Chapter 71: Begging Mr. Steele For Mercy!

Translator: Atlas Studios Editor: Atlas Studios

Soon, dozens of people entered the ballroom where the wedding was held. 90% of them were men and there were only three women whose age ranged from 20 to 40.

They were all brought in by the young man just now.

The young man introduced to them, “This is Mr. Collins, and those two are Mr. Collins’ son, Tyler, and his newlywed wife, Hailey Camden.”

Those people hurriedly smiled and greeted, “Hello, Mr. Collins and Mr. Tyler!”

Both Leonard and Tyler felt rather proud and dignified to be greeted by so many people.

Tyler took a glance at them from afar and suddenly felt that many of them looked rather familiar.

He quickly strode over and asked condescendingly, “I heard from my father’s chauffeur you are all owners of companies? What kind of companies do you own? Tell me about it!”

“Enigma Co. is the name of my company!”

“Mine’s called Sky Domain Online Games!”

“The name of my company is TriLife Health Technology Co.”

“...”

Everyone stated the names of their companies.

However, Tyler's face suddenly turned pale after he heard the name of those companies.

Reason being he knew of all those companies and had even invested in them!

Tyler began to get extremely agitated. "Your companies are the lousy ones that had all folded and caused me to incur major losses!"

Tyler had invested in hundreds of companies recently but prior to his investment, he didn't bother meeting the owner of each company and instead sent his subordinate to do so after deciding on which ones to invest in.

Hence, he did not personally know all of them.

Seeing this, Leonard quickly asked, "Tyler, did you invest your money in their companies that ended up closing down? Tell me quickly, how much of those 75 million dollars that I gave you, are left now?!"

Leonard began to get nervous.

Tyler didn't dare to lie and thus said in a low voice, "I lost everything."

Smack!

Leonard slapped Tyler on his face and he hollered angrily, "You wastrel! You lost 75 million dollars just like that!"

Even Hailey couldn't believe it. It seemed like yesterday when Tyler said his father had given him 75 million dollars. Tyler even swore that he would make 750 million dollars for Hailey.

However, not a single cent was left now!

Tyler covered his face and pointed at Jordan while saying sobbingly, "Dad, Jordan Steele, that bastard is targeting me!"

As soon as Tyler pointed at Jordan, the dozens of people immediately scurried towards Jordan.

Due to the large number of people who were dashing forward eagerly while Leonard, Tyler and Hailey were blocking the way, the three of them began stumbling.

"Hey, why are you guys running around!?"

Leonard rebuked furiously after getting bumped into.

Hailey also kept screaming incessantly.

However, those dozens of people didn't care at all because they weren't there for the Collins anyway.

Upon reaching Jordan, they stood two meters away from him before getting on their knees!

"Mr. Steele! Please spare us!"

"Mr. Steele! Please spare us!"

The dozens of company owners began kneeling down in front of Jordan and begged him for mercy. The scene was so spectacular that all the businessmen were frightened.

“It turns out these people are not here because of their admiration for Mr. Collins but for Mr. Steele!”

“Mr. Steele is really impressive. He managed to destroy so many companies with his own power. He’s so scary!”

“Jordan Steele must be the best businessman in Orlando!”

Jordan sipped on some coffee and said slowly, “As long as the Collins stop investing money in your company, I’ll stop targeting you.”

After hearing Jordan’s words, they stood up and turned around to yell at Tyler.

“Tyler Collins, stop investing money in our companies!”

“Damn it, it turns out I’m being targeted because of you! Don’t invest money in my company again!”

“Tyler Collins, you have to compensate for my losses!”

Dozens of people began hollering at Tyler.

Leonard flew into a rage and barked, “Chase these people out immediately!”

The Collins had long known that Hailey’s ex-husband was good at fighting so they had arranged for many powerful experts to be on standby.

However, those people were still indignant.

“We’ve each given a gift of % 1,500 to come in. Who are you to tell us to leave!?!?”

“Leonard Collins, you’re so shameless. You’re making us leave right after we entered, are you trying to take our money without giving anything in return?”

Leonard felt extremely embarrassed after hearing that. “Why would the Collins care for such a small sum of money!?!”

Leonard said, “Return each of them twice of what they have given!”

In a fit of anger, Tyler decided that he would rather waste tens of thousands of dollars than let the Collins be humiliated.

After they left, Tyler stormed towards Jordan angrily and hollered, “Mr. Steele, I don’t know how Tyler has offended you to suffer such treatment from you! You made my son lose 75 million dollars but I’m afraid you must have lost more than that!”

