Chapter 6766

“Smelly turtle, go!”

Just when Yue Feng was speechless, Lingluo couldn't help urging: “What are you doing? Do you want to die?” At this time, Lingluo was very irritable.

If it weren't for this Yue Feng's use, I really wanted to kill him directly.

call!

Yue Feng took a deep breath, and immediately dragged Lingluo with both hands, and quickly ran towards the woods.

To be honest, Yue Feng felt reluctant to give Lingluo a contemporary walking tool, but the acupoints all over his body had just been washed away, and his strength had not fully recovered.

What's more, the dagger in Lingluo's hand has been lying horizontally around her neck, and if she is not careful, it will cut her throat.

In this case, Yue Feng is really not good at taking risks.

“Run faster, go a little to the left...”

Seeing Yue Feng running, Lingluo was relieved, and at the same time did not forget to give Yue Feng the direction. After all, in her heart, Yue Feng was still blind.

At this moment, Mu Yunfei is here.

“Ma De!”

Seeing Lingluo fleeing, Mu Yunfei was very annoyed, and said to Granny Safflower, “Old witch, neither you nor your apprentice can escape today.”

Om!

As soon as the words fell, Mu Yunfei's strength exploded, and the long sword in his hand swung out cold beams, covering Granny Safflower.

At the same time, several companions around also performed stunts one after another and burst out towards Granny Safflower.

Granny Safflower is strong, but she can't stand the siege of so many masters.

lol...

Soon, a soft sound was heard, and Granny Safflower was stabbed in the shoulder by a sword, and the blood was dripping all of a sudden, and the speed of the whole person also slowed down a lot.

Hehe....

Seeing this scene, Mu Yunfei was very excited, and said to a few companions: "The old witch is already injured, I am enough to deal with it alone, you go after that stinky girl, be sure not to let her run away , life or death."

Mu Yunfei's face was full of confidence when he said this.

When the two sides were at their peak, he was one-on-one with Granny Safflower, and he was not sure at all, but now that Granny Safflower was injured, there was no need to worry.

"Yes!"

"Brother Mu, be careful."

After hearing this, several companions responded one after another, and then chased in the direction Lingluo fled.

Seeing this, Granny Safflower was a little anxious, and she was about to step forward to stop her.

However, Mu Yunfei didn't give her a chance at all, and the long sword burst into a cold light, like a dragon, stabbing at several points of life on Granny Honghua's body, and laughed at the same time: "Old witch, are you in a hurry now?"

" I tell you, I also want you to feel what it's like to lose a loved one." With the

last sentence, Mu Yunfei almost roared out.

"You're courting death!"

Stopped by Mu Yunfei, Grandma Honghua could only watch a few masters disappear into the woods, she was immediately shocked and angered, and said coldly, "Since you're courting death, then my old lady will do it for you. ." The

voice fell, and the strength of the mother-in-law Honghua exploded, and she fought fiercely with Mu Yunfei again.

....

on the other side.

In the woods a few miles northwest of Luoyan Valley, Yue Feng ran unhurriedly with Lingluo on his back.

Lingluo's face was full of disgust: "Will you run faster?"

Huh!

Yue Feng took a deep breath and responded, "I'm covered in injuries, so I can't run fast at all. If you think it's too slow, just get down and walk by yourself." In fact, Yue Feng can completely improve his speed.

But she was tortured to death by this little witch before, how could she be satisfied at this time?

"You..."

Seeing that he dared to retort at this time, Lingluo was so angry that the dagger on Yue Feng's neck suddenly added a bit of strength: "I think you really don't want to live anymore."

This bastard, who is now my slave, even dares to talk back, it's just courting death.

Feeling the coldness coming from his neck, Yue Feng simply stopped, looking like a dead pig is not afraid of boiling water: "Okay, then you kill me now, anyway, I'm blind, so there

's no point in living." Saying this At that time, Yue Feng looked indifferent.

Yue Feng didn't really want to die, but was deliberately angering Lingluo. He knew very well that Lingluo was in a hurry to escape and needed him as a means of transportation, so he would not kill him.

"Then go to hell!"

