

The Three Little Guardian Angels Chapter 2689

Chapter 2689

Roland was astonished and quickly checked his phone's call log.

'Sh*t! Roxy actually called me!

He quickly explained, "Honey, this isn't what you think-"

Mrs. Goldwin slapped him on the cheek and roared, "Roland Goldwin, you heartless b*stard. I gave birth to children for you, and I've been a full-time housewife for so many years. How dare you betray me!?"

"I really have nothing to do with her!"

"Is it so? Fine, I'll go to the crew to find that b*tch now!" Mrs. Goldwin slammed the door shut and left. Only then did Roland realize that there was going to be a huge commotion at the studio. He called Roxy immediately, but she had already turned off her phone.

He hurried out, but his wife had already left in her car.

Mrs. Goldwin went straight to the studio. "Where's that little b*tch named Roxy Van Damme!? Roxy Van Damme, you'd better get your *ss out here! How dare you seduce my husband!?"

The director of the project stepped forward. "Mrs. Goldwin, you're-"

"Where's Roxy Van Damme? Get that b*tch to come out here!" Mrs. Goldwin cursed loudly, and the extras present and some artists exchanged gazes, feeling as if they were in for a great show.

One of the female artists that Roxy had offended in the dressing room walked out from the crowd. "Mrs. Goldwin, Roxy is in the dressing room. I'll take you there."

"Bring me there now!"

The female artist brought Mrs. Goldwin to the dressing room.

On the other side of the door, Roxy, who had heard the commotion, was about to lock the door, but the other party kicked the door open directly.

The female artist pointed at Roxy. "Mrs. Goldwin, this is Roxy, the woman you're looking for."

Without saying a word, Mrs. Goldwin rolled up her sleeves and slapped Roxy.

Roxy fell to the floor, and before she could react to the abrupt assault, she was jerked by her hair. "How dare you seduce Roland!? I'll slap you to death right now, you shameless b*tch!"

Roland rushed in and pushed his wife away. "Have you lost your mind? What are you doing!?"

Seeing that the crowd outside the room was getting larger and larger, he hurried forward. "Come home with me now, and I'll explain everything to you."

"How do you plan to explain this? Are you feeling sorry for this woman because she's gotten slapped by me? I see. It's no wonder you've been putting so much effort into promoting this newbie to the public. It turns out that you're having an affair with this b*tch?"

Roxy covered her clothes and stood up. "I'm Mr. Gosling's girlfriend. Who would want to have an affair with your husband? Besides, look at your husband. Who would fall for him?"

Roxy managed to shock Roland in a sentence. He stared at Roxy with a meaningful expression.

Roxy was not happy about the fact that she just got beaten, and even less so about having to admit her

relationship with Roland. Thus, she could only use Zephir's name to protect herself.

Everyone present was dumbfounded.

But Mrs. Goldwin was so angry that she did not care what she said. She walked up to her and started hitting her again. "There's no way that I'm getting fooled by you!"

After the incident, someone posted a video recording on the Internet, and Roxy rose to fame in a matter of hours.

In the video, she was beaten by Roland's wife, and the benefactor that had been supporting her from behind the scenes was directly exposed through the video. It was obviously not Tenet, but Roland instead. Roxy was immediately labeled as a homewrecker.

Zephir also got dragged into all the online drama, and many netizens went onto his social media and asked if he had dated Roxy before this.

Not long after, Zephir posted a story to clarify everything.

#We've broken up since long ago. None of this has anything to do with me.#

Meanwhile, Roxy was being abused by the whole Internet, saying that she had been exploiting Daisy's reputation. Her effort had just started to see some results, but her arrogance had ruined everything for her. She even got caught by Roland's wife for having an affair with Roland, and her Twitter was flooded with so many comments that it almost crashed.

Not only did the netizens uncover that Roxy had undergone multiple plastic surgeries and changed her name, but they also found her real identity and background. It seemed that she had nothing to do with Roland's relatives at all.

