Chapter 6621: For a moment, the more Grandma Honghua thought about it, the angrier she became, glaring at Yue Feng and shouting, "Stinky

boy, do you dare to report your identity?" Dare to tease my wife, and make up your mind to break your Heavenly Spirit Cover..."

The tone was as harsh as ice.

At the same time, several killers also locked on to Yue Feng, one by one, eager to pick him up with cramps.

Nima!

Hearing the threat of the Red Flower Mother-in-Law, Yue Feng did not panic at all, but there was some fire.

This red flower mother-in-law is really unreasonable, and her heart is fierce enough, she is trapped here, and she dares to threaten me.

"Huh!"

Scolding in his heart, Yue Feng turned his gaze and smiled at the red flower mother-in-law, "You old woman, the courage is really not small, you actually talk to me like this?" As

he spoke, Yue Feng assumed an arrogant posture and patted his heart, "Do you dare to ask me who I am?" I tell you, I am a staff general under General Kitano Kitano, and tonight I learned that someone will visit the camp at night, so I have deployed the stone array here in advance. "As

a result, I didn't wait for enemy spies, but I encountered you scum."

In a word, Yue Feng's righteous words were beyond doubt.

Speaking of which, Yue Feng also wanted to reveal his identity just now, but thinking about it, this red flower mother-in-law is a difficult character, if she knows her identity, I am afraid that she will continue to have trouble in the future, and then she will impersonate Ji Beiye's subordinates.

After all, Ji Beiye is a rebel thief who disrupts the world, as long as he is a righteous man, he does not want to get rid of it, and the red flower mother-in-law is arrogant and conceited, and the means are fierce, at this time, they only see hatred in sight, why not enjoy it?

Swish!

Seeing Yue Feng report her identity, the red flower mother-in-law's face suddenly turned cold and cold, and she said in a cold voice, "It turned out to be the dog leg under Ji Beiye's men." When she spoke, the Red Flower Mother-in-law looked at the surrounding stone array and was also a little secretly surprised in her heart.

It is often said that Ji Kitano's men can produce many strange people, who have not believed it before, and now it seems that the rumors are not false, but a small staff general under his command can deploy such a delicate stone array....

At this time, the Red Flower Mother-in-law did not know that the person in front of her was not Ji Beiye's person at all, but Yue Feng, who had been forced by her to marry Fei Xue Baitang before.

This man... Is it a staff general under Himekitano?

At the same time, several killers were also looking at each other, one by one, looking at Yue Feng, their hearts were uncertain. From time to time, his eyes also pay attention to his surroundings.

Since he was a staff general, there were many soldiers ambushed around.

At this moment, the Red Flower Mother-in-Law took the lead in reacting and glared at Yue Feng: "Why do you want to help Gu Qianqiu?" "

Hey hey!" Yue Feng smiled and said slowly, "Although I am a partial general in the army, I have a very good personal relationship with the Gu Sect Lord, and if you want to harm him, I naturally can't let you get what you want." "I

don't know if it's alive or dead!"

Hearing this, the Red Flower Mother-in-Law's face instantly turned vicious, and she yelled at Yue Feng: "A little counselor also dares to spread wild in front of my wife, do you know who my wife is?" When she said this

, the red flower mother-in-law was full of cold arrogance.

Ah?

Seeing her like this, Yue Feng couldn't help but chuckle, this red flower mother-in-law is quite conceited, ah, at this time also have to swing the score.

Thinking about it, Yue Feng made a curious look: "It's a bit interesting, so who do you say you are?" Saying, Yue Feng leisurely leaned against the tree next to him, that attitude, obviously did not put the red flower mother-in-law in his eyes.

Seeing Yue Feng's attitude, the Red Flower Mother-in-Law was so angry that she said word by word: "If you listen to something that does not know whether it is dead or alive, I am the Red Flower Mother-in-law who will repay her hatred and eliminate evil when she has evil."

"If you know each other, hurry up and open the Stone Formation Road and let us come out, otherwise my wife will tell you to die without a place to die."

When the last word fell, the safflower mother-in-law's cold and arrogant face showed a somewhat confident smile, you know, her name of the safflower mother-in-law, but it resounded throughout the rivers and lakes, no one knows, no one knows.

Even those famous and authentic leaders must give three points when they see her, and the boy in front of them is just a small staff general in the barracks, and when he hears his name, he will definitely be frightened.

