Chapter

“Okay, come with us.”

Seeing that he had a good temperament, the two soldiers looked at each other, and then took Tian Buyou to the general’s mansion.

Soon, when they arrived at the general’s mansion, two soldiers went in to report, and after a while, they came out and led Tian Buyou into the hall.

In the hall.

General Hong Sanqi sat there, his face gloomy and frowning.

A month ago, Hong Sanqi took his mother up the mountain to Qingqing, and when she returned, the old lady felt unwell, and then her feet began to swell.

At that time, Hong Sanqi immediately found several famous doctors in the imperial city, and as a result, after several famous doctors diagnosed, they all determined that the old lady was bitten by a poisonous insect, but what kind of poisonous insect it was, several famous doctors could not determine.

This made Hong Sanqi very annoyed.

In the end, Hong Sanqi had to send someone to post a notice at the entrance of the Imperial City to seek medical masters.

“Great general, people have brought.”

At this moment, two soldiers entered the hall with Tian Buyou.

Tian Buyou nodded, signaled the two soldiers to retreat, and then looked Tian Buyou up and down: “Will you treat this miracle?” “This person is dressed as a mountain man, and he doesn’t look like he knows how to heal.

“Of course!”

Tian Buyou smiled slightly and responded: “I’m not sure, and I don’t dare to take down the notice.” Based on what I heard, it can be concluded that the old lady was bitten by a silver-ringed centipede. As long as the required herbs are available in the house, the treatment is not difficult. “

Yikes!

Seeing what he said, Hong Sanqi quickly stood up and was very excited: “Sir is really a master, quick, please come in!” Saying that, he took Tian Buyou and went to the old lady’s room in the backyard.

After arriving, I saw that the old lady's face was sallow, lying unconscious there, and her feet were extremely swollen.

After Tian Buyou checked it, he was more sure of his judgment, so he asked Hong Sanqi to order people to prepare medicinal materials and start treatment.

Crash!

Knowing that there was a mysterious medical book master in the house, many people came to watch it curiously.

Soon, Tian Buyou concocted a plaster and asked people to apply it to the old lady, so he stood on the side and waited quietly.

"Look, the swelling has gone down."

"What a miracle doctor."

After a while, I don't know who in the crowd exclaimed, and suddenly everyone was amazed.

I saw that the old lady's swollen feet gradually recovered, and her face also returned to rosy, but she had not yet woken up, but even so, everyone's hearts were still shocked.

Ha ha...

At this moment, the haze in Hong Sanqi's heart was also swept away, and he laughed at Tian Buyou: "Sir is really a master, and I don't know Sir's noble surname."

Tian Buyou smiled and looked humble: "In the next surname Bu, name Tomota."

Now the entire rivers and lakes are chasing and killing themselves, naturally they can't use their real names.

Well!

Hong Sanqi nodded, his eyes full of burning: "It turned out to be Mr. Bu, Mr. Bu's medical skills are brilliant, it's really eye-opening, I don't know where Mr. Bu lives?"

Such a talent, Hong Sanqi was born with the heart of recruitment.

Tian Buyou looked humble: "In the downstream Lijiuzhou, the four seas are home, and there is no fixed residence.

Seeing him say this, Hong Sanqi hurriedly said, "In that case, can Sir remain condescending and do his part for General Ben in this General's Mansion?"

"As long as Sir is willing to stay, General Ben will definitely not be treated badly."

In the end, Hong Sanqi stared at Tian Buyou closely, his eyes full of expectation. He could see that Tian Buyou in front of him was a hidden master, and it would be a pity if this kind of master could not be recruited and used for his own use.

Call!

Faced with this situation, Tian Buyou was in his arms.

He just took down the notice, the real purpose is not to treat the old woman, but to find an absolutely safe shelter, and at this time, the purpose is achieved, naturally exciting.

However, Tian Buyou was very cunning, and did not show it at this time, but said very humbly: "Since the general sincerely invited, it is better to be respectful than to obey the order, and it is also an honor to be able to do things for the general." Hahaha

....

Seeing that he agreed, Hong Sanqi was very happy, and immediately laughed: "Okay, sir is polite, it is also a blessing for General Ben to get acquainted with sir." Haha..."

Saying that, Hong Sanqi ordered the people next to him: "Quick, prepare the banquet, General Ben will have a few drinks with Mr. Ben."

