Novel Chapter 2972 -Joanna ignored this.

“Forget it then! I’m afraid of disturbing him.”

Seeing Joanna being so polite, the front desk lady wanted to help her.

“Ms. Picard, wait a minute. I’ll make a call to ask Mr. Tate if he’s busy right now.” After the front desk lady finished speaking, she immediately picked up the handset and dialed the internal line of the general manager’s office. “Ms. Picard brought kimchi, please ask Mr. Tate if he wants it.”

Joanna: “...”

ah! It’s embarrassing.

Originally, she didn’t want to bring kimchi to Hayden.

This was mom’s kimchi.

Just because Hayden invited her to a meal on the weekend and packed a dinner for her mother back home, so her mother insisted that she bring kimchi to Hayden today.

Joanna felt that people like Hayden might not be used to kimchi, but her mother thought that although kimchi was cheap, it was at least a kindness, a gift in return.

After returning the gift, she would not worry about owing others favors.

After a while, the secretary of the general manager’s office replied: “President Tate asked Ms. Picard to come up.”

“Okay.” After the front desk hung up the phone, she immediately smiled and said to Joanna, “Ms. Picard, Mr. Tate asked you to go up. I will take you there.”

The front desk enthusiastically took Joanna to the elevator door, and helped Joanna press the floor.

“After the elevator arrives, you go directly to the office without the address number, which is Mr. Tate’s office.”

“Okay, thank you!” After Joanna thanked, the elevator door slowly closed.

After a while, the elevator reached the designated floor, and with a ‘ding’ sound, the elevator door opened.

Hayden's assistant Hailee stood outside the elevator door and waited.

Seeing Joanna coming out, she immediately said enthusiastically: "Ms. Picard, I am Hailee, President Tate's assistant. Come with me."

Joanna obediently followed behind Hailee and walked towards Hayden's office.

The office areas on this floor were all pure white.

Whether it was wall, door, or window decoration, it was like entering another dimension.

She looked around curiously, and found that the interior decoration of each office was different.

It's not as strong as the pure white stimulation outside.

If she worked in a completely white space, it would be very depressing.

"Ms. Picard, we're here. Go in!" Hailee said with a smile, "President Tate is just about to have lunch, I hope your kimchi can suit his appetite."

Joanna didn't know what to say except to laugh in embarrassment.

She didn't know if kimchi would suit Hayden's taste.

She liked the kimchi her mother made quite a bit because it wasn't overly sweet, sour, or spicy.

After entering the office, Hayden invited her to sit on the sofa.

"I won't sit down...my mother asked me to bring kimchi. You invited us to dinner on Saturday, and my mother insisted that I bring you some kimchi. If you don't like it, you can throw it away. I'm fine." Joanna handed him the bag.

Hayden took the bag and took out the jar from it.

The jar was very clean, although it had not been opened, but could already smell a fragrance.

"Have you eaten yet?" Hayden asked, "I haven't eaten yet, why don't you go after eating! If kimchi doesn't suit my appetite, you can eat it."

Joanna couldn't find the words to respond.

Because what he said made sense.

Her Mother really didn't want to waste the kimchi that she worked so hard to make.

"Where do you eat? In the office?" Joanna didn't see any food in his office.

"This way." Hayden took the kimchi and walked towards the room next to the office.

Unexpectedly, there was a rest room next to the south of the office.

There was a bed, a sofa, and a dining table.

Novel Chapter 2973 -"Why do you have a computer here?" Joanna looked at the computer in his rest room, not understanding why there were computers in both rooms.

"This is for playing games." Hayden replied.

There was a lunch on the table: one soup and three dishes. It's only for one person.

"I'll ask Hailee to bring another meal. You eat first." Hayden handed her the rice.

Without even thinking about it, Joanna handed the rice back to him: "Is this your special lunch box? You should eat it yourself. I'll be fine later."

Hayden's cheeks 'swish', and a layer of blush appeared.

"Sorry, I forgot this is my lunch box." Hayden opened the lunch box.

Joanna smiled and opened the lid of the kimchi: "It's okay. I know you kindly want me to eat first."

Hayden picked up a piece of radish with his chopsticks and put it in his mouth.

The radish was particularly crispy, with a sweet taste in the mouth, followed by a little sour and a little spicy.

After eating one, Hayden couldn't help but take another piece.

