

## The ultimate husband in Chinese chapter 6461

Call!

At this moment, Feixue bit her lip tightly, and her mood instantly became disturbed.

How to do? I am pure and clean, but I am married to this man. If I don't want to solve it, how can I stand on the rivers and lakes in the future?

Thinking of this, Feixue looked closely at Yue Feng's back, and a terrible thought suddenly flashed in her mind.

Might as well... just kill him. As soon as this person died, his fame was preserved. After all, there were not many people who knew that the wedding was held at the branch in Qizhou City at that time.

But when this thought flashed, Feixue hesitated again.

Speaking of which, she and Yue Feng have no grudges. If she kills him because of this, what is the difference between her and those scumbags?

But if you don't kill, your innocence will be ruined...

At this time, Yue Feng is still slowly tasting the side dishes in the tavern. He just thinks that such delicate side dishes will be wasted without wine, and immediately shouted at the shop assistant: "Little Er, put your wine on a jar."

"Okay!" The

shop boy responded, "Wait a minute!" After

saying that, the shop boy quickly walked to the back kitchen to get the wine.

This person...

Seeing this scene, Feixue Xiumei frowned slightly, feeling somewhat inexplicably angry. My innocence was almost ruined by you, but you're good, here you can drink wine leisurely.

Originally Feixue was still a little hesitant, but at this time she made up her mind and planned to kill Yue Feng.

However, Feixue held her own identity and did not want to do it face to face. After thinking about it, she suddenly had an idea, so she quickly went to the backyard of the tavern. As soon as she arrived in the backyard, she saw the shop assistant holding a jar of wine and was about to deliver it to Yue Feng.

"You..."

Suddenly seeing Feixue, the shop assistant was startled, and then she was attracted by her delicate face and her unique temperament.

What a beautiful woman.

Is it really a fairy?

Feixue kept calm, approached slowly, and asked gently, "Don't panic, I'm here to buy wine." When he spoke, he looked at the wine jar in the second-hand shop subconsciously.

buy wine?

Hearing this, the second shopkeeper came to his senses, and hurriedly said with a smile: "The girl bought wine, but I found the right place. The grain and wine here are very mellow."

Such a beautiful woman will naturally praise her when she comes to buy wine. Fan.

Um!

Feixue nodded, paying attention to the situation in front of Yue Feng, and said slowly: "I want two jars, I'm in a hurry, you go get them."

"Okay!" The wine in it was placed on the ground, and he smiled and said, "Wait, that girl, I'll go get it now!"

With that, the second shopkeeper turned around and went to the wine store behind.

As soon as his forefoot left, Feixue hurried over, opened the wine jar on the ground, took out a packet of poison from his body, quickly poured it into it, shaken it well, and closed it again.

After doing this, Feixue urged her figure, her delicate body flew up, and quickly left.

When they got outside, Feixue was on the opposite side of the street. He found a hidden corner and quietly observed the situation on Yue Feng's side.

Um?

After a while, the shop assistant came out with two jars of wine. Seeing Feixue's absence, he was stunned: "Where's the person? It's too anxious, can't you wait for this time?"

Muttering a word, the second storekeeper put the two jars of wine back in the wine warehouse, picked up the jar of wine on the ground after coming out, and hurriedly brought it to Yue Feng's table.

"Waiting for a long time, the wine is coming."

At this time, the second shopkeeper did not know that Feixue had poisoned the wine jar.

Um!

Yue Feng was even more ignorant of the situation, nodded, opened the seal, and savoured the side dishes. While tasting it, he nodded in approval: "Well, the wine is really good."

Seeing this scene, Feixue, who was hiding in a hidden corner across the street, suddenly collapsed.

He drank it... The poison was so strong that it would kill him in no time.

Feixue thought about it. When Xia Yue Feng was poisoned, he would find a place to bury him. What she didn't expect was that Yue Feng slowly drank a jar of wine, but nothing happened.

This... how could this be?

For a time, Feixue's eyes were full of doubts, and she stared at Yue Feng, her mind blank.

A whole packet of poison, even if the Sect Master drinks it, he might not be able to carry it, but this man has nothing to do with it.

