

Harvey York's Rise To Power Chapter 3851 - 3860

Chapter 3851

Jace fell back into his chair after being slapped in the face.

A bright red palm print could be seen clearly on his face, which twisted into a horrible expression.

“I’ll tell you this right now: I don’t care who you are! You better kill me now!”

“If you don’t, I’ll kill your entire family!”

“I’m a man of my word!”

Harvey aimed his firearm at the men beside him.

“With who? These useless people?”

Jace instinctively looked over. Julian understood the hint and casually took down the remaining men in suits with a wretched smile.

The master of the Sentries of York would surely have extraordinary fighting skills.

That said, Julian was constantly overshadowed by either Vince or Queenie during his time with the Yorks of Hong Kong.

After coming to Blackburn City, he naturally started showing his fangs.

Jace didn’t expect that his own men would fall so quickly.

His eyes were constantly twitching, but he was still unwilling to give in.

“So what if you’re good at fighting, you b*stards?”

“So what?”

“Let me make a phone call if you dare! You’ll be dead in seconds!”

“You want to call someone?”

Harvey smiled before glancing at Irene.

“Get Ellen to the closest hospital around here. We’ll be there soon.”

Harvey then tapped Jace's face.

“Fine. Since you're that confident, I'll give you a chance.”

“Julian and I will wait for you at the beach for half an hour.”

“Call whoever you want!”

“If you manage to scare me off, I'll break every single one of my limbs without needing you to do anything!”

“But.. You'll be done for if you can't!”

Harvey slapped Jace aside before leaving with Julian and the others.

Jace and the others were completely stunned.

It was their first time seeing such an arrogant man in Blackburn City after all.

No matter the reason, Harvey dared to go against someone from the Lee family. This alone was already way beyond everyone's comprehension.

Half an hour later, Jace stumbled off the ground and exclaimed, “Get me everyone right now!”

“If that guy doesn't die today, I'll be his f*cking servant!”

A subordinate slowly walked forward.

“Young Master Lee, should we just call the cops and lock those people away instead?”

“We can deal with them however we want later!”

“Call the cops?”

Jace chuckled wretchedly before slapping the subordinate away.

“What the f*ck are you saying?”

“Why would I do that?! That is just embarrassing!”

“We'll make it easy for that b*stard if we call the cops!”

“I want everyone here! I want that b*stard to know what'll happen if he opposes me!”

“He’ll know soon enough that he’s nothing compared to people from the Moreno family, the Lee family, and the Cobb family!”

“Anyone else has no right to make even a sound!”

Jace wasn’t the top young master of his family, but his title alone was enough for him to show off.

He had never suffered any losses since he was young.

For the longest time, the so-called young masters who traveled here from abroad were all crushed by him.

Why would he be scared of anyone?

Harvey’s arrogance was enough to make Jace boil with anger.

He wouldn’t forgive himself if Harvey didn’t die for this.

Chapter 3452

Harvey was taking bites out of his fruit as he calmly waited for Jace’s arrival.

“I have Jace’s information here, Sir York.”

Julian brought out his phone and showed Harvey some documents inside.

“He isn’t a top-rated young master of one of South Sea’s great families, but he has a bit of authority in the Lee family.”

“He isn’t someone who everyone responds to in Blackburn City, but he has a lot of friends in the underworld.”

“We might be suffering a little if it’s just the two of us. Should we call for backup?”

Naturally, Julian was quite worried about Harvey letting Jace run loose.

He could fight, but he believed that he and Harvey were completely outnumbered.

If Jace brought a thousand people here, they’d be at an utter disadvantage.

Harvey casually threw the husk into the trash, then wiped his hands with some wet wipes while smiling faintly.

1

“No need. How am I supposed to survive in this place if I need extra people to deal with a small fry like Jace?”

“I can’t support Katy like this.”

Julian was shocked.

“Impressive, Sir York! I finally understand why Vince wasn’t able to take you out before.”

“If Vince is in the same situation, he’d be making plan after plan to ensure his own safety.”

“He was careful, but he lacked courage. People would naturally look down on someone like that.” Harvey glanced calmly at Julian to stop the latter from continuing the conversation.

