

## Chapter 3729

Rhea flashed them a deep look.

“At this point, it doesn’t really matter if we win the fight or not.”

“But if we’re branded traitors of the country after letting Harvey in the ring, we’ll be finished!”

“You people should know better than me about what’ll happen after that!”

Fisher and Damian’s faces darkened in an instant.

Bryce, who had remained quiet the entire time, finally spoke up.

“That’s right. It looks like we’re about to lose, but we still have hope!”

“That said, Harvey asked to join the fight even when he’s such a huge suspect.”

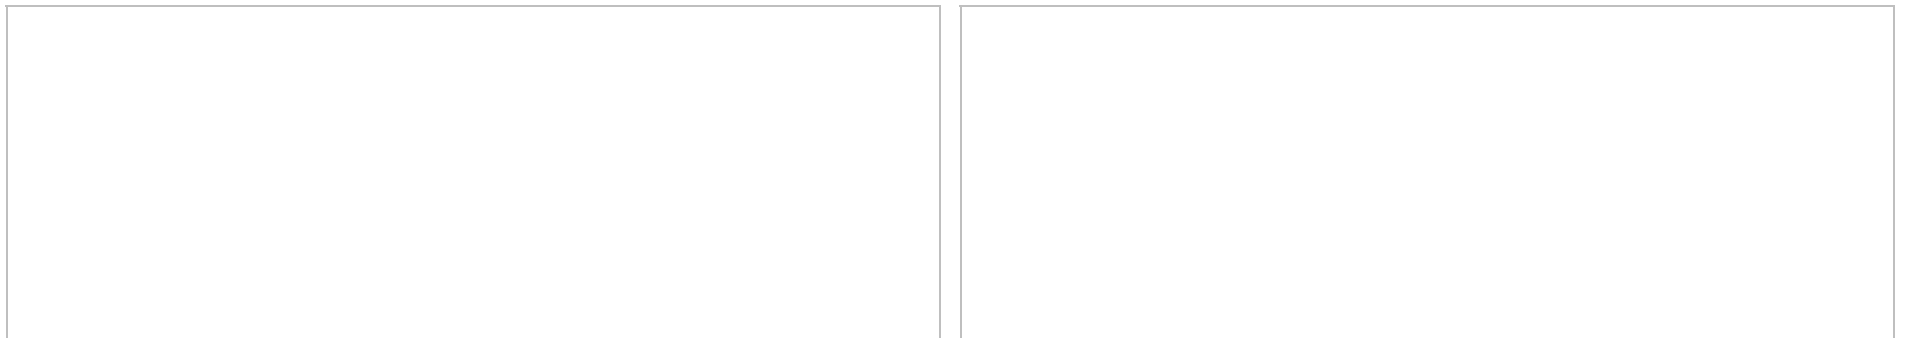

“To put it simply, I just don’t trust him!”

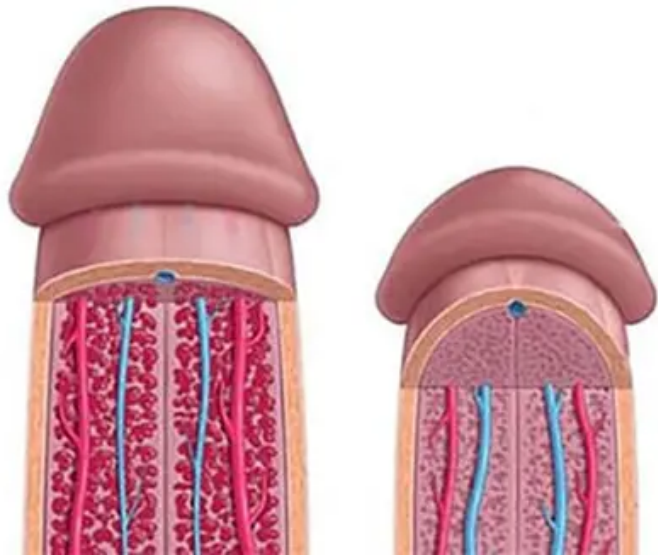

“I’d rather the remaining two champions lose...”

“...than to let him fight.”

“I believe he won’t turn the tides; he’ll surely embarrass every single one of us too.”

“I’d choose to let Longmen lose than for him to show up.”

Harvey narrowed his eyes; he glared at the stubbornly righteous Bryce and Rhea.

To protect their own reputation...

To prevent outsiders from turning the tides of battle...

To suppress Harvey and stop anyone else from having the position of Longmen’s young master...

Those two spared no effort to accomplish just that!

At that moment, the door of the meeting room was pushed open.

A calm yet dignified voice could be heard.

“I too think Harvey should join the fight!”

Harvey instinctively turned around, and saw someone walking over.

It was the princess of the Wright family, Sienna Wright herself!

“Princess Wright!”

Bryce and the others immediately stood up after seeing Sienna’s arrival.

Naturally, they all knew who she actually was.

Even the high and mighty Rhea stepped up to give her a warm welcome.

“I’ve been watching the fights in person for the past few days. I’ve reviewed the entire process as well.”

Sienna glanced calmly at the people around her before turning to look at Harvey.

“I came here to talk to Representative Osborne and Vice Master Kennedy about tomorrow.” “But since you’re already discussing it, I’d like to express my opinions about it as well.”

Sienna walked beside Harvey before revealing a warm smile.

“I believe that Harvey should fight for the country!”

Sienna’s white dress and hair fluttered in the air, as if she was a young and innocent lady who just fell in love.

Harvey glanced at Sienna before flashing her a faint smile.

“Thank you for trusting me, Princess Wright.”

Safe to say, Sienna was quite the patriotic figure.

She knew that standing up for him would give her and her family a bad reputation.

Yet, she still did it anyway.

Harvey was a little more impressed by Sienna's actions.

“I know that the losses for the past few days have you worried, Princess Wright”

“This is war, after all. If we lose, not only will Longmen's reputation be ruined, but so will Country H's!”

“However, you need to trust us! We're hoping for our country to win as well!”