## The ultimate husband in Chinese chapter 6462

Fei

Xue doesn't know yet, Yue Feng has long been immune to all poisons, and now he has the red lotus of Faye to protect his body.

"Little Er, wine money!"

Just when Feixue was secretly surprised, she saw Yue Feng drop a piece of gold and strode out of the tavern.

After drinking a jar of wine, Yue Feng was in a good mood, humming a little tune and thinking about what to do next.

Qizhou City has been breached, and there is no way to go back.

As for the little emperor Ying Kuang, there is King Shaoyang to protect him, so don't worry. The most important thing now is to completely restore the strength, and then completely solve the God King Haotian and Zhan Wuji before leaving.

After making up his mind, Yue Feng was going to leave the town and find a quiet place to practice and recover.

call!

Seeing Yue Feng walking out of the town, Feixue let out a sigh of relief, and quickly came out, quietly following behind.

Feixue is Gu Qianqiu's powerful subordinate. He often walks in the rivers and lakes, and his tracking method is unusual. However, he was noticed by Yue Feng as soon as he left the town.

someone following?

At this moment, Yue Feng noticed someone behind him and frowned, but he did not stop at that time, but left the road and turned into the mountain road next to him.

The moment he entered the mountain road, Yue Feng glanced behind him from the corner of his eye, and was stunned.

is her?

I saw that Feixue was hiding behind a tree, and although it was very hidden, it was still seen by Yue Feng.

Discovering that it was Feixue, Yue Feng was very surprised.

What is this woman doing with me? Yue Feng had never seen Feixue since the last time they separated from Tiandao's sub-altar. It can be said that the two had little interaction except after being forced to marry.

At the same time of doubt, Yue Feng couldn't help but sigh.

I haven't seen her for a few days, and this woman seems to be even more charming.

Forget it, leave her alone and see what she wants to do.

Thinking to himself, Yue Feng pretended not to know and continued to walk down the mountain road. As you walk, you can admire the surrounding scenery.

I have to say that the mountain scenery at the back of this town is good, the green hills are beautiful, and the environment is very good.

While appreciating, Yue Feng did not forget to pay attention to Feixue behind him. Sure enough, Feixue followed quietly every time he walked.

Haha....

Upon realizing this, Yue Feng couldn't help showing a smile.

Really catch up, well, I'd like to see what you want to do.

At this moment, the flying snow behind.

Seeing Yue Feng walking slowly and admiring the surrounding scenery, Feixue frowned, but her heart was indescribably upset. This man took poison, and he was really fine.

It seems that I will have to find a chance to do it myself.

Unknowingly, Feixue followed Yue Feng to the depths of the mountain forest, and saw that the woods here are dense, the grass is overgrown, and there are few people around.

Phew, this is a great place to get your hands dirty.

At this moment, Feixue bit her lip tightly, and quietly drew out her long sword, preparing to attack Yue Feng from behind.

To be honest, Feixue really wanted to figure out why Yue Feng was fine after taking the poison, but when he thought of his own reputation, he couldn't control it so much. He just wanted to kill Yue Feng quickly, and then go back to join Gu Qianqiu.

“Ow!”

However, at this moment, a few wolf howls came from the grass ahead, and then, a few gray wolves rushed out, in the shape of a character, and slowly approached Yue Feng.

Seeing these wolves suddenly, Yue Feng was startled, but he quickly calmed down.

Yue Feng clearly felt that the strength of these wolves is not high, according to the level of the practitioners in Tianxin Continent, that is, the strength of the third rank.

The wild wolves with the strength of the third rank, Yue Feng did not take it to heart, and he didn't even need to do it. He could make them obedient and honest with the beast-guarding technique.

Um?

At this moment, Feixue resisted the urge to act and looked at the wolves, and was stunned.

Immediately, Feixue breathed a sigh of relief, and her mood eased a lot.

This person is also considered unlucky. With these wolves, he doesn't have to do it himself.

Muttering in her heart, Feixue put away her long sword and hid there to watch quietly. In her heart, Yue Feng's strength was average, and he was definitely not the opponent of these gray wolves.

