Chapter 6771

“Ah?”

Hearing the question, Yue Feng pretended to be very surprised, tilted his head and said, “Have we... come out?” When answering, Yue Feng made a dull look, His eyes were fixed, and he seemed to be really blind.

Seeing his expression, Lingluo frowned and couldn't help muttering in her heart.

Could it be.... is it luck again?

After all, his eyes are already blind. Even if he has studied the battle method before, he can't see the situation of this group of stone pillars clearly at this time, and it is impossible to find a way out.

The only explanation is that he was lucky, and after a few laps in it, he finally came out by accident.

Certainly so.

Thinking of this, Lingluo couldn't help but curled her lips. This Yue Feng was really lucky today. First, he avoided the feather arrows of the Jianghu experts, and now he successfully passed through the stone formation.

Muttering in her heart, Lingluo ignored Yue Feng, but looked around and looked at the surrounding environment.

My God...

The next second, when I saw the scene in front of me, Lingluo's body trembled, and the whole person was stunned.

At the same time, Yue Feng followed her gaze and stayed for a while.

I saw that there was a stone hall tens of meters in front of the two of them. Like the stone pillar group, this stone hall has also been baptized by the years, and it is full of vicissitudes. Less cobwebs...

Apparently this place hasn't been around for a long time.

call!

After being cold for more than ten seconds, Lingluo recovered and couldn't help but mutter to herself: "It seems that what the master said is right, this is really a sect relic."

"Looking at the dilapidated appearance, it should have been in decline for a long time. But... there must be good things in it."

After talking to herself, Lingluo suddenly became interested and walked over quickly.

This is, Yue Feng also slowed down and slowly followed behind.

"Sure enough..."

At the door of the stone hall, Lingluo found something, and said to Yue Feng very excitedly: "There are many bottles on the shelf inside, it should be medicine pills..."

At this time, Lingluo was completely immersed in the excitement of the adventure, and had forgotten her relationship with Yue Feng.

Pill....

Hearing Lingluo's words, Yue Feng did not answer, but glanced into the stone hall.

Sure enough, I saw two rows of wooden racks in the stone hall. There were many bottles and jars on the racks. Many of them had been broken over the long years, but most of the bottles were still intact.

Seeing this scene, Yue Feng didn't have to guess, he knew that these bottles were filled with rare elixir.

Huhu.....

Not only that, but Yue Feng subconsciously smelled it, and he smelled a pungent smell in the entire hall.

This smell....

After smelling this smell, Yue Feng's expression suddenly became solemn.

This seems to be the smell of fire linn powder.

Huo Lin powder is a rare alchemy material. It is generally used when refining top-quality elixir. Now the entire stone hall is filled with this smell, which means that the elixir in the bottle is valuable. Not cheap.

This also shows that this declining sect has also been brilliant in the past, especially in the art of alchemy.

However.... the fire linn powder is strong, and it will burn if you are not careful.

And most of the bottles and jars on the wooden stand in front of them are medicinal pills refined by fire linus powder. Once burned, the consequences will be unimaginable.

“Cut!”

Just when Yue Feng was thinking about these things, Lingluo saw that he didn't speak, and she came back to her senses at this time, and said contemptuously: “I almost forgot, you can't see even a blind man, I'm telling you this. What?” The

voice fell, and Lingluo couldn't wait to walk into the stone hall.

She thought about it, there are so many elixir here, and after taking a few pills, she can restore her strength, and maybe she can break through the realm.

“Wait!”

Yue Feng couldn't help shouting just two steps away.

Lingluo's face was full of displeasure, she stopped, turned her head and shouted at Yue Fengjiao, “Stinky turtle, what are you doing in such a shock?”

Huh!

Yue Feng took a deep breath, continued to pretend to be invisible, and said slowly: “You said just now that there are many bottles in this stone hall. I think it should be a forbidden place for this fallen sect.”

Chapter 6772

“Since it's a forbidden place, I think it's better not to rush in.”

When he said this, Yue Feng looked serious.

Most of the bottles and jars on the shelf are Fire Lin powder, and the entire stone hall is also very dry. Such an environment is very dangerous, and a fire will ignite if you are not careful.

