When His Eyes Opened Chapter 2862 — Layla immediately protested: “Don’t put the photos that my mother has never seen at the wedding! Uncle Mike, you have to embarrass me at my wedding to be happy, right?”

“You were very cute when you were young.” Mike complained.

Avery couldn’t help laughing: “Your Uncle Mike likes to take pictures of you crying.”

“Huh?” A series of question marks popped up in Layla’s mind, “What kind of hobby is this?”

“I think it’s fun! You liked to cry when you were young. Maybe it’s because of your brother’s background that you seem to be crying.” Avery analyzed, “Your brother is crying silently. When you cry, it feels like the whole room is crying.”

Layla: “...”

How was it possible for her to reveal such information to her younger siblings?

“Mike, you can send me the photos when the time comes.” Avery said to Mike, “These photos are still very precious if you look at them now.”

Layla sighed: “Mom, I remember that Robert was especially able to cry when he was a child.”

“Yeah! Children love to cry. Your brother is a special case.” Avery comforted her daughter, “You can indeed put some childhood photos at the wedding, it’s quite fun.”

“I have to choose the photos myself. I don’t want everyone to laugh at me.” Layla still cared about her own image.

“Of course. Our family hasn’t had a happy event for a long time. This time you get married, you should have a good time.” Avery thought about it, “Your brother held a banquet when he was ten years old.”

“Didn’t you hold a banquet during the summer vacation?” Hazel asked.

“Only some relatives and friends were invited to that banquet. If the banquet was held normally, the scale would be several times larger than the last one.” Layla explained.

Hazel couldn’t imagine that there were so many relatives in the family.

“Hazel, don’t worry. Although there will be many guests at that time, it doesn’t matter if you don’t want to get to know them.” Avery was afraid that Hazel would not adapt to the environment at that time.

“Mom, I’m fine. I’m probably not as timid as before.” Hazel said. Her fear had subsided ever so slightly since she agreed to emcee her sister’s wedding.

Maybe this was the process of growing up.

After dinner, all gathered in the living room to discuss Layla’s wedding.

The four siblings sat on the other side.

“Brother, I’m about to get married, don’t you plan to find a girlfriend?” Layla started.

“What’s so great about getting married?” Hayden asked back.

Layla: “...”

Robert saw that his sister was deflated, so he said, “Brother, do you have any secrets? Tell us, we promise not to tell our parents.”

Hayden coldly glanced at his younger brother: “With your big mouth, I can tell you everything. If there is something, I won’t tell anyone.”

Robert: “...”

Hayden didn’t want to continue this topic, so he looked at Hazel, “Little sister, don’t you want to learn how to drive? Come on, I’ll teach you.”

Robert: “Brother, let me do such trivial things as teaching my little sister to drive.”

“Then you haven’t taught my little sister yet?” Hayden asked.

Robert fought with his tongue: “I-I want to teach my little sister, but isn’t my little sister an intern? I also have an intern, so...”

“Little sister, let’s go. Your elder brother will teach you how to drive.” Hayden stood up from his chair and said to Hazel, “Put on flat shoes.”

Hazel didn’t dare not listen to her elder brother’s words, and immediately followed obediently.

Layla watched the two of them go out, and looked away: “I always feel that the elder brother is not very happy.”

When His Eyes Opened Chapter 2863 — “Isn’t elder brother like this all the time? He is also happy like this!” Robert didn’t see anything unusual in his elder brother’s mood.

“I’m about to get married, but my elder brother didn’t help prepare for my wedding with my parents.” Layla was puzzled, “Does it have to be late at night to teach my younger sister to drive?”

Robert: “Sister, it’s kind of true for you to say that. I’ll go and see them drive!”

Robert ran out immediately.

Hazel didn’t expect that the two elder brothers would teach him how to drive together.

Before Robert came, she was still a little nervous, but after he came, she relaxed a lot.

“Little sister, you treat the car as a toy. Have you ever seen a child drive a toy car? Now this car is your toy car.” Sitting in the back seat, Robert said to Hazel.

Hayden: “Don’t listen to your second brother. You must concentrate on driving and show higher concentration than your work. As long as you are on the road, it means that any accident may happen.”

“Brother, you will scare my little sister by saying that. Even if you don’t drive, just walk on the road, accidents will happen. If you are unlucky, you will get stuck in your teeth when you drink water.” Robert had a disagreement with his elder brother, “As long as you concentrate normally...that’s fine, if you are too nervous, you will easily become a street killer.”

