

Chapter 5311

At this time, the sales director of the sales office and several salespeople were completely dumbfounded.

It's not that they haven't seen gods fighting. When the villa was opened for sale,

There were indeed some customers who started to compete for the houses on the spot.

However, scrambling often develops into frustration and violent fights.

Like Tanaka, they have never encountered such a thing that they have to give the other party 1 million more as soon as they open their mouths.

And at this time, they did not expect Jemima could refuse so simply.

From their point of view, this is 1 million, and there is no cost.

If you earn 1 million in vain, whoever it is, probably has to weigh it.

Going out to look at a house, and then spending 10 minutes, paying the booking money,

And then earn 1 million, this kind of thing, in their opinion, is simply a pie in the sky.

But in Jemima's eyes, let alone 1 million, even if two 0s are added at the end, she is unlikely to be interested.

Naturally, Jemima is not short of money, so it is impossible for her to change her decision just for this million.

As the most trusted servant of the entire Ito family,

Tanaka also has enough authority to offer such a premium for his master.

But seeing that Jemima was unmoved, sales continued without thinking:

“Miss, I didn’t intend to show off my wealth to you,”

“I just really want to buy this house, so I will give you another price,”

“If you agree to transfer this house to me, I am willing to give you an additional 5 million yuan!”

As soon as these words came out, the salesperson on the scene was even more shocked.

They have seen those who make money, but they have never seen such money.

They have also seen real estate speculators, but they have never seen such speculators.

People speculate in real estate to make money, no matter what they have to invest in,

Buy the house, and then hold it in their hands for a few months or even a year or two.

However, the suite in front of them now,

As long as it is fried in the pot for 10 minutes, it can earn 5 million, which is like a dream.

Just when they felt that Jemima had no reason to reject this proposal,

Jemima said with some displeasure: “Sir, you don’t need to waste any more words,”

“Instead of doing this, you might as well hurry up and look at other apartments.”

After that, she said to the sales executive: “Please show us the apartments.”

Tanaka blurted out: “Ten million! Miss, I am willing to pay ten million transfer money!”

The salesperson almost fainted.

Sure enough, when gods fight, ordinary people fight with punches and kicks,

And gods fight with million, five million, and ten million tricks.

At this time, Jemima was still unmoved, she turned to look at Tanaka, and said seriously:

“Sir, the reason why I didn’t get angry with you is that I think you are sincere and a gentleman,”

“But if you continue pestering me like this, I may not be able to communicate with you in this friendly manner.”

At this moment, Tanaka understood.

The young woman in front of him must be a lady who is not short of money at all and doesn’t care about money at all.

It is estimated that her net worth and assets are not even much worse than his own young lady.

Facing such a woman, what’s the point of offering a premium of 10 million,

Besides being able to have a good time? Even if it is 30 million or 50 million,

It is impossible for people to take it seriously, and in the end, it looks like a clown, holding onto it.

In desperation, he could only sigh, and said apologetically,

“I’m sorry, miss, I was reckless, please don’t take it to heart.”