Speaking of which, Yue Feng didn't want to stop him, not for Lingluo's sake, he just didn't want to let himself suffer a disaster.

Swish!

Hearing this, Lingluo was full of disdain, and said angrily at the time: "What is forbidden land, I don't know how many years it has been in decline, even if it is forbidden land, no one will do anything to me."

After speaking, Lingluo was cold . A cold glance at Yue Feng: "Besides, what do I do, what does it have to do with you?" The

last word fell, Lingluo was too lazy to talk nonsense, and strode into the stone hall.

Alas...

Seeing that she didn't listen to the persuasion, Yue Feng secretly sighed.

This stinky girl is really stubborn, she keeps saying good things, and she suffers in front of her eyes. Forget it, I don't care about you.

Muttering in his heart, Yue Feng turned around and prepared to leave.

"Haha..."

Just after walking a few steps, I heard Lingluo's excited laughter from the stone hall: "It really is a magic pill, but...it seems to be ineffective." Wow... excited,

Lingluo was excited.

Luo accidentally knocked over a few bottles next to her, and the fire linal powder inside suddenly filled out. Then, the fire linn powder collided with the sparks from the porcelain bottle, and the fire burned instantly.

bang bang bang....

The fire quickly filled the air, and the bottles and cans on the surrounding wooden shelves also burst, and bursts of fireballs came out.

In the blink of an eye, the fire enveloped Lingluo, and then drowned Yue Feng outside the door.

Oops!

Feeling the fire around her, Lingluo's pretty face changed. She didn't think too much at that time, she quickly activated her skills and deployed a protective film around her body.

"Humph!" After the protective film was deployed, Lingluo couldn't help but chuckle, her delicate face was full of arrogance: "Just flames, still want to hurt me?"

Lingluo's Zen Moon Heart Sutra is a kind of cold It is the nemesis of fire.

However, she overestimated herself too much, and, although the fire burned by Huo Linfen was not as good as the strange fire, it was much stronger than the ordinary fire.

Kachacha....

In less than ten seconds, I saw that the protective film deployed by Lingluo couldn't hold it anymore. With the sound of light sounds, cracks appeared on the protective film.

Oops, this fire is so powerful that the protective film can't stop it.

Seeing this situation, Lingluo's delicate body trembled, Huarong paled, and her heart became nervous.

It seems that the stinky tortoise is right, there is indeed danger here.

At this moment, Lingluo murmured in her heart, and subconsciously looked at Yue Feng outside the door, and she was stunned again.

Just saw the fire around Yue Feng, the ground was about to burn red, but he was okay, his face was as usual, and he didn't even curl his hair...

This...

Seeing this scene , Lingluo only felt that her brain was buzzing, almost blank.

This Yue Feng is not afraid of fire?

It 's so incredible...

"You..."

Under the shock, Lingluo calmed down and couldn't help but said to Yue Feng, "Why haven't you been burned to death?" The surrounding flames, More than twice as powerful as ordinary flames, even deploying a protective film by himself is fine, but he has nothing to do with it.

It's really incomprehensible.

At this time, Lingluo didn't know that Yue Feng was blessed by the red lotus of the law, not to mention the flames caused by these fire linn powders, even the strange fire couldn't hurt him in the slightest.

Ha ha!

Feeling Lingluo's surprise, Yue Feng smiled indifferently: "Why should I be burned to death?"

Hearing the rhetorical question, Lingluo murmured for a while, then reacted and continued to ask: "Why do you have nothing at all?" At that time, Lingluo's eyes were full of curiosity.

call!

Yue Feng took a deep breath, thought about it, and responded, "Maybe because the exercises I practice are related to fire, so I won't be hurt by the fire." Of course

, Yue Feng wouldn't tell her the real situation, so he just made it up. A reason to prevaricate.

Fire-related exercises?

Hearing this, Lingluo hurriedly said: "Quick, tell me the formula!" She is already a seventh-rank strength, and she can practice any exercises very quickly. At this time, it is like learning Yue Feng's exercises to defend against the surrounding people. fire.

