

. Raising his eyebrows, he asked him, "Are you a warrior too?"

charlie thought for a while, "That's right!"

Feng Zidong couldn't help sighing, "I didn't expect that the son of Senior Brother Bruce, who had been missing for so many years, turned out to be a famous warrior! After that, he smiled slightly and said, "When I was very young

, I was forced by my parents to learn martial arts. After being adopted by Xion's grandfather, I chose to study instead of continuing to practice martial arts. "

charlie asked puzzledly, "Warriors have always asked with all their heart, for the sake of martial arts, they can even give up everything. It is rare for you to give up martial arts for the sake of studies.

Why did you make such a decision? "

Feng Zidong laughed at himself, "My parents, and all the people I came into contact with when I was young, said in my ears about the supremacy of martial arts and death, and I naturally love them. I have been deeply influenced by my eyes and ears, and I have determined to become a martial arts master since I was a child. When I was young, I made a great wish to step into the dark world in my lifetime..." Speaking of

this, Feng Zidong sighed and continued, "But, what I didn't expect is , In the eyes of my parents, martial arts is much more important than me, so when I was six years old, the two of them fostered me in the Elms family in order to seek a breakthrough. Since then, my whereabouts have been unknown for forty years. "

Uncle Elms originally wanted to teach me martial arts, but because I couldn't forgive my parents for abandoning me, I determined not to become like them, so I gave up martial arts and chose to study hard." "

charlie asked in confusion, "Mr. Feng, my father studied business abroad when he went abroad. Since you also entered the business school, why did you become the host again?" "

Feng Zidong said, "I went abroad to study business, mainly in economics. Until 20 years ago, I was still engaged in financial related work in the United States. After working as an analyst, he gradually became the host of a financial program, and finally went to Comprehensive TV Station as a news host. charlie couldn't help saying, "

Your span seems a bit too big." "

Feng Zidong sighed, "Because I knew something by accident, I decided to do everything possible to become a host. I hope that if my parents are still alive, they can see me on TV and read about me. name, hear my voice, so that they may suddenly appear in front of me and recognize me..."

charlie couldn't help but ask, "Did they show up?" Feng

Zidong hesitated for a moment, and said seriously, "Mr. Wade, we can find a safe place to chat slowly after the wedding is over."

There might be something hidden, so he said, "Mr. Feng, this place is very safe."

Feng Zidong shook his head and said with a smile, "I believe in you, and I also believe in Xion, but people outside are not completely trustworthy to me. What I want to talk to you, the person who

hears it must be completely credible, even if there is only a one in ten thousand chance of being unbelievable, I will not say a single word."
