

No one understood why the always tough old man would cry like a child. While crying, he took turns wiping away the rolling tears with his sleeves on both sides.

Xion ran up to him quickly, and asked him nervously, "Grandpa, why are you crying on such a good day today..."

The old man realized that he was losing his composure, and hurriedly covered his face to control his emotions, but the more so, the more he couldn't control it, the tears flowed through his fingers and the old folds of his hands, and his body was trembling because of crying, which made people feel distressed.

At this time, only Kairi understood his father's heart.

She knew that her father must be sad that her mother could not see this scene with her own eyes. Sometimes, those who are still alive feel that after waiting for the best result for many years, they go to the grave to share with the deceased relatives, and they will be very pleased to know that they have learned from the spring.

Thinking of it this way, I will feel a lot more relieved.

However, some people are not so open-minded when looking at the direction of the problem.

He would feel that this was the result that his relatives were most looking forward to, but why did the other party fail to live to see all this, and then fell into it deeply, unable to extricate themselves.

Mr. elms is obviously the latter.

In fact, Kairi is also the latter.

Martial arts people believe in strength and pursue changing fate against the sky.

And if you want to change your fate against the sky, the most important thing is to live!

Therefore, they do not believe that there is another world after death.

They know that death is like a lamp going out.

To die is to die.

If their loved ones die with regret, it will be the greatest regret of the living.

Therefore, Kairi didn't try to persuade her father. She knew that if her father didn't let him cry, it would be very difficult for him to get out.

Fortunately, Mr. elms is not a fragile person. After crying for a while, he released the depressed depression in his heart into tears, and he felt a little relieved.

Knowing that today is a day of great joy, he quickly wiped away his tears, and said with a smile, "I'm sorry, let everyone see a joke, shouldn't it be time to offer tea to this old man?"

"Zayne also wanted to get the old man to turn the page quickly, so he quickly asked the people around him, "Where's the tea? Why hasn't it been brought yet? I have to offer tea to my old father-in-law!" "Here we come!" A young

man hurriedly came to him with two cups of tea.

Zayne pulled Kairi, and the two knelt down in front of the old man, one on the left and the other on the right.

Afterwards, Zayne picked up one of the two cups of tea, handed it to Mr. elms respectfully with both hands, and said loudly, "Dad! Please drink tea!" Mr. elms smiled and nodded, and took the tea that

Zayne handed over. He held the tea in his hand, opened the gaiwan with the other, and drank the tea in the cup.

Afterwards, Mr. Elms put the teacup aside, took the teacup handed by his daughter, and drank it down. He looked at Zayne and said seriously, "Zayne, you and Kairi are married. I only have one request for you."

Zayne said respectfully, "Dad, please tell me!"

Mr. Elms held Kairi's hand, looked at Zayne, and said with a serious expression, "You love Kairi, where are you two going to live, and what kind of life will I live?" It doesn't matter, you don't have to come to see me for one year, three or five years, or even ten or eight years. If you don't love her anymore, don't dislike her, let alone bully her, as long as I'm still alive, I, He Hongsheng, won't blame you if you let her return to He's house safely; if I'm not here, you let Xion accompany her. If she comes back and lets her take care of the Elms family, the Elms family will not blame you, can you do it?"