Hayden glanced coldly at Robert from the rear-view mirror.

Robert immediately shut his mouth.

Hayden taught Hazel to open it once, and then asked her to try it.

“Don’t be afraid, I’ll sit by the side and watch. If there is a problem, I will take action in time.” Hayden was not worried about Hazel’s accident at all.

Hazel could feel the trust of her two elder brothers.

Fortunately, Hayden told her to only drive in a straight line now, and it’s okay to go slower.

So she's moving at turtle speed...

Robert was in the back seat, almost falling asleep.

And Hayden was very patient, and kept praising Hazel for her good driving.

After more than an hour, they came back from practice.

Mike and Chad had already left.

Layla and Eric hadn't left yet.

"Little sister, how is your driving practice?" Layla asked Hazel.

Hazel: "It's not as difficult as I imagined. Elder brother said to practice more."

"Well, you will practice during the day. Although there are fewer cars on the road at night, the vision is not so good." Layla had been waiting for them to come back, and said goodbye, "We are going back too. I will come to you to play when I am on vacation."

The family sent Layla and Eric to the car.

After the car drove out, Avery looked at the vast night, and suddenly felt emotional: "Elliot, I finally understand why you feel sad. The daughter who was raised for so many years suddenly has her own home outside. The day Before When it's dark, we tell her to go home quickly, but now it's dark, the home she wants to go back to is not our home."

Elliot: "It's really cruel."

Hayden, Robert, and Hazel: "..."

"Hayden, go take a shower and rest." Avery thought Hayden had come back to Aryadelle today without feeling tired from the trip and had been busy until now.

"Mom, although Layla is married, she has always been a member of our family. When you want to see her, you can call her back at any time." Hayden persuaded her mom.

"Mom knows. The four of you are very obedient and sensible. Mom is really happy to have you. No matter where you settle down, as long as you live well, mom will be happy." Avery explained her emotions just now, "Mom just like that, because... When you have a child in the future, you will understand the mother's mood of worrying about gains and losses."

Hayden was completely confused by what his mother said.

His mother never urged him to find a girlfriend, never urged him to get married but what she said just now seemed to be giving birth?

When His Eyes Opened Chapter 2864 — Hayden was not in a hurry before because his mother never urged him.

As long as his mother didn't rush him, he was not in a hurry at all.

In addition, his life was filled with work every day, and he had no extra energy to think about other things.

He didn't necessarily enjoy working, but he didn't know what to do if he didn't.

He felt that he should maintain a state of struggle, at least until he was thirty, and not be swayed by his children's personal relationships.

After returning to the room, he took a shower first.

After taking a shower, his tiredness was gone.

He sat down by the bed, picked up his cell phone, and almost reflexively opened his work mailbox.

He went home on vacation early for the New Year.

The company had not yet started the holiday, and the company's executives would send him emails to report work every day.

After reading the email, he glanced at the time, and forty minutes passed before he knew it.

He liked this life very much. He started his business very early and succeeded very early.

But what he did, apart from work, was nothing else.

Looking back suddenly, the age was not young.

He thought about it carefully, and it seemed that there was really no suitable opposite s-e-x around him.

He was used to working with men, used to dealing with men.

It's not that he hated women, but that he gave all his patience to his mother and sister.

In the beginning, it wasn't that he didn't hire women to work by his side at all, but the women he hired would find various ways to express his love to him after working by his side for a period of time.

This happened many times, and when he recruited people, he habitually recruited men.

This caused him to be surrounded almost by men.

It never occurred to him that he would be alone for the rest of his life.

It's just that he had never considered lifelong events, let alone future children.

What his mother said tonight made him unable to bear to think about this issue seriously.

What kind of woman would he like? Where should he go to meet his future partner?

His mind was in a mess and he had no clue at all.

His Mom and Dad were particularly enlightened parents, they would not arrange blind dates for their children like other parents.

So in this matter, he could only rely on himself.

Although he felt that he wanted to be introduced by his parents, they would definitely try their best to help him find one, but it was too embarrassing.

He might as well handle this issue on his own.

So first of all, he needed to figure out why he was looking for a woman.

Was it to have a baby? Or was it to have a talking partner?