Leonard knew very well that it definitely took a large sum of money to make a company shut down in a short period of time, unless Jordan resorted to some despicable means.

Jordan didn’t plan to make peace with the Collins in the first place.

Although Leonard had already lost his temper, it didn’t matter to Jordan either!

Jordan said, “Go find out from your son what he has done. I don’t need you to feel the pinch for the money I’ve spent. Hundreds of millions mean nothing to me.”

Hearing the last sentence, Hailey felt as if she had slipped into a dream.

“Hundreds of millions mean nothing to him?”

‘I betrayed Jordan precisely for the sake of money!’

Leonard had already guessed that this matter must have something to do with Hailey.

However, since Tyler had already married Hailey, he had to protect the both of them.

Leonard said, “Mr. Steele, you’re really rich, the Collins are indeed no match for you! However, the Collins have been running a business in Orlando for decades and we have a strong foothold here. I heard that you just came to Orlando in recent years, Mr. Steele.”

“I have made a lot of friends in Orlando over the past few decades, including some triad bosses. If they find out that someone had the guts to target my son, they definitely won’t let you off! They might even do something that goes against the rules!”

Leonard was threatening Jordan!

“Leonard Collins, how dare you threaten Mr. Steele!?!” Victoria flew into a rage too.

Jordan extended his hand to gesture for Victoria to calm down. He remained composed and said, “Mr. Steele, I’m more than eager to be taught a lesson by you. May I know who the triad boss you’re referring to is?”

“Hmph, you’ll meet him soon.”

Leonard then took out his cell phone and made a call. “Mr. Dalton, are you here yet?”

The person on the other end of the call answered, “I arrived a long time ago, I’m at the entrance!”

Leonard hurriedly said, “Huh ? Why didn’t you come in ? I’ll go outside and get you.”

Leonard arrived at the hotel entrance to see that Pablo, Salvatore, and a few underlings were standing outside the hotel.

Leonard hurriedly walked over and said, “Mr. Dalton, Salvatore, why aren’t you going in ?”

Pablo looked into the distance and said, “I’m waiting for someone.”

“Waiting for someone ?”

Leonard was rather curious because Pablo was a famous triad boss in the state. He would never wait for anyone. Hence, Leonard wondered who could make Pablo wait.

In less than two minutes, a Rolls-Royce was driven over.

Leonard could tell from the license plate that the owner of the car was a formidable person !

The status of the upper-class circle figures could usually be determined from the license plates of their cars.

The wealthy and powerful usually had personalized or exotic license plates that cost plenty of money.

Generally, exotic license plates could only be owned by people of certain status.

After looking at the license plate, Leonard immediately knew that there was an influential figure in the car!

Pablo took the initiative to run to the rear door to open the door, after which he bowed respectfully and said, “Mr. Reyes, you’re here.”

Salvatore bent 90 degrees forward and exclaimed, “Greetings, Mr. Reyes!”

Butler Frank came out of the car. As soon as Leonard saw the majestic and dignified man, he knew he was an esteemed figure. He hurriedly pulled Leonard and asked, “Who’s this old man?”

Pablo introduced, “This is Mr. Reyes, my benefactor. Without him, I won’t be here today.”

Hearing this, Leonard also hurriedly extended his hand and said, “Mr. Reyes, nice to meet you. I’ve been close friends with Mr. Dalton for years, and it’s my son’s big day today. What brings you here...”

Butler Frank chuckled and said, “Hello, Mr. Collins, I’m here to attend the wedding, but please pardon me for showing up uninvited.”

Leonard was flattered and taken aback. “Not at all! It’s an honor for my family to have you here. Please come in!”

Leonard was overwhelmed with joy, and he was extremely smug. “Haha, Jordan Steele, so what if you’re rich? Even Pablo Dalton and Salvatore are here to support me. I don’t believe you’d dare to go against me!”

After the three of them entered the hall, Leonard walked in front and said to Jordan, “Jordan, let me introduce you to a few of my friends. This is...”

Before he could finish, Salvatore darted towards Jordan and knelt down in front of him. “Mr. Steele! Happy Birthday!”

Previously, Salvatore had also offended Jordan and would have probably been dead by now if Jordan hadn’t been kind enough to spare him.

Pablo also stepped forward and respectfully bowed to Jordan while handing him a gift. “Happy birthday, Mr. Jordan. Mr. Reyes and I have come to send you a birthday gift.”

Butler Frank walked forward slowly. Leonard and the other guests could all tell that Butler Frank had an extraordinary aura and extremely powerful figure.