Vroom!

Several cars showed up less than thirty minutes later.

The furious revving of their engines could be heard, boasting rage and dominance.

Land Cruisers!

Range Rovers!

G-Wagons!

Rolls Royce Cullinans!

Every single luxury SUVs was present

Dust filled the entire air as the wheels of the cars spun rapidly

Those who knew Jace were all young masters of Blackburn City.

These people had no other talent except for crowding together and showing off.

Most of them had a bunch of skimpily-dressed women in skin tight clothes clinging to them.

They thought it'd be embarrassing if they didn't have beautiful women with them when they were at a crucial moment of crushing a weakling.

They were also completely armed as well; they had weapons like steel pipes, golf clubs, wooden bats, and watermelon knives.

There were almost five hundred of them. It was a spectacular sight.

They had Harvey and Julian completely surrounded while they were making threatening looks in

front of them.

Jace was quite competent after all; it was pretty impressive that he was able to call this. people here to support him in just half an hour.

After patching up his injuries, Jace walked out with his people.

many

As soon as he saw the cars and his supporters, he instantly forgot how Harvey had thoroughly humiliated him in the club moments ago.

His ego skyrocketed, and his lips curled into a smug smile.

He lit up an expensive cigar and blew a few puffs of smoke, then waved to the young masters.

“My brothers!”

“Young Master Lee!” two hundred people exclaimed in unison.

Jace straightened his back, his face bright; he felt that he was king of the world at this very

moment.

A lot of beautiful women in the crowd were looking at Jace with eyes filled with admiration and

infatuation.

In their eyes, this was a real man!

Jace held his cigar and took a few steps forward. He stared at Harvey and Julian with contempt.

“Harvey, right? I’ll give you one last chance!”

Chapter 3453

Harvey smiled calmly.

“What would you like me to do?”

Jace chuckled coldly.

“Grovel and admit that you’re wrong, then break every single one of your arms.”

“Get those two women who got away to my bed! I’ll play with them for three whole days!”

“When I’m happy, I’ll let you off the hook!”

Harvey narrowed his eyes.

“I decided to break every single one of your limbs. You’re never going to stand back up ever again!”

“You better know what’s good for yourself, Harvey!”

Jace was furious; he felt completely humiliated when Harvey challenged him in front of five hundred of his people.

“Enough showing off in front of me, or God won’t even be able to save you! I’ll make sure of it!”

“Your guy can fight, but can he go against five hundred people?!”

“He’ll die of exhaustion!”

Julian frowned and looked around him.

Just like Jace had said, Julian would be completely exhausted even if all five hundred people were

to kneel and let him slap them around, let alone fight people who were all well-prepared for battle.

“If all you have is this...”

Harvey calmly glanced around him.

“Your limbs are probably done for.”

“You b*stard!”

“What right do you have to show off, Harvey?!”

“You’ll know just what happens when you cross me soon enough!”

“Really now?”

Harvey chuckled coldly.

“All I did was slap you around a few times and make you stay on the ground.”

“You’re still talking back?!”

Jace gritted his teeth.

“My cousin’s about to be here soon enough! I’d like to see you keep up this front when you meet

him soon enough!”

Jace was completely infuriated.

He got someone to investigate Harvey, and managed to find out about Harvey’s entry record.

‘How dare a bunch of tourists here go against us?!’

‘What a damn joke!’

‘Are they shameless?’

Harvey smiled, calm as ever.

“Is that so? I’ll have to see just how impressive your cousin actually is now. We’ll see if he can

scare me off!”

Vroom!

The sounds of loud car engines could be heard from afar.

Eight extended Land Rovers slowly drove over; it was an extremely dominant sight.

The crowd split in two as the cars approached Jace and the others.

Around fifty strong men hopped out of the cars, their expressions so fierce it could scare someone to death.

Compared to Jace's rascally friends, these people were definitely professional fighters.

Every single one of them exuded auras enough to throw off dozens of people.

Soon after, a middle-aged man in a white suit walked out of the middlemost car.

