

The ultimate husband in Chinese chapter 6521

“The general of the Hu people was called Nuliha, and now he controls the entire royal court. There are hundreds of thousands of troops under his command. Although you have a lot of companions, if you really want to fight head-on, how much do you think you have the chance to win? What?”

After saying the last sentence, Yue Feng looked at the head wolf seriously.

“What do you mean?” The

head wolf thought for a while, staring at Yue Feng, very unhappy: “You want me to swallow my voice?”

Yue Feng shook his head: “Of course not, dealing with people like Nuliha, naturally if you believe me, just follow what I say...”

In the next two minutes, Yue Feng explained his plan in detail.

The alpha wolf listened quietly, without interruption, and waited until Yue Feng finished talking about the plan, and then said, “Why do you want to help us?”

Haha!

Yue Feng smiled slightly and responded, “I help you for Princess Yiyi of the Hu people. He is completely different from Nuliha who stole your companions just now. He is a kind-hearted person who advocates peace...”

Afterwards, Yue Feng explained what happened to Princess Yiyi.

After learning about the situation, the alpha wolf suddenly understood, and then agreed: “Okay, I will believe you once.” Then, the alpha wolf roared and signaled the surrounding fire wolves to back away.

Afterwards, the head wolf and Yue Feng agreed on the details and left with the pack of wolves.

Wow...

In the blink of an eye, more than a hundred fiery wolves walked away cleanly.

This...

Seeing this situation, Nie Hongxue’s heart was shocked, Yue Feng just said a few words, and the fire wolves withdrew.

If you don't see it with your own eyes, who can believe it?

Under the shock, Nie Hongxue couldn't help but ask: "What did you say to them?"

Yue Feng showed a smile: "I didn't say much, I just persuaded them to help the princess. The condition is that we help them save their companions."

Saying that, Yue Feng looked at the sky: "It's getting late, let's go back quickly." After the voice fell, Yue Feng walked slowly towards the outside of the valley.

Um!

Nie Hongxue complied and followed closely behind her while looking at Yue Feng's back, thoughtfully.

Speaking of which, Nie Hongxue didn't take Yue Feng seriously at first, thinking that he was just a liar who hides his identity, but after this day's contact, he was convinced by his ability, and at this moment he was only amazed and admired.

...

the other side.

Nuliha took his elite soldiers and quickly returned to the general's mansion.

"Show me that fiery sideburn wolf. If something went wrong, I'll look at your heads."

"Also, this matter must not be leaked." After

entering the general's mansion, Nuliha ordered and immediately When I went to the hall, I was in an indescribably happy mood.

Haha...

With this fiery sideburn, I will have the right to speak and ascend to the throne, just around the corner.

Thinking to himself, Nuriha sat on a chair and sipped tea slowly.

"General!"

At this moment, a guard walked over quickly and said with a complicated expression: "The leader of Wuyinmen is here." As he said, he looked outside the door, very cautious.

Wuyinmen is the killer organization that Xing Tiance joined. The main altar is in the Hu people, and its followers are all over the place. It is the largest mysterious organization in the area of the Hu people.

Of course, the most mysterious is the leader of Wuyinmen.

According to rumors, the leader of Wuyinmen came from the bitter cold land in the extreme north of the grassland. His strength was unfathomable, his whereabouts were erratic, and he wore a bronze evil ghost mask all the year round.

Wuyinmen has been established for several years, but no one has ever really seen its appearance.

However, to others, the leader of the Wuyinmen is mysterious and terrifying, but to Nuliha, who holds a lot of troops, the other party is just the leader of a killer organization.

Mad!

Hearing the personal guard's words at this time, Nuliha's face sank, and he couldn't help scolding: "He still has the face to see me?" Two days ago, Nuliha ordered someone to send five thousand taels of gold to Wuyinmen, let them assassinate the princess secretly.

But in the end, the princess was alive and well, and nothing happened.

This makes Nuliha very annoyed. He can't do this well, and he dares to call it the number one killer organization?

