

Read Married at First Sight Chapter 2644

Married at First Sight Chapter 2644-Matriarch Farrell added: "From now on, you will be self-reliant outside. Whether you live or die depends on your ability. Don't think that because you are my children, I will be soft-hearted. Those who betray me will never end well."

"Mom, we know we were wrong, and we will never give money to dad again."

Marco quickly admitted his mistake and stated that he would never give money to Holden again.

Others echoed.

According to Matriarch Farrell, she gave them everything. If they lose their identity as the young master of the Farrell family, leave the Farrell family group, and move out of the Farrell family, they would be nothing.

Even if the love is deep and money, status, and interests are involved, they will still choose the latter.

Who told Holden to be dissatisfied? They gave him a little money, but he actually used it to pick up girls. Didn't he know that his wife was a tigress?

"I'll cut off all the flowers and plants that the three of you are causing trouble outside! If you let me know that you are still keeping mistresses outside, I will expel you all from the house."

In the past, when Matriarch Farrell knew that her sons had a mistress outside, she would not react too harshly. That is, the last time she asked Kathryn to open her warehouse and pick out jewelry for each of the three daughters-in-law. Give it to them to appease them.

This time, after experiencing the rage of Holden's betrayal, she understood her daughters-in-law and sternly warned her sons.

The three brothers lowered their heads and did not dare to say anything.

"Go away; don't stay here anymore; it makes me furious just looking at you."

Matriarch Farrell scolded her children.

The four siblings hurried back to their rooms.

Kathryn quietly said to Erika, "Sister-in-law, take some ice cubes back to the room and apply them on my eldest brother's face."

Erika stole a glance at her mother-in-law and then left quietly.

She wanted to do what Kathryn said.

At this moment, she felt that her sister-in-law should be kissed.

Unlike Shiloh, she was just a white-eyed wolf. No matter how nice Erika was to her, it was useless.

Seeing this, the second and third young mistresses also went upstairs to get ice cubes and put them on their husband's faces.

Now that their mother-in-law was back and someone was supporting them, their husband would not dare go out to find the mistress again, and their lives would be restored to peace.

Of course, their relationship with Shiloh, the fake sister-in-law, was completely strained.

Anyway, the Farrell family would be handed over to Kathryn from then on, and Kathryn was their biological sister-in-law.

Shiloh had no one to give her ice cubes to apply on her face.

Kathryn looked at Holden, who was still kneeling, brought him ice cubes, and said to Matriarch Farrell, "Mom, you have beaten him, scolded him, and punished him. My father is still young, so let him Get up and go back to his room to apply some medicine on his face."

Matriarch Farrell said to her husband, "Holden, let me tell you again; you have already betrayed me twice. If we get divorced a third time, you can find as many young women as you want."

Holden was shocked. He felt that his dignity had been ruined by being beaten and punished, and he hated this tigress in his heart, but he was unwilling to divorce her.

Firstly, Holden was already over seventy, and secondly, his relatives in the Janzen family all depend on the Farrell family for their lives. If he divorced Matriarch Farrell, his family members would lose all the benefits, and they would be forced to pay back the benefits they received before.

Holden knew very well how ruthless Matriarch Farrell was, having been married to her for decades.

“Honey, I know I was wrong. I really know I was wrong. I promise, there won’t be another time. Please forgive me. For the sake of your children, forgive me this time. I will never do anything wrong to you again.”

Holden swore a poisonous oath.

“Go away; I don’t want to see you now!” Matriarch Farrell was cursed.

“Yes, yes, I’m leaving now.” Holden quickly got up. Because he had been kneeling on the keyboard for too long, he almost fell down when he stood up. Kathryn quickly helped him.

Married at First Sight Chapter 2645-Kathryn put the ice cubes she had brought into Holden’s hand and asked him to go back to the room and apply ice cubes on his face.

Holden took the ice cubes and climbed upstairs.

There were only Matriarch Farrell and Kathryn in the hall.

Kathryn sat back next to Matriarch Farrell and comforted her: “Mom, my dad knows he was wrong. He will definitely not dare to do that in the future, so don’t feel bad.”

Matriarch Farrell sighed and said to Kathryn, “Your dad is very dissatisfied with me. He is just afraid of my power and methods and does not dare to resist. In the eyes of outsiders, we are a loving couple, but I know better than anyone what’s going on inside.”

Kathryn: “Mom, since you know, why do you still want to live with Dad?”

After Matriarch Farrell was silent, she said, “Because your dad is very fickle, he has no future, but his family depends on our Farrell family for their livelihood. He has to consider the future of his Janzen family.”

Kathryn: “Mom, you and your four brothers and sisters should also consider it for you. As long as he makes no big mistakes, you will not divorce him.”

Matriarch Farrell: “I think that if you don’t give him money, even if he has evil intentions, he won’t have the ability. He ignores your brother, and they will respect him.”

Kathryn said, “Mom, now you have warned my three brothers that they will not dare honor my dad in the future. My dad will be even more dissatisfied with you.”

Matriarch Farrell: “So what? The day he chooses glory and wealth and becomes the son-in-law of my Farrell family, he should be mentally prepared. In this family, he can’t even think of being the master of the family. Kathryn, in the future, if you recruit a son-in-law, it’s better to recruit a weak man like your father with weak points.