To his surprise, when Butler Frank faced Jordan, he also bowed with great respect. “Mr. Jordan, happy birthday.”

“Mr... Mr. Jordan?”

Leonard, Hailey, and the others were all flabbergasted.

Jordan also hurriedly got up to shake Butler Frank’s hand. “Butler Frank, you don’t have to bow to me. I treat you like family.”

After saying that, Jordan looked at Leonard and asked, “Were you referring to Pablo and Salvatore when you mentioned that you know a few triad bosses?”

Even Leonard had to address Pablo and Salvatore with great respect. Yet, Jordan seemed to be treating them as servants!

After hearing this, Salvatore flew into a rage. “Damn it, you were trying to go against Mr. Jordan? Are your brains fried?”

Leonard didn't dare to retort after being reprimanded in public by Salvatore!

Seeing this, Jordan said, "I'm here to attend a wedding, not to cause trouble. I don't want others to get the wrong idea. Salvatore, Pablo, take your leave. Butler Frank, I'll accept your gift. Please get going too."

The three of them didn't dare to disobey Jordan.

Pablo whispered to Leonard before leaving, "If Mr. Jordan is harmed in any way during the wedding, I will make sure you and your entire family gets buried together!"

Leonard broke out in cold sweat out of nervousness, but he didn't dare to issue a threat or say anything harsh.

The guests at the scene, too, were all stunned.

"Mr. Steele really has connections in the business industry and the triads! Even Pablo Dalton is his underling!"

"Mr. Steele is so young and already so powerful. Whoever provokes him will definitely be in for a hard time!"

Those people were all mercenary snobs who eagerly tried to suck up to Jordan after realizing how accomplished he was.

"I heard that it's your birthday today, Mr. Steele. This may be our first time meeting each other but fate has brought us together. Come on, let's all toast to Mr. Steele, okay?"

"Yes!"

The guests at the venue all shouted in unison.

Ironically, many of those guests were relatives of the Collins and Tyler's best friends.

Jordan sneered.

He suddenly remembered that many esteemed figures of the upper-class circle had also attended Diana's 80th birthday banquet not long ago.

On that day, Jordan had also gotten into a conflict with the Camdens.

However, in the end, the Camdens instigated the guests present on that day to start boycotting Jordan in the future, which they did.

However, now that everyone found out that Jordan had done something to harm the Collins, none of them dared to stand up against him for the Collins.

On the contrary, they all took the initiative to toast to Jordan in a bid to befriend him.

What a pragmatic society!

Jordan picked up his cup of tea and said, "Thank you all for your birthday wishes. Someone is scared that I might cause trouble after drinking too much, so I shall toast to you guys with water instead of wine."

After hearing this, Hailey's face turned as red as a tomato.

When Hailey gave Jordan the wedding invitation earlier on, she had specifically instructed him not to drink too much on the day of the wedding to not embarrass her.

However, it seemed that she shouldn't have to worry about it.

After finishing his water, Jordan said to Leonard, “Mr. Collins, it’s getting late. Your wedding ought to begin now, shouldn’t it? I have to get back to the office to work after witnessing this top-notch wedding.”

Leonard had a complicated expression, but no matter what, he had to finish hosting his son’s wedding before anything else.

Hence, Leonard immediately said to the emcee, “Let the wedding begin immediately!”

Tyler and Hailey walked onto the stage, but Hailey was completely distracted and out of her element.

The emcee said, “Mr. Tyler Collins, do you take Miss Hailey Camden to be your lawfully wedded wife and love, cherish, and honor her for the rest of your life?”

Tyler answered, “I do.”

The emcee again asked, “Miss Hailey Camden, do you take Mr. Tyler Collins to be your lawfully wedded husband and take care of him for the rest of your life, for better, for worse, for richer, for poorer, in sickness and in health, to love and to cherish, until death do you part?”

Hailey exclaimed, “I do not!”

Chapter 73: Hailey Regrets!

Translator: Atlas Studios Editor: Atlas Studios

In the luxurious and grand hotel, Hailey, clad in a white wedding dress, refused to complete her wedding vows in front of the public!

Everyone immediately got into an uproar!

Ever since Jordan revealed his identity as the president of Ace Corporation, Hailey had already begun to waver.

Subsequently, she saw how the bigwigs of Orlando behaved subserviently to Jordan, who was just like the king of Orlando!

Her former husband was now a tycoon that everyone admired, respected, and looked up to!

How could Hailey feel comfortable marrying Tyler?

