

## Chapter 5316

Elaine was frightened by the rough voice. As soon as she shivered, she only felt that my whole body suddenly ached.

The reason why she was so afraid was that this voice had been Elaine's nightmare for a long time in the past.

When she was sent to prison for stealing Charlie's money, she was tortured by the owner of this voice every day to doubt her life.

And the owner of this voice is Gina Zhang who was in the same cell as Mrs. Willson and now lives under the same roof.

When Gina was released from prison, although she was heartbroken by Mrs. Willson's family, she didn't have a good impression of Elaine, so seeing Elaine wandering around the villa where she lived, she guessed that she had no good intentions, so she immediately shouted and reprimanded.

Elaine turned her head and looked at Gina. Beside Gina, there were her two good sisters, Tabia and Lexi.

At this time, Tabia also looked at Elaine angrily, and asked coldly: "Elaine! What are you thinking about here?!"

Lexi also echoed, "Yes! Say it quickly! Or I'll kill you!"

Elaine was so frightened that her first thought was to run away.

But when she thought that she was still limping, she couldn't outrun the three of them no matter what.

But if she yelled out to his son-in-law for help now, he might startle Horiyah, who was broadcasting live upstairs first.

If Horiyah knew that she was sneaking around the villa here, she might be able to guess her intentions. If she started to be wary of her, wouldn't she have no chance to bring her down?

At this time, Elaine's brain was running fast, and her eyeballs were also twitching non-stop.

Seeing her mischievous eyes, Gina didn't make a sound for a long time, and immediately stepped forward and grabbed her by the collar, raised her hand and gave her a big hit, angrily said: "I'm so annoyed when I see you, get out of here!"

Elaine After being slapped, she was angry and scared, but when she saw that the three of them were all wearing the same T-shirts, with the logo of the same cleaning company printed on their chests, and they all looked tired, so she had idea When she moved, she ignored the burning pain on her face, and said, “Gina, Gina, listen to me, you were kind to her, but now Mrs. Willson’s family has become rich overnight, and just a little help is enough for the three of you to live comfortably, but they even let the three of you go out to do cleaning, I, really can’t see it, Gina!” Gina was stunned when he heard this.

Have to say that Elaine’s words happened to hit her heart.

In the beginning, when the three of them were released from prison together, they were taken all the way to this top villa in Aurous Hill by the Wu family’s luxury car. The three of them thought in their hearts that it was the old lady Willson who did it, and they were very grateful to her.

But who would have thought that when Mrs. Willson saw them, she would be extremely disgusted and even swear at them, and she would immediately kick the three of them out of the house.

At that moment, Gina felt very uncomfortable.

Then, when she learned that the house was not owned by the Willson family and that the three of them could also live there, she stopped being polite to the Willson family.

Living together for a long time, the Willson family has always been dominated by them. Not only are they not eating as well as they are living, but even seeing the three of them at home must be submissive, for fear of being beaten.

And although the three of them have no great skills, they are doing cleaning work professionally outside, and their quality of life is guaranteed.

On the other hand, the Willson family is not as lucky as they are. Noah and Harold are two useless people who can’t afford to eat in bed, not to mention taking medicine, and the old lady is often so hungry that her chest is pressed against her back.

Later, Wendy went out to be a hostess, and she was often deceived by others. The meager salary she earned was not enough for the family.

However, on a certain day, Wendy suddenly made more money, and the family’s living standard also rose rapidly, leaving the three of them behind very quickly.

If this is the case, there is not much difference between Gina and the three of them. The key is that the Willson family has become richer and richer for some reason these days, especially that Horiyah who bought a Mercedes-Benz worth two or three million. The car immediately made Gina and the others envious.

Now listening to Elaine's provocation, Gina felt even more unbalanced. She couldn't figure out why the Willson family could get up again even after they were so down and down, and so high!

Thinking of this, Gina became even more depressed, and her back molars were clenching.

Elaine accurately captured her changes, and immediately knew that what he said hit the pain in her heart.

So, she immediately lowered her voice and said very seriously: "Let me tell you, Gina, the reason why the Willson family can turn around is that the old lady Willson is shameless and so is Horiyah who bore a child from outside!!

"Horiyah?!"

Gina immediately frowned when she heard this, and asked sharply, "With her broken shoes, why can she turn around?! Could it be that she is relying on selling her appearance to sl33p with others?! Elaine sarcastically said: "She's the kind of woman who would sell her lust at most for two buns at most!"

After finishing speaking, Elaine looked around, then upstairs, and hurriedly Said: "Gina, this is not a place to talk, let's talk over there, don't let the Willson family upstairs hear!"

Gina immediately winked at her two good sisters, Tabia understood, and immediately stepped forward, Together with her, she supported Elaine and quickly walked to the far wall.

Seeing that there is no need to worry about being heard by the Willson family here, Elaine stopped them and said, "Let's talk here!"

Hearing Elaine's words, Gina stopped first, and the other two also followed suit. Immediately stopped.

Then Gina asked Elaine: "Elaine, tell me, how did Horiyah's broken shoe turn over?"

"She conducts live streaming on the short video platform! Tens of thousands of unscrupulous viewers follow her to buy, buy, buy, buy, buy, buy whatever she

pushes, and the money goes into her pocket. This way, she can earn tens of millions a year!"