Hearing this, Lingluo was so angry that she immediately clenched the dagger and was about to cut Yue Feng's neck.

Chapter 6767 In the

next second, Lingluo stopped again, biting her lips, her delicate and beautiful face full of complexity.

Killing him is a relief.

It's just.... His leg is still injured. If he really wants to kill him, how can he escape to a safe place by himself?

call!

Thinking of this, Lingluo suppressed her anger and said angrily: "Okay, I won't rush you, you go quickly." As she spoke, she looked back at the situation behind her.

Hearing this, Yue Feng showed a smile on his face, and then carried on her back.

While running, Yue Feng rushed to the smooth touch from his hands, and couldn't help but admire.

This girl didn't say anything about her figure, and her skin was also good...

At this time, Lingluo also realized that it was not right for her to be carried by a man. .

This bastard, who should have killed him, but now let him carry it on his back...

With this kind of thought in his heart, Lingluo felt more and more awkward, and couldn't help being picky: "You... yours Don't move your hands!"

Hehe!

Hearing this, Yue Feng smiled bitterly and said lightly: "My hand has been dragging you, how can there be any movement? This mountain road is rough, how can I walk smoothly with your back?"

"You... "

Lingluo frowned and wanted to refute, but she couldn't go on with just one word.

Seeing her misfiring, Yue Feng continued: "It's not bad that I can run behind your back, so don't pick and choose, or show me the way, lest I fall off the cliff, and we'll be finished together."

When speaking, Yue Feng's expression was indifferent, but his heart was secretly pondering.

This stinky girl is not young, but she is cruel and cruel, and being with her is like a ticking time bomb, you have to find a way to get rid of her.

call!

Hearing what Yue Feng said, Lingluo was very unhappy, but she knew that what he said was the truth. The most important thing right now is to escape to a safe place, and then find a way to turn with the master.

Thinking of this, Lingluo had to suppress her anger and continued to guide Yue Feng: "There is a stone two meters ahead, turn right..."

"There is a pit, jump..." A

few minutes later, Yue Feng Carrying Lingluo on his back, he walked for a few more miles, successfully avoiding many obstacles.

For a while, Lingluo couldn't help but praise her even though she was contemptuous in her heart: "I can't see it, you are blind, and your sense of direction is pretty good."

At this time, Lingluo didn't know that Yue Feng was not blind at all. Vision was restored.

Ha ha!

Hearing this, Yue Feng couldn't help but sneer, Nima, I was almost blinded by you before, and now I still have the face to talk about this topic.

Muttering in his heart, Yue Feng didn't bother to pay attention.

At this time, Lingluo had a childish temper. Seeing that he did not answer, she immediately frowned and said angrily: "Are you dumb?"

Whoa!

Yue Feng opened his mouth to respond when he heard hurried footsteps behind him. At that time, Yue Feng glanced at him from the corner of his eye, and was immediately taken aback.

Just a few dozen meters away, several of Mu Yunfei's companions were chasing after him.

Under the darkness of the night, the long knives in the hands of several people flickered with cold light, which was terrifying.

Oops!

At this moment, Lingluo heard the movement and hurriedly looked back. Seeing that it was Mu Yunfei's accomplice, her pretty face suddenly changed: "They are chasing."

After speaking, Lingluo hurriedly urged Yue Feng: "Run, run!"

When urged, Lingluo was very anxious.

call!

Without any hesitation, Yue Feng immediately took a deep breath and rushed forward with all his strength, more than three times faster than before.

Seeing this situation, Lingluo was stunned for a moment: "You...why are you running so fast all of a sudden?"

"At the juncture of life and death, if you slow down, you will die." Yue Feng responded while running.

Lingluo is not stupid, and at this time also realized that she was brushed by him just now, and said angrily: "Don't lie to me, you were deliberately slow before, right?"

When speaking, Lingluo wanted to teach a lesson. Yue Feng, but he still held back because he wanted the situation to be critical.

Yue Feng ignored it and ran forward quickly.

Swish!

At this time, several experts in the arena behind them also discovered Yue Feng and immediately shouted angrily.