“Ouch!”

Just when Feixue was thinking about this, the goose-skinned gray wolves let out a howl, and they all jumped into the air, opening their bloody mouths and rushing towards Yue Feng.

## The ultimate husband in Chinese chapter 6463

Mad, these beasts.

Seeing several wolves rushing towards him, Yue Feng frowned and couldn't help but curse.

At this time, Yue Feng really wanted to use the power of his primordial spirit to kill several gray wolves on the spot, but thinking that there was Feixue following behind him, in order not to reveal his strength, he held back.

“Ouch!”

Almost in the blink of an eye, Yue Feng was thrown into the grass by several wolves, and then they opened their fangs and bit towards Yue Feng's neck.

call!

Seeing Yue Feng being thrown down, Feixue couldn't help taking a deep breath, relieved.

Several wolves shot at the same time, this person must be bitten to death. Although it was a tragic death, he didn't have to do it himself.

At this time, in the grass.

“Be good, be good!”

Seeing several wolves biting at the same time, Yue Feng didn't have time to think about how to use the beast-controlling technique, and said to these gray wolves, “I'm your friend, not your enemy, you have to figure it out. .”

Huh?

Seeing that Yue Feng could speak his wolf language, the gray wolves were stunned, and looked at Yue Feng with their heads tilted in surprise.

Yue Feng continued: “You should be able to feel my strength now. If you really fight, none of you can escape, but I don't care about you, you can go.”

Hearing these words, several wolves let out low voices . , then put away the claws, and retreated.

They clearly felt that the man in front of him could not only speak his wolf language, but the breath that permeated his body was also unfathomable. Although they were wolves, their IQ was not low.

If they really fight, I am afraid they will all die in the hands of this man.

“Wooooo...” In the

next second, the wolves barked a few more times, and then quickly left.

Watching the wolves go away, Yue Feng breathed a sigh of relief. Fortunately, he knew how to fight beasts.

Not far at this time.

Feixue saw a few wolves leave, and her delicate face suddenly showed some doubts. Strange, these wolves killed him and didn't eat his flesh? Did you leave so soon?

Because the grass was too deep, Feixue couldn't see the situation at all, thinking that Yue Feng had been bitten to death.

“Oops!”

Just as Feixue muttered secretly, she heard Yue Feng's voice coming from the grass, and then she saw him stretch and slowly stand up.

What?

Seeing this scene, Feixue's delicate body trembled, and she was immediately dumbfounded, thinking that she had read it wrong.

He... he wasn't thrown down by a wolf just now... how come nothing happened?

At this time, Feixue clearly saw that Yue Feng was not injured at all, let alone injured, even his clothes were not scratched.

How could this be?

For a time, Feixue was puzzled. At the same time, he looked at Yue Feng's eyes with deep doubts. This man is extremely poisonous, and even a wolf can't hurt him.

This man seems to be more powerful than he imagined....

This woman!

Just when Feixue was secretly shocked, after Yue Feng stretched, he realized that Feixue was not far away, and was secretly surprised.

No, this woman saw with her own eyes that I was besieged by several wolves, and she didn't even mean to help...

Fuck...she was following me, she was going to kill me, so she saw me being surrounded by several wolves. Surrounded, will be indifferent.

Realizing this, Yue Feng was a little depressed.

I have no enmity with you, why did you kill me?

It was getting dark at this time, and Yue Feng was too lazy to think too much. When he saw an abandoned temple not far ahead, he immediately walked over and continued to pretend that he didn't know he was being followed to see what happened to the flying snow.

Seeing this scene, Feixue hesitated and followed quietly.

Soon to the broken temple.

Yue Feng looked around, the temple should have been abandoned for a long time, overgrown with grass and dilapidated everywhere.

Seeing this environment, Yue Feng nodded. Although it was very run down, it was not bad.

Muttering, Yue Feng swept an open space in the hall, then lay down and started to rest. In fact, Yue Feng didn't really rest, but secretly noticed the movement of Feixue outside.

It was dark by now.

Whoosh!