Chapter 6773

Hehe....

Hearing this, Yue Feng couldn't help sneering in his heart.

This little witch is so naive, she was tortured to death by you last night, and now you still want to learn my exercises? There is no such thing in the world.

Thinking to himself, Yue Feng said lightly, "Only men can practice this technique of mine. If a woman rushes to practice, her meridians will be cut off and she will die..."

What?

Hearing this, Lingluo's delicate body trembled, and her delicate face turned extremely white.

Women can't practice this practice method, so....Isn't she going to be burnt to death?

Haha...

Seeing Lingluo's reaction, Yue Feng was indescribably happy. This stinky girl is arrogant and ruthless. No one pays attention to her. How can I not teach you a lesson?

Huh...

that's when the surrounding fire continued to invade, and the protective film deployed by Lingluo was completely shattered. Almost in the blink of an eye, the long skirt on her body was instantly incinerated...

"Broken!"

Faced with this situation, Lingluo panicked and almost cried.

Seeing this scene, Yue Feng couldn't help but admire secretly. I have to say that this stinky girl is not very good, but she has a good figure...

Soon, Lingluo calmed down and shouted at Yue Feng: "You... you are not allowed to watch..."

"Halfway through, Lingluo thought that Yue Feng was blind and couldn't see herself at all, so she felt relieved. However, she didn't know that Yue Feng was not blind at all, her charming curves were completely exposed to Yue Feng's sight at this time.

After heaving a sigh of relief, Lingluo was instantly anxious when faced with the situation in front of her.

If it goes on like this, he will definitely be burned alive.

"Hey!"

Anxious, Lingluo shouted at Yue Feng again: "You... you should try to save me..."

Yue Feng smiled and said indifferently, "Why should I save you? You blinded my eyes and made me so miserable..."

This...

Hearing this, Lingluo's face suddenly became a little embarrassed.

Because what Yue Feng said was right, he was so miserable last night, and now he is asking for his help, it is really unreasonable.

But Lingluo is not a stupid woman, and she quickly thought of the reason: "If you don't save me, who will show you the way? You can't get out of here alone."

When she said this, Lingluo Eyes full of anticipation.

Seriously, she didn't want to compromise like this, but there was no way, only this blind man could save her life.

"That's it..."

Seeing him say that, Yue Feng gave a stunned look, and immediately scratched his head and said, "However, the exercises I practice can only guarantee that I will not be burned by the fire, I should How can I help you?"

Seriously, Yue Feng thought of last night's scene and wished Lingluo would be burned alive.

But on second thought, this stinky girl is still young, and I really want to see her being burned to death, and I can't bear it. But he couldn't easily promise to save her, he had to teach her a lesson.

"Then what should I do?"

At this time, Lingluo didn't know that she was being teased by Yue Feng, so she panicked: "Is there no other way?"

When she spoke, Lingluo's face was flushed, and her whole body was also reddened by the fire, and she was almost unable to hold on.

"Let me think about it..."

Yue Feng scratched his head, looked like he was thinking, and said slowly: "Perhaps, if you stick to me, you will not be hurt by the fire."

Sticking...

Hearing this, Lingluo's delicate face suddenly became complicated.

Wouldn't that be skin-to-skin? Now that I have nothing to hide, if my skin touches...

no, no...

Thinking of this, Lingluo quickly shook her head.

Although this Yue Feng is already blind, but he is pure and clean, how can he let him touch it?

Huhuhu...

Just when Lingluo was hesitating, the surrounding fire attacked again, and the scorching flames almost roasted people...

“There is only one way.”

See her With a complicated expression, Yue Feng couldn't help but urged, “Hurry up, or it'll be too late if you're too late.”

Phew!

Hearing this, Lingluo took a deep breath, then bit her lip, rushed over quickly, and got into Yue Feng's arms at once.

Speaking of which, being close to Yue Feng, Lingluo felt ten thousand reluctance in her heart, but she couldn't help it. Otherwise, she would be burned to death. While reputation was important, life was not as important.

Chapter 6774

What's more, this Yue Feng is blind, and there is no one else around.

