

## The ultimate husband in Chinese chapter 4216-4220

Chapter 4216 Gonggong

doesn't know at this time, Ren Yingying has no right to break out, otherwise, Gonggong has fallen to the ground with that slap just now.

Whoa!

Seeing this scene, whether it was King Guangping or the army of 300,000 Apocalypse, they immediately burst into jubilation.

The Feilongguan defenders on the opposite side were shocked.

This black masked woman is so terrifying?

call!

At this time, Ren Yingying exhaled softly and comforted Gonggong: "Give it up, Your Excellency Gonggong, you are not my opponent. Today, you can't keep Feilongguan."

Hearing this, Gonggong's face brightened . Red, angry and unwilling.

A person who has become famous for nearly a thousand years, is respected by the world as the existence of the water god, and can be regarded as the first strong woman in the Kyushu mainland, but now she is despised by another woman, how can this be tolerated?

Thinking to himself, Gonggong clenched his teeth and said coldly: "If you want me to give up, you can dream. Even if you die today, I will not give up on Feilongguan."

"A demon demon, I want to see if you have How capable." The

last sentence fell, Gonggong let out a coquettish cry, holding a blue long sword, and stabbed Ren Yingying directly.

"Really persistent!"

Ren Yingying sighed, and at that time there was no way to do it, so she had to face it.

clang clang!

For a while, Ren Yingying and Gonggong fought fiercely in midair.

Huh...

Seeing this scene, both sides of the two armies are very nervous, and at the same time, many soldiers from both sides are also feasting.

Ren Yingying and Gonggong can be said to be the goddess among the goddesses in Kyushu, both in appearance and figure, they are all superb. At this time, the two are fighting fiercely in mid-air. The perfect curve makes the two soldiers below, one All eyes straightened.

Although Ren Yingying has been covering her face, as long as she is not a fool, you can see that the face of this black-clothed woman is by no means inferior to Gonggong.

In the blink of an eye, Ren Yingying and Gonggong fought fiercely for more than ten minutes, and the fight was on a par.

Speaking of which, Ren Yingying has a demon soul, and her strength is much stronger than Gonggong, but she couldn't bear to hurt the other party, so she never did her best.

In order to defend the Feilong Pass, Gonggong made every move with all his strength.

At the beginning, Gonggong was a little confident, but gradually he found that no matter how he made a move, the other party could easily resolve it, and he was a little anxious at that time.

"With me here today, you don't want to break through Feilongguan!" In

anxiety, Gonggong gave a coquettish shout, and his jade hand suddenly lifted up. When the surrounding wind and clouds were surging, he saw that in the moat outside Feilongguan, huge waves rolled up one after another. The water column looks like a water dragon from a distance.

Gonggong is known as the god of water.

Wow...

what time, under the urging of Gonggong, more than a dozen huge water columns came towards Ren Yingying and the army of 300,000 Tianqi.

Hiss...

Seeing that 100-meter-high water column and the power contained in it, whether it was King Guangping or the army of 300,000 Apocalypse, they couldn't help but gasp.

The next second, King Guangping couldn't help shouting: "Quick, the whole army retreats, quickly retreat."

Once such a huge water column erupted, the army of 300,000 people would be drowned.

Wow...

Hearing the order, the Apocalypse army retreated one after another.

As for Ren Yingying, who was suspended in mid-air, her eyes that were exposed outside were extremely indifferent. No evasion at all.

“As expected of the Water God Gonggong.”

At this time, Ren Yingying looked at the dozens of huge water columns that erupted, and sighed softly: “The entire moat can be attracted by you to defend against the enemy. It’s really amazing.

” However, today’s Feilongguan is broken, it is God’s will, you can’t change it.”

Om!

The voice fell, Ren Yingying mobilized the power of the demon soul, and slowly raised a pair of jade hands, and saw a dark red ball of light that quickly condensed.

The ball of light became bigger and bigger, like a bloody sun.

In the next second, the ball of light quickly spread around, forming a huge protective film, blocking the dozen or so water columns that were surging.

At this moment, everyone present clearly felt that the blood-red protective film contained an incomparably powerful and scorching power.

Chapter 4217

Wow!

Seeing this scene, the defenders of Feilongguan all exclaimed and started talking.

