Novel When His Eyes Opened Chapter 2898 -Back at the rented room, Joanna sat down beside the bed feeling lost.

She kept thinking about what happened last night in her mind. It's ridiculous and unspeakable.

Hayden was a gentleman.

Joanna took the initiative last night. She saw Hayden soaking in the water, even buried his head in the water. At that time, she was very afraid that Hayden would suffocate to death.

If Hayden died like this, the police would definitely take her away.

After all, it was just the two of them in the room.

Out of various considerations, she pulled Hayden out of the water.

After pulling Hayden out of the water, things got out of control completely afterwards.

She admitted that she was confused by Hayden's appearance.

If it was an ugly man, she would have run away long ago.

But because it was Hayden, she did the most extraordinary thing in her life.

Afterwards, apart from feeling a little ashamed, she had no other emotions.

If Hayden hadn't been tricked by someone, she wouldn't be able to sleep with such an excellent man in her life.

She felt that she had made money, so she didn't take the money Hayden gave her.

"Joanna, aren't you going to work today?" The roommate saw that the door of her room was ajar, so she opened it and walked in.

Joanna shook her head: "The editor-in-chief gave me two days off."

"Your editor-in-chief would be so kind to give you a vacation? Does she want to fire you?" The roommate sat down beside her, trying to help her analyze.

"I got the exclusive photo of Eric and Layla's wedding, and I did a great job, so the editor-in-chief gave me a vacation." Joanna calmly explained.

The roommate: "F*ck! Joanna, how did you get the exclusive photos? You didn't tell me about such a big deal! Also, when did you come back last night? I didn't even hear about your return."

"Three o'clock in the morning." Joanna lay down on the bed and said lazily, "Don't ask, I'm so tired."

The roommate: "No, you have to tell me how you got the exclusive photos! Didn't you say that the wedding security was so strict that not even a bird could fly in?"

"That's right!" Joanna closed her eyes, "I got in by looking for connections."

The roommate: "You actually have such a good relationship!"

"My primary school classmate works as a waiter inside." Joanna opened her eyes, "Do you still think it's awesome?"

"Amazing! Why not? As long as you're better than me, I think it's awesome." The roommate sighed, "I sent out more than 300 resumes, and they all fell to nothing. Joanna, is your company hiring people?"

"If you don't revise your resume, no one will dare to recruit you." Joanna couldn't laugh or cry, "Is your resume still the same sentence?"

"No! I revised it!" The roommate showed Joanna her revised resume, "Look, I added another sentence."

Joanna: "..."

Juliette, Joanna's roommate, her family run a business that appeared to sell building supplies.

After Juliette graduated, her family arranged a blind date for her.

She was dissatisfied with her blind date, so she ran out and hid.

After she ran away, her family cut off her source of income, so in order to save money, she shared the rent with Joanna.

Novel When His Eyes Opened Chapter 2899 -Before Juliette ran away from home, she had been living a life without worrying about food and clothing. How could she have been severely beaten by the society.

So her resume was cleaner than her face.

She just wrote about where she went to university for a few years to a few years. She was now adding sentences, which were not bad habits.

“I really don’t know how to make it up. I didn’t take any certificates when I was in college, because my parents said that I don’t need to take the exam. They let me work in the company at home after graduation, so I don’t have to go outside to suffer. Who knew I was always forced to go on a blind date after graduation?” Juliette sighed in pain.

“Then let me change it with you?” Joanna got up from the bed.

Juliette shook her head: “Forget it! I’ll go back when I run out of money.”

Joanna: “Have you thought about it?”

Juliette: “Looking at how hard you are working and not earning much money, I think it’s better for me to go home.”

Joanna was deeply touched by Juliette’s words.

Joanna: “You’re right. No matter how hard ordinary people work, they can’t make much money. When you go back to your parents, at least you don’t have to worry about money. If you don’t like the date, you can change it.”

Juliette: “Joanna, you’re talking a little strangely today. Are you stimulated?”

“I haven’t seen the life of a rich man before. I saw it yesterday. It’s really exciting.” Joanna thought of Layla and Eric’s wedding gift, and wondered how many years she would have to work hard to earn it.

Juliette: “That’s why reincarnation is a skill. Joanna, when I go home and have money, I’ll lend you the money, and you first pay off the debts your family owes.”

Joanna shook her head: “No need. I’ve worked hard this year, so I should be able to pay back almost.”

“Why are you being polite to me! I see that you really feel sorry for your frugality. I lend you money, but I don’t ask you to charge interest. From now on, you can pay back whenever you have money.” Juliette expressed her sincere thoughts, “Otherwise I’ll always eat your cooking, and I’ll feel bad about it.”

Joanna: “It’s the food you bought, so why not feel sorry for it.”

“Our family hires a nanny to cook, and it costs a lot of money a month. I can’t prostitute you for nothing!” Juliette said here, afraid that she would misunderstand, and quickly explained, “I don’t treat you as a nanny, I just want to help you.”