He wasn't as handsome as Jordan, nor was he as gentle as Jordan. Furthermore, he wouldn't take care of her or pamper her like Jordan did.

The only advantage Tyler had was that he came from a wealthy family that could help the Camdens.

However, Tyler had now lost his only advantage over Jordan.

Hence, Hailey rejected Tyler right on the spot!

Clad in a white wedding dress, Hailey scurried down the stage with tears in her eyes and leaped straight into Jordan's arms before exclaiming, "Jordan, I love you!"

The commotion got even louder!

"Oh my God! The bride actually ran to hug another man at her wedding!"

"Haha, now that's interesting. We've got a show to watch."

Tyler, who was wearing a suit and standing on the stage, turned pale immediately!

Jordan remained seated quietly with complicated emotions within him as Hailey, his former wife, hugged him.

He was overjoyed, conceited, resentful, and furious!

He recalled the time when he stood in front of Tyler and Hailey in a hotel, dressed in his humble takeout delivery man uniform. At that time, Hailey even self-righteously told him that he didn't deserve to step into the hotel.

The two of them definitely couldn't have imagined that this would happen today!

Victoria, seated beside Jordan, took out a cigarette from her bag and lit it up with a playful smile.

“Hailey Camden, do you think Jordan will forgive you now that you've come scurrying over!?!”

Victoria made a sarcastic remark. As a woman, she felt an urge to say to Hailey: “If you had known that this would happen, you shouldn't have done it in the first place!”

Although he was the host, Leonard's face, hands and legs were all trembling!

His daughter-in-law actually had the nerve to tell another man that she loved him at her own wedding!

What a huge disgrace!

It was a huge disgrace to the Collins!

The Collins were thoroughly embarrassed!

At this moment, Benedict suddenly came forward. He pulled Hailey out of Jordan's embrace before giving her a tight slap on her face!

Smack!

Benedict said anxiously, "You must be out of your mind! Are you trying to implicate all of us by offending the Collins!?!"

Benedict was well aware of how serious of a matter and Hailey had just embarrassed the Collins, making them the laughing stock of Orlando.

In addition, the Collins were not to be trifled with either, and they would definitely deal with Benedict and his family.

However, Sylvie walked over and hugged Hailey.

She hollered at Benedict, "Benedict, why did you lay a hand on Hailey!?! Hailey and Jordan have been married for three years, and they have strong feelings for each other. It's only right for her to choose Jordan over Tyler. Besides, Jordan is the president of a huge corporation, isn't he?"

"You... Shut up, you wastrel!"

Benedict was livid, and he raised his hand again in a bid to slap Sylvie.

Benedict knew that Jordan definitely wouldn't take Hailey back and that he wasn't there to stop the marriage either.

No matter how much Hailey pleaded, it was to no avail.

Since Hailey was now married to Tyler, the only option she had was to spend the rest of her life with him.

Otherwise, she would offend both Jordan and the Collins, which would land them in hot soup.

Jordan did not say a word to the Camdens.

The three of them were his former wife, father-in-law, and mother-in-law, respectively.

However, they no longer had anything to do with him now.

Jordan got up from his seat, buttoned his suit suavely, and said, “Indeed, it’s such a top-notch wedding, Mr. Collins, it’s no wonder you insisted that I come and witness it with my own eyes.”

“Now that I’ve already witnessed it, I’ll get going. I have work to do.”

Victoria pinched the slim cigarette that she had just lit up and rose from her seat as well. “I should get going too.”

Dustin, who was seated at the same table as them, also quickly got up and said, “Mr. Steele, Miss Clarke, please wait for me. I’ll leave with you guys.”

After the three of them left, surprisingly, the remaining guests at the table also walked towards Leonard to bid him goodbye.

“Mr. Collins, I have some work to do. I’ll take my leave now.”

“The people at the office have called to rush me. I’m sorry, I gotta go.”

“...”

Soon, all of the wedding ballroom tables that were initially very lively were empty except for two tables.

The remaining guests at those two tables were relatives of the Collins.

Basically, all their business partners had left.

They were all intelligent people who knew when to defect to those who were powerful.

Knowing that Jordan had a conflict with the Collins, who would dare to be close to the Collins?

Suppose they continued to stay there and ended up letting Jordan hear of it. In that case, Jordan might just destroy their companies like what he had done to those dozens of unlucky companies.

“Ah!”

Tyler moved a chair over and smashed it against the table.

They had spent close to a million dollars on the wedding, but all the guests had left!