“What kind of skill is this?”

“A protective film, just want to block the power of the Grand Marshal’s waterspout?”

“Don’t say that, this red protective film looks very strange.”

At the same time, King Guangping and Thirty Wan Yulinjun also held his breath, each in a complicated mood.

Gong Gong's stunt is so amazing, and this black-clothed woman just cast a protective film, can it be successfully blocked?

In particular, King Guangping was almost impatient.

If this expert is not the opponent of Gonggong, the plan to attack Feilongguan this time will fail, so in the current situation, we must make a decision as soon as possible.

Um?

Just when King Guangping was secretly anxious, the scene in front of him suddenly made him speechless in shock.

Boom boom boom...

I saw more than a dozen huge water columns slammed into the huge protective film, accompanied by loud noises, the protective film was not broken at all.

Not only that, the scorching high temperature contained in the protective film instantly evaporated a lot of water, forming a white mist.

In the mist of water, Ren Yingying was quietly suspended in mid-air without taking any damage.

This...

how is this possible?

At this moment, Gonggong's delicate body trembled, staring at Ren Yingying, his heart was so shocked that he couldn't say a word.

In order to attract the water of the moat, he had tried his best, but at this time, he was easily blocked by the other party with a protective film.

At this time, Gonggong didn't know that what Ren Yingying was urging was the power of the devil's soul.

blocked?

At the same time, the guards of Feilongguan were all staying there, and they were speechless in shock.

At the same time of shock, many people also felt a little bit of retreat in their hearts.

Even the Grand Marshal is not an opponent, so how can we fight this battle?

Haha...

At this moment, King Guangping reacted, and the whole person was extremely excited and excited, and shouted at Ren Yingying: "The master is really powerful, even the famous Gonggong is not an opponent, just this move, It's really eye-opening."

At the same time, the 300,000 Apocalypse army behind him also cheered, and the momentum was overwhelming.

Ren Yingying didn't seem to hear King Guangping's compliment, and there was not the slightest fluctuation in her charming eyes.

"Demon girl, die."

At this moment, Gong Gong reacted, his delicate face was full of unwillingness and determination, he snorted and slapped Ren Yingying with his palm.

At this time, Gonggong has lost his mind.

As a water god who is famous all over the world, he was defeated by a mysterious woman under the watchful eyes of the public.

Ugh.

This Gong Gong is too persistent.

Seeing Gonggong erupting again, Ren Yingying couldn't bear it, sighed secretly, and then greeted him with a palm.

With this palm, Ren Yingying still did not use all her strength.

boom!

The two palms touched, and there was a muffled sound, and the figures of Ren Yingying and Gonggong were shocked, and then took a few steps back at the same time.

"You...why didn't you kill me?"

Stabilizing her figure, Gong Gong's decisive face showed a bit of puzzlement. With the palm of her hand just now, she clearly felt that the other party didn't use all his strength, otherwise, He has already been killed. Ren Yingying breathed a sigh of relief, and said lightly, "I don't want your life, you can go, you

can't keep Feilongguan today.

“You still don't want to kill me, and you're still wearing a mask, could it be that you're someone I know? Don't want me to see your true colors?”

Gong Gong's eyes were full of suspicion when he said this.

Yes, Ren Yingying wore a mask on purpose, just because she didn't want people to recognize her. After all, it was not her heart's desire to help Bai Yunfei attack the Northern Ying Continent.

Moreover, she is also Yue Feng's woman. Yue Feng has done so much for Kyushu and is recognized as a hero of Kyushu. If people know that Yue Feng's woman helps Zhou and the demons to wage war, then Yue Feng's image will be completely destroyed. .

Chapter 4218

Faced with Gonggong's questioning, Ren Yingying did not respond.

“Master!”

At this moment, King Guangping couldn't bear it anymore and shouted at Ren Yingying: “Kill her, this Gonggong is the grand marshal of Beiyang Continent. Once she dies, Beiyang Continent will die. No one can stop us.”

King Guangping was very anxious when he shouted this.

He could also see that when they fought just now, Ren Yingying showed mercy to Gong Gong's men.

“Shut up!”