“Haha, there’s nothing to explain. If you want to help me, it’s too late for me to thank you. How can I misunderstand your intentions!” Joanna said sincerely, “But I really don’t need to ask you to borrow money. If I meet you in the future If there is any difficulty, I will find you again.”

“Okay! But I think you are very thin-skinned. If you didn’t get to the point where you couldn’t eat, you would definitely not look for me.” Juliette teased.

“I shouldn’t be so messed up that I can’t eat, right?” Joanna couldn’t laugh or cry.

Juliette: “I’m assuming that.”

Joanna: “Don’t curse me! Can’t you pray that my job will go smoothly, that I will rise to the top and become rich overnight?”

“Think about it for yourself, with your job, can you get rich overnight?” Juliette couldn’t bear to hit her, but she didn’t want her to devote all her energy to other people’s careers, “Believe it or not, the two of us Even if you go to open a milk tea shop, you will earn more than you go to work.”

Joanna: “It takes a lot of money to open a milk tea shop, and I don’t have the money to open a shop.”

“I’m wealthy! Why don’t we open a store together when I’m wealthy? You contribute, and I pay for it.” Juliette planned, “What we earn or loss, it’ll half and half. What do you think? How about it?”

Joanna: “...”

Juliette: “Why are you in a daze? Are you still reluctant to part with your job?”

Joanna shook her head violently: “Juliette, I have no experience in opening a store, I’m afraid I’ll lose your money.”

Juliette: “If you lose, you lose! What if you make money? If I make money, I won’t be controlled by my parents anymore. Let’s try!”

Joanna: “Don’t be impulsive. You haven’t come home yet, let’s get through the current life first.”

Juliette sighed: “That’s right. Then I’ll go shopping.”

Joanna: "Well, if you don't want to go out, you can buy it on your mobile phone. I'll sleep for a while and get up at noon to cook."

Juliette: "Okay. You go to sleep."

Novel When His Eyes Opened Chapter 2900 -A week later.

Hayden ended his vacation in Aryadelle this time.

Avery and Elliot sent Hayden to the airport.

"Hayden, since you want to find a girlfriend in your heart, then you go over there, pay more attention to see if there is a suitable girl, and take the initiative." Avery reminded, "Fate will not fall from the sky, you need to fight for it yourself."

Elliot: "Are you really not considering moving the headquarters back to Aryadelle? Or opening a branch in Aryadelle is also fine."

Avery hoped that his son would find someone and Elliot hoped that his son would return to his side.

Hayden: "I'll consider what you said. Go back! I'll call you when I arrive."

"Well. If you don't drink very well, don't drink so much in the future." Avery thought for a while and added this sentence.

As soon as Avery talked about wine, Hayden suddenly thought of how he was plotted against at Layla's wedding.

Although the incident had passed, Hayden would never forget what happened that night in his life.

His first time, he stayed with a strange girl for a while. Up to now, he could hardly remember what that girl looked like.

Because that night he was in pain all over, and all his remaining sanity was used to fight against the effects of the medicine.

"Understood." Hayden waved to them after responding to his mother's words, "I'm going to the waiting room."

"Go!" Avery watched Hayden enter the waiting room before leaving with Elliot.

On the way back, Elliot's cell phone rang.

Elliot picked up his phone and saw that it was Wesley's call.

Wesley and Avery had a better relationship, so when Elliot saw Wesley's call, he answered it immediately without thinking too much.

Avery turned her head to the side and pricked up her ears to watch Elliot talk on the phone.

Not knowing what Wesley said on the phone, Elliot's face suddenly darkened, and his fingers holding the phone tensed.

"Where are you now?!" Elliot yelled out.

Listening to his hysterical roar, Avery suddenly had an ominous premonition in her heart.

Could it be that something happened to Shea?

Elliot hung up the phone and asked the driver to drive to the third hospital.

With a stick in his throat, Avery reached out to hold Elliot's big palm: "Did something happen to Shea..."

Elliot's eyes were red, and his voice became hoarse: "Wesley said Shea had brain failure, and it was diagnosed years ago, and she kept it from us."

"Brain failure..." Avery muttered, her eyes suddenly lost their luster.

"Is there no cure for this disease?" Elliot took Avery's hand back and squeezed it hard.

"Elliot, I have to look at her specific situation first...but don't get too hopeful. You also know that Shea's brain has been seriously injured before...more than once. The corresponding treatment measures may not be very effective for Shea." Avery didn't want to lie to Elliot.

Elliot held back the tears in his eyes, looked at Avery's face, "Are you saying she's hopeless?"

"I don't know... The progress of medicine has been very slow. We can't prevent birth, old age, sickness and death, and we are still helpless for many serious diseases. Even if we don't get sick, we will die of old age. Elliot, cheer up."

Avery held Elliot's hand with both hands, hoping to give him some comfort.

Third Hospital.
