

I'm A Quadrillionaire chapter 1519

Chapter 1519

David had no idea that Celeste had actually been holding back for a long time.

She had been holding back since she found out Nek planted the mind seed in her body.

If it were not for the fear of Nek's Saint Realm's strength, with her temperament, she would have stormed right over to him to question him.

Now, Nek was demanding an apology from her during this unexpected encounter.

Celeste could not bear it anymore.

Besides, she also knew that Nek would not dare to kill her, so she just let out all the frustration in her

heart.

Nek was stunned by Celeste's words.

He was also a little hesitant now.

He certainly would not dare to kill her.

He had already touched the bottom line of the Iridescent Sect.

If he killed Celeste now and alarmed the four reputable elders of the Iridescent Sect, Nek would not know if he could leave this place alive.

However, things had escalated to this point and Celeste had pointed at his nose to curse him, so he could not turn a blind eye.

There were so many people present!

Among them were the two concubines he had chosen.

If Nek did not do something about it and word got out, he would be utterly humiliated.

He could not kill Celeste, but he could kill the brat next to her.

He would kill that brat in front of Celeste to let her know what would happen to her if she offended him.

“Celeste, you asked for this. Don’t blame me for not being merciless.”

After Nek finished this sentence, the energy in his body exploded, making the people in the room feel as if they had fallen into the ice cave again.

At the same time, Nek disappeared.

David’s heart tightened.

His mind power involuntarily wanted to rush out of his body.

‘Oh no, I’m his target!’

When David was about to use all means to deal with Nek, Celeste grabbed him and stepped forward, blocking David.

Then, a figure suddenly appeared in front of Celeste, blocking Nek.

It was Nova, the head of the Iridescent Sect.

The four stood in a straight line with Nova and Nek standing face to face.

Behind her was Celeste, and behind Celeste was David.

“Nek, let me say it again. This is the Iridescent Sect, not somewhere for you to act recklessly,” Nova said, looking at Nek in front of her.

“Nova, you are the head of the Iridescent Sect, so I treat you as a peer, but you keep targeting me. Do you really think that I, Nek Simmons, have no limit?” A ball of rage burned in Nek’s heart, and he had no way to

vent it.

Nova was standing in front of him, so he could not do anything.

If he exuded all of his energy, Nek could instantly kill everyone here.

However, he did not dare to do so.

When he saw Celeste protecting David so much, it also strengthened Nek’s determination to kill David.

I’m A Quadrillionaire chapter 1520

“Since you know that I am the head, you should know that this is the Iridescent Sect, and I will not let you act recklessly here.”

“Did you hear Celeste scolding me?”

“Of course, I heard her!”

“She’s a mere Sovereign Ranker but she dares to insult a Saint like this. If word gets out, it will not only embarrass me but also embarrass all the Saints in Star Kingdom. She has ignored the fact that she can’t insult a Saint. I have to maintain my dignity as a Saint, Nova, and I hope you don’t stop me. I don’t have to kill Celeste today, but since she cares so much about the brat behind her, I must kill him today and teach her an unforgettable lesson.”

Nek looked across the two, and his eyes landed on David, who was at the back.

He had to kill that brat today.

The more Celeste cared about David, the more Nek wanted to kill him.

David was stunned when he heard what Nek said.

‘What the hell does this have to do with me?’

‘I haven’t even said a word so far, but I was inexplicably injured.’

‘Now, I will also be killed.’

‘Is this the sorrow of the weak?’

‘It really is a world where the strong prosper.’

‘The ones with power are the ones who get the final say.’

“Don’t even think about it! Nek, if you want to kill David, you have to step over my dead body. I won’t let you hurt him!” Celeste shouted.

“Celeste, you are protected by your teacher so I can’t kill you, but seeing that you are so worried about that kid, I feel relieved because I will kill him today, and none of you can stop me.”

“You scoundrel!” Celeste panicked.

She knew that Nek would not dare to kill her, so that was why she dared to scold him so unscrupulously and vent her anger.

However, since Nek turned his attention to David, she knew this would go south.

She brought David from the Milky Way, and he did not have any background in Star Kingdom.

Therefore, even if Nek killed him, there would be no repercussions.

No matter how talented and strong David was, he still needed some time to grow.

He was no match for Nek the Saint, at all now.

'What should I do? Celeste thought nervously.

If Nek was serious, with his Saint Realm strength, it would be easy for him to kill David from under her and Nova's protection.

"Celeste, you asked for this yourself. It'd have been over if you apologized to me earlier. Now that things

have escalated to this state, you have to bear full responsibility for this brat's death," Nek said with a sinister smile.

He could tell Celeste was very concerned about David.

If he killed David, Celeste was definitely going to be heavily affected.

'This is what happens if you insult a Saint.'

That was what Nek wanted.

Celeste was fighting a fierce battle in her heart.

She had only one thought now.

David could not die.

No matter what, David could not die by Nek's hands.

He was extremely talented and had a bright future.

Celeste clenched her fist tightly, her nails painted with red nail polish pierced into her palm.

Blood flowed from the cleft of her fist but she did not pay any attention to it.

After only two or three seconds, Celeste took a deep breath and said humbly, "Okay, Lord Simmons, I, Celeste Red, formally apologize to you now. I shouldn't have insulted you. It's all my fault and I deserve to die. You planting a mind seed in me was such a blessing and I shouldn't have blamed you for it. I hope you can be the bigger person and forgive me. I will never dare to do the same thing again in the future, please let us live."

Standing behind Celeste, David was shocked when he heard what Celeste said.

Celeste, a resolute and upright woman, actually apologized to Nek that scoundrel so that David could live.

Although Celeste caused all this and it had nothing to do with him, David felt bad at this moment.

'I actually need a woman to apologize to save my life.

'Nek, oh Nek!

'You'd better kill me today.

"Otherwise, I will make you pay this back thousands of times over very soon."

David had never wanted to kill someone so badly.