Feixue followed Yue Feng to the broken temple, but did not go in, but quietly flew up to the top of the gatehouse to observe Yue Feng's situation secretly.

## The ultimate husband in Chinese chapter 6464

Call!

At this moment, Feixue saw Yue Feng lying leisurely in the hall, his delicate face suddenly showing a bit of complexity.

This person has a big heart. He has just encountered a wolf, and he still has the mind to sleep at this moment.

Muttering in his heart, Feixue looked at the environment of the broken temple, and saw that the yard in front of the main hall was overgrown with grass. Not only that, but the whole hall was also rotten.

After looking at the environment, Fei Xue Xiumei frowned, and fell into a tangle for a while.

This man, the poisonous poison will not die, the wolf will not eat him, and he does not want to kill him with his own hands, what can I do?

Got it!

While struggling, Feixue looked at the wooden hall and suddenly had an idea. If a fire is set, the hall will be completely burned, and he will definitely not be able to escape.

Speaking of fire prevention, it is a bit cruel, but Feixue can't care so much at this time for his own fame.

After making up his mind, Feixue flew to the gate of Feixia and quietly entered the courtyard. First, he looked at Yue Feng's situation and made sure that he was asleep, so he made some weeds around the hall.

At this time, Feixue didn't know that Yue Feng was not asleep, and her every move was clear.

Soon, after getting ready, Feixue set a fire.

Huhuhu....

It was early autumn, the sky was dry and the things were dry, and the fire spread all at once. After first burning the grass in the yard, the fire quickly spread towards the hall.

Holy crap...

Seeing Feixue setting fire, Yue Feng was startled even though he was prepared.

This woman is so cruel, she wants to burn me to death.

In the blink of an eye, the fire spread to the main hall, which is completely wooden structure, and many places have begun to rot, and soon burned.

call!

Looking at the raging fire in front of him, almost completely covering the hall, Feixue's delicate face, unable to hide the complexity, secretly said in his heart: Don't blame me, blame you for your bad life...

"Oh, the fire is on fire. La..."

Just as Feixue was muttering secretly, she heard Yue Feng's shouting from the hall, and then Feixue could clearly see that Yue Feng was shouting in the midst of the raging fire. While jumping, trying to rush out.

It's just that the main hall was completely burned, and the door was blocked by the fire, and it was impossible to rush out.

In fact, Yue Feng did it all for Feixue to see. He had the red lotus of the law in his body, and he was not afraid of this ordinary fire at all.

"Oh, I'm going to die!"

At this moment, Yue Feng realized that Feixue was observing the situation, shouted, raised his hand and smashed the wooden door that was on fire in front of him. The paper, after being smashed into the air, shattered directly, turned into sparks in the sky, and flew towards the direction of the snow.

Feixue didn't have time to react at all. At that time, a lot of sparks were stained on the long skirt, and it suddenly burned.

Oops!

Seeing that the skirt was on fire, Feixue panicked and reached out to shoot it out, but the skirt was made of gauze and could not be wiped out at all. In a hurry, when I thought of it, there was a water pool not far from the ruined temple. , Feixue didn't have time to think, and hurried towards the water pool.

Haha...

Seeing Feixue's flustered look, Yue Feng couldn't help showing a smile, and immediately walked out of the fire.

Yes, Yue Feng did it on purpose just now. This woman is so cruel, and she wants to burn him to death, so naturally she has to teach him a lesson.

Smiling, Yue Feng quickly chased towards the water pool. When he got to the edge of the pool, he saw Feixue had jumped into it. Although it was late at night, Yue Feng could still see the charming curve clearly.

You Qi couldn't hide the appearance of Feixue in the water at this time.

For a time, Yue Feng stood on the shore, smiling and admiring it.

"You..."

At this time, Feixue found Yue Feng by Tan Shui's side, and her delicate body trembled: "You...why are you here?" Almost blank.

Shouldn't this man be burned to death? How can you come out safe and sound?

In astonishment, Feixue looked at Yue Feng and found that Yue Feng's clothes were all intact except for being a little embarrassed.

how can that be?

