

Chapter 5322

In less than two minutes, Elaine's 2,000 yuan advertisements had all gone. She was stunned and couldn't help cursing inwardly:

"This is fcking money, right? 2,000 yuan is gone in the blink of an eye. Already?!"

But what she didn't know was that the faster the promotion expenses were spent, the higher her ad exposure would be.

Moreover, the push and volume logic of the short video platform is based on algorithms. If a video has a high click-through rate and a high completion rate, the algorithm will list this video as high-quality content,

And high-quality content is possible to continuously obtain more traffic.

As long as the conversion performance of this video does not decrease, the system will continuously divert it.

Sometimes an Internet celebrity with tens of millions of fans sends out a video, and there are only tens of thousands of likes, but there are often some videos that only have tens of thousands of fans, but the number of likes can exceed one million,

Becoming the most popular video in the world. It is an Internet hit, because the quality of this video itself is extremely high, and the data performance is excellent. The platform even actively pushed this video to tens of millions or even hundreds of millions of other new users.

As for Elaine's video, the click-through rate and completion rate are outrageously high!

Therefore, the number of viewers of this video quickly reached hundreds of thousands, followed by waves of likes, favorites, and comments!

Soon, Elaine was stunned by the countless comments. She found that the number of likes and thousands of comments on her video just now quickly exceeded 10,000!

Although she has been on the short video platform for a long time, almost none of the boring casual photos she posted could get 10 likes.

So when she saw so many likes and comments, she felt that all this was not so real, as if the slot machine in the casino suddenly hit three 7s, and the number in the amount column kept rolling up, It gave her the illusion of being in a dream.

However, all this is true.

The content of this video itself is very explosive, and its nature is extremely bad so all ordinary people will feel righteous indignation when they see it.

It is precisely because of this that the data in this video is outrageous!

Soon, the number of views quickly exceeded one million, and it took less than 5 minutes to go from 1 million to 2 million.

According to the background algorithm of the short video platform, this video is the best-performing one on the entire platform at present, not one of them.

It was a work published by a big internet celebrity with tens of millions of fans, and it was not as popular as this work at all!

As a result, on this night, the traffic of the entire platform was tilting crazily towards this video.

At this moment, countless netizens gritted their teeth and scolded Horiyah in front of the mobile phone.

Among them, there are many people who have watched Horiyah's live broadcast, and there are even many fans of her.

People buy things from Horiyah's live broadcast room because they feel that this woman is really pitiful, and she is indeed very tough, with the traditional virtues of being virtuous and hard-working.

Moreover, these fans usually don't know much about live streaming, and they don't know how much money Horiyah can earn when they spend 100 yuan to buy things in Horiyah's live broadcast room.

They all thought that if they bought something worth 100 yuan, Horiyah would only earn one or two yuan at most.

They thought that she had worked so hard to sell the goods, just to earn some medical expenses for her husband and son, and some living expenses for her mother-in-law. That's all.

But who would have thought that this woman could earn hundreds of thousands from the viewers of these live broadcast rooms just for an ordinary live broadcast on weekdays!

What's even more exasperating is that all of this was directed and acted by this woman herself!

The real Horiyah shown in this video is completely opposite to her appearance in the live broadcast room.

She beat and scolded her husband and son who were paralyzed in bed, without any respect at all.

She was also harsh and rude to her mother-in-law who was over 80 years old.

In her body, where can she see a little bit of traditional virtue, what she can see is almost all despicable and dirty!

What's more, she speaks brazenly, cursing her fans.

This is simply too much!

As a result, many people ran to comment on Horiyah's latest short video, scolding her, and many even began to complain and report to some official accounts.

Soon, netizens exploded.

They didn't expect that there was such a brazen woman in the city they lived in, so they spread this video on various channels, especially in WeChat Moments and WeChat groups.

At this moment, Horiyah had just arrived at the luxury suite of a five-star hotel.

On the way here, she had already called the hotel housekeeper and asked her to prepare bath water for her, as well as imported bath salts and many fresh rose petals.

So, as soon as she arrived at the hotel, she quickly took off her clothes and soaked in the comfortable jacuzzi.

After she took a bath, she made an appointment for an essential oil massage at the hotel. She lay on the bed, closed her eyes, and enjoyed the massage until she fell asleep,

And then fell asleep with a full body of essential oil. For Horiyah, it had become the best way to relieve fatigue.

As a big customer of the hotel, she doesn't care what happens when the quilt and bed sheets get dirty,

Because no matter how messy she makes the room, if she returns tomorrow after leaving, the place will be tidy and spotless.

This is also an important reason why Horiyah especially likes staying in hotels recently.

At this time, Horiyah was lying in the bathtub with her eyes closed, and her mobile phone was placed on the stone platform next to the bathtub.

Because she is already quite an internet celebrity, countless users of the short video platform send her private messages, comments, and likes every day, so she has already turned off the push function of the short video platform.

So even though there were already tens of thousands of people attacking and insulting her in various ways, she was still kept in the dark.

At this moment, Noah and Harold, who were paralyzed in bed, had no chance to surf the Internet because they couldn't hold the mobile phone with both hands,

And the old lady Willson went to bed early because she was really tired from serving the two of them. Wendy was still working overtime at the company for meetings, so no one told Horiyah about the Internet.

And Elaine's video is still fermenting.

At this time, Elaine couldn't close her mouth in excitement seeing the countless views and the number of likes and comments.

But the only regret is that although her video playback volume has reached several million, her fans have not increased much, only a few thousand people.

After another ten minutes, the incident became more fermented. Elaine's video had exceeded 10 million views, and many news software also began to urgently issue news feeds in response to this incident.

All of a sudden, multiple articles were pushed out one after another.

"Internet celebrities sell miserable live broadcasts, earn hundreds of thousands a day"

"Use other people's sympathy to earn hundreds of thousands a day, don't let the public feel cold! "

"Live broadcasts with goods are frequently chaotic, and another internet celebrity overturns!"

Horiyah opened her eyes when she heard the mobile phone's notification popping up continuously, and took the mobile phone over.

She glanced at the screen full of notifications and knew that another Internet celebrity had overturned.

However, she didn't realize that the person who overturned was herself.

Instead, she gloated and said to herself: "I don't know which unlucky guy has been exposed again. If they were as cautious as I am,"

"Within three to five years it is definitely impossible to be exposed, even if it is exposed in three to five years, so what?"

“Anyway, I have made enough money, and when the time comes, I will directly fly to a country where no one knows me with my passport, and enjoy a good life.”

As she said that, she couldn't help sneering, and muttered in her heart: “When my live broadcast is stable for another two months,”

“I will seize the time to open an Internet celebrity brokerage company, and cultivate more anchors like me,”

“And use my account to divert to them and let them grow up to make money for me.”

“In this way, my ability to absorb money will be much stronger than it is now.”

“If I can earn one billion, I will immigrate to Europe or the United States immediately.”

“I don't take any of these people with me! One billion yuan is definitely enough for me to live my life in style and debauchery!”

At this point, Horiyah had already begun to fantasize about holding billions of dollars of wealth in her hands.

Living a life of spending money like water and enjoying money abroad.

At this time, she clicked on one of the tweets, wanting to see who was so unlucky to be exposed on the internet on such a large scale.

And the push she clicked on, after opening it, first played the video uploaded by Elaine.

Before she could recognize what the sneak shot was, her own voice came from the loudspeaker: “Dmn, this hood is too fcuking hot!”
