

So, he said, "Hong Tianshi, it's best not to laugh when you have nothing to do in the future, your face looks very obscene when you smile." Hong Changqing was slightly startled, and subconsciously said, "

Master Wade, it seems that this subordinate is not smiling, right? "

charlie said lightly, "Look in the mirror yourself, your mouth is almost grinning behind your ears."

Hong Changqing quickly turned down the vanity mirror of the co-driver, seeing that he really had a wretched smile on his face, and quickly restrained his smile, said embarrassingly, "I'm sorry, Master Wade, the subordinate lost his temper..."

After finishing speaking, in order to ease the embarrassment, he quickly asked again, "Master Wade, where are you taking the subordinate?"

charlie said, "I will take you Go and see where you work next."

"Where are you working?" Hong Changqing was startled, and asked subconsciously, "I wonder what jobs Master Wade has arranged for his subordinates?"

charlie said casually, "In the next period of time, you Just being a teacher in Aurous Hill, I have set up a venue, and I will get you a group of students in two days, and you will be responsible for teaching them martial arts for me."

"Ah? Teaching martial arts?" Hong Changqing blurted out, "Master Wade! The martial arts mentality practiced by his subordinates is the secret of Taizhen Dao that cannot be passed on. It's thundering!"

charlie nodded, "Okay, just pass it on to me to see if it will be struck by lightning."

"This..." Hong Changqing said awkwardly, "Master Wade, the subordinates are not on your side. I am making excuses before you, but as a martial artist, you naturally know that the most important thing for a martial artist is the martial arts mentality. Most martial arts families and sects cannot come up with a complete mentality, but my Taizhen Dao is different. , My Taizhen Dao martial arts mentality has never been lost for so many years! If I spread this mentality, and others pass this mentality to more people, then my Taizhendao advantage will disappear.

Charlie snorted and asked him, "Who told you that your Taizhendao's martial arts mentality must be complete?" Hong Changqing

said seriously, "Master Wade, Taizhendao's martial arts mentality is written on the bamboo slips and uploaded. The bamboo slips that came down are the products of the pre-Qin period. The entire bamboo slips have not been damaged for more than two thousand years, and the original version is still properly preserved in my Taizhen Dao cave, so it is naturally a complete mentality!" charlie said disdainfully,

"As far as I know, a truly complete martial arts mentality can at least allow one to cultivate to the Great Perfection of the Dark Realm, and a higher-level martial arts mentality can even allow one to break through to the Transformation Realm, or even the Grandmaster Realm. You have never been a master of the dark realm for so many years, you have the nerve to tell me that your mentality is complete?"

charlie didn't just talk nonsense to Hong Changqing.