"Stop!"

"Stop, spare you from dying."

Chapter 6768

Under the whining of several masters, they also accelerated their pursuit.

Of course, Yue Feng will not stop, carrying Ling Luo quickly forward.

At this time, Lingluo was also anxious, but she did not forget to show Yue Feng the way: "Turn right ahead, enter the woods, hurry!"

Whoosh!

As soon as the voice fell, Yue Feng's figure flashed, and he had already rushed into the woods.

Seeing this, Lingluo couldn't help being secretly surprised.

This Yue Feng... my eyes have been blinded by me, how can it still burst out at such a fast speed...

eh?

At the same time, several experts in the rivers and lakes who were chasing behind also frowned secretly when they saw Yue Feng's fast speed.

"Who is this person? What a fast speed!"

"It's covered in blood, and it looks like he's not lightly injured, but the speed is so fast .

"

The two chased after them, and after entering the woods, one of the masters took off the longbow on his back, put on a feather arrow, and aimed directly at Yue Feng's leg.

Yes, he intends to shoot Yue Feng, in order to achieve the purpose of catching Ling Luo.

Oops!

Seeing this scene, Lingluo's pretty face changed, and she couldn't help exclaiming: "Be careful..."

She was not worried about Yue Feng's safety, but if Yue Feng was shot by a feather arrow, she would be gone. Mobility tool.

laugh.....

The moment the voice fell, the master pulled his long bow, and the feather arrow cut through the sky and exploded. Like thunder and lightning, it came straight to Yue Feng's legs.

"Haha!"

"Good archery..."

Seeing this scene, several other masters couldn't help but laugh in admiration.

In their eyes, this arrow was swift and fierce, and this guy who was covered in injuries would definitely not be able to escape.

It's over...

At the same time, feeling the power of this arrow, Lingluo's eyes also flashed with despair.

Like several masters, Lingluo also thought that Yue Feng could not avoid it. After all, she had blinded his eyes and beat him all over.

However, the next scene left everyone stunned.

Whoosh!

Seeing that the feather arrow was about to hit Yue Feng's right leg, at this critical moment, Yue Feng's body was tilted and he quickly avoided it at an incredible angle.

When avoiding this arrow, Yue Feng carried Lingluo on his back and quickly rushed into the depths of the woods.

This...

Seeing this scene, several experts in all corners of the world were stunned.

This kid... actually avoided it.

And the master holding the bow was even more stunned, staring blankly at the direction Yue Feng was leaving, his mind buzzing, almost blank.

how can that be?

That arrow just now, I used the nine-success power, even a ninth-rank master, I am afraid it is difficult to avoid, but this guy who was injured, escaped so easily.

"Come on!"

Finally, I don't know who reacted and shouted, and then several masters chased towards Yue Feng again.

Deep in the woods at this time.

Lingluo was also dizzy, and only thought that the scene just now was unbelievable.

"You..."

Finally, Lingluo recovered and couldn't help asking, "Hey, how did you escape just now?" Her words were full of curiosity. The situation just now, Lingluo saw very clearly, that arrow was absolutely shocking, even if the master was present, it would be difficult to avoid.

And this blind man escaped so easily.

"Ah?"

Hearing the question, Yue Feng deceived his head and pretended to be confused: "What did you say? How did I hide from it?" The tone was full of surprise.

Yes, Yue Feng is pretending.

This little witch is ruthless, and she must not let her know the real situation.

This....

Looking at Yue Feng's reaction, Lingluo suddenly fell into deep doubts.

Could it be that... he dodged that arrow just by luck?

Realizing this, Lingluo nodded secretly, yes, it must be luck, otherwise, he couldn't see, how could he avoid such a sharp arrow?

Shasha...

Just when Lingluo was muttering in her heart, footsteps came from behind again, and she saw a few experts in the rivers and lakes, chasing after them again.

Seeing this scene, Lingluo couldn't help but exclaimed: "They are catching up again."

When she shouted this, Lingluo looked back and saw the situation in front of her, her body trembled and her face couldn't hide it. of despair.