Ren Yingying and Xiumei were tightly locked, very irritable, and shouted at Wang Jiao of Guangping: “If I kill her or not, it is not your turn to tell me.” This King of Guangping is really disgusting.

Swish!

However, at this moment, Gonggong suddenly flashed his tender body, rushed over, and ripped off the mask from Ren Yingying's face.

Ren Yingying's attention was distracted by King Guangping, and she couldn't react at all, and the mask fell down in an instant, revealing her exquisite and beautiful face.

“You...”

At this moment, Ren Yingying was furious, staring at Gong Gong, speechless, and at the same time feeling a little upset.

Too bad, his identity is exposed, and Yue Feng and the Ouyang family will be implicated.

Swish!

At this time, everyone present was stunned. Whether it was the army of 300,000 Tianqi, or the defenders of Feilongguan, all eyes were focused on Ren Yingying's face, and they were all stupid.

Beautiful...what a beautiful woman.

Isn't this Yue Feng's woman, Yingying, the former director of Yueying Gong in the Apocalypse Royal Family?

quiet.

For a time, the entire Feilongguan was silent and silent, and a drop of a needle could be heard clearly.

"It turned out to be you."

At this time, Gonggong stared blankly at Ren Yingying, and after a few seconds of stunned reaction, he mocked with a half-smile: "Back then, the Rakshasa clan traveled through the wild and strange realm to bring disaster to Kyushu, Yue Feng. However, he has made immortal contributions and is a well-deserved hero of Kyushu. He is admired by the world, but who would have thought that one day his woman would help the demons to attack Kyushu."

"Ren Yingying, do you think I am ridiculous, or is it okay? Sigh."

When saying this, Gonggong resisted the urge to insult, but looked at Ren Yingying's eyes, full of ridicule and disappointment.

In her heart, Yue Feng and his family would not do such a perverse thing, but at this time, it happened. The helper invited by King Guangping turned out to be Ren Yingying.

If you hadn't seen it with your own eyes, who would have believed it?

Mad!

At the same time, King Guangping, who was standing below, was also stunned, watching Ren Yingying in midair with a complicated expression, unable to calm down for a long time.

The expert invited by Bai Yunfei turned out to be her?

At this time, King Guangping had completely lost the excitement and excitement he had just now, and he only felt anger and unwillingness in his heart.

Speaking of which, if it was someone else, King Guangping could accept it, but Ren Yingying couldn't. Not only did the two sides have a bloody feud, but Ren Yingying was still in the ancient tomb of Chiyou and robbed the demon soul.

In King Guangping's heart, the demon soul that Ren Yingying snatched should belong to him.

What made King Guangping even more unacceptable was that he had been servile to Ren Yingying before, trying to please him in every possible way. At this time, he found that the so-called 'superior' turned out to be Ren Yingying, and it was difficult for him to calm down for a while.

Swish!

At this time, in the middle of the sky, Ren Yingying's delicate face suddenly turned red when she heard Gonggong's ridicule, and she felt even more embarrassed.

The next second, Ren Yingying tried her best to calm herself down, and said seriously to Gonggong: "Your Excellency Gonggong, I don't want to explain a lot, I can only tell you that everything I did today has nothing to do with Yue Feng, but with the Ouyang family. It doesn't matter."

Hehe...

Hearing this answer, Gonggong obviously didn't believe it, sneered at that time, turned around and flew towards Feilongguan without any hesitation.

While flying, Gonggong shouted at the defending soldiers below: "All exit Feilongguan, hurry up." After the

last word fell, Gonggong quickly went away.

At this time, Gonggong already understood that Feilongguan couldn't stand it anymore. Although he was very unwilling to lose just now, at least he knew Ren Yingying's identity, and it was worth it.

The most important thing now is to let the defenders evacuate Feilongguan to avoid unnecessary casualties.

"Evacuate. Evacuate!"

Upon hearing the order, nearly 100,000 defending soldiers quickly evacuated from Feilongguan without any hesitation.

Chapter 4219

Run?

Seeing this scene, King Guangping's eyes flashed with a hint of coldness.

She had lost all face in front of Gonggong before, how could she be able to successfully evacuate with the soldiers of Feilongguan at this time?

"The whole army obeys!" In the

next second, King Guangping endured the pain and jumped up in the air and shouted: "Immediately capture the Feilong Pass and pursue the complete enemy army. There must be no mistake."