His head was covered in bandages, and had a wretched look on his face. There was a woman in a leather suit behind him, whose head was hung low the entire time.

The person was none other than Vance himself.

Even with bandages wrapped around his head, a high and mighty aura could still be felt on him.

The people who were blocking his path instantly stepped aside out of fear.

“You're finally here, Vance!”

After getting a few stitches at the hospital, Vance immediately came to Jace's rescue. Right now, he hadn't spotted Harvey just yet.

Jace's eyes lit up instantly after seeing Vance. He quickly strutted forward to greet the latter.

Chapter 3854

“Perfect timing! An ignorant tourist is challenging my authority! He even hit me just now!”

“He's acting all high and mighty just because he has a capable bodyguard!”

“Not only did he tell me to call people here, he also threatened to break all of my limbs!”

“I told that guy my cousin’s Vance Toft, and that you’re backed up by the Blackburn City Martial Arts Alliance, but he said he doesn’t care!”

Jace was quick to fan the flames; he wanted Harvey killed as soon as possible.

Jace called Vance here because the Blackburn City Martial Arts Alliance was protecting Vance. Vance’s bodyguards were all professional fighters; ordinary people wouldn’t be able to compare against them.

No matter how strong Harvey and his bodyguard were, there was no way he’d stand a chance against Vance’s subordinates.

Jace was sure that Harvey was finished!

The beautiful women were filled with burning passion after seeing Vance arrive.

‘What’s Harvey going to do with all these people here?’

They stared pridefully at Harvey.

‘He’s finished!’

‘This ignorant fool’s done for!’

‘He’ll pay for acting all high and mighty in front of Young Master Lee!’

‘A tourist like him has no chance against Young Master Lee, anyway!’

“Is that so?”

Vance had a cold look on his face after hearing his cousin’s words.

He was looking for a place to vent after Harvey had humiliated him, so this was a perfect opportunity.

“A tourist is challenging my cousin?” he said after coldly chuckling.

“Doesn’t he know that he has to kneel in Blackburn City, no matter how powerful he is?”

“He doesn’t even understand that, yet he’s coming for you?”

“Does he have a death wish?”

“I’ll teach him to show some respect soon enough!”

Vance’s dominant aura was clear to all.

“Which one of you b*stards did this?! Get out of here!”

“I did.”

Harvey crossed his arms, his face calm.

“Do you have anything against it, Vance?”

Jace and the others froze, then looked at Harvey in utter disbelief.

‘Where did this tourist get all this courage from?’

‘How dare he go against Vance like this?’

‘Does he know who he is?’

‘He has a death wish!’

Harvey’s arrogance and ignorance were enough for the people around him to scorn him even

more.

They didn’t know how powerful Harvey was, but they knew that Harvey was done for if he didn’t know that he was no match against a local powerhouse.

Jace chuckled coldly; he quickly sent a text just to make sure that Harvey’s fate was sealed.

The beautiful women scoffed and glared at Harvey.

They believed that the ignorant man in front of them was going to die without even knowing why. “You b*stard! How dare you provoke me and Young Master Lee?! You must have a death wish!” “Let me tell you something...”

“I don’t care if you’re the king of the world!”

“I’ll f*cking kill you!”

Vance was completely infuriated; he took a step forward to take a closer look at the man in front of him.

He finally removed his bandages to see properly.

The high and mighty Vance trembled instantly after; his mind immediately went blank as soon as he saw Harvey's face.

He didn't expect the tourist to actually be the same person who disrespected him just before! a

Chapter 3855

Vance had been crushed completely at the Marina Bay Clubhouse, while his personal bodyguard was crippled by a single slap.

He knew how scary Harvey actually was.

He was planning to look for someone to support him after a few days; he wanted a few expert fighters by his side before he confronted Harvey again...

However, he didn't think that he'd bump into Harvey here.

Compared to Harvey, his subordinates...

Immediately, Vance's throat went dry.

"Sir York..."

His body was on the verge of giving in; he was about to kneel at that very moment.

A sharp pain was still lingering in his head. His personal bodyguard Zora instantly froze as soon as she saw Harvey; she wouldn't even dare go against him at all.