"Hayden, you don't have to eat for my mother's face. You can eat it if you like it, and you don't have to force it if you don't like it. I don't mind at all." The reason why Joanna said this was because Hayden ate a piece of radish. Talking, there was no expression on his face.

Typically, after eating a piece, he would express his desire to continue eating.

“It’s delicious.” Hayden replied, “Go back and thank your mother for me. I will keep this bottle of kimchi.”

Joanna smiled brightly, it seemed that it was to his liking.

“My mother also made capers and sweet garlic. I can bring some for you to try next time. The taste is similar.”

“Okay, thank you.” Hayden accepted her kindness.

Joanna: “I didn’t expect you to like eating such a cheap thing.”

“I also eat rice every day, because I am human.” Hayden explained solemnly.

Joanna blushed with a smile. She looked at the dishes on the table and asked, “Did you buy your lunch outside?”

“I ordered it at a restaurant near the company.” Hayden replied, “Occasionally, I also eat in the company cafeteria.”

Joanna: “oh.”

“How do you eat every day?” Hayden asked.

“I’ll bring lunch.” Joanna felt that getting along with him seemed less and less tense than before. “There is a microwave oven in the shop, just use it to heat it up at noon. It’s very convenient.”

Hayden asked again: “Do you get up early every day to cook?”

“No. I made more the night before and put it in the refrigerator. I can’t get up too early in the morning.” Joanna explained.

“Is the overnight meal not very nutritious?” Hayden had never eaten the overnight meal.

However, he was aware that many office workers, like Joanna, prepared their own food, and that even overnight meals were more hygienic than takeout.

“It should be fine, it hasn’t been more than 24 hours! The main reason is that my mother’s cooking is delicious, and I’m tired of eating takeaways, and I’m a bit uncomfortable with it.” The smile on Joanna’s face was sweet, as if she hadn’t suffered a lot.

Hayden: “Is your mother taking care of you now?”

Joanna hesitated for a moment, then nodded.

At this time, Hailee came over.

Hailee not only took one portion of rice, but also two extra portions of side dishes, and another portion of chopped fruit.

When the vegetables and fruits brought by Hailee were placed on the table, the table was almost full.

This sumptuous lunch made Joanna nervous again.

“Ms. Hailee, do you want to eat together? This rice is a bit too much, I can give you half of it.” Joanna said sincerely.

Hailee: “Hahaha, no need, you guys eat, don’t worry about me.”

After Hailee finished speaking, she quickly stepped back.

Novel Chapter 2974 -“There are so many dishes, the two of us definitely can’t finish it.” Joanna looked at the table full of dishes and sighed.

“If you don’t want to waste it, I can let you pack it and take it away.” Hayden knew that she was a relatively easy-going person, so when he was with her, he became much more easy-going.

“This is not good!” Joanna smiled awkwardly, “Let’s finish eating as much as possible! I just happen to be a little hungry.”

“Eat more. You can take away the fruit when you can’t eat it later. I don’t like fruit.” Hayden didn’t usually have the habit of eating fruit.

He thought the fruit is too sweet or too sour.

Might as well drink plain water.

“I like to eat fruit very much, but I rarely buy it.” Joanna replied, “Fruits are too expensive now.”

“Then you’ll come to my house to get so many fruits.” Hayden said and picked up another piece of radish.

The kimchi her mother made was really good.

More appetizing, but also very good meal.

“I can’t go empty-handed, can I? That’s not good.” Joanna’s nervousness gradually discouraged, “My parents said that you can’t go to someone else’s house empty-handed. I know your house doesn’t lack anything, but I still think it’s not right to go empty-handed.”

“Then you can buy something cheaper.” Hayden gave her advice.

“No need! I’m not as poor as before.” Joanna smiled, with two dimples at the corners of her mouth, “But you can give me some advice, besides fruits, what else can I buy to take to your house? Woolen cloth?”

Hayden didn’t suggest: “Then you can buy some fruit!”

“Can’t you think of anything else?” Joanna noticed, “Haven’t you been to other people’s houses to play?”

Hayden: “Can you tell?”

“Guess. Since you are so young and your career is so successful, you must have given it a lot of thought.” Joanna said that she understood, “Your mother also told me that when you were a child, you lived alone in another country. Say you don’t like making friends.”

“I think it’s a waste of time.” Hayden said frankly.

“Then you are eating with me now, are you wasting your time?” Joanna couldn’t help thinking.