"Invite him to the study!" The

next second, Nuliha put down the teacup and instructed lightly, "Don't let anyone find out."

The ultimate husband in Chinese chapter 6522

ordered these, Nuliha looked serious.

Although he controlled the entire royal court, Nuliha didn't want to be too public, especially when he cooperated with the killer organization, he was more careful, otherwise, if the matter spread out, the impact would be bad, and it would be very unfavorable for him to seize the throne in the future.

"Yes, General!" The

guard responded and walked out of the hall quickly.

Half an hour later, in the study.

Nuliha sat on the study chair, closing his eyes and resting.

Squeak!

At this moment, the door of the room was gently pushed open, and then the guard stood at the door and respectfully said, "General, someone is here!" After speaking, he quickly retreated.

Then, a figure slowly walked in.

The person who came was not tall, dressed in a black robe, wearing a black hat on his head, and wearing a bronze mask on his face. He walked lightly without making any sound, but his body was filled with a suffocating and powerful aura.

It was the leader of Wuyinmen, Yan Chengying.

"General!" After entering the study, Yan Chengying nodded slightly at Nuliha and said hello lightly.

Hehe...

Nuliha looked up and down at Yan Chengying, with an arrogant look on his face: "It is rumored that Yan's leader Shenlong sees the head but not the tail, and it's really not easy to see you." After

speaking, Nuliha couldn't hide it. Angry, he continued: "I haven't looked for you yet, but you came to me first, let's just say, I've already paid for the five thousand taels of gold, but Princess Yiyi is still alive and well. At the beginning of your Wuyinmen promise, it was one day. Time, two days have passed now, what should I say?" The

words were aggressive and unquestionable.

call!

In the face of Nuliha's arrogance, Yan Chengying's eyes showed no fluctuation, and said lightly: "General, don't worry, I'm here this time to talk about this matter."

"This time the assassination failed, it was us. Wuyinmen's mistake, here, I will first apologize to the general!" The

voice fell, Yan Chengying bowed his head slightly towards Nuliha.

At this time, Yan Chengying was calm and unwavering on the surface, but his heart was also very complicated.

Speaking of which, since the establishment of Wuyinmen, Wuyinmen has taken on a lot of killing tasks, and has never missed it, but this time there was an accident, and this accident was entirely from the newcomer called 'Lengren'.

This newcomer called 'Lengren' is exactly Xing Tiance.

In Yan Chengying's impression, this cold blade is powerful and quick to take action. When he first joined, Yan Chengying specially arranged a few small tasks for him, all of which were completed well. It can be said that he is a rare talent.

Therefore, this time, Yan Chengying gave Leng Ren the task of assassinating the princess.

But in the end, I never thought that after Leng Ren took the task, he disappeared, which made Yan Chengying very annoyed, so he would find Nuliha in person recently.

"Haha!"

Seeing Yan Chengying bowing her head and apologizing, Nuli laughed lightly: "It's really interesting, for such an important matter, Chief Yan just wants to apologize?"

"Of course not!"

Yan Chengying shook his head and looked at Nuli seriously. Ha: "I'm here this time, just to reassure the general. Since our Wuyinmen took the general's 5,000 taels of gold and accepted this order, no matter how much we pay, we will complete the task."

"In addition, in order to make up for the previous We Wuyinmen help the general to do one thing for free, as long as we can do it, we will never refuse."

When saying this, Yan Chengying's tone was indifferent, but there was no doubt about it.

Um!

Hearing this, Nuliha nodded with satisfaction and showed a smile: "Very good, since Chief Yan said so, this general will not care about the previous defeat."

After that, Nuliha said After thinking for a while, he continued: "Speaking of which, I really have one thing that I need your help from Wuyinmen. There is a man named Yue Feng who escaped from the prison and has not been found so far. This matter will be handed over to him. I'll give you Wuyinmen, remember, don't hurt his life, it's better to help me get it back alive."

