### Novel Chapter 2966 –

The moment Joanna saw Hayden, Hayden also recognized Joanna.

Joanna wore a peaked cap and a mask on her face to completely cover herself, but her eyes were easy to recognize.

Her eyes were round and bright, as if she had never been beaten by society.

“You bought the ticket yourself?” Hayden was already suspicious.

“No, Layla gave me the ticket.” Joanna also became suspicious, “Is your ticket also given to you by Layla?”

Hayden nodded.

Joanna couldn't sit still in embarrassment.

Layla's careful arrangement was too direct. She didn't know if Hayden would be angry.

Hayden looked at Joanna's bewildered eyes, thought for a while, and said:

——“You don't mind.”

——“Mr. Tate...”

The two spoke in unison.

“Mr. Tate, you talk first.” Joanna said politely.

Hayden wanted to know what was going on in her heart, so he also became more polite: “You should talk first!”

“Oh okay!” Joanna took a deep breath and begged, “Don't be angry with Layla because of this. Even if Layla did something wrong, she was kind...she really very good.”

Hayden couldn't help laughing.

Layla was his own sister, what kind of person was Layla, could he use her to explain it?

“You worry too much.” Hayden replied, “Layla is my own sister, don't you have a younger brother? If your younger brother makes a small mistake, will you be angry with him?”

Joanna thought for a while: "My brother is very sensible."

Hayden: "My sister is also very sensible."

Seeing that Hayden didn't seem angry, Joanna breathed a sigh of relief: "It's fine if you don't get angry. She gave you the ticket without telling me."

"She doesn't dare to tell. I'm afraid you won't come if she tell you." Hayden's tone was flat.

"It's actually okay! You're not that scary. I'm just a little worried about causing trouble to you." Joanna opened her heart, "I like this pianist very much. Even if there are ten of you here today, I should come too."

Hayden admired Joanna's candid attitude.

"Miss Picard, you didn't cause me any trouble. Whether it was a year ago or now." Hayden hoped that she would be more confident and not feel humbled in front of him, "I don't want my identity to cause you a lot of pressure. In fact, You're excellent, and everyone who works hard is excellent."

Joanna: "Haha, thank you for encouraging me. I will continue to work hard."

After the two chatted for a while, the concert officially began.

After the concert started, Joanna devoted herself to the performance on stage.

Hayden didn't know how to appreciate music, so he didn't plan to come today, but Layla forced him to come.

After a while, Hayden's phone screen lit up.

Hayden clicked on his phone, and it was a message from Layla: [Brother, I waited for a long time, but you didn't scold me. How strange!]

Hayden: [...]

Layla: [Brother, you are playing on your phone. This concert is very exciting. You are listening! After listening, wait for you to come back and tell us how you feel.]

Hayden: [...]

Layla: [By the way, after listening to the concert, you can invite Joanna to go for a walk outside and go shopping, and then have a meal together. In the evening, you can bring Joanna back to see Dorian. then, you can send Joanna home.]

Layla was afraid that her brother would not be enlightened, so she sent a message to remind him.

Hayden didn't reply to his sister again.

After watching the concert later, let's see Joanna's attitude!

Hayden usually stayed at home on weekends, but staying at home was really boring.

Dorian's presence at home has caused a significant decrease in his parents' focus.

Nobody cared what he did at home, nor did they care what he did each day at company.

They are only cared with whether he has a son and whether he has fulfilled his responsibilities as a father.

Two hours later, the concert ended.

Joanna was going to leave. But she saw the woman sitting on the other side of her walking towards the stage, seemingly planning to take a photo with the musicians.

Joanna asked Hayden in shock: "Can I take a photo with the musicians on stage?"

Hayden replied: "The first row is fine."

"Ah? Really? Then can I?!" Joanna smiled excitedly and raised her eyebrows.

Hayden nodded: "I'll accompany you there."

Joanna: "Okay! Thank you!"

The two made their way up to the stage, queuing behind the audience who had gone first.

After a while, it was Joanna's turn.

Joanna turned on her mobile phone and handed it to the staff who helped to take pictures.

Hayden watched quietly from the side.

After she finished taking photos with the musician, she immediately waved to Hayden.

“Mr. Tate, why don’t you take a picture too!” Joanna’s smile was particularly contagious.

Hayden didn’t bother to take photos with anyone other than his family, but when Joanna called out right now, he walked over.

He did not disappoint now that he had come to the concert.

Joanna took her mobile phone and took a group photo for Hayden and the musician.

After filming, the two walked off the stage.

“You can just call me Hayden. It seemed strange to call Mr. Tate.” Hayden said.

Joanna was stunned for a moment: “But don’t you also call me Ms. Picard?”

Hayden: “Then I will call you Joanna from now on.”

Joanna said, “Okay! Everyone calls me Joanna and I’ll call you Hayden!”

Hayden: “Alright.”

“Why don’t you still not look good in the group photo? You are very good-looking, but your expression is not so good.” Hayden noticed the photo and asked Joanna who sent it.

Hayden pondered whether or not to invite Joanna outside to go shopping. Joanna concentrated on looking at the photo, not realizing Hayden’s little thoughts.

“I’m so sorry! I should have put on makeup today.” Joanna looked at the photo of herself, regretting endlessly, “I haven’t washed my hair for three days, it’s so oily.”

Hayden: “Then why weren’t you wearing a hat just now?”

“I feel that wearing a hat seems disrespectful to the master.” Joanna took a group photo and clicked to beautify it. After the beautification, it looked much more comfortable.

Hayden glanced at the photo of her beautification: “It’s more real without beautification. After beautification, it looks very fake.”

“Fake? My makeup looks thicker than this.” Joanna just adjusted the beauty level to be very low.

“What kind of makeup do you have?” Hayden had never seen her put on makeup.

Joanna: “I put on makeup when I was in the hotel. I also put on light makeup when I was working in the shop. Can’t you see the difference?”

Hayden stared at her plain face for several seconds, and commented: “Is there any difference between what you are doing now and when you were in the store?”

“Okay! I really don’t know whether you are praising me or belittling me.” Joanna blushed in embarrassment, “Are you going home now?”

Hayden raised his head slightly and glanced at the sky. The weather was fine.

“What about you?” Hayden asked secretly.
