

## Chapter 5307

At this moment, Aurous Hill university.

Although Larry's family vehicles can enter and exit the university at will,

Jemima got off the car on the side of the road a few hundred meters earlier in order to keep a low profile.

When she came to the school gate, she wanted to take the initiative to explain her intentions,

To the security guards and ask them to allow her to enter, but unexpectedly,

As soon as she arrived at the gate, a young woman greeted her and asked enthusiastically

"You are Jemima Liu, Miss Liu. Right?"

Jemima asked in surprise: "You are?"

The other party quickly introduced herself with her name and continued:

"I am from the Human Resources Department of the university,"

"I'm afraid you can't find the place when you come, so I'm here in advance waiting for you."

Jemima hurriedly said: "Thank you so much, and you have worked so hard to make a special trip..."

The lady said with a smile: "No hard work, no hard work,"

"You are the talent our director named to focus on."

“They have mentioned you several times in front of me, and are very optimistic about your resume.”

Then, she looked at the time and said, “There is still half an hour, why don’t we go in, and I will show you around!”

Jemima was a little flattered and said:

“Thank you for your hard work!” Jemima didn’t have to wait for the entire school to transfer,

But just entered the school, and immediately fell in love with this place.

Perhaps it was because of Charlie’s filter, she felt that everything within sight of the university was so pleasing.

The huge campus looked very open, and the architecture was quite elegant.

Even the trees, flowers, and plants were beautiful. It looks extraordinarily lush.

In short, everything is good. And the university’s attitude towards her, as Sister Xian said,

Is definitely a thirst for talent. In the past two years,

University has been paying great attention to the recruitment of Hong Kong and foreign lecturers and professors,

And even spent a lot of thought on this, but with little success.

Many high-achieving students who graduated from Hong Kong or overseas top universities, if they are interested in teaching, can generally apply directly at this school. smoother.

Moreover, the international ranking of Aurous Hill university is indeed much lower than that of Hong Kong University and other famous universities in the world.

For example, Hong Kong University, which Jemima graduated from,

It is ranked 21st in the world by QS, while Aurous Hill university is ranked 133rd in the world.

The gap is not a little bit.

Therefore, for this university, doctoral students are easy to recruit,

But it is not so easy to recruit doctoral students who graduated,

From the top 5 universities in Asia and the top 30 universities in the world.

What's more, Jemima's grades at Hong Kong University are excellent.

From undergraduate to master's degrees, almost all of them stand out with the best grades.

In the eyes of several interviewers of Aurous Hill university, this is simply a treasure.

During the interview, the three interviewers were very satisfied with Jemima's resume background and actual performance in the interview.

The director in charge of human resources had even begun to prepare a press release for Jemima after joining the job.

The most eye-catching stroke in the introduction plan.

Moreover, Jemima's appearance, figure, and temperament are all one in a million.

The gimmicks such as beautiful class tutors and beautiful lecturers are too easy to the hype on today's social media.

With countless fans, Jemima, a natural and unadorned top-notch beauty, will definitely arouse more discussion and pursuit.

Because of everyone's extraordinary satisfaction with Jemima,

The director of the human resources department of the university was afraid that there would be any changes in this matter,

So he wrote a line on a white paper during the interview, which read:

"Too excellent Yes, there must be many schools vying for her,"

"It is recommended to avoid the re-examination and confirm it as soon as possible!"