Seriously, Nuliha doesn't want to use the power of Wuyinmen for this kind of thing, but the following people are too It's a waste. After Shang Yuefeng took the queen away last

night, tens of thousands of soldiers searched the whole city, but couldn't find his whereabouts.

The ultimate husband in Chinese chapter 6523

Yue Feng? Hearing this name, Yan Chengying

narrowed her eyes slightly, thought for a while, and said, "Is that the man who helped King Shaoyang guard Qizhou City?"

Very strange.

call!

At this moment, Nuliha's eyes flickered, and he took a deep look at Yan Chengying and said with a smile: "You Wuyinmen are really well informed, yes, this is the person. I hope this time, Chief Yan will not let this general down again."

Yan Chengying Nodding silently: "General, wait for the good news."

Yan Chengying turned and left.

As soon as the forefoot left, Nuliha's face suddenly turned gloomy and cold. The fog hidden sects were all over the place, but they were not a small force, and the main altar was in the royal court, but it was a big threat.

After sitting on the throne, if there is a chance, this organization must be uprooted to avoid future troubles.

....

on the other side.

When Yue Feng and Nie Hongxue rushed back to the bedroom, it was already dark.

"Sister Hongxue!"

At this moment, seeing Nie Hongxue and Yue Feng coming back, Princess Yiyi was very excited and hurriedly greeted them: "How is the situation?" During the conversation, the princess' delicate face could not hide the expectation.

After the two left, Princess Yiyi had been worried all the time, and she was relieved to see that they were all safe at this time.

"Princess!"

Nie Hongxue's red lips parted lightly. She was about to explain the situation at that time in detail, but she was interrupted by Yue Feng as soon as she said two words.

"Then Nuliha has captured a fiery sideburn wolf alive, and it is estimated that he will make a fuss about it." Yue Feng said slowly: "Guard Nie and I guessed that Nuliha has already drawn up a plan to compete for the throne."

Said, Yue Feng said. The wind told the situation in the valley. Of course, I didn't go into too much detail about the communication with the Fire Side Wolf, just a few words.

call!

Seeing this, Nie Hongxue couldn't help but look at Yue Feng, and her opinion of him changed a lot.

Speaking of which, Yue Feng was able to successfully explore the valley this time, and cooperate with Fire Temple Wolf all by himself, but he was very low-key and did not strive for profit at all, which was really admirable.

What?

At this moment, when Princess Yiyi learned of the situation, her delicate body was shocked, and her delicate face couldn't hide the anger: "This Nuliha is really bold, and this kind of thing can actually be done.

" The totem of the worship of the human race has a detached status and incomparable dignity, and Nuliha, a traitor, even captured a fire wolf.

It's simply outrageous.

Afterwards, Princess Yiyi bit her lip tightly and continued: "The queen has returned safely, I will discuss with her later, no matter what, I must eradicate this traitor."

Great!

Nie Hongxue was very excited when she learned that the queen was back. With her help, the princess was finally not alone.

On the other hand, Yue Feng, who was next to him, had a complicated expression, and he couldn't help but think of what happened in the underground passage with the queen before...

This queen should not know yet. I have come back to help the princess, so I guess we will meet again. would be embarrassing.

buzzing....

Just when Yue Feng was thinking about this, in the night sky outside the bedroom, there were suddenly a few fluctuations of aura, and then, he saw a few men in black, flying quickly, each with a long knife, murderous aura.

Swish!

When they approached the palace, the eyes of several men in black instantly locked Princess Yiyi.

“The princess is here.”

“Quick, this time I must not lose again.” The

voice fell, and several men in black clenched their long knives and went straight to the bedroom.

Yes, these men in black are exactly the killers sent by Wuyinmen. In order to ensure the success of the assassination, Yan Chengying sent five top killers at once.

Nima!

Seeing this scene, Yue Feng’s face changed, and he couldn’t help but cursed in his heart.

These assassins are really daring, they just failed the assassination the day before yesterday, and are they here again?

At the same time, Nie Hongxue and Princess Yiyi also changed their pretty faces. Then, Nie Hongxue subconsciously pulled the princess behind her, and then shouted to the outside: “Someone, there are assassins, come and protect the princess.”

