Chapter 854

Everything is unfolding just as we'd predicted.

Our original plan was to manipulate James into killing the Emperor in order to pit two of the Ancient Four against each other.

However, now, something's thrown a wrench in our plans, and that something is the God- King Palace. I'm concerned that we've fallen into the God- King Palace's trap.

Their objective could be to make us turn on each other as they reap the benefits of the potential fallout."

Mr. Lee was concerned about the unexpected developments.

Everything had been under his control.

With the sudden appearance of the God-King Palace, he was no longer able to predict the outcome of this situation.

The King posed his question, "Should we save James then? He's a righteous man who's willing to fight tooth and nail for his nation. If we allow the Johnstons to kill him, we'll lose one of our strongest assets."

Mr. Lee shook his head in disappointment.

"No, we shouldn't. In fact, we can't. The only ones who can save James now are the Cadens. I think we can use this as an opportunity to see where the Cadens' allegiance lies. Sacrifices have to be made in the name of accomplishing great things."

"Understood."

The King nodded, Gloom walked into the room and greeted Mr. Lee and the King respectfully.
