

charlie drove out, and Hong Changqing, who had been looking forward to it for a long time at the fork in the road, saw the BMW he was driving all the way.

So Hong Changqing stood up quickly, ran all the way to the side of the road, forced a smile on his face, and waited for charlie to arrive.

charlie also saw Hong Changqing from a distance.

In fact, charlie had already guessed that he would definitely come, and he would definitely be here waiting for him.

So, when he drove to the front, he deliberately slowed down the speed of the car, and then stopped beside Hong Changqing, opened the window, and said with a smile, "Oh, why is Hong Tianshi here? Do you want to take a hot spring?" Hong Changqing hurriedly

hummed "Master Wade... my subordinate... my subordinate is waiting for you here..."

"Waiting for me?" charlie asked with a smile on his face, "Don't you hurry up and prepare to return to the United States, and wait here for me to do it." What?"

Hong Changqing hurriedly begged, "Master Wade, I really know that I made a mistake, please give me another chance."

Then, he quickly took out a few pieces of paper full of words and handed them to charlie, said respectfully, "Master Wade, this is the mentality of our Taizhen Dao, and my subordinates have copied it down verbatim, please read it!" charlie asked curiously, "

Master Hong, why did you suddenly make such a decision?" This kind of decision that violates the ancestral precepts?"

Hong Changqing said awkwardly, "Master Wade, you should stop making fun of your subordinates..."

charlie smiled and said, "Master Hong, to be honest, how can I make you feel sorry for Lie?" What about the ancestors? In my opinion, you should quickly take back this piece of paper!"

Hong Changqing gritted his teeth, and said firmly, "Master Wade, from now on, this subordinate will not be the head of Taizhen Dao! Decided to give up the position of head of Taizhen Dao to my direct disciple, and I will serve you wholeheartedly in the future!"

charlie raised his eyebrows when he heard this, "You're quitting, head?"

"No more!" Hong Changqing said firmly, "Mr. Wade, you are right in your criticism. I can't be a slave with two surnames, so the only way is to quit the teacher's school."

charlie smiled lightly, and asked him, "It's decided?"

Hong Changqing nodded repeatedly, "It's decided! I'll pass on the position of master to my closed-door disciple today! Please rest assured, Master Wade, from now on, the subordinates will only listen to your orders. I will do my best for you!"

charlie smiled, opened the central lock, and said to Hong Changqing, "Get in the car and tell me."

Hong Changqing seemed to be grasping at straws, and hurriedly opened the door to get in.
