

When His Eyes Opened Chapter 2790

Chapter 2790

Hazel knew that Robert stayed at home with her out of a sense of responsibility.

In the past, Robert often ate out at night, and then played outside until 9 o'clock before coming back.

"Dad, they should be back soon, right?" Hazel asked.

When Dad and the others came back, Robert won't have to look at Hazel every day.

"We have to wait for Uncle Eric to be discharged from the hospital." Robert covered his mouth with his hand when he said this, "I can't call him Uncle Eric anymore, I have to call him brother-in-law from now on. "

"Has the matter been settled yet?" The maid came over with a bowl of soup and put it in front of Hazel.

"It tastes better, try it."

Hazel smelled a fresh fragrance, immediately picked up the soup spoon, and took a sip: "Well, it's thicker than before."

"Take the lotus root thoroughly. The ribs are boiled and melted. The taste of the pork ribs is completely boiled." The servant smiled, "Your mom likes to drink this soup the most."

"People in Bridgedale don't eat lotus root. My mom can't drink such authentic lotus root soup over there." Hazel said regretfully, "But Uncle Eric is about to be discharged from the hospital, and Mom and the others are coming back soon."

"Didn't you just say that you wanted to change your name to brother-in-law?" the maid joked.

Robert laughed loudly: "He hasn't come back yet, I'll change my words when he comes back."

Thinking that everything was going in a good direction, Hazel's appetite whetted.

"Brother, I heard a funny thing from my classmate today." Hazel shared the funny story with Robert, "My classmate found a door-to-door hair-plucking service on Big Sweet Potato. This is the first time I've heard of this kind of service. Do you think it's funny?"

Robert was also shocked by this service: “How do they charge for it?”

“It’s charged per head.” Hazel ate with gusto, and said with relish, “If you have more gray hairs, you will be charged more, if you have less gray hairs, you will be charged less, or you can charge according to the number of gray hairs... .There are also people who count gray hairs. I really admire people who can come up with this profitable business, and I admire people who spend money to buy this service.”

“Hahaha! It can only be said that the world is full of wonders. There are many poor people. There are also many rich people. Many rich people do not have jobs. They are very idle. If they are idle, their behavior may become strange.” Robert analyzed with Hazel, “As long as it is a service that rich people need, so there are people who need money to provide services.”

“Well... I think there must be people who are curious about pulling out gray hair at home.”

“Would you like to try it?” Robert now had the psychology of seeking novelty.

Hazel couldn’t help laughing: “I don’t have gray hair! Brother, do you have any?”

“I probably don’t have any. Even if I have, just a few! This kind of fee is not easy to charge... Maybe it will basic service fee?” Robert finished his soup and wiped his mouth with a paper towel, “There are also those who chat with others.”

Hazel answered: “Chat with others?”

Robert: “Yes! Have you heard of chatting online...there should be door-to-door chatting.”

Hazel’s cheeks flushed suddenly.

“Little sister, why don’t we call for a chat?” Robert had never ordered any door-to-door service, so he became very interested in door-to-door service.

Parents weren’t home right now, so he could call in the door service to try it out and saw what he felt like.

Hazel was so scared that she almost choked: “Brother, are you talking about serious company chat?”

Robert understood that Hazel wanted to be crooked, and immediately explained: “Of course I mean serious company chat. I brushed it on the big sweet potato before. Yes. If we find someone who is good to chat with, maybe he can help us with our homework!”

Hazel: "Oh! That person should be serious...but your homework is so good, you don't need others to help you with your homework!"

Robert was very playful: "Why don't I call one to try? We can chat while fighting landlords!"

Hazel: "..."

Hazel could see that Robert was too boring.

It was indeed boring to stay at home with her every night.

Robert wanted to chat with Hazel so much, of course she couldn't stop him.

"Okay! I'll go back to my room to do my homework after dinner. You can call me when you come to chat with me." Hazel decided to finish her homework quickly, and then came down to fight the landlord with Robert.

After Hazel returned to the room, Robert began to chat with someone on Sweet Potato.

When the maid was clearing away the dishes, she reminded: "Mr. Foster, you can't let others take pictures when you invite people to your house."

Robert: "I'll make it clear with my companion. I'm just curious... .."

The maid smiled and said, "Is it too boring at home?"