When he said this, King Guangping couldn't bear it. Zhu Zhu glanced at Ren Yingying, her eyes full of dissatisfaction and anger. Still held back.

Although it was a bit embarrassing and embarrassing just now, the most important thing right now is to occupy Feilongguan as soon as possible, and then enter the Beiyang Imperial City after resting.

"Kill!" The

last word fell, and the army of 300,000 Apocalypse rushed into the Flying Dragon Pass like a tide.

...

On the other side, the Apocalypse Palace.

To the northwest of the palace, there is an independent hall called the Hall of Prayer for Good Fortune. The entire hall is mainly red and black, which is a bit abrupt compared to the other golden and red halls around it.

The Hall of Prayer was the place where the emperors of the past dynasties prayed and worshipped the gods. It was originally a little deserted, but at this time, there were many imperial guards standing around. Not only that, there were also many guards who were constantly patrolling back and forth.

At this time, in the prayer hall, a figure was sitting there.

Wearing a white long gown, he has handsome and handsome features.

It was Bai Yunfei.

At this time, Bai Yunfei was sitting cross-legged, his eyes were slightly closed, and a cloud of red mist rose above his head.

Around Bai Yunfei, white candles were lit. Under the light of the candle, Bai Yunfei's figure fluttered in the huge palace, looking very strange.

In a place not far in front of Bai Yunfei, there are several corpses on display. Each corpse is very small. It is a few boys and girls, but at this moment, they are all black and black, and their faces are terrifying. It is obvious that they suffered unimaginable before death. of fear.

That's right, Bai Yunfei is cultivating a demon special skill 'Tian Mo Zhu Lie'.

At that time, after Bai Yunfei successfully brought Demon Zun out of the ghost world and helped him reshape his body, Demon Zun Gone admired Bai Yunfei very much, and taught many Demon Clan stunts at that time, 'Tian Mo Zhu Lie' was one of them.

To cultivate Heavenly Demons, it requires an extremely cruel process, which is to continuously absorb the souls of virgins and girls.

But if you practice it, your strength will be raised to a whole new level.

At that time, when the Demon Lord Gone was teaching, he warned Bai Yunfei that when he was not in a desperate situation, he must not rashly practice Tianmo Zhulie, because among the early demons, very few people practiced it.

Bai Yunfei has always kept it in his heart.

However, a month ago, after the battle of the Five Poison Sects, the Demon Lord Gone went to the Divine Realm, and after that, there was no news of him. After that, Bai Yunfei was captured by the Haotian Divine Sovereign and almost lost his soul.

After that, Bai Yunfei was rescued by King Guangping. After the injury recovered, Bai Yunfei originally planned to continue to wait for the news of Demon Lord Gone, but a month later, there was still no news of Demon Lord Gone.

This made Bai Yunfei very anxious, and finally, after some careful consideration, he decided to practice Heavenly Demon Zhulie.

Bai Yunfei has thought about it, as long as he improves his strength, even if His Excellency Mozun is not there, he can fight against a powerful enemy like Haotian Shenjun.

After making the decision, Bai Yunfei asked King Guangping to set aside the Hall of Prayer for his own cultivation.

Because of this, when King Guangping was about to attack the Northern Ying Continent, Bai Yunfei did not follow the army, but coerced Ren Yingying to help.

Phew...

At this time, Bai Yunfei absorbed the soul of the last virgin in front of him and slowly opened his eyes, without the slightest excitement, instead he looked extremely sinister.

“Li Dong.” In the

next second, Bai Yunfei spoke lightly and shouted out of the hall.

As soon as the words fell, a captain of the guards rushed in, with a respectful look on his face: “What is your order?”

Li Dong was a captain of the guards in the palace. Before the royal expedition, King Guangping specially instructed him to take care of all the affairs of Bai Yunfei’s cultivation.

Bai Yunfei glanced at Li Dong lightly, pointed at the corpse in front of him, and said coldly, “This is all the boys today?”

Chapter 4220

When he said this, Bai Yunfei’s eyes were cold, revealing a trace of anger.

To cultivate the Heavenly Demons, at least 20 virgins are needed every day, but Li Dong only prepared 16 today, how can he not be angry?

puff.