Huh... it's delicious!

At this moment, Yue Feng smelled an aroma blowing towards his face, and the soft touch made him unable to help secretly sigh, and at the same time, he couldn't help but look at Lingluo up close.

Don't say, this stinky girl is really good.

At this time, Lingluo was all focused on the surrounding fire, but she didn't notice that Yue Feng's eyes were looking at him.

It's really okay.

At this time, Lingluo clearly felt that after sticking to Yue Feng, the surrounding fire suddenly became less scorching. Immediately he breathed a sigh of relief.

“Quick!” In the

next second, Lingluo urged Yue Feng, "Get out of here."

Yue Feng responded, hugging her and quickly exiting the flames.

"Okay!"

When they reached the open space, Yue Feng let go of her.

At this moment, Lingluo looked back at the still burning stone hall, and couldn't help cursing: "It's abominable, there are so many medicine bottles hidden in burning medicinal pills, what a shit sect, it deserves to fall. "

Under the curse, Lingluo thought that she had no cover, so she turned around and took off Yue Feng's coat and put it on her body. The coat was tattered and stained with blood, but it was too late for her to dislike it.

After putting on her coat, Lingluo thought for a while and said to Yue Feng: "After I planned to torture you last night, I will kill you today, but you saved me just now, so we will be even."

Saying that, Lingluo The tone was full of orders: "But after you go out, you are not allowed to say a word to others about what happened just now, otherwise, I will cut your tongue."

His tone was sharp and full of threats.

At this time, Lingluo was in a very complicated mood. As the most beloved disciple of Grandma Safflower, she would have to gallop in the rivers and lakes in the future. If the incident just now spread out, how would she meet anyone?

Hehe....

Hearing this, Yue Feng smiled lightly: "Let's go out alive and talk about it."

"What did you say?" Lingluo frowned, and she was very unhappy: "Why go out alive and talk about it? You are now You are about to make an oath for me. I swear to God, I can't say a word, do you hear me?"

Seeing her arrogant face, Yue Feng didn't bother to care, and immediately smiled: "Okay, I promise, but then again. , the two of us didn't do anything, why are you nervous."

"You..."

Lingluo bit her lip, so angry that she had nothing to refute.

Because what Yue Feng said was right, the two of them were just close to each other, and they didn't do anything shameful.

Thinking of this, Lingluo was too lazy to talk nonsense. She looked around, found an open space and sat down, and said to Yue Feng: "Just stay where you are, I will rest for a while." The

voice fell, Lingluo sat cross-legged, Start practicing recovery. In order to resist the fire just now, a lot of internal energy was consumed.

Soon, Lingluo entered a state of cultivation.

Lingluo is not afraid that Yue Feng will take the opportunity to escape. After all, he is blind, and there is no one to show the way, so it is impossible to escape.

Ha ha!

Seeing this, Yue Feng couldn't help but secretly smile.

This girl, she thought I was blind, and I couldn't get out of this place without her guidance... It's so naive.

Thinking about it, Yue Feng stood there and waited silently. After Lingluo entered the cultivation state, she turned around and left to explore around the stone hall.

The stone hall is surrounded by mountains on three sides, and the other side is blocked by a group of stone pillars. It seems to be a completely enclosed place, but Yue Feng knows in his heart that there is generally no way out of this kind of place.

Haha...

Finally, Yue Feng found a hidden passage on the stone wall behind the stone hall, and was overjoyed immediately.

Sure enough, there is a way out.

Excited, Yue Feng glanced back at Lingluo not far away, thinking to himself, I miss you when you are young, and you have learned a lesson just now, I will not take revenge on you for what happened last night. I hope you don't fall into my hands in the future.

After saying this in his heart, Yue Feng bent down and got into the passage.

The passage is tortuous, I don't know where it leads, but Yue Feng can clearly see that this passage should be a crack in the mountain, but there are traces of artificial excavation in many places...

Since there are traces of artificial excavation, it must be leading to the outside.

The ultimate husband in Chinese chapter 6775

Chapter 6775

Thought, Yue Feng was full of confidence and quickened his pace.