The hall was on fire, why was he okay?

## The ultimate husband in Chinese chapter 6465

Ha ha!

Feeling Feixue's consternation, Yue Feng showed a smile: "Why should I have something to do?" As he spoke, he admired it up close.

Not to mention, this flying snow is really charming and sexy, especially when it is soaked in water, it looks like a hibiscus emerging from the water. Any man who sees it will be difficult to restrain.

"You..."

Hearing this, Feixue opened her mouth, not knowing how to answer for a while.

At this time, Yue Feng continued with a smile: "My lady, how can we say we are also married, I am your prospective husband, how can you set me on fire? This is murdering my husband."

Shah!

It's good that Yue Feng didn't mention this. When he mentioned this, Feixue's delicate face instantly flushed red, and at that time he scolded embarrassedly and angrily: "You...you shut up. You ruined my reputation. , I have ruined my reputation, how can I meet people if I don't kill you?"

Fei Xue was very embarrassed at this time, this man is really shameless, calling him a lady.

It turned out to be because of this...

Feeling Feixue's anger, Yue Feng suddenly understood. It turned out... this woman wanted to kill me because of the wedding that night.

Realizing this, Yue Feng did not understand Feixue because of this, but was rather speechless.

This woman seems a little unreasonable. In the circumstances at that time, she was also a victim. It was obviously the safflower mother-in-law who deliberately set up this wedding in order to repay the past. How can I blame me alone?

Thinking to himself, Yue Feng said with a wry smile, "Ma'am, you are being unreasonable. You knew the situation at that time. That mother-in-law was quite unreasonable, and I couldn't help myself at that time..."

"Shut up, who is your wife?" Feixue said angrily. The next second, Feixue

was even more angry when she noticed Yue Feng's gaze: "Close the dog's eyes for me, and then look at and dig out your eyeballs."

Now, how not to get angry?

oops?

In the face of Jiaoyu, Yue Feng did not panic at all, but said with a smile: "We have already become relatives. I don't call you a lady, should I call someone else's lady?"

"Since it's a lady, let me see what's the problem. ?"

After speaking, Yue Feng continued to admire Feixue's graceful curves.

Shameless!

Facing this situation, Feixue blushed, and almost exploded with anger: "I killed you shameless." After the voice fell, Feixue burst out of the water, and the long sword swung a cold light, directly towards Yue Feng's heart. stab.

I go!

Yue Feng couldn't help laughing and laughing, this woman is too ruthless.

Thinking to himself, Yue Feng shouted while dodging: "Oh, if you have something to say, how can you do it directly, you really want to murder your husband?"

"Bastard, you still say it!" , After scolding, the long sword stabbed again.

Speaking of which, with Yue Feng's strength, he could easily defeat Feixue, but in order to hide his strength, Yue Feng decided to tease her in other ways.

"Oh, murdered my husband!"

At this moment, Yue Feng shouted, pretending to be very panic, and ran towards the woods next to him.

"Stop!" Feixue Jiao shouted, clenching her sword and chasing after her.

clack clack...

When he reached the woods next to him, Yue Feng used his palm while dodging the Feixue long sword, interrupting the surrounding small trees, and quickly deployed a trapped formation.

Yue Feng couldn't bear to hurt her, so he could only deploy the formation to trap her.

Yue Feng could see that although Feixue was strong, he didn't know how to form formations, so he deployed a simple five-element formation.

"Shut up!"

Hearing Yue Feng's constant shouting, Feixue was so embarrassed that she completely ignored Yue Feng's deployment of the formation. After the formation was formed, she realized that something was wrong. She was obviously very close to him. , but couldn't catch up, not only that, the surrounding trees, as if they had spirituality, actually moved by themselves...

How could this be?

A few seconds later, Feixue was even more surprised to find that she seemed to be trapped.

At this moment, Yue Feng stopped, sat on a rock, and looked at Feixue with a smile: "Miss, stop chasing, you can't kill me."

"You..."

Feixue was shy and shy. Angrily, she looked at Yue Feng coldly. She never thought that she would be mocked by him instead of killing him in the end.
