

Frankly speaking, charlie didn't want his grandparents to come to Aurous Hill.

But he also understands that this matter may not be within his control.

After thinking about it again and again, he looked at Hong Changqing in front of him, and suddenly he had a plan, and said, "You should send a message to the old lady right now and tell her that you have made a fortune for the An family, and think that the An family's visit to Aurous Hill this time is a bad omen. Let her think carefully, and it is best to withdraw this decision."

Hong Changqing asked in surprise, "Master Wade... If you gave the pill that Miss Sun took that day, why did you avoid seeing An's family? "

charlie said lightly, "I have my own considerations, so you don't need to talk too much."

Hong Changqing nodded resentfully, but the next moment, his eyes rolled, and he suddenly remembered something, and blurted out, "I remembered! That Miss sun, she is more than It's as simple as being a star... She has another identity, and she is the fiancée of that grandson of the An family!"

After speaking, he stared at charlie with wide eyes, and said in amazement, "Could it be...Could it be...Could it be that you are the old lady An? Grandson charlie who has been missing for many years?!"

Hearing Hong Changqing's words, charlie was slightly taken aback, he didn't expect that Hong Changqing knew his name and could guess his identity.

However, he did not hide anything, and said directly, "You guessed right, I am charlie." "

My God!" Hong Changqing only felt dizzy for a while, and then quickly said, "Master Wade, look at this. Well... we have flooded the Dragon King Temple, and the family doesn't know the family!"

charlie said coldly, "Who is your family?"

Hong Changqing hurriedly said, "Master Wade, I have a very close personal relationship with your grandmother. , Over the years, she asked me to do many rituals, and they were all done for you! Either to pray for you, or to show you the way, I even did rituals to retrieve your files from the underworld, Let's see if you are still alive..."

charlie sneered, "Can you still talk to the underworld?"

Hong Changqing sneered and said, "Oh, religious ceremonies...religious ceremonies... I don't have that ability. To put it bluntly, isn't it just to help your grandma take a formality and give her a psychological comfort! And I have always told the old lady that I Tell me, old madam, your grandson is not ordinary. You see, I am so capable that I can't figure out why he is divining. Presumably, it is impossible for your grandson to be crossed in the book of life and death of Lord Hades, just because What I said made the old lady firmly believe that you are still alive!"

Speaking of this, Hong Changqing said with a smile, "Master Wade, to tell you the truth, I, Hong Changqing, have spent so much time on your behalf for so many years. It's a bit of hard work, right? Even if it's not hard work, I've been practicing divination for so many years, so I'm always tired..."

charlie said lightly, "Don't talk nonsense here, just do what I said now , send a message to my grandma."

Hong Changqing did not dare to neglect, quickly took out his mobile phone, and sent a message to the old lady. The content of the message was Mrs. An. If you come to Aurous Hill in the near future, there is a bad omen. To be cautious, I still suggest that you and your family wait for a while.

As soon as the message was sent, the old lady called right after.

Hong Changqing looked at charlie, and asked tentatively, "Master Wade, do you think I should answer or not? If I answer, what should I say?"