Feeling Bai Yunfei’s anger, Li Dong was sweating profusely, and hurriedly knelt down, tremblingly said: “Your Excellency, calm down, these past few days, my subordinates have been looking for virgins and virgins in the imperial city to agree to the conditions, and I dare not show any slights.” It’s just... that there are constantly missing children, and the entire imperial city is panicking

. Many people with children have quietly fled. Today, my subordinates tried their best to find sixteen.”

Stop kowtowing: “Don’t worry, Your Excellency, I will try my best to find four more.”

Phew...

Hearing this, Bai Yunfei's face was extremely gloomy.

This Li Dong's ability to handle affairs is too poor. Just by looking for twenty virgins every day, he can leak the news, and also let those people with children escape.

Simply trash.

Seeing that Bai Yunfei did not speak with a cold face, Li Dong knelt there, not daring to stand up at all, not even daring to let out the air.

For a time, the atmosphere of the entire prayer hall was extremely depressed.

"Tsk tsk..."

At this moment, a chuckle came from outside the hall, and then a sweet voice sounded: "It is so difficult to find twenty boys and girls every day in an imperial city, you captain of the guards, Really stupid."

"Who?"

Hearing the ridicule, Li Dong shook his body and turned his head to look outside the hall: "Break into the palace hall and seek death."

Swish!

At the same time, Bai Yunfei also stared at the door of the main hall. I saw a slender figure walking in slowly.

This is a very beautiful woman.

A long black and red dress perfectly showed her graceful figure, her delicate facial features, charming eyes, and a terrifying aura all over her body.

Although it is beautiful, it gives people a feeling of coquettish charm, like a beautiful snake.

This woman is Ji Hongshang.

Swish!

Seeing Ji Hongshang, Li Dong's eyes were worth it, but he quickly stood up and shouted angrily, "Who are you?"

"But it was stopped by Bai Yunfei.

"You step back first." Bai Yunfei said lightly.

Li Dong didn't dare to neglect, he responded and hurried out of the hall.

As soon as the forefoot left, Ji Hongshang showed a smile and flew towards Baiyun with a salute: "My subordinate Ji Hongshang, see the sect master." Before in the Five Poison Sect, Ji Hongshang used to call Bai Yunfei the sect master.

Um!

Bai Yunfei nodded and looked at Ji Hongshang up and down: "Where have you been all this time?"

When he spoke, Bai Yunfei's face was indifferent, and his previous anger was gone. Ji Hongshang was the first Bai Yunfei to subdue, so I trust her very much in my heart.

Before the battle of the Five Poison Sects, Ji Hongshang fled in the chaos, and Bai Yunfei was still a little worried. At this time, seeing her come back safe and sound, it seems that her strength has also improved a lot, which is very gratifying.

"metropolitan."

Ji Hongshang smiled lightly and stepped forward: "To tell the truth, after I swallowed the inner elixir of the ancient poisonous cockroach at the time, I escaped very far. Later, the inner elixir's power broke out, and my subordinates couldn't bear it for a while, so I fell into a coma. A forest."

"Later, I woke up in a daze and tried to integrate the power of the inner alchemy. Fortunately, I successfully merged it in the end. Now that the strength of my subordinates has greatly increased, I went around to inquire about the news of the suzerain, and learned that you were in the weather. The imperial palace, I rushed over." At the

end, Ji Hongshang was full of smiles.

Incorporating the inner liner of the ancient poisonous scorpion, the strength has more than doubled, can you be unhappy?

Haha...

Knowing the situation, Bai Yunfei showed a smile and nodded in relief: "Okay, very good, you have successfully integrated the inner elixir of the ancient poisonous scorpion, and your strength has increased a lot, which is really gratifying."

Ji Hongshang is his most trusted subordinate. Now that her strength has increased greatly, she naturally wants to be happy for her.

Ji Hongshang smiled and asked, "Sect Master, I heard that you asked King Guangping to lead troops to conquer the Northern Ying Continent. Are we going to start unifying the Kyushu Continent?"

"That's right."

Bai Yun Fei nodded: "Originally, this matter needs to be decided by Your Excellency Mozun, but he is not in Kyushu now, so I can only take the first step."
