

## Chapter 3730

“Other than him being extremely weak...”

“There’s another reason we didn’t let him fight. He’s simply too suspicious!”

“We cannot bear the risk of putting him on the front lines.”

“If he makes a single mistake, every single one of us will be dragged down with him!”

“You included, Princess Wright!” Rhea exclaimed bitterly.

At the same time, there was a different meaning in her words; she was putting on a helpless look, as if nobody would take responsibility for the situation if anything were to go wrong.

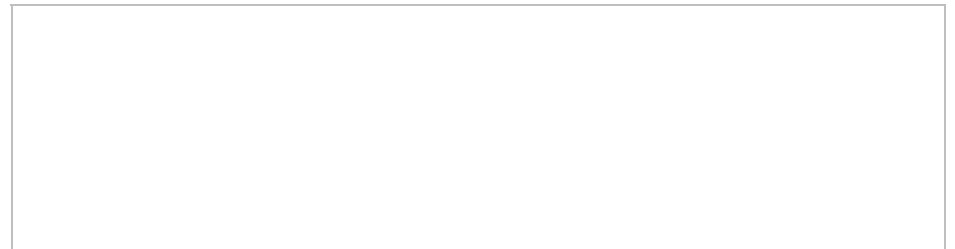

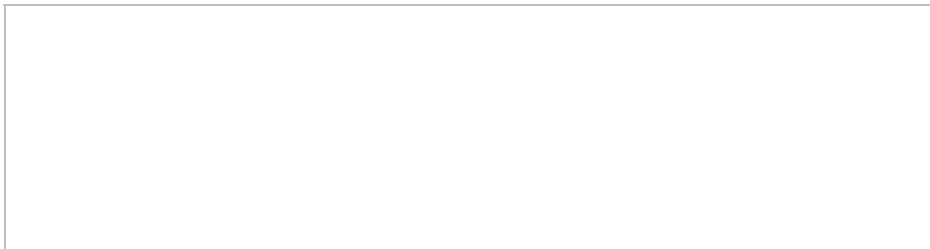

Sienna smiled and waved her hand, gesturing to her subordinates to close the door.

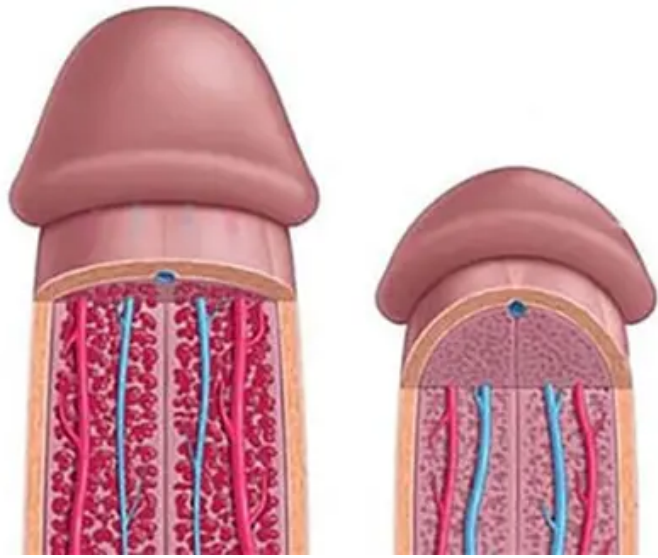

She then glanced at Rhea.

“Since we’re all smart people here, I’ll just make everything clear.”

“I need to make sure of something first...”

“You didn’t stop Harvey from fighting because of your family affairs, did you?”

Bryce and Rhea froze immediately.

They didn't think Sienna would actually say something like this.

The two took a deep breath before replying, "Of course not!"

"Good."

Sienna smiled.

"Since that's the case, let's talk logically."

"Maybe you don't know much about Harvey, but I can tell you all about him."

"He owns Sky Corporation in Buckwood."

"He has the Kaizen Group in Mordu."

“He has Mordu’s Casino-Palace in Hong Kong and Las Vegas.”

“He also has the Hatchet Gang and the Martial Hall here in Flutwell.”

“I don’t know how much the companies are actually worth in the market, but I’m sure you can look that up online.”

“Why would someone like Harvey even accept a hundred and fifty million dollars from the Indians. if that’s the case?”

“I have to admit, those people are really stingy; it doesn’t matter if they’re actually trying to get Harvey to their side, but that tiny amount of money is simply too insulting!”

“If Harvey can win this fight, he’ll become the young master of Longmen.”

“He’ll have the chance to become the master of the country’s cornerstone in the future.”

“Someone like that is on par with the masters of the five hidden families and the top ten families. Maybe even better!”

“Why would someone like that conspire with the enemy and become a Brahmin?”

“What’s the point?”

“Their delicious food?”

Bryce and Rhea’s eyes kept twitching after hearing Sienna’s words.

On the one hand, they didn't know that Harvey's background was actually so impressive.

On the other hand, they didn't think that Sienna was this biased toward Harvey.

Sienna calmed herself and continued speaking in a tender voice.

"The accusation about him having a relationship with Zoe is just slanderous."

"No matter how much he wants to do something like that, he wouldn't pick such a bad time to do it, right?"

"You say that he was the one who poisoned the young talents? That's just absurd!"

"All Harvey needed to do to take all the credit was to lead those three to victory! His status and identity will skyrocket without a doubt!"

"Do you honestly think he'd actually poison them and ruin his future?"

"If we judge based on public opinion, Harvey clearly isn't suspicious. There's no need for us to even talk about this!"

Fisher and Damian looked at each other and exclaimed, "That's right!"

Harvey showed a faint smile.

"Thank you for trusting me, Princess Wright."

After hearing those words, Bryce painstakingly opened his mouth for a weak retort.

"We want to believe that he's innocent, but everyone online is saying otherwise!"

"We're forced in a corner. We can't go against the people!"