"That's him, Vance! He's Harvey York!"

"I investigated him before! He's just a tourist from Country H!"

Jace pointed at Harvey with a wretched smile.

"That b*stard slapped me in the face and ruined my business!"

Jace gritted his teeth, his face bright red, hoping that Vance would stand up for him.

“That’s right. I did everything Young Master Lee said. You got anything against that?” Harvey asked calmly.

Everyone burst out laughing after hearing Harvey’s words. The beautiful women had mocking expressions as they glared at Harvey.

‘This outsider’s a little too cocky! He doesn’t know what’s best for him at all!’

‘Doesn’t he understand that he should just give in right now?’

Jace chuckled coldly.

“Kneel already, you b*stard!”

“Do you want Vance to get angry or something?”

“Let me tell you something! It’ll be really bad for you if he does!”

“I’m a generous man. At most, I’d only break all of your limbs.”

“But my cousin’s different. Not only will he completely cripple you, he’ll kill off your entire damn family too!”

“He’ll dig your ancestors out of their graves just to burn them to a crisp!”

“Everyone related to you will suffer because of what happened today!”

“You’re finished, kid!”

“Your fate’s sealed!”

Jace had an arrogant look on his face; he was already fantasizing about Harvey being forced to the ground, with him slapping Harvey around furiously.

“Enough! Shut up!”

Vance came to his senses at that very moment.

He didn’t hesitate as he swung the back of his palm across Jace’s face.

Slap!

Jace stumbled a few steps back and covered his face, completely stunned.

Everyone looked oddly at Vance.

Jace was shocked and looked at Vance as well; he didn't know why he was slapped at all.

At this very moment, Vance badly wanted to strangle Jace.

‘He could’ve gone against anybody...’

‘And yet, he found the man who trampled all over me!’

More importantly, Vance knew that he was completely outmatched by Harvey.

Going against Harvey would mean death!

He wanted to take revenge after some time had passed, but Jace managed to put him in the spotlight once again.

Vance was on the verge of crying.

‘I shouldn’t have come...’

“What? Are you deaf?”

Harvey flashed them a playful expression.

“I’m asking you a question, CEO Toft. Do you have anything against what I’m doing right now?”

Chapter 3856

Vance Toft could still feel his head aching ever-so-slightly. His body instinctively trembled as soon as he heard Harvey York’s words.

“Of course not...”

He did have opinions about this...

But definitely not at this very moment.

Even if he wanted revenge, it would be on another occasion.

He would have been an absolute idiot if he was still going against Harvey, even when he knew he was completely outmatched.

That was why Vance gave up as soon as he could.

“No?”

Everyone froze after hearing Vance’s words. All of them became sluggish in an instant.

It was hard to believe that a local powerhouse who could trample on anyone would just give in like that.

This was unimaginable!

The beautiful women were stomping their feet out of rage. Some of them even slapped themselves in the face to make sure that they were not dreaming. O

The next moment, Harvey walked toward Vance.

“Kneel.”

Obviously, he was not planning to let Vance go at all.

Not only did Vance try to force his hand on Katy Cobb, but he also seemed to be looking for someone to vent his anger immediately after getting out of the hospital.

It was lucky that Harvey managed to be the person he was targeting.

If it were any other tourist, they would have been six feet under already.

Harvey decided not to let Vance off the hook easily. He wanted to teach Vance a lesson he would never forget.

Everyone froze after hearing those words.

Right when someone was about to scream at Harvey...

Vance’s face twitched. Even though he hesitated, he had no other choice but to kneel.

It was good that he knew when to quit. He already gave up in front of Harvey once, anyway.

After knowing he was no match against Harvey, what if he had to kneel to save his own skin?

That said, this was utterly shocking to everyone else here!

Kroom!

A loud crackle could be heard in everyone's heads...

Not just Jace Lee...

Everyone felt like they were struck by lightning at that moment.

'Vance kneeled?'

'A local powerhouse with a terrifying background kneeled just because Harvey said so?'

'How is this even possible?'

