

## The Divorced Billionaire Heiress chapter 2289

Chapter 2289 Saw Daddy

Chatty shouted happily because there was a small fountain inside the French restaurant, and there were a few small fish in it.

The fish looked so cute.

Fischer and the handsome little boy followed Chatty excitedly.

The handsome little boy came up to Chatty and said, "Come play with me! I have lots of toys and delicious food!"

Chatty asked, "What toys do you have?"

Fischer said with dissatisfaction. "We can't play together because we don't know you!"

"My father is a big boss, and we live in a big villa! My mother is a beauty queen. Everyone wants to play with me!"

The handsome little boy was well-groomed and arrogant.

Chatty looked at him in confusion, raised her head, and asked, "What's a big villa? Is it bigger than our castle in France?"

Fischer looked down on Chatty for asking such a stupid question.

"That means it's a little smaller than Grandpa's mansion."

Chatty nodded her head in understanding.

"I don't like it then! I like big castles!"

The handsome little boy stared at them angrily.

"My mother is a beauty queen. She's the prettiest girl in the world!"

Chatty did not want to be outdone and became competitive.

"My mother is prettier! She has three eyes and five legs!"

The handsome little boy said angrily, "My mom has legs all over her body, and my mom has a tail that comes out at night..."

Hamilton, who was listening to the children quarreling, was amused by

their argument.

However, their conversation went askew.

The two children argued fiercely when Fischer suddenly looked up and saw something.

“Daddy...”

He yelled.

Chatty’s attention shifted instantly. She watched as the person standing upstairs turned around and left.

Although she only saw his back, she was so excited that she wanted to jump up.

“Daddy! Daddy...”

Her eyes widened in an instant.

Just as she was about to run inside, a few people came out.

Kira and a few others stopped them at the door and politely looked at Hamilton, who was standing there.

“Sir, are these your kids? Some customers complained that the noise disturbed their meal...”

Hamilton nodded and hurried over.

“Sorry, I’ll take them away now.”

He went over to hold Chatty’s hand.

“Miss, let’s go back. Your mommy is waiting outside!”

“No, I want to find Daddy!”

Hamilton knew of Chatty’s tendency to play tricks, so he carried her and said, “You recognized the wrong person. Let’s go!”

Chatty kicked her legs angrily and shouted.

“Daddy! Daddy! I saw Daddy!”

Fischer stood there and touched his head in confusion.

“Was I mistaken?”

Hamilton touched his head with his other hand.

“Come on. Or do you want me to carry you too?”

Fischer immediately shook his head.

After they left, the handsome little boy watched them leave reluctantly. He did not win the quarrel and wanted to continue talking to Chatty because she was so pretty.

Nicole was waiting for them in the car, and her face turned glum when she saw this scene.

Hamilton stuffed the children into the back seat and heaved a sigh of relief.

Nicole paused. “What happened? Did Chatty make trouble?”

Chatty pouted and sat there aggrievedly.

“I saw Daddy! I wanted to go in to find Daddy, but he won’t let me!”

Hamilton got into the passenger seat and said lightly, “The restaurant complained about her. If she doesn’t leave, it’ll cause a scene!”

Nicole squeezed the steering wheel tightly and looked at Fischer.

“Fischer, tell me what you saw.”

Fischer scratched his head. “I didn’t see it clearly. That man looked a bit like Daddy, but it didn’t seem like it. That person left too quickly!”

Nicole’s face turned pale for a moment, and the corners of her mouth twitched.

“Okay. Chatty, you shouldn’t be upset. Didn’t Mommy tell you not to make noise in public?”

Chatty blinked her watery eyes and looked at Nicole aggrievedly.

“Mommy, but I really saw Daddy!”

Nicole felt suffocated, and her heart clenched.

She tried her best to calm down. “Daddy will contact you when he comes back. Don’t you talk to him often?”

Chatty blinked and thought about it for a moment.

“He said he’s going abroad for a few days and asked me to behave myself at home.”

Nicole started the car and carelessly twitched the corners of her mouth.

“Did you behave yourself? Who came up with the idea of skipping school today?”

Chatty immediately looked at Fischer.

Nicole successfully diverted Chatty’s attention.

Fischer immediately widened his eyes. “I did...?”

Nicole chuckled lightly. “You two should explain to me what happened today. The teacher and the principal are blaming themselves because of you two. Have you thought about what would happen if bad guys caught you? Have you thought about the consequences of your impulsiveness?”

Hamilton was quite surprised that Nicole lectured the two children like this.

After all, children were not logical.

As soon as she spoke, the two children behind her sat there obediently and reflected on their own behavior.

It looked like they understood her.

Fischer could not bear it anymore and admitted his mistake.

“It’s my fault. I shouldn’t have crawled through the hole with Chatty.”

Chatty patted her chest proudly.

“I found the hole!”

Fischer looked at Chatty helplessly.

Nicole took a deep breath.

Chatty was still too young to understand.

Nicole thought, ‘Should I beat her up and teach her a lesson?’

In the end, this confession was over.

When they arrived at the hospital, Nicole remembered that Hamilton was still in the car.

She looked at Hamilton and said, 'Why don't you get off work? I forgot that you were here.'

Hamilton shrugged indifferently.

"President, since I'm already here, can I go up and say hello to Mr. Stanton?

After all, I'm a family friend."

Nicole thought about it and did not find anything wrong with that.

After all, Hamilton did not come to Stanton Corporation to work.

"Okay, whatever you want."

Nicole took Fischer's hand and walked inside.

Chatty was holding the flowers when she got out of Nicole's car. The flowers were half her height, and she walked behind her clumsily.

Aida was no longer in the intensive care unit and was already feeling much better. However, she still looked a little weak. At that time, she was slowly walking around the ward.

Grant was in front of her and encouraging her with a smile. He reached out to support her, but Aida slapped his hand away.

The scene was so sweet that Nicole was reluctant to interrupt them.

However, Chatty knocked on the door and went inside. Her body was blocked by the bouquet.

"I'm hereto see Kenji!"

Aida laughed all of a sudden.

"Chatty, are these flowers for me?"

'Yes!'"

Chatty ran over, hugged Aida's leg, raised her head, and smiled sweetly.

"Auntie, you're amazing! Well done!"
