

Chapter 5331

As the popularity of the video continues to increase,

And Horiyah was formally detained, the City Police also released the results of the incident to the public.

At first, when netizens heard that Horiyah was only sentenced to ten days of administrative detention, they were dissatisfied with the punishment.

However, the police also showed the public the diagnosis certificates of Horiyah's husband and son. The father and son were indeed paralyzed in bed for several months, and because of lack of money, they did not receive active and effective treatment.

However, when netizens first saw this article, many people were skeptical, because, in Elaine's follow-up exposure materials, it was said that this family actually lived in the famous Tomson Villa, and the unit price exceeded 100 million yuan, so everyone was questioning since Horiyah can live in Tomson, even if her husband and son are really paralyzed, how could she not treat them.

The police also immediately disclosed to the public the property rights of the villa where Horiyah's family lived, proving that the villa was not owned by her or her family, but owned by a business tycoon Regnar Wu.

Regnar was originally a well-known entrepreneur in the country, and some time ago his son was even more famous all over the country, so people learned that this villa is Regnar's property, after Regnar lent this villa to the family, It is no longer in vain to question.

People who learned the truth of the incident also accepted the decision of the City Police to detain Horiyah for ten days, and the City Police also joined forces with the video platform to permanently ban Horiyah's short video account, so that she will never be able to live broadcast, this processing method also made everyone applaud.

For a while, netizens all over the country praised the efficiency of the City Police. After all, it has only been two or three hours since the video was released, and the City Police have completed the processing in such a short period of time, which is indeed very fast.

And the official short video platform is not idle.

They also quickly released the punishment decision of the platform side.

Including the full refund of consumers' purchases, and at the same time formally launched the prosecution of Horiyah, demanding that she return all live broadcast income.

However, since Horiyah has squandered a lot of money earned, it is definitely impossible for her to make up for this hole. At that time, Horiyah will probably be listed by the court as a defendant because she cannot fully refund her income.

The executor of dishonesty, by that time, Horiyah will either find a way to make money to fill these holes, or she will have to live a hard life as a scammer.

Seeing these reports, Claire sighed helplessly and said to Charlie: "Mom offended aunt to death again this time... They are all relatives, and they live so close. Next time we meet how can I look up? How embarrassing it will be in the future..."

Charlie smiled, and said: "This is not something we need to consider, besides, with mom's personality, if she is not exposed, mom will probably be angry."

Claire nodded lightly. She knew her mother's character. If her aunt's live streaming was better and better, her mother's mentality would definitely become more and more unbalanced.

At this time, Elaine, after seeing these punishment decisions on her mobile phone, was ecstatic in her heart and danced excitedly.

She hugged her phone excitedly and yelled: “Hahaha, Horiyah, you see the day! Didn’t you drive a big G? Didn’t you buy Cullinan? Didn’t you buy a villa? I see how you pay back these after you came out!”

And in the WeChat group jointly formed with Gina and others voiced in the group: “Oh Elaine, you are too good! You brought Horiyah down in one fell swoop!”

There was this message from the next person: “Yes, Elaine! Your move is really good!”

The third one joined in as she laughed and said: “I have been seeing them unhappy since I lived with their family, and today I finally came out. You still have a way, Elaine!”

Elaine snorted triumphantly: “Of course! I’m not bragging, it’s like playing with Horiyah!”

Gina sighed: “I don’t know where I can buy firecrackers. If I can, I have to set them off to celebrate!”

Upon hearing this, Elaine’s eyes lit up, and then she came out of the room on crutches, moved to the door of Jacob’s room, knocked on the door, and shouted: “Jacob, open the door quickly!”

The somewhat decadent Jacob said impatiently inside: “What are you shooting for? I want to sleep!”

Elaine said impatiently: “If I tell you to open the door, you will open it, why so much nonsense! Hurry up open it for me now!”

After saying that, she began to slap vigorously again.

Jacob had no choice but to open the door, glanced at her, and said annoyed, “Tell me if you have anything to do.”

Elaine looked at Jacob, saw that he was only wearing a pair of briefs, frowned, and said, “Hurry up and put your pants on.” Put it on, and drive me out to buy two sets of firecrackers, I want to set off firecrackers to celebrate!”

“firecrackers?” Jacob muttered dissatisfiedly: “It’s just that the New Year is not around the corner, what kind of firecrackers are you setting off!”

Jacob waved his hands impatiently: “You can pull the ball down! The city is not allowed to shoot crackers during the Chinese New Year, you want to let it go now? Are you kidding me?”

Elaine said angrily: “I just want to do it now! Don’t talk so much nonsense, hurry up and drive me out to look for it, and see where I can buy it!”

Jacob snorted: “You can do that if you want, don’t blame me for not reminding you if you are detained at that time.”

When Elaine heard about the detention, she was startled and panicked.

It stands to reason that she, a ghost of Bedford Mountain Institute, has been detained in both China and the United States. She is already a veteran, and there is nothing to be afraid of.

But the key point is that Horiyah has just been detained, and now she hates Elaine to the bone,

So in Elaine’s view, if she really goes in and is locked up in the same detention center with her, then she will rip her alive?

So Elaine warned her in her heart: “I’d better be more honest during this time...”

Thinking of this, she had already decided to give up.

Seeing her gloomy expression, Jacob sighed deliberately, and said, “Oh, since you want to let go so much, I’ll take you to look for it.”

After that, he grabbed his trousers and picked up the car keys.

Putting on his pants, he said, “Let’s go, let’s go now.”

Elaine's mouth twitched twice, and she waved her hand and said, "Oh, forget it, let's not go."

Jacob asked with a funny face: "Don't forget! You said it yourself, it's such a great event that the whole world celebrates, it can't be justified without setting off some crackers?"

He continued: "I have a friend who seems to be a firecracker, and he has a black warehouse in the suburbs."

"He specially hides fireworks and firecrackers, let's go there directly, I'll give you a whole set of firecrackers with a sound of 100,000 rings, and I'll get you some firecrackers, so it's sure to be lively!"

Elaine was even more excited when she heard this. She shook her head and said, "Forget it, I really won't go, it's too late, I'm sleepy."

She waved her hand and said, "Then what, you go to bed quickly, I'm going back to the room too."