Whoa!

Hearing the call, dozens of guards rushed over.

The ultimate husband in Chinese chapter 6524

Call!

When they arrived, dozens of guards took a deep breath when they saw the situation in front of them, and their anger rose up one by one.

“Bold assassins, catch them quickly!”

“Do you think of this as your own back garden? Come here if you want to? You will be spattered with blood on the spot today.

” Fight with several assassins. In their opinion, their numbers are dominant, and it is more than enough to deal with a few assassins.

However they were wrong.

Bang Bang Bang...

In the fierce battle, I saw a few assassins, their figures were like ghosts, and their figures kept moving back and forth in the crowd. Within seconds, more than a dozen guards fell in a pool of blood.

What the hell!

Seeing this situation, Yue Feng was secretly shocked, and at the same time a little anxious.

Obviously, the last time the assassination failed, the other party did not give up. These assassins are so powerful that these guards can't stop them, and their strength has not recovered, I am afraid they can't help.

At the same time, Princess Yiyi was also panicked, her delicate face was full of tension, and the several maids guarding her were even more frightened and trembling, almost unable to stand.

“Don't be afraid, princess, I'm here.”

At this moment, Nie Hongxue bit her lip tightly, her eyes flashing with determination: “I won't let them hurt you.”

Om!

When the words fell, Nie Hongxue's strength exploded, pulling out his long sword and heading towards several assassins.

Seeing this, Princess Yiyi's body trembled, and she couldn't help shouting, “Sister Hongxue, don't...” The opponent's strength is so strong that Sister Hongxue alone can't stop her.

In a hurry, Princess Yiyi wanted to call Nie Hongxue back, but it was too late.

At this time, Yue Feng was standing beside Princess Yiyi, and his expression was extremely solemn. Although Nie Hongxue was powerful, he was afraid that he could not stop the other five masters.

We must find a way...

In anxiety, Yue Feng saw a few shivering maids behind him, and suddenly he had a flash of light, pointing to a maid who was about the same size as the princess and said, "Quick, change your clothes with the princess, Hurry up..."

Now the situation is critical, Yue Feng can't help, so he wants this maid to pretend to be a princess and divert the attention of those assassins.

Hearing Yue Feng's words, the maid was stunned for a moment, then she understood and quickly changed into Princess Yiyi's gauze. Although she was very nervous, it was her duty to protect the princess.

After changing, Yue Feng said to Princess Yiyi: "Princess, hurry up and hide."

"Okay..."

At this time, Princess Yiyi was in a mess, and she had no idea at all, she nodded immediately, and in Yue Feng's Under the signal, he hid in the soft curtain.

Seeing her hiding, Yue Feng didn't have time to think, grabbed the maid's hand and jumped out directly from the window sill on one side.

The moment he jumped out, he saw a black shadow in the shadow outside.

What Yue Feng saw was really Xing Tiance.

After discussing with Yue Feng before, Xing Tiance had been hiding near the palace, secretly protecting the safety of Princess Yiyi. As soon as he heard the movement, he rushed over immediately.

Swish!

At this time, seeing Yue Feng pulling a woman and rushing out, Xing Tiance thought it was a princess and hurried up to meet him.

Without waiting for him to approach, Yue Feng quickly said: "The princess is inside, you hurry in to protect, this is fake, I will divert the attention of those people."

When he said this, Yue Feng was not as anxious as before.

The real princess is hidden, and Xing Tiance is by her side, so it should be foolproof.

"Okay!"

Hearing this, Xing Tiance responded and quickly rushed into the bedroom.

Yue Feng didn't stop, pulled the maid, and quickly rushed to the back room, while running, pretending to shout: "Quick, go this way."

Shuh!

At this time, several assassins had already suppressed Nie Hongxue, and they were about to rush into the bedroom. Hearing Yue Feng's cry suddenly, he immediately looked over.

