Chapter 850

Reporters from all over were present.

Everyone wanted the latest scoop and to hear about James' brave exploits.

Henry's arrival signaled the beginning of the press conference.

Henry briefly explained the events of last night, "All this while, the Black Dragon Army has been secretly investigating the Emperor, the commander-in-chief of the Red Flame Army. After a thorough investigation, we have managed to collect evidence detailing the Emperor's crimes. Despite allowing him a chance to turn himself in peacefully, the Emperor resisted arrest and even injured many of our law enforcement personnel. As such, he had to be killed on the spot."

Though everyone knew that something of great significance was going to be announced today, they did not expect it to be about the Emperor's demise.

Henry's words stunned the crowd.

A high-ranking official immediately stood up and spit out a question, "Even if the Emperor is guilty of certain crimes, the Black Dragon Army has no right to take things into their own hands. Who permitted you to arrest the Emperor?"

"The Emperor is the head of the five commanders-in-chief. His arrest would require much discussion and deliberation by the relevant authorities. Black Shadow, you are a mere one-star lieutenant of the Black Dragon Army. You have no right to arrest the Emperor. Before putting him on trial, you weren't supposed to shoot him so thoughtlessly."

As the Emperor was the head of the five commanders-in-chief, he had many political allies.

This was why upon hearing of the Emperor's death, a few high-ranking officials attempted to shift the blame onto Henry.

The Chief Executive and the Secretary-General were also present at the press conference.

They had some idea about the events the night before.
