

## Chapter 3714

“First things first,” Harvey said calmly.

“I’m the one who reported the incident. Amber and the others were poisoned.”

Ansel chuckled bitterly.

“Judging from what you told me, the tea they drank must’ve been digested for quite a while already.”

“We’ll get Mr. Rudolph and his team to extract their gastric juices for testing.”

“But even if we have proof, this is just physical evidence; we’re lacking any testimonies.”

“We’ve already sent our men to talk to Koen and Emily.”

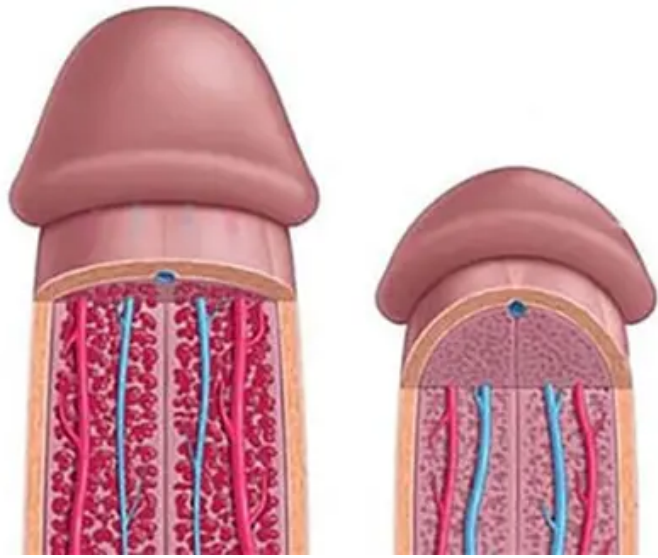

“However, every single one of them was chased out of Golden Palace!”

“At the same time, they’re accusing you of hurting people!”

“Because of this, the incident was reported to the highest order; a few elders of the royal court sent word, saying that the country’s reputation is involved and that they want this incident solved as soon as possible.”

“If Koen and Emily did poison Amber and the others and conspire with the enemy, they’ll be heavily punished!”

“Golden Palace would be dealt with accordingly for covering up criminals!”

“The Indians would have to pay too!”

“They said that even though Country H is a generous and civilized country, we won’t allow others. to trample all over us either!”

“Thank goodness those people know what to do. If not, I would’ve given them a lesson myself.”

Ansel’s eyes twitched when he heard that; he was reminded of who Harvey actually was. If Harvey really lashed out at the elders of the royal court with his true identity, they’d have no choice but to stand down as well.

Harvey took a sip of hot tea, ignorant to Ansel’s thoughts.

“That said, you need to deal with this carefully.”

“This is a fight between Longmen and India—this is war!”

“If any sort of scandal were exposed, the people involved would be shamed internationally!”

“Since the Indians dared to poison the young talents like that, there’s no way they’d leave any trails behind.”

Ansel nodded; before he could say something, his phone started vibrating. After picking up the call, his expression changed.

“You’re right, Sir York!”

“The Indians are fully prepared!”

“The woman who poisoned Amber and the talents jumped into a lake after leaving a suicide note! Her whereabouts are currently unknown!”

“Koen and Emily are being protected by Golden Palace; we won’t be able to interrogate them at this point.”

“Your testimony isn’t crucial either.”

“Without any solid proof, if we accuse the Indians of something this despicable, they might bite us back and claim they’re being slandered, and that we’re the ones who put up the show...”

“At this point, it’s just too difficult to go against them!”

‘They actually came prepared!’

“Since we can’t find a way to deal with them, we’ll just have to wait and see.”

“It’ll be better for me if I can trample all over those people...”

“But since we have no proof for now, all I need to do is to beat down every single one of them in the ring.”

“Crushing their hopes and dreams is a lot better than taking revenge, anyway.”

If Harvey wanted to, he’d have countless ways to deal with Axel...

However, he believed that it would be best if he won the fight fair and square and forced the Indians to their knees.