“Even without you, I still have to eat now.” Hayden said in a relaxed tone, revealing his feelings, “People change with age. Including various changes in thinking.”

Joanna understood what he meant, and a smile appeared on her face again: “It’s good, you can go out and walk around more in the future. Many beautiful pictures in this world are in nature.”

Hayden: “Um.”

After lunch, Joanna packed away the unfinished vegetables and fruits.

Back at the dessert shop, Juliette looked at the leftovers and fruits Joanna packed and gave her a thumbs up.

“I’m really convinced of you. Can you stop acting like I don’t pay you a salary!” Juliette saw that the fruit box was full, so it shouldn’t be their leftovers, so she ate it politely, “How do you make people think like this?”

“Hayden asked me to pack it. I was embarrassed at first, but I think he really wanted me to pack it, so I packed it.” Joanna was too full for lunch, and couldn’t eat anything anymore, “Juliette, I know you must think that I have no image like this, but I don’t want to fall in love with him, so I don’t have to care too much about the image.”

Novel Chapter 2975 -“He already invited you to dinner in his office. Isn’t this what you two call dating?” Juliette felt that their relationship, even if it wasn’t a relationship, was definitely not an ordinary relationship.

“It’s just a meal, it’s definitely not counted. And it wasn’t that he wanted to invite me to dinner, it was because I brought him kimchi, and he invited me to dinner out of politeness. I don’t know how embarrassing it was at that time. After I went over, he asked his assistant to buy another meal.” Thinking about it now, Joanna wanted to find a hole in the ground.

“Hahaha! He accepted your kimchi, which means he still has a little affection for you, otherwise he would definitely not want your kimchi. He has never eaten any delicacies from mountains and seas. Can you be rare about your kimchi?”

Joanna had a different opinion: “Is it possible that he eats too much delicacies and wants to eat some kimchi for a change?”

Juliette: “I understood!!!”

“What did you understand?” Joanna was startled by her sudden scream.

“Hayden has seen a lot of rich ladies and famous ladies, and when he suddenly sees a woman from an ordinary family like you, he will feel a novelty. The more you behave differently from those rich ladies, Hayden’s interest in you will thicker.” Juliette felt that she had understood it, “Joanna! You have a great chance!”

Joanna was shocked by her words: “Juliette, Hayden and I are absolutely impossible. It is no exaggeration to say that every time I see him, I am so frightened that my legs go limp...”

“Is there still a rapid heartbeat?” Juliette asked after eating the fruit.

Joanna nodded: “In short, I am very nervous!”

“It’s right to be nervous! Because you’ve fallen in love with him deeply!” Juliette concluded based on her years of experience in love, “Believe me, you just fell in love with him!”

Joanna: “...”

“Based on Hayden’s current attitude towards you, he should have a little affection for you. But this affection is not enough to support him to confess his love to you. After all, a successful person like him is more cautious than ordinary people in everything he does.” Juliette continued to analyze, “He should be in the stage of investigating you now!”

Joanna trembled: “Juliette, stop talking. Otherwise, I won’t dare to go to his company to deliver desserts next time.”

“Can you be a little promising? If you can marry Hayden in the future, our dessert shop will not have to worry about it!” Juliette began to conceive a blueprint for future success, “Maybe, With Hayden’s help, our dessert shop can get listed as a business.”

Joanna couldn’t continue chatting with Juliette, so she turned around to do other things.

On a Tuesday afternoon, there were no customers in the dessert shop.

Joanna was looking at the books in the office.

She didn’t have a background in finance, but after running a dessert shop, she had learned a little bit about everything.

Juliette took a lot of risk to find her family and took the money to invest in dessert shop. Joanna wanted to work hard so that Juliette would no longer be forced by her family to go on blind dates.

“Boss, there is a very beautiful girl looking for you.” The front desk girl knocked on her office door and said with a smile.

Joanna immediately walked out of the office, and saw Hazel standing in the shop at a glance.

“Hazel, why are you here?” Joanna was very surprised, thinking that Hazel was here to buy desserts, “What do you want to eat, I’ll treat you to it.”

Hazel unceremoniously asked for a chocolate cake and a cup of hot milkshake.

“Do you have no class this afternoon? I remember that your university seems to be quite far from the city. Did you come out alone?” Joanna dragged Hazel to her office to chat.

“Sister Joanna, I came here to see you.” Hazel took out a small gift box from her bag, “This is a small gift I picked for you, I wonder if you will like it.”