Everyone felt sluggish. At this point, they did not know whether they were watching a movie or dreaming...

Julian York let out a chuckle.

'As expected from Sir York. He did not even need to call anyone to deal with trash like Jace.'

'An ignorant fool here was already taken care of by him. At this point, that man's already traumatized.'

"Kneel with your back straight," said Harvey calmly.

Vance could tell what Harvey was going to do, but he had no choice but to obey.

Slap!

Harvey swung the back of his palm across Vance's face, causing his body to sway.

"You're here to stand up for your cousin?"

Vance gritted his teeth without saying a word.

Slap!

"You only go on tourists or something?"

Vance tilted his head down.

Slap!

"Did you already forget what I told you at the Marina Bay Clubhouse?"

Vance remained silent.

“Since you’re this compliant, I’ll give you a chance.

Harvey patted Vance’s face.

“When I see you take advantage of people next time, don’t blame me for what happens next!”

“I understand! I understand!”

Vance could only nod even when he actually felt utterly resentful.

Chapter 3857

The crowd went dead silent after seeing the sight.

Their bodies occasionally shuddered while they all froze in place.

They could not accept what had happened in front of them.

Jace Lee felt extremely sluggish as well. It felt like they were living in a never-ending nightmare.

After patting Vance Toft’s face, Harvey York showed a faint smile before Jace.

“Looks like your cousin here won’t be able to stand up for you after all.

“Even he isn’t enough to scare me off...

“Tell him to stand. See if he dares to do that without my permission.

Jace and the others felt parched. They did not know how to respond to Harvey at all.

He knew that he would turn into Blackburn City’s biggest joke if he could not reclaim his reputation right then.

Harvey wiped his fingers with some tissue before he glanced at Jace.

“You cousins are the same. You want to take advantage of Ms. Cobb and a piece of Ms. Moreno.

“I already took care of you. Do you want me to take care of your younger cousin too?”

‘Ms. Moreno?!’

‘Ellen Moreno?!’

Vance quickly came to his senses.

He knew that Ellen was Katy Cobb’s friend. He also thought of laying his hands on her....

But he never did!

But not only did Jace do just that, he even bumped into Harvey because of it! This was just horrible for him!

After being reminded of when his head was smashed open by beer bottles, and his bodyguard was sent flying by a single slap...

Vance trembled before furiously screaming at Jace, “Get over here, Jace! Apologize to Sir York right now!”

“Right now!”

The young masters who came could not help but gasp.

The beautiful women covered their mouths, trying their best not to scream.

All of them knew who Vance was.

That man feared absolutely nothing. He was a tough CEO to go against, and yet he acted humbly in front of Harvey.

How could they not be shocked? How could they not be afraid?

More importantly, Vance was Jace’s cousin. He was Jace’s trump card against Harvey.

In everyone’s minds, not only would Harvey have to kneel, but he also would end up with a horrible fate the moment Vance showed up.

Though, nobody thought that things would turn out this way. Even movies would not have such a dramatic plot twist.

Not only was Vance completely useless, but he was also even standing on Harvey's side.

This was just embarrassing.

Everyone's faces kept twitching.

They could not wrap their heads around why a random outsider was able to make Vance this obedient.

Jace stood up while gritting his teeth.

“What happened to you, Vance?! No matter how powerful Harvey is outside, he still has to kneel in a place like this!

“He means nothing!”

Slap!

Even before Jace was done talking, Vance immediately swung the back of his palm across his face.

“Who told you to disturb Sir York's meal?!

Slap!

“Who told you to go on Ms. Cobb's friend?!

Slap!

“Who gave you the courage to go against Sir York?!

“Do you have a death wish?!

“Don't you know who Sir York is?!”

Vance kept slapping Jace around, making him stumble back with blood trickling from the corner of his mouth.

Chapter 3858

Jace Lee felt utterly resentful. He was covering his swollen face when he furiously yelled, “Why are you hitting me, Vance Toft?!

“Who even is Harvey York?!”

“Isn’t he just a tourist?!”

“So what if he’s from Country H?! We stomp on people like this every year!”