Seeing this, Leonard remained composed and said, “Tyler, take Hailey to your matrimonial home. It’s your big day today, don’t fret over this. Your mother and I will take care of it!”

Leonard then said to Hailey, “Hailey Camden, I know you want to go back to Jordan Steele now, but as you can see, he doesn’t want you at all. Since you’ve married me, just be content!”

“The Collins may not be as wealthy as Jordan, but we at least have hundreds of millions of dollars in assets, which is still a notch above your family! You’re not losing out by being my wife!”

Hailey bit her lips. All that was running through her mind now was Jordan!

Chapter 74: Jordan and Hailey Aren't Divorced Yet!

Outside the hotel.

At this moment, a male guest walked out smilingly from the hotel and looked through the contacts list on his cell phone before calling someone named Devon Blaine.

“What’s the matter?” Devon questioned coldly.

The man asked with a smile, “Devon Blaine, I remember that the Camdens from Orlando seem to be your relatives, huh? How is Hailey Camden related to you?”

Devon answered, “My mother is her grandfather’s sister, so Hailey is my niece. What’s the matter?”

He said, “Haha, oh, so that’s how you’re related. It’s your niece’s wedding today, why didn’t you come? You missed a good show, buddy.”

“It turns out that the president of Ace Corporation is the man that everyone thought was a good-for-nothing. He used to be the live-in son-in-law of the Camdens, but your niece has divorced him.”

“Today, your niece married Tyler Collins, but she really regrets her decision. Haha...”

At this moment, in Boston.

After Devon hung up the phone, an old lady lying in bed beside him immediately tried to probe.

“Devon, did something happen to Hailey?”

The old lady was Devon’s mother, the sister of Hailey’s grandfather, which makes her Hailey’s grandaunt.

Looking at his feeble mother, Devon could not bear to tell her the truth.

Thus, he said, “No, Mom, Hailey is doing well.”

To his surprise, his mother said something that couldn’t be closer to the truth. “Are Hailey and Jordan divorced?”

Devon stopped hiding the truth and nodded.

“Oh, it turns out that Hailey’s live-in husband, Jordan Steele, is the billionaire president of a large corporation!”

“Wow, the Camdens have suffered a huge loss this time!”

“Mom, I know you care a lot about Hailey but don’t get too upset. Your health is important.”

Devon’s mother, Lily, was in poor health and her days seem to be numbered...

However, Lily didn’t get too worked up and simply said calmly, “Don’t worry, I’m fine. Hailey and Jordan are still married.”

Devon asked with a look of bewilderment, “Mom, are you muddled up? They’ve already gotten a divorce. How can they still be married?”

“Besides, Hailey has married Tyler Collins.”

In a mysterious smile, Lily said, “Your uncle, who is Hailey’s grandfather, had known Jordon’s identity long ago, and therefore allowed him to marry Hailey.”

“Besides, he had long guessed that the willful and arrogant Hailey would one day choose to divorce Jordan.”

“So, he has long arranged for the people at the lawyer’s office to tamper with the divorce papers, should there be any. The divorce papers are fake, and so is Hailey’s current marriage certificate with Tyler Collins!”

Devon was so astonished that his jaw dropped. ‘Hailey’s grandfather is so wise that he had actually made all the appropriate arrangements before his death!’

Devon said gleefully, “In this case, I’ll call Hailey immediately and tell her about it!”

However, Lily put her pale hand on Devon’s arm to stop him.

“Don’t tell her for now,” Lily said with a somber expression.

“Hailey is too arrogant, and she has been belittling Jordan all this while. It’s a good thing to make her regret now and learn her lesson.”

“Let her figure out how to win Jordan’s heart again and salvage their relationship. You can tell her when nothing else works.”

Devon nodded and exclaimed, “Sure!”

...

In West Lake residential estate.

After Hailey and Tyler returned to their new matrimonial home, Hailey began to pack her bags and got ready to leave.

Tyler hollered lividly, “Hailey Camden, where are you going with your luggage? We just got married today. Are you going to sleep at Jordan’s place!?!?”

Hailey said, “Yes, I’m going to Jordan. Tyler, let’s get a divorce!”

Anyway, Hailey had already said no during the wedding. She even leaped into Jordan’s arms right in front of him and everyone else.

She knew that Tyler would never be able to tolerate such an insult.

Just as she expected, Tyler snapped, his face as red as a beet, “Fine! Let’s get a divorce then! A cheap and shameless bitch like you is not worthy of being my wife!”

Both of them soon headed to the lawyer’s office to file for a divorce.