Right after her photos and original name were uncovered, some of her friends who had known her before she underwent plastic surgeries claimed that she was a prostitute before that. She only changed her name after quitting that line of work.

Chapter 2690

Roxy was beaten up and sent to the hospital. However, even the patients that shared the same ward with her were unwilling to stay with her because of her reputation.

On the other end of this farce...

Tenet's stock dropped by 13% in less than a day.

Roland was forced to issue a press release to clear up his relationship with Roxy. Tenet's officials also released a post on all their social media platforms, saying they had terminated their contract with Roxy. Roxy was now known as the artist who got kicked out of the circle not long after landing a place in the industry-she had become a joke on the Internet.

As things continued to spread and ferment on the Internet, Roxy was completely blacklisted from showbiz. Her Twitter was temporarily deactivated to salvage the traffic that Twitter had been facing since her downfall.

Seeing this, she could only resort to her final trick, and that was to call the Goslings and tell them that she was pregnant with Zephir's child.

Patricia was so angry that she fainted when she got the news.

When Zephir returned and learned about this from his father, his expression dimmed in an instant. "What did you just say?"

At that moment, Patricia gradually regained consciousness and instantly slapped Zephir as soon as she saw him. "You, get out of my sight!"

Alexander hurried over. "Patricia, what are you doing?"

"I'm teaching my son a lesson!" Patricia's face turned pale from the wrath. "Zephir Gosling, just look at what you've become! You've brought shame to the Goslings!"

Zephir did not utter a single word to explain himself, allowing his mother to vent all her anger.

Patricia's face looked gloomy on the bed, and all she felt was exhaustion. "You've never had a thing for a normal, excellent girl like Lay. You only prefer to mess around with filthy women. This hurts me whenever I'm reminded of the women you mingle around with."

Zephir lowered his gaze. "I'll take care of this."

Alexander was worried about what his son would do, so he quickly stopped him. "You're to take care of this matter, but there's a line that you mustn't cross!"

Zephir stopped for a split second, then walked out without looking back.

Zephir came to the hospital, and Roxy chuckled upon seeing him. "You still came to see me-

As soon as she said that, Zephir slapped her with the back of his right hand.

Her face turned to the left side of the bed.

Roxy covered her cheek and stared at him in disbelief. "Did you just hit me!?"

He slapped her with his left hand this time around.

Roxy's cheeks were flushed and swollen, but she still did not even dare to speak in the face of Zephir's gloomy expression.

"You're pregnant with my child? Do you really think that I'll believe this nonsense?"

She tried her best to keep herself calm and held him back. "Zeph... Zephir Gosling, even if you don't believe me, you can always run a paternity test after the child is born."

Zephir flung her hand off his arm, and waves of coldness surged from the bottom of his eyes. "Even if you've gotten pregnant, there's no way that it's mine."

"What... What do you mean by that?" She shuddered.

Zephir grabbed her face by the cheeks and said ruthlessly, "As soon as you appeared in front of me with this face, I already knew that you were a woman of plentiful ulterior motives. Did you really think that I would get together with you without looking into your background?"

Roxy froze on the bed, and her back gradually stiffened.

He leaned forward and stared at the woman in front of him. "I won't give any woman the opportunity to conceive my child, but I don't trust any of you to take appropriate measures to avoid that. I still have to ensure that I won't be framed or tricked. As for the reason all those women didn't conceive my child by accident while they were with me, do you know why?"

Roxy's shoulders trembled.

He continued, uttering each word clearly. "Do you still remember those healthcare products that I bought you? You seemed to be delighted when you received them back then."

'Healthcare products...'

Roxy remembered that since she started dating Zephir, the latter had bought her many luxury healthcare products.

All women loved to stay in shape, so consuming some healthcare products to maintain their weight was normal, not to mention that the effects of those products were fabulous.

'Is it possible for those healthcare products...'

"That's right. Those healthcare products I gave you contain a high amount of musk xylene and ketone. The other women who came before you were more obedient, and they didn't stay by my side long, so they shouldn't have been impacted much."