"A little bit. Don't tell my parents about my chat."

"I won't tell. Do you want to fight the landlord? I'll go find cards."

"Maybe I can play, maybe I can't. Let's see if my sister wants to play! I see her locked in the room every day to practice vocalization, and I want her to relax." Robert explained, "Should I find a girl or a boy?"

"Since we are playing with Hazel, let's find a girl!" The maid suggested.

Robert nodded, and then found a girl who looked very innocent in the picture.

After sending the message, the other party responded quickly.

After negotiating the transaction and paying the bill, the other party said that she would be there in 40 minutes.

About 50 minutes later, Robert's chat with her online was long overdue.

After finding the gate of Foster's villa, the woman who was chatting with Robert repeatedly apologized to him.

"I still don't know how to call you! I'm so sorry! Your community is too big. I actually arrived 20 minutes ago, but I got lost in your community... I wanted to find Someone ask, but in this villa area, there is no one to ask for directions."

Robert's expression was dull.

Because the woman chatting with him and the woman in the picture seem to be two people.

But this woman's voice was very nice.

If she hadn't dressed so maturely and sexy, Robert might have invited her in for the sake of her nice voice.

But now, Robert dared not let people in at all.

"You... wear a little... less..." Robert couldn't understand at all. On a winter night, this woman was wearing a thin coat with a suspender skirt inside. Without socks, "Are you really not cold?"

The woman saw Robert's face clearly through the street lamp, was attracted by his handsome appearance, and immediately rubbed into Robert's arms as if he had no bones, "When I went out just now, I didn't feel cold. It's cold! It's really cold now...don't you invite people into the house? I feel like my body is going to freeze!"

"Miss, let go...Miss Please let go!" Robert had never encountered such a difficult situation, so he ran wild in his heart while thinking about whether it would be bad if he knocked this woman to the ground.

After all, the education he had received in the past 10 years was to be a polite gentleman.

When the bodyguard heard Robert's cry, he rushed out and kicked the woman in Robert's arms away.

Robert heaved a sigh of relief.

“Mr. Foster, are you okay?!” The bodyguard supported Robert and looked him up and down.

Robert shook his head and looked at the woman who was kicked to the ground and groaning in pain.

“Are you okay? Shall I take you to the hospital?” Robert walked up to the woman, trying to pull her up.

At this time, Hazel heard the movement and came out of the house.

“Brother, what’s the matter? What happened?” Hazel ran out wearing slippers in order to see what happened.

Robert covered his face with one hand, not knowing how to explain it to his sister.

Because it really didn’t need an explanation.

He could tell what’s going on from what this woman was wearing.

He just wanted to find someone to chat with to relieve boredom, but this lady obviously didn’t think so.

“Uh...” Hazel walked up to Robert, and after seeing the woman on the ground, she scratched her head in embarrassment, “Brother, is this the one you are looking for to chat with?”

Robert pursed his lips helplessly, nodded.

“Why are you beating someone? What did I do wrong, you want to treat me like this? Don’t think that you can do whatever you want because you are rich!” The woman lay on the ground, thinking that there must be no way to climb up to Robert, so she simply blackmailed him and wanted to take money from him.

She checked this villa area on the Internet before coming here, and the lowest house in it cost hundreds of millions.

And the villa where the employer who asked her to chat with her was definitely not the worst villa in this community.

Because the yard of his house was bigger and more magnificent than the yards of the villas she saw just now.

she just didn't know which local rich man's house this was.

Looking at Robert's face, she couldn't recognize him.

The bodyguard had seen a lot of people like this, and knew that this woman wanted to extort money, so without even thinking about it, he planned to beat this woman up and throw her out.

Robert stopped him.

If this matter got out, even if it only got to his parents or brothers and sisters, he would definitely be scolded.

This incident would definitely become a scandal that he would be laughed at all his life.

"Miss, I'm sorry just now. My bodyguard didn't want to hit you on purpose. It's because I told you to let go, but you didn't let go, so my bodyguard thought I was in danger." Robert explained in a good voice, squatted down, and wanted to help her up, "Why don't I ask my driver to take you to the hospital for an examination! I will pay for the examination and medical expenses."

The woman knew that this family was someone she could not afford to offend, so she scrambled along and caught Robert's hand, and stood up.