Chapter 6622:

However, the Red Flower Mother-in-Law is wrong.

Ha ha...

Seeing the red flower mother-in-law proudly say the name, Yue Feng couldn't help but laugh and pretended to be surprised and said, "It turns out that you are the red flower mother-in-law." The

Red Flower Mother-in-Law stared at him and said with anger, "Dead boy, what are you laughing at?"

Yue Feng scratched his head and said with a smile, "I have been hearing people say recently that there is a safflower mother-in-law in the jianghu, who thinks she is a high-ranking senior, but she acts at will, and the means are also very poisonous, you say it is ridiculous?" When

he said this, Yue Feng quietly noticed the expression of the Red Flower Mother-in-Law.

Swish!

Sure enough, hearing the mockery in Yue Feng's words, the Red Flower Mother-in-law was furious and shouted angrily on the spot: "You are looking for death, can the boy dare to report his name?" At

this time, the red flower mother-in-law was very angry, these years in the walk of the rivers and lakes, who saw is not respectful, and the boy in front of him, surprisingly, again and again, mocked.

I don't know if I'm alive or dead.

“Oops...”

Seeing that the Red Flower Mother-in-law was almost mad, Yue Feng smiled slightly and said lightly: “Your old lady is not small in temper, do you plan to retaliate against me?” Oh, as a general, how can I be threatened by an old woman of yours? As

he spoke, Yue Feng's mind turned quickly and continued, “Listen, my surname is Ni, and my name is Daye.” After saying this name, Yue Feng's eyes were full of teasing.

Ni Daye?

At this moment, the red flower mother-in-law silently read it several times, and suddenly realized that it was not right.

Ni Daye, Ni Daye... Your uncle!

This boy really felt that his life was long, and he actually cursed people with the law.

“Good boy!”

Soon, the Red Flower Mother-in-Law reacted, a pair of small eyes were extremely blood-red, locked on to Yue Feng, and said in a cold voice: “I see that you really don't see the coffin and don't shed tears, dare to tease my wife, sooner or later unload you into eight pieces.” Whew

!

Hearing the threat, Yue Feng did not panic at all, and at that time, he laughed softly and said to several killers around the Red Flower Mother-in-Law: “A few of you, who is not good to help, you have to help this Red Flower Mother-in-law who hurts people indiscriminately and has a bad reputation, being trapped here, can also be regarded as you deserve it.” Yikes

!

At this moment, several killers were also furious and shouted angrily at Yue Feng.

“Be bold...”

“The boy is looking for death.”

When the angry shouts of several people came, Yue Feng did not pay attention to it at all, and laughed loudly at that time: "Okay, you are slowly trapped here, Ni Daye, I am going to return to the camp to rest."

"This evening, you all have to reflect on it."

After the words fell, Yue Feng turned and walked towards the river, of course, he was not going to return to Ji Beiye's camp, but was preparing to cross the river to Qingyun City.

At this time, Yue Feng's mood was indescribably cheerful.

Just now the red flower mother-in-law was ridiculed, which was really relieved.

"Stinky boy, don't go."

At this time, in the stone formation, the red flower mother-in-law saw Yue Feng turn away, and the anger in her heart was rising, and when she shouted angrily, she was about to rush out of the formation, but she did not take two steps, and the front was blocked by a stone.

At this time, the red flower mother-in-law was furious, and at that time, without saying a word, she used her full body strength and raised her hand and slapped it the stone in front of her.

Boom!

Under the powerful power explosion, a roar was heard, and the stone, which was nearly half a meter in diameter, instantly shattered into several pieces.

Sleeper...

Hearing the roar, Yue Feng was startled, and quickly looked back, seeing the broken stone in front of the red flower mother-in-law, and was suddenly secretly shocked, this old woman's strength was really terrible, such a hard stone, it was actually crushed by her palm.

Just when Yue Feng was secretly stunned, the Red Flower Lady continued to rush outside the stone array, but before she could take a few steps, there were stones in front of her.

At this time, the Red Flower Mother-in-Law, under extreme anger, had lost her mind, and without saying a word, she broke out her palm force again and slapped it the stone.

At the same time, several killers also reacted, bursting out their forces and shattering the stones that stood in their way.

Boom....

In just a few breaths, the Red Flower Lady and a few killers shattered more than a dozen stones and erupted into a deafening roar.

Oops!

Seeing this, Yue Feng was suddenly dumbfounded, stunned there, and his mind was a mess.