The ultimate husband in Chinese chapter 6769

Chapter 6769 is

over, it's over now.

I saw that there was a group of stone pillars in front of them, there were thousands of them, each stone pillar was half a meter in diameter, and stood there densely.

These stone pillars are of different heights, and I don't know how many years of baptism they have experienced, and they have become mottled. From a distance, they give people an ancient and desolate atmosphere.

Seeing this group of stone pillars, Lingluo's delicate face showed a trace of despair.

This is an ancient sect relic. Because it is unwilling to be far from Luoyan Valley, when Grandma Safflower lived in seclusion in Luoyan Valley, she discovered this relic when she explored the surrounding environment.

And this group of stone pillars is the formation on the periphery of the ruins. Over the years, Granny Safflower has tried to crack the formation many times to explore the inside, but this stone formation is mysterious for ten seconds. Safflower mother-in-law tried no less than a hundred times, but all failed.

In the end, this place was called a forbidden place by the mother-in-law Honghua, and she warned Lingluo many times not to enter this group of stone pillars rashly, otherwise, you would never be able to get out.

Although Lingluo has an unruly personality, she has always listened to the words of Honghua's mother-in-law.

Therefore, seeing the group of stone pillars at this time, Lingluo knew that there was no way in front of her, and she was immediately anxious.

Um?

At this moment, Yue Feng was stunned when he saw the group of stone pillars in front of him.

This group of stone pillars is interesting.

In the next second, Yue Feng calmed down, and after careful observation, he suddenly became concerned.

This... seems to be an earth-shattering formation.

Yue Feng's accomplishments in the formation of a bundle have reached the realm of a grandmaster. At this moment, he can see at a glance that the group of stone pillars in front of him are deployed according to the seven unique formations of the earth.

"Ha ha!"

At this moment, several experts in the rivers and lakes had already caught up, and they all sneered when they saw Lingluo and Yue Feng being blocked by the group of stone pillars in front of them.

“Run? Why didn’t you run?”

“Stinky girl, there is no way to go.”

When the masters sneered and mocked, they frowned when they saw the group of stone pillars.

“The deployment of these stone pillars is a bit weird.”

“It looks like it should be a formation...”

When saying this, the faces of several masters couldn’t hide their fear. You know, the whole Tianxin In the mainland rivers and lakes, there have been many sect ruins left.

In many sect ruins, there will be traps and some lost formations. And these formations are extremely dangerous, and if you enter rashly, you will lose your life.

At this time, seeing Lingluo being blocked by the group of stone pillars, several masters were very excited.

In their hearts, it is impossible for Lingluo to pass through this group of stone pillars, unless they don’t want to live anymore.

“You...”

At this time, Lingluo heard the ridicule of several masters, her delicate face was full of anger, and said coldly: “Don’t you feel ashamed that you masters of all corners of the world are chasing after my little girl? “

When she said this, Lingluo quickly looked around, trying to find a way out.

However, on both sides of the group of stone pillars, there are abyss, and there is no other way to go.

For a time, Lingluo was very desperate.

At this time, several experts in the rivers and lakes approached step by step.

“Stinky girl, hurry up and capture it.”

“Don’t think about resisting, otherwise don’t blame us for being rude.”

“Admit your fate...” As he

said, one of the masters took out a rope, ready to come over and tie Lingluo.

Seeing the other party pressing forward step by step, Lingluo bit her lip and was ready to fight desperately.

Whoosh!

However, at this moment, Yue Feng held her tightly and rushed towards the group of stone pillars.

Seeing this scene, whether it was Lingluo or a few experts in the arena, they were all shocked.

This man is crazy.

There is a very mysterious formation in this stone pillar forest. After entering, don't think about it, but this person rushed in, did he want to die?

“You...”

Lingluo was even more startled: “What are you doing? Don't go in... There is a formation in this group of stone pillars...” As she spoke, she wanted to jump off Yue Feng, but his legs were held tightly by Yue Feng, unable to move at all.

At this time, in Lingluo's heart, instead of being trapped in the stone formation, it is better to turn around and deal with these masters.

Haha...