"It's really bad luck at night... You just give me the money, and I'll go to the hospital for a check-up!"

The bodyguard saw through the woman's tricks and immediately said, "Mr. Foster, she just wants..."

"How much do you want?" Robert interrupted the bodyguard and asked the woman.

The flesh on the bodyguard's face immediately began to twitch, his fists were clenched, his finger bones creaked, and he stared at the woman with a pair of big, black eyes like copper bells.

The woman was stunned by the bodyguard's stare, and she didn't dare to ask for a price: "you have to give \$10,000! My waist feels like it's about to break, and I won't be able to work for the next week..."

Robert immediately took out the Cell phone: "Okay, I'll transfer it to you. But don't tell me what happened tonight. If I see you talking nonsense on the Internet, I will find you."

The woman opened her payment code, and said angrily: "Got it. I can't afford to offend rich people like you." At the end, she said, "You didn't like me, did you? If I were more beautiful, You definitely wouldn't push me away just now."

Robert: "!!!"

Seeing that Robert's body started to tremble, Hazel knew that he was angry.

"Don't talk nonsense. We are planning to find a companion to play poker." Hazel said, "Aren't you a companion? Look at your current attire..."

"Little sister, find someone is all because of that thing..." The woman took the money, a little speechless and a little funny.

Hazel saw that Robert's body was trembling even more, so she dragged him into the house.

The bodyguard immediately threw the woman outside!

The bodyguard had never seen Robert being so angry.

Robert had a good temper since he was a child, and he was kind to everyone, not only to his family, but also to his maids.

"Brother, don't be angry. Things in society are too complicated. It's normal for us not to know." Hazel comforted, "Don't worry, I won't tell my parents. I won't tell my elder brother either and also my sister."

Robert's cheeks were red, and he looked at Hazel: "Little sister, tell me, is the service that pulls out gray hair at the door like this...?"

Hazel was shocked: "No way ?! I checked their account. That account is really about pulling out gray hair for customers."

Robert: "Oh...it seems that I am still too naive."

At this time, a maid came with holding mobile phone.

“Mr. Robert, Miss Hazel, your mom couldn’t get through to you, so she called me here.” After answering Avery’s call just now, the maid stood at the door and watched what happened at the gate of the courtyard.

Because there was quite a commotion just now, Avery asked the maid what happened.

If Avery didn’t know, the maid didn’t need to tell Avery, but Avery had already heard the woman’s scream just now, and the maid really couldn’t hide it.

Therefore, Avery knew everything.

Robert suddenly petrified.

Hazel opened her small mouth, speechless.

She just said that she would keep her brother a secret, but she didn’t expect her mom to call.

10 minutes later—

in the family group.

Hayden: [Robert, come out! @Robert]

Avery: [Hayden, I have already called Robert to talk to him. He has already realized that his behavior is inappropriate, and he will not do it again in the future.]

Robert: I was wrong! [Big cry] [Big cry] [Big cry] [Kneel down] [Kneel down] [Kneel down]

Layla: [Robert, you really... I really have nothing to say to you now! My dad and I have only been away for a few days, and you have done such a weird and inexplicable thing. If you move out to live alone, won’t you make a scandal every day!]

Hazel: [Actually, I can’t completely blame the second brother for this matter... It’s the second brother who wants to find someone to play poker with me...]

Robert: [Little sister, stop cleaning the floor for me. My brain is pumped tonight, and I feel that people who do such things must not dare to appear on the official platform...]

Hayden: [Your sense of crisis makes me unable to believe that you are my own brother. In the future, you must never take Hazel out. It might be safer for Hazel to be alone.]

Robert: [crying loudly] [crying loudly] [crying loudly]

Layla: [Robert, you were not as stupid as you are now when you were young! You go and write a review! Otherwise you don't have a long memory.]

Hazel: [Then I will write the review with my second brother!]

Seeing that his youngest daughter was going to write a self-criticism, Elliot showed up immediately: [Forget about it. Be careful in the future, don't bring people you don't know to your home.]

Avery: [We can go home in about a week. You two stay at home and wait for us to come back.]

Robert: [OK, mom.]

Hazel: [OK, mom.]

.....

The Foster family, Robert and Hazel sat side by side on the sofa in the living room.

After the group chat ended, the two breathed a sigh of relief respectively.