The ultimate husband in Chinese chapter 6623

Chapter 6623:

Speaking of which, what Yue Feng had just deployed was an ordinary Nine Palace Array, and although it was ordinary, if someone didn't understand the formation, he couldn't crack it.

And the red flower mother-in-law and a few killers, trapped for so long, is enough to prove that they don't know anything about the battle method. It was precisely because of this that Yue Feng would just stir up the anger of the Red Flower Mother-in-law so brazenly.

However, Yue Feng did not expect that under the anger of the Red Flower Mother-in-Law, she would directly use her strength to break the stone.

Although this method is stupid, it is also directly effective, ah, the stone is broken, the pattern of the formation is chaotic, and it is self-defeating...

Rustle....

Just when Yue Feng was stunned, he saw the Red Flower Mother-in-law step by step out of the stone array, at this time, her face was extremely vicious, and she angrily said to Yue Feng: "Boy, do you think that this broken stone array can trap my wife?" "If

I don't pick your cramps and skin, it will be difficult to let go of the hatred in my wife's heart."

At the same time, several killers also walked out quickly, glaring at Yue Feng one by one, like a group of evil wolves that had locked on to their targets. Yue Feng was right to worry just now, the stone was shattered, the formation method would not be able to break itself, and naturally could not trap the Red Flower Mother-in-Law.

"Huh!"

At this moment, Yue Feng couldn't help but feel anxious in his heart, but his face still had a cynical look, and he smiled lightly: "The old lady wants to kill me?" I'm afraid you don't have this chance. "

Death is on the verge of death, and there is no shame in saying it." The Red Flower Mother-in-Law was too lazy to talk nonsense, and when she said a word coldly, she commanded several killers: "Grab this boy and cut off all his hands and feet first." "

Whoosh...

Hearing the command, several killers did not hesitate in the slightest, and they all broke out and went straight to Yue Feng.

Trapped in the stone array for nearly two hours, several killers were holding a belly fire, at this time, even if the Red Flower Mother-in-law did not open her mouth, they would not let Yue Feng go.

Sleeper...

Seeing several killers rushing straight over, Yue Feng was shocked and immediately turned around and rushed towards Ji Beiye's camp. Yue Feng's purpose was simple, to lead the anger of the Red Flower Mother-in-law to the camp.

While running, Yue Feng did not forget to look back at the nearest female killer and shouted: "Oh beauty, don't chase me so fast, the skirts are flying, I am not afraid of being seen by me." Yikes

!

Hearing this ridicule, the female killer's face suddenly turned red, and she was ashamed and angry in her heart, and she said, "Greasy and slippery tongue boy, wait and see how I cut off your legs." At

the same time, the Red Flower Mother-in-law was also angry and shouted, "Don't talk nonsense with him, grab him quickly." When the

words fell, the figure of the Red Flower Mother-in-law erupted, and she also chased after Yue Feng.

Ha ha....

Seeing that the female killer was enraged, Yue Feng did not panic and laughed, and continued to ridicule: "The beautiful woman chases me like this, she will not want to look at me, want to be my wife, but unfortunately, I have a lot of women...."

This shameless thing.

Seeing Yue Feng talking non-stop, the female killer was so angry that she stomped her feet, and immediately accelerated her speed, planning to catch Yue Feng as soon as possible, but what surprised her was that no matter how she accelerated her speed, the distance between Yue Feng and her was always more than ten meters.

Although Yue Feng's strength had not been completely restored, his physical speed had not been affected, and as long as he wanted to run, few people in the entire Tianxin Continent could catch up.

In the blink of an eye, Yue Feng and the few Red Flower Mothers-in-law behind them arrived at the camp.

Crash....

Seeing that in the darkness, several people rushed to the scene, and the soldiers who were on guard around the camp suddenly became vigilant and reprimanded one after another.

"Who?"

"The big camp is heavy, no intrusion, go fast..."

"You're welcome not to leave."

In the face of anger, Yue Feng was very calm and shouted, "Brothers, your own people, the ones behind you are killers, they want to assassinate the general, stop them." What

?

Because it was too dark, the soldiers who came around could not see Yue Feng's face clearly, and after hearing his shouts, they were all shocked, and their attention was focused on the few red flower mother-in-laws behind them.

From a long distance away, the soldiers could feel the strong murderous qi on the safflower mother-in-law, and immediately burst into anger.

"Stop!"