"What?!" Gina immediately scolded furiously: "Just that unruly broken shoe can earn tens of millions a year?"

Elaine said, "Gina! To tell you the truth, our sister and son really want to go together! You said it was just Horiyah, a fifty-year-old person who can still have a big belly with a wild man outside and infect her husband with a venereal disease. For a person like her. Why can she earn so much money? Do you think so?!"

Gina said without hesitation: "That's right! I hate two kinds of people the most in my life, one is the ba5tard who doesn't obey his parents, and the other is the stinky bltch who doesn't obey women's morals!"

As she said that, Gina asked her again: "You haven't said yet, how did Horiyah get rich?"

Elaine asked her with a familiar face, "Gina, do you usually watch the live broadcast? That kind of online live broadcast that sells goods!"

Gina shook her head, and said self-deprecatingly: "We work at the owner's house all day long, and we rarely touch our mobile phones, so we don't have time to watch live broadcasts.."

Elaine said: "Gina, give me your mobile phone, and I'll find Horiyah's live broadcast room for you, and I'm sure you'll be even angrier after watching it!"

Gina took out a few hundred yuan from her pocket, unlocked her Android phone, and handed it to Elaine.

Elaine immediately opened the short video software and searched for Horiyah's live broadcast room.

At this time, Horiyah was sitting on the head of the bed, and while feeding Noah, she said with snot and tears: "My family, I will tell you that since my husband became paralyzed, he has been unable to eat anything. There are nutritious things, that person is starved and disfigured on the bed, and his skinny appearance makes people feel distressed..."

As she spoke, she handed the bowl in her hand to the camera and introduced:

"Thanks to this nutritional rice cereal company knew about my family's difficulties and sent us a batch of nutritional rice cereal. My husband has recovered a lot since he started to eat this rice cereal."

Noah opened his mouth cooperatively at this time. He screamed and even raised his neck desperately trying to open her mouth to reach the rice spoon in her hand. Horiyah quickly fed a spoonful into his mouth and continued: "This nutritious rice cereal has five flavors, and it can be eaten with just a splash of boiling water, and it contains various nutrients needed by the human body. Having three sachets a day is enough nutrition for a day, and their raw materials are all green and organic, and they also especially add various vitamins, amino acids, and DHA needed by the human body."

"There are 12 sachets in a box, and they are usually sold in the market. 108. Now in the live broadcast room, the benefits that I have won for her family are two boxes for 99 yuan, a total of 24 packs, and a box of 6 packs for travel, that is, 99 yuan can buy 30 packs, which is a very good deal!"

As she spoke, Horiyah continued: "Because the price is too cheap, the manufacturer is unwilling to give too much inventory, I have only 20,000 orders here, and there will be no more orders after buying, family members, so please Everyone needs to hurry up, come on, let's get in the cart now!"

Gina looked at the tattered Horiyah in the video, as well as the tattered room and furniture, and said in surprise: "This... this \*\*\*\* It's too fake! Their room was luxurious before, how did it become like this?"

"It was on purpose!" Elaine said without thinking, "This b!tch, now she is saying to the outside world that she supports a family by live broadcasting alone. A husband paralyzed in bed, a son paralyzed in bed, and an 80-year-old mother-in-law, said they are in terrible condition, and then the audience believed it, and desperately bought things in her live broadcast room, asking to help her tide over the difficulties, but they stupid hats don't know that people can earn tens of thousands of dollars a day by live broadcasting!"

Gina clenched her fists, gnashing her teeth, and said: "It's really shameless! She has hands and feet, and she has no money to earn. We are the same, earning money through hard work! But she actually engages in such deceitful activities on the Internet, this kind of person should be pulled out and shot!"

"Yes, yes!" Elaine seemed to have found a bosom friend, and echoed: "Shoot! It's even cheaper for her if I say she will have to be executed by a dog!"

Gina asked in amazement: "What is a dog's execution?"

Elaine said: "It's to let the dog kill her! Then let the dog eat her and turn her into a dog sh!t!"

Gina's expression turned cold, she didn't expect Elaine to be much more ruthless than herself.

Seeing that her emotions were set in place, Elaine hurriedly went up and said, "Gina, let me tell you, I have a good plan now, as long as this plan is implemented in place, it will definitely ruin Horiyah's reputation, and bring their family back to their original form!"

As she said that, she looked at her lame leg and sighed, "Alas! It's a pity that the leg was broken by Mrs. Willson and that Wendy was in prison, and it became the root of the disease. It's not very easy, given my current situation, I'm afraid I won't be able to carry out this plan..."

Gina immediately blurted out: "What plan can you tell me? Aren't you bad in your legs and feet? The three of us will help you execute it! The four of us Join hands to deal with Horiyah now!"

Elaine was waiting for this sentence, so she asked in surprise, "Gina, is what you said true?! Are you really willing to help me?!"

Gina said coldly: "I've seen the old lady Willson's family upset for a long time! An enemy's enemy is a friend, so we are also comrades-in-arms!"

Elaine immediately said excitedly: "That's great! With three of you, If we join together, we will join forces, and we will definitely be able to complete it smoothly, and we will guarantee that Horiyah will return to the pre-liberation overnight!"

Gina said without hesitation: "No problem! Just say it!"