At this time, Hong Sanqi was very excited.

Today is really a double happiness, not only the mother's miracle disease is cured, but also recruit a high-ranking person, how to celebrate.

"Yes, General!"

Hearing the order, several subordinates answered and hurried to prepare.

Immediately, Hong Sanqi called two more maids and ordered: "You two, in the future, serve Mr. well, don't slack, okay, take Mr. to bathe and change clothes first." The

two maids answered, and immediately took Tian Buyou's arm, showing intimacy and tenderness.

Tian Buyou was also not polite, and immediately smiled: "Thank you, General."

He was originally a womanizer, and at this time, facing two flower-like maids, his heart was almost happy. After some thanks, he left with his arms around the two maids.

However, Tian Bu Youcheng Mansion is extremely deep, knowing that now all sects are chasing him, in order not to expose his whereabouts, so before bathing, he deliberately opened two maids, and then ran poison skills to change some details of his appearance.

Half an hour later, Tian Buyou finished bathing, the whole person was refreshed, changed into a gorgeous robe, and the whole person was also refreshed.

“Sir is so handsome!”

“yes.”

For a while, the two maids were full of praise.

Hearing the praise Tian Buyou’s heart was not only a little fluttering, he immediately kissed them on the face: “Wait for me well, I will come back to you after drinking with the general.”

Saying that, Tian Buyou walked quickly to the front hall.

At this time, a table of sumptuous wine and dishes has been prepared in the front hall. Hong Sanqi sat there, in a good mood.

“Haha!”

Seeing Tian Buyou come in, Hong Sanqi smiled and couldn’t help but praise: “Sir is really a good man, and his temperament is extraordinary.”

Saying that, Hong Sanqi personally filled the wine: “Come, this glass of wine, Mr. Ben Jing, thank you Mr. for curing the old lady’s miracle.”

“The general is polite.”

Tian Buyou looked polite, took the wine glass and drank it.

Afterwards, the two started talking while drinking.

Tian Buyou has walked the rivers and lakes in recent years, has seen a lot, and after cultivating the “Poisonous Divine Codex”, his temperament is even more different from ordinary people, Hong Sanqi saw that he talked well, and he admired him even more.

“Great General!”

While chatting, a guard walked over quickly and said loudly: “Commander Li has summoned you and General Wang to attack the council together.”

When

he said this, the guard’s face was full of complexity.

Marde!

Hearing this, Hong Sanqi put away his smile and couldn’t help but scold: “Li Xian, this bastard, really thinks that he is the emperor, and it is really abominable to summon General Ben at every turn.”

When

he said this, Hong Sanqi couldn’t hide the anger in his heart.

Tian Buyou frowned and couldn’t help but say, “General, what is the situation?” Phew

!

Hong Sanqi took a deep breath and said slowly, "Sir doesn't know something." Subsequently, he explained the situation of the Western Cang Continent in detail.

It turned out that at the beginning, Yue Feng and Duan Yu fought for the throne of Xicang several times, and finally the throne fell on Yue Feng, but Yue Feng's whereabouts were erratic, and the divine dragon did not see the end of the head, and for a year and a half, he did not go to the Xicang Continent once, which finally led to the vacancy of the imperial throne.

For a time, the dragons of the Western Cang Continent were leaderless. This went on for a long time.

Later, the original Xicang royal family, in order to compete for the throne, experienced a half-year struggle, and the results ended sadly, until now,

the Xicang Continent is still vacant for the throne. However, the surface is calm, but behind it is an undercurrent.

The current Western Cang Continent is divided into three forces, namely Li Xian, the commander of the imperial city, Hong Sanqi, the general of Zhennan, and Wang Jian, the general of Zhenbei.

Among the three forces, although Li Xian had the fewest soldiers and horses, he had the most power because he controlled the imperial city and his sister was once a noble concubine of the Western Cang Emperor.

And this Li Xian, acting arrogantly and domineeringly, did not put Hong Sanqi and Wang Jian in his eyes at all, and issued an edict in the name of the royal family for three days and two heads, inviting Hong Sanqi and Wang Jian to discuss important matters.

It is said that it is to discuss important matters, in fact, it is to let Hong Sanqi and Wang Jian support him as emperor.