"Dare to come and assassinate the general?" None of you can go today. "

Chapter 6624: "Fence

it up!"

In the roar, more than a hundred soldiers quickly rushed up and surrounded the Red Flower Lady and others.

Haha, it worked.

Seeing this situation, Yue Feng showed a smile, his mood was indescribably happy, and then took advantage of the chaos of the situation and directly slipped into the camp.

Soon, Yue Feng found a hidden place to hide, and then quietly observed.

At this time outside the camp.

After more than a hundred soldiers surrounded Grandma Safflower and the others, they looked at these uninvited guests one after another. Seeing that the red flower mother-in-law frowned, and then, when her eyes fell on the female killer, everyone was stunned.

“Sigh, there’s the woman.”

“This look, looks quite Peugeot....”

Feeling the gaze of these soldiers, the female killer was ashamed and angry.

At this moment, the Red Flower Mother-in-Law’s face was cold, looking around at the soldiers around her, her eyes were full of contempt, and she said coldly: “The person who just ran in, call out immediately, otherwise, tear down your camp.”

Although there are hundreds of thousands of troops here, the Red Flower Mother-in-law is bold and courageous, and she does not pay attention to it at all.

Wow!

Hearing this, the soldiers present were in an uproar, staring at the red flower mother-in-law, and they were furious.

“The old lady from where, the tone is not small.”

“Break into the camp late at night, and dare to speak wildly, looking for death!”

In the midst of the shouting, a patrol leader strode out, looked up and down at the red flower mother-in-law, sneered and mocked: “Old lady, I see that you are old and confused, dare to make trouble here, have you thought about the consequences?”

“Those

who know each other, hurry up and grab them, otherwise, don’t blame us for being ruthless under the knife.”

The red flower mother-in-law's eyes flickered with coldness, and she said coldly: "Dead! When the last word fell, the Red Flower Lady raised her hand, only to see a blood-colored light flash, like lightning, and go straight to the

patrol leader.

"Poof..."

The patrol leader didn't understand what was going on, only to see the red light pierce through his heart, and blood spewed out instantly.

The patrol leader's eyes widened, and he looked at the red flower mother-in-law in shock, his eyes flashed with reluctance and shock, and finally his body fell to the ground, and he died of despair.

Crash!

The red flower mother-in-law did not look at the patrol leader, her wrist shook, and the red glow flashed, and it fell into her hand again. At this time, everyone could clearly see that the weapon displayed by the Red Flower Lady was a strangely shaped short knife, a blood-red blade, bent and curved, like a red chain snake, which made people palpitate.

At the handle of the knife, an iron chain more than ten meters long is attached. The other end of the chain was attached to the wrist of the safflower mother-in-law.

Obviously, this short knife had been hidden in the cuff of the safflower mother-in-law before, and when it was against the enemy, it was suddenly unleashed, which made people invincible.

Sleeper!

Yue Feng, who was hiding inside, saw this scene and was also secretly shocked in his heart. This red flower mother-in-law is really tricky and vicious, and the weapons used are so vicious.

Fortunately, when she escaped just now, the Red Flower Mother-in-law did not use this chain knife, otherwise, she was afraid that she would also be injured.

Hiss!

At the same time, the other soldiers present saw the tragic death of the patrol leader, and one by one they were all cold in their hearts and could not help but inhale the cold air.

This... This old woman looked at the wind candle for years, a gust of wind can blow down, the strength is so terrible?

After more than ten seconds, a soldier reacted and asked the Red Flower Mother-in-Law, "What are you?" The tone was calm, but he couldn't hide his panic.

"Red Flower Mother-in-Law!" The red flower mother-in-law coldly spat out a few words.

The sound was not loud, but it spread throughout the audience.

What the?

Hearing this, both the soldiers who asked them and the others looked at each other in shock.

Is she the red flower mother-in-law who kills people without blinking an eye in the rumors?

Just when these soldiers were secretly frightened, the Red Flower Mother-in-law was too lazy to talk nonsense, and said word by word: "I will say one last time, hand over the people who just ran in, otherwise, my wife will wash the camp in blood tonight." Yikes

!

Hearing this, the soldiers present were all enraged.

Even if you are very famous in the jianghu? Camp stronghold, how can you make a fool of yourself?

The ultimate husband in Chinese chapter 6625

Chapter 6625: "Let's

Go Together!"

The next second, I don't know who shouted, and more than a hundred soldiers pulled out their long knives and rushed towards the Red Flower Mother-in-Law.