Don’t expect to find a powerful man like Mr. Hayden Queen. That kind of man will not become a son-in-law for a woman from our Farrell family.

A man like your dad is easy to control. Your dad always hopes that his daughter will come to power and that he can dominate. Oh, just wait. As long as I’m alive, there will be no chance of him turning over. Before leaving this world, I will kill him first, and I will never let him act like a father and dictate to you.”

Kathryn guessed that the previous matriarch, Farrell, died at the hands of her own mother. She knew that her mother was a cruel and ruthless person, but she was still shocked when she heard what her mother said with her own ears.

She said, “Mom, I’m not Shiloh. Dad can’t tell me what to do.”

Matriarch Farrell looked at Kathryn for a while, then suddenly smiled and said, “That’s right, you have my blood in your body, so you are not that easy to control. I know that I can live for another ten years without any problems. By then, your dad might be dead.

Even if I’m not dead, I will lose my teeth because of my old age, and I won’t be able to do anything if I want to do it.”

“Mom, don’t be sad. You already knew what kind of person my dad is. It’s not worth ruining your body for someone like him.” Kathryn comforted Matriarch Farrell: “How about I go out for a walk with you, mom?”

Matriarch Farrell took a few deep breaths and said, “No, I feel tired and want to be quiet. You can go do your work. I’ll just be quiet for a while.”

Kathryn said, “I’ll go back to the company tomorrow. Mom, I’m worried about you being like this.”

Matriarch Farrell looked at Kathryn, raised her hand, and touched her face. Her sharp eyes softened a bit, and she said, “Kathryn, I may be a loser. I’m not good at being a mother, and I’m not a good wife either. Sitting in the position of matriarch, I have not led the Farrell family back to its peak. It is worse than when my sister was here.”

Matriarch Farrell suddenly felt that this might be her retribution.

Back then, she was frantic and plotted to harm her eldest sister’s family, and her younger sister also died under her plot.

She did not directly kill her sisters with a knife, but she planned their deaths and killed them.

Kathryn didn’t answer and didn’t know what to say.

Withdrawing the hand that touched Kathryn’s face, Matriarch Farrell suddenly said to Kathryn: “Kathryn, since you are not going back to the company, go and help me do something; go to the Fortress Hotel to find Kevin and ask him to delete CCTV footage in the hotel; your dad booked a room with that b*tch in his hotel.”

Married at First Sight Chapter 2646-Matriarch Farrell added, “When I beat them violently, it should have been caught on camera.”

Kathryn said, “Mom, it’s useless to ask Kevin to delete CCTV footage. So many people in the hotel have seen it. Besides, Kevin may not be willing to delete it. He never gives our Farrell family face.”

Matriarch Farrell choked.

Yes, she just went to Kevin to delete the CCTV footage. What’s the use?

With so many people watching, she must have been filmed a long time ago. Now the Internet is probably full of videos of her catching and r@ping scmbag men and btches.

What Kathryn said was true. Kevin couldn't delete the surveillance even if no one else had taken pictures of her. He really never gave her the Farrell family face.

Serenity was her sister's granddaughter, and she also had a bit of Farrell family blood in her body, and she also had a blood feud with her.

Her niece, Audrey, was doing very well in Wiltspoon. She was the wife of a businessman. She was very powerful when she was young. Now she has retired, but she still has the right to speak in the Stone Group, and her children are filial.

Audrey was somewhat different from what happened back then.

But decades have passed since the incident, and no one has been able to collect evidence to prove that she planned the deaths of her elder sister and younger sister.

But what Audrey meant was to take back the position of matriarch and hand it over to Elisa, Serenity, or Liberty.

With such grudges, how could Kevin give face to the Farrell family?

Kevin would only rejoice in Matriarch Farrell's misfortune when her husband betrayed her.

"Mom, if a video like that appears on the Internet, I will have someone deal with it immediately." Kathryn said.

She was thinking that it would probably spread throughout Jensburg now.

After all, it's been two hours since the incident happened.

After Matriarch Farrell was silent, she said, "Forget it; let them go. Even if we can get rid of those videos, we can't stop their mouths."

Not to mention others, she didn't have the ability to stop Kevin and Hayden's mouths.

Anyway, she was not wrong.

She wasn't afraid of what others would say.

That is, Holden's reputation was completely ruined. He was already dissatisfied with her, and he was afraid that he would be even more dissatisfied with her and even hate her in the future.

They have been married for decades and have four children. When they are old, the relationship between husband and wife has become so troubled that Matriarch Farrell does not know whether she is right or wrong.

She stood up and said to Kathryn, "I'll go upstairs."

With that said, she left Kathryn and went upstairs.

When there was only Kathryn in the hall, Kathryn sat quietly for two minutes, then got up and went out. When she saw the butler, she said to him, "If Mom asks you, tell her that I went back to the company to work overtime."

The butler said, "Miss, won't you go back to the company after dinner?"

Kathryn pursed her lips and said, "No, I'll order takeout to be delivered to the company."

With such a commotion at home, even if she wanted to eat two bowls of rice, she would be embarrassed, so she might as well order takeout to be delivered to the company so that she could eat more comfortably.