He had been withdrawn since he was a child, and he didn't need a partner, so he could only find a woman to have children.

Because it was only for the purpose of having a child, it was sufficient to find a woman with attractive facial features and a pleasant personality.

There were a lot of women like this on the street.

Even he couldn't get them to marry. Continue to live a single life after having a baby.

Thinking of this, he felt that he was going crazy.

It was obviously a very simple thing, but he thought it was very complicated and scary.
Yes, it was terrible.

The thought of having a baby with a woman gave him headaches.

He picked up his phone and sent a message to his assistant: [Are you not married yet?]

The assistant replied in seconds: [No! Boss, why did you suddenly ask this?]

Hayden: [Why don't you get married?]

Assistant:.....

Wasn't it because he's too busy with work, so he didn't have time to get married?

But the assistant dared not tell the truth.

So after hesitating for a few seconds, the assistant replied: [I'm not in a hurry now. Moreover, I have been talking with my girlfriend for several years, and the relationship is quite stable. Whether we get married or not is just a matter of formality.]

Hayden: [Have you had any children?]

When His Eyes Opened Chapter 2865 — Assistant: [No. Boss, why did you suddenly ask me this? If my girlfriend is pregnant, I will not ask for leave because of it. My parents will take care of her, and I can also ask a nanny to take care of her.]

Hayden: [You are not young, why are you still not married?]

The assistant couldn't understand it at all.

The boss was really weird today!

Could it be that the boss was stimulated by something?

Assistant: [Boss, have you been urged to marry by your family? Don't your parents care about your personal affairs?]

Hayden: [My mother mentioned it very implicitly.]

Assistant: [Oh, maybe it's because your sister is getting married! Generally, the oldest in the family gets married first.]

Hayden: [Our family does not have these traditional habits.]

Assistant: [Boss, with all due respect, if I were your mother, I would rush you too.]

Hayden: [???

Assistant: [You have never been in a relationship, which is not normal. If I were your mother, I should take you to the hospital for a checkup.]

Hayden's eyes turned red after reading the assistant's message.

Without even thinking about it, he deleted the assistant!

After the assistant realized that the boss had deleted him, he immediately called Hayden.

Hayden was angry and didn't answer.

So the assistant sent Hayden a friend request: [Boss, I was wrong! Let me introduce you to a girlfriend!]

Hayden agreed to his request because the assistant wanted to introduce a girlfriend to him.

When he agreed to the assistant's friend application, the assistant sent him several pictures of women.

Hayden briefly glanced at the photo: [Why are you sending me so many women?]

Assistant: [Boss, this is all one person!]

Hayden: [...]

He looked at the photo again.

It was no exaggeration to say that every photo looked different.

Assistant: [Boss, this is the most beautiful woman among my relatives! Don't you think she's very pretty?]

Hayden: [I don't think so.]

Assistant: [Ah! Then I will go to other channels to help you find out! The most important thing is looks, right?]

Hayden: [No.]

Assistant: [Huh? Then tell me your requirements. I'll go for it as your required.]

Hayden: [I don't know.]

Assistant:

The assistant was about to scratch the hair on his head bald.

Hayden: [You don't need to worry about this matter, I will handle it myself.]

Assistant: [But your work schedule is full every day, how do you plan to find it? Ask your family to help introduce it? It's also okay, your parents will definitely help you find a very good woman, but in this case, there are also many shortcomings.]

Hayden: [What shortcoming?]

Assistant: [With your dedication to work, even if you have a wife, you must stay away from home every day. Doesn't your wife feel resentful? If you find it yourself, the other party will be wronged if you are wronged. your parents find it, if the other party goes to your parents to complain.]

Hayden: [Got it, I'll find it myself.]

Assistant: [Boss, you finally think about looking for a wife. I'm so happy for you.]

Hayden: [Don't talk about it.]

Assistant: [OK. I promise not to tell anyone, if your mother asks me, can I tell?]

Hayden: [No. I don't necessarily look for it.]

Assistant: [OK. Boss, I won't tell anyone, you should look for it or you have to look for it. Tell me if you have any difficulties, I will help you!]

Hayden threw the phone aside, turned off the lights and lay down.

At night, he had a nightmare.

In the dream, he was surrounded by a group of women. Some of these women were pure and some were coquettish. They all looked at him with smiles, approached him, and called him husband.

He was frightened into a cold sweat by this nightmare.