Seeing this situation, the Red Flower Mother-in-law snorted coldly: "Since you are looking for death, then complete you." The words fell, and the figure exploded, rushing into the crowd to fight.

Buzzing...

At the same time, several killers also broke out, fighting fiercely with the surrounding soldiers.

Ha ha...

Seeing this scene, Yue Feng showed a hint of a smile.

Fight, fight.

Both sides were not good people in Yue Feng's heart, and at this time, they were naturally happy to sit on the mountain and watch the tiger fight.

Bang Bang Bang....

Just see, the figure of the red flower mother-in-law is fast lightning, constantly shuttling back and forth in the crowd, the chain knife in her hand is even more unpredictable, every time it is shot, there must be a soldier falling, in less than a minute, more than a hundred soldiers have fallen halfway.

"Come on people..."

"Come and help!"

Faced with this situation, the remaining dozens of soldiers were all jealous, and then they shouted one after another.

For a moment, the soldiers of the camp heard the shouts, were alarmed, and quickly came.

Airplanes!

However, the Red Flower Mother-in-law did not panic at all, looking at the more and more soldiers in front of her, the Red Flower Mother-in-law slowly raised her hand, only to see that the air in front of her suddenly twisted, the surrounding temperature plummeted, and finally condensed a series of ice knives out.

It is the famous stunt of the Red Flower Mother-in-Law, the Cold Ice Blade!

The next second, the Red Flower Mother-in-law raised her hand, and countless ice knives burst out, erupting in the dark night.

Boom!

Seeing this scene, all the soldiers present were trembling in their hearts, and some couldn't help but swallow their spit.

In the blink of an eye, the ice knife fell in the crowd, and the armor of many soldiers was directly penetrated, and they died tragically on the spot, not dead, and their bodies were also pierced with blood holes, which was very miserable, and a scream was issued.

“Stop!”

Just then, a roar of anger came, followed by a figure that quickly came!

It was Himekitano!

“What man, who is not a little bold, dares to break into my camp and injure my soldiers.” Ji Beiye stared at the red flower mother-in-law and opened her mouth in anger.

When he spoke, Ji Beiye looked at the scene in front of him, and his anger rose even more, only to see the soldiers present, dead and injured, and many of them were even more miserable.

For a moment, Ji Kitano was furious.

The Red Flower Mother-in-Law looked at Ji Beiye with an indifferent expression and said, “You are the Great General Ji Beiye, one of your subordinates has offended my wife, I want his life, you hurry to hand over the person.”

At this time, the Red Flower Mother-in-law did not know that she had been completely deceived by Yue Feng.

“Unbridled!”

Hearing this, Ji Bei was furious and couldn't help but shout angrily, “Where is the crazy woman who dares to be brazen in front of General Ben?” If I don't put you to death today, I will not be a man. Buzz

!

After the words fell, Ji Beiye's strength exploded, holding a long knife in his hand, and then the figure soared into the sky and went straight to the red flower mother-in-law.

Speaking of which, Ji Kitano has many subordinates, and there is no need to personally intervene. However, Ji Beiye also knew in his heart that with so many soldiers being killed or injured, if he didn't personally avenge them, how could these soldiers still follow their own southern expeditions to the north with a dead heart?

“Die!”

In the blink of an eye, Ji Beiye arrived in front of the Red Flower Mother-in-Law, and the long knife in her hand erupted into a shock and went straight to the heart of the Red Flower Mother-in-Law.

The Red Flower Lady sneered and quickly threw out the chain knife and collided with Ji Kitano's long knife.

Boom!

Just hearing a tremor, Ji Beiye's body was shaken, and he was directly shocked back by more than a dozen steps, while the Red Flower Mother-in-law shook her figure and immediately stabilized the figure.

Obviously, in this fight, the red flower mother-in-law has the upper hand. Although Ji Kitano's strength is not weak, it still has some less background than the safflower mother-in-law.

After all, Grandma Red Flower was dozens of years older than him.

"Huh..."

At this moment, the Red Flower Mother-in-law withdrew the chain knife in her hand, looked at Ji Beiye, and could not hide her contempt: "This is the strength of your great general?" That's not all. You are not my wife's opponent at all, so just hand people over. Yikes

!

Hearing these words, Ji Beiye's eyes instantly turned red, and he stared at the red flower mother-in-law like a poisonous snake, and cried out angrily: "You! Look for! Die! "