Feeling Lingluo's panic, Yue Feng couldn't help but secretly laugh in his heart.

The ultimate husband in Chinese chapter 6770

Chapter 6770

This little witch also has moments of fear.

Laughing secretly, Yue Feng pretended not to know anything: “What stone pillar group? You didn't hear the people behind, have you caught up? If we don't run, we will all die.” The

last word fell, and Yue Feng rushed directly into the group of stone pillars.

“You...”

Faced with this situation, Lingluo wanted to stop it, but it was too late, and she almost burst into tears: "You stupid thing, do you want to trap me in it?" As

she said, Lingluo couldn't help but reached out and patted Yue Feng's head.

Nima!

Yue Feng suddenly became angry. I did this to save you, but you did it indiscriminately.

Thinking to himself, Yue Feng let go of his hand directly, put Lingluo down, and said lightly: "If you want to go back to die, you can go by yourself. Anyway, we just came in, you can still go out." The

last word fell, Yue Feng slowed down. Step into the depths of the stone pillars.

This bastard....

Faced with this situation, Lingluo was furious, but she turned to look at a few experts in the arena outside.

If you go out, you will definitely be caught by them. When the time comes, if they use me to threaten Master, it will be troublesome.

I managed to escape here with great difficulty, and I couldn't be caught, causing trouble for Master. Thinking to herself, Lingluo looked at Yue Feng in front of her again. Anyway, there is this bastard exploring the way, what are you afraid of?

Forget it, just follow him.

Thinking to herself, Lingluo limped after her.

Um?

Yue Feng was a little surprised when he heard the movement behind him.

This stinky girl actually followed, and it seems that she is still afraid of death.

Thinking of this, Yue Feng couldn't help but secretly smiled, and then pretended to be stunned: "Didn't you go out? Why did you follow?"

As he spoke, Yue Feng pretended to be invisible, waving his hands slowly in front of him, Carefully explore the way.

"You care about me?" Lingluo responded angrily.

Hehe, still stubborn!

Hearing the answer, Yue Feng was too lazy to talk nonsense, and continued to slowly explore the way forward.

Speaking of which, Yue Feng could easily get out of this terrifying formation, but in order to tease Lingluo, he deliberately made more than ten laps in the stone formation.

At this time, outside the group of stone pillars.

Watching the two enter the group of stone pillars, several experts from all corners of the world looked at each other, feeling a little overwhelmed.

“They went in!”

“This... what should we do? Or, let's go in and take a look?”

“Don't, it looks like a stone formation. If you are trapped in it, it will be troublesome, according to me. Look, why don't we go back and join Mu Yunfei, anyway, if they go in, they won't be able to come out alive...”

After deliberation, several experts from all corners of the world returned the same way.

Inside the stone circle.

Lingluo's leg was injured originally, and she followed Yue Feng for more than ten laps. She was exhausted and collapsed. Her body was dripping with sweat. .

call!

At this moment, Lingluo took a deep breath and looked coldly at Yue Feng in front of her, feeling very regretful.

I'm so stupid, how could a blind man find a way out? If I knew this earlier, I went out just now. Even if I die at the hands of those few people, it is better than being trapped here.

Yue Feng has been paying attention to her state all the time. Seeing that she is not too tired at this time, he suddenly laughed secretly.

Smelly girl, let you abuse me before, and now let you suffer more.

Thinking to himself, Yue Feng turned around in a pretentious manner again, seeing that Lingluo was really tired, so he walked slowly towards the exit.

Seventh from the left, three from the right...Two back to five.... In

less than a minute, Yue Feng recited the formula for breaking the formation, and finally successfully walked out of the group of stone pillars.

This...

Lingluo didn't intend to continue to follow Yue Feng, but she didn't want to walk around alone, and finally had to follow Yue Feng. At this time, when she saw the exit, her body trembled, and her whole body was blinded.

This Yue Feng... actually walked out successfully.

Although he has studied the game, but now his eyes are blind... he can still succeed.

How did he do it?

Shocked, Lingluo held onto the stone pillar, walked out with difficulty, and asked Yue Feng, "Hey...how did you find the exit?"