The next second, seeing the gauze on the maid, several assassins mistakenly thought it was a princess, and were shocked.

"Oops, the princess escaped."

"Come on!"

The ultimate husband in Chinese chapter 6525

Under the exclamation, several assassins broke out and quickly chased towards Yue Feng.

At this time, they didn't know that Yue Feng was carrying a maid, the real Princess Yiji, who was still hiding in the bedroom.

call!

Seeing several assassins chasing after him, Yue Feng took a deep breath and was inexplicably excited.

Although these assassins are strong, their IQs are not very good. Such a simple 'stealing the sky' will deceive them.

However, the maid who followed Yue Feng was so frightened that her face turned pale, and her voice trembled: "They are chasing, what should Mr. Yuefeng do?"

While speaking, the maid's legs were weak and she could hardly walk. .

"Don't panic!"

Yue Feng comforted: "You continue to pretend to be a princess to attract their attention. I'll make sure you're fine ." While speaking

, the two of them had already arrived at the wing. go out.

Whoa!

The moment he entered the room, Yue Feng asked the maid to hide in the corner, then pulled the table, chairs and benches in the room, and quickly placed them at the door according to the rules.

Yes, Yue Feng deployed a simple formation.

Due to the limited number of tables, chairs and stools, it was impossible to deploy a cumbersome and advanced formation, so Yue Feng deployed a medium-sized Three-Absolute Formation.

Whoa!

As soon as it was arranged, a few assassins arrived at the door and saw the desks, chairs and stools in front of them, and the assassin at the head did not realize that something was wrong, and broke in directly.

Um?

However, after entering, the assassin was immediately blinded, and he was surprised to find that the chair and stool in front of him seemed to be alive, no matter how he moved forward, it would block in front of him.

In the end, the assassin turned around, and finally retreated outside the door.

“What are you doing out here?”

“This kid is alone, what’s there to be afraid of?”

Seeing him withdraw, the other assassins couldn’t help but speak.

Listening to his companion’s words, the assassin said complicatedly: “These tables and chairs are a little weird.”

Weird?

Several companions glanced at each other, did not take it to heart, and rushed in one after another. However, to their astonishment, as soon as they entered, the scene in front of them changed, and the surrounding tables, chairs and stools seemed to be alive and kept in front of them.

The last few people had no choice, and finally all retreated outside the door.

“Made, it’s really weird.”

“What’s going on?”

After exiting, several assassins frowned, puzzled and annoyed at the same time.

The princess was inside, but she could only watch...

Haha...

Seeing this, Yue Feng showed a smile and felt extremely happy. How are these guys with high strength? Wasn't it blocked in the end?

Speaking of which, the space in the room is too small and the tables, chairs and stools are limited, so the Sanjue Formation deployed by Yue Feng is a medium formation, which can only block the enemy, but cannot trap the enemy, but for the current situation, it is enough.

Mr. Moonwind is amazing...

At this moment, the maid hiding inside was a little nervous, but when she saw the scene in front of her, she was shocked.

Just relying on a few chairs and stools to block these powerful assassins is simply incredible. If you hadn't seen it with your own eyes, who would believe it?

Mad!

At this time, several assassins were blocked from the outside, each with a gloomy expression, and the anger in his heart rose.

The dignified top killer was blocked by a few chairs and stools. When the news spread, wouldn't he be laughed at? Besides, before coming here, the leader repeatedly warned that the assassination of the princess tonight must not fail again.

Finally, the leading assassin thought of a way, his eyes flickering coldly: "Ignite, burn them to death." Since they can't rush in, setting fire is the best way.

Um!

Hearing this, the other assassins nodded one after another, then dipped a wooden stick with kerosene, set it on fire, and threw it in.

Because of the kerosene, after the tables, chairs and stools were stained, it immediately burned, and suddenly, the whole wing room was full of smoke...

Nima!

Seeing this situation, Yue Feng's expression changed greatly. These assassins are not very stupid, they even know how to attack with fire. This is trouble.

At the same time, the maid trembled and became nervous again.
