later, the Lovewood family’s status also rose as the sect came out of hiding.

David and Lorraine had met several times.

In his opinion, she was a woman who would attract attention with her looks.

David did not expect her to gain success now that she was in Star Kingdom.

“With the four reputable elders teaching Lorraine, coupled with her talent and the Iridescent Sect’s massive resources, Lorraine will soon catch up, and she is destined to become the number one in Star Kingdom in the future. David, Master of the Milky Way, if you don’t work hard, she will soon overtake you.”

David was taken aback at first, and then slowly came back to his senses.

He scoffed at Celeste’s words.

‘Are you kidding? Overtake me?’

‘If Daddy works hard, even your teacher will be nothing too, let alone Lorraine.’

I’m A Quadrillionaire chapter 1480

Chapter 1480

Saint Realm was nothing more than a few hundred thousand lavish points. David would have them after spending tens of trillions of Star Dollars.

However, David would not say that.

Besides, he had not planned how to spend tens of trillions of Star Dollars quietly without attracting others' attention!

"Celeste, don't worry! I will work hard."

"David, you are both earthlings. When your girlfriends join the Iridescent Sect, you can ask them to get in touch with Lorraine more if they have the chance. A good relationship with Lorraine will definitely benefit them in the future."

"Alright, I'll tell them," David said perfunctorily.

'Lorraine is a cold woman at first glance.

'And Celeste wants me to tell Celia and the others to humbly curry favor with Lorraine?

'Impossible!

'Besides, do the people around me need to curry favor with others?

'It should be the other way around!'

Celeste could sense David's dismissiveness and arrogance.

She merely thought David could not humble himself since he was the Master of the Milky Way.

This made sense.

If David could become the first person in the Milky Way to break through Eternal Realm, he had probably ruled the Milky Way for a long time.

It must be tough for him to curry favor with a woman who was once insignificant.

In reality, Celeste was a little curious.

'Both David and Lorraine live on Earth, and they know each other.

'Lorraine's figure and appearance are stunning, and she has an alluring body, which can stimulate men's desire.

'Why didn't David take her?

'Among his girlfriends, only Selena can compete with Lorraine while the others are slightly inferior.

'But thankfully David didn't take her as his girlfriend.

'Otherwise, the consequences might be disastrous.

'It'll not be a big deal if Lorraine's alluring body were activated but whether David could withstand the temptation of the alluring body is a major issue.

'He might be sucked dry.

'I wonder who between them is more blessed.

'Both of them live on the same small planet, and their respective conditions are top-notch, but they're not attracted to each other.'

"Alright, you should also go back and have a good rest. We will arrive at the Iridescent Sect soon, and you should also consider what you want to do next. It's up to you whether you want to join Star Mansion or be on your own."

"Celeste, I'm used to being free, and I don't want to be restricted by joining Star Mansion. I want to be by myself first, and then join Star Mansion if I can't handle it alone anymore. What do you think?"

"I knew you weren't willing to join Star Mansion just like that. If you could become the first Eternal in the Milky Way, you wouldn't be willing to depend on others. But David, I still want to tell you that it is very difficult to make it on your own in Star Kingdom."

"I know, Celeste, but I've decided to try it myself first."

"Since you've already made up your mind, I won't try to persuade you anymore. I still need to tell you again, if you encounter any troubles that you can't solve in Star Kingdom, you can contact me. I will do my best to help you solve it."

With a grateful heart, David bid farewell to Celeste.

The enormous tortoise continued in the fourth dimension, heading in the direction of the Iridescent Sect.