Huh, it's finally out.

After ten minutes, Yue Feng walked out of the passage and saw the endless woods in front of him, and suddenly heaved a sigh of relief.

Afterwards, Yue Feng found a flat grass and lay down comfortably. He was tortured by Lingluo last night, and then chased and killed by those experts in the rivers and lakes. He was really tired.

Anyway, the little witch was trapped inside, so there was no need to worry about her chasing it out.

After lying down for a while, Yue Feng fell into a deep sleep.

Snapped!

He was sleeping soundly when suddenly something flew from a distance, right in the middle of Yue Feng's face.

Yue Feng woke up suddenly, sat up all of a sudden, and looked around: "Who is it?" When his eyes fell in the direction of the passage, he was stunned.

I saw Lingluo standing there, her delicate face full of anger, and there was a stone in her hand that hadn't been thrown out.

"You..."

At this moment, Lingluo looked at Yue Feng's eyes tightly, with shame and anger, and said fiercely: "You stinky turtle, shameless bastard, you really have a problem."

"When will your eyes be good? ?"

When she asked the last sentence, Lingluo was filled with anger.

Half an hour ago, Lingluo finished her practice. When she woke up, she found that Yue Feng was not there, so she quickly searched around, and finally found the passage on the mountain, and found it all the way.

After walking out, Lingluo saw Yue Feng lying on the grass sleeping soundly.

As a result, Yue Feng got up and looked around, making her even more angry.

It turned out that he could see...

Under the anger, Lingluo recalled the previous scene, this Yue Feng was able to avoid the enemy's arrows and pass through the stone pillar forest... I thought he was lucky before, but now it seems that , when he regained his sight.

Realizing this, Lingluo was almost unforgivable.

If Yue Feng had regained his eyesight at that time, then his clothes were burned by the fire, and his appearance was unobstructed. Wouldn't he have seen it all...

uh...

Feeling the killing intent in Lingluo's eyes, Yue Feng An embarrassed smile: "Oh, I can actually see it, it seems that God is good to me." When he said this, Yue Feng felt very regretful.

Mad, this little witch is very clever, she found a way out so quickly.

"Don't pretend to me." As soon as

the voice fell, Lingluo scolded coldly: "If you just regained your eyesight, how could you find the hidden passage? You...you ruin my innocence, and I want to kill you! "

Om!

When the last word fell, Lingluo's skills exploded, her delicate body flashed, and a palm slammed into Yue Feng's heart.

This palm contains ten successful powers of Lingluo, and the air around it is extremely distorted when the palm wind passes, and the power is amazing.

However, Yue Feng didn't panic at all. At that time, he screamed: "You stinky girl, I saved your life before, but now you are repaying your kindness..."

"Is this how your master taught you? "The

voice fell, and Yue Feng easily avoided the palm.

Lingluo was already angry, and hearing him call her a stinky girl made her even more fueled, and she said tenderly, "Damn, you must die this time."

After speaking, Lingluo attacked again.

Yue Feng's strength has not recovered, and naturally he will not fight against her. At that time, he stopped talking nonsense. With a flash, he rushed into the woods next to him, dodging Lingluo's attack.

"Don't run!"

Lingluo scolded and continued to chase.

For a time, the two staged a chase battle in the woods.

Clap la la...

Just at this moment, there was a sound of dense footsteps not far away, and then, dozens of big men rushed over and immediately surrounded Yue Feng when they saw the two of them.

Seeing the petite and exquisite Lingluo, these big men suddenly lit up one by one.

"Tsk tsk... Little beauty."

"She looks really good..."

"I didn't expect to meet such a beautiful beauty in this deep mountain and old forest."

When everyone said you, I said, Lingluo suddenly She was embarrassed and angry, and at the same time she was a little nervous, because she clearly felt that these people were not low in strength.

Holy crap, there are mountain bandits here?

At the same time, Yue Feng frowned secretly when he saw this situation.

"Who are you?"

Finally, Lingluo reacted and looked coldly at the dozens of big men in front of her: "Do you know who my master is? Hurry up!"