“You should be helping me! Why are you siding with him?!”

Jace was furious. He felt helpless and felt utterly irritated as well.

He did not understand why his trump card was this afraid of Harvey.

Even if Harvey was a capable man in Country H, this was still no grounds for local powerhouses in Blackburn City like Jace and Vance to be scared!

People from Country H had no right to show off in a place like this!

Besides, in Jace’s mind, he probably would not have the need to be afraid of people that Vance was terrified of.

No matter what, he was still the third young master of South Sea’s Lee family!

Even if he was not in line to be the family’s successor, he was still a man with immense authority! Why would he even be scared of a tourist if that were the case?

If word were to spread about this, his reputation would be wholly tarnished in Blackburn City. maybe even the entire South Sea.

Julian York was showing admiration.

“Sir York’s just too good at this...”

He thought he would have a chance to perform after coming all the way to South Sea...

But Harvey had already taken care of everything without him even moving a single muscle.

Julian looked up to Harvey even more at this moment.

Vince York was nothing to him anymore. At this point, he was just discarded trash by Harvey.

Julian wanted to rise to the ranks. That was why he decided to blaze through the fire and flames for a person like Harvey.

“You’re still acting tough?!”

Varice slapped Jace across his face.

“I’m giving you one chance! Kneel and apologize right now!”

Jace covered his face when he furiously bellowed, “I’ll never kneel to anyone, Vance!”

Slap!

Vance slapped Jace with a bitter look.

“Don’t you understand what you did wrong?!”

“Do you want to die?!”

“Vance!

Jace spat out a tooth when he took a step back.

“Enough!

“This is enough!

“What makes you so scared of this man?!”

“I’ve read through his files!

“He’s just a divorced tourist from Country H! He doesn’t even have a thousand dollars on him!

“Why should I even be scared of him?!”

“Even if you’re scared of him, it doesn’t mean I have to!

“Did you forget who my teacher is?!”

“I’m just an outer disciple, but my senior can definitely deal with Harvey if I call him right now!

“Why do I have to kneel if that’s the case?!”

He could not understand why the high and mighty Vance would be this terrified of Harvey.

Jace was completely embarrassed!

After scolding Vance, Jace then pointed at Harvey with a cold smile on his face.

“I don’t know how you managed to get my cousin on a leash, Harvey…”

“But you should know that I’m not him!

“I will never kneel before you!

“I’ll never kneel unless you sleep six feet under!

“That word doesn’t exist in my circle’s dictionary!”

The crowd cheered after hearing Jace’s words.

‘This is what a top-rated young master looks like!’

Judging from this, Vance was completely inferior compared to Jace.

Nobody expected that Vance was all bark and no bite.

Chapter 3859

‘Idiot!’

‘That idiot!’

When he saw Jace Lee acting recklessly, Vance Toft was on the verge of tears.

He relentlessly slapped Jace around because he wanted him to know that Harvey York was no ordinary man.

The situation could only be solved if they apologized to such a man.

He did not expect Jace to reject his kindness and look for his own death.

“You…”

Vance pointed at Jace while gritting his teeth.

“I’m doing this for your own good! If you keep acting like this, you’re on your own!”

“Who even are you?!”

“I got you here to deal with Harvey! Not only did you not do that, you even slapped me in the face and insulted me!

“Did you forget who supported your rise to power?!”

“Let me tell you something! I’ll deal with you when I’m done with Harvey!”

“We’ll see if you’d still dare show off in front of me after that!”

“You think you’re impressive after showing off for such a long time, huh?!”

“No matter how powerful you are, you’re just a servant for the Blackburn City Martial Arts Alliance!”

“My teacher is none other than the vice leader of the organization!”

“My senior is the organization’s top talent!”

Jace looked as if he had regained his courage.

He felt like he could actually reclaim his pride at this moment.

“You’re done for, Harvey! You’ll see soon enough!” exclaimed Jace coldly, pointing at him.

“I don’t like asking my senior for favors, but you forced me to!”

“I just got a text! He’ll be here soon enough!”

“Show off in front of him later if you dare!”

“You don’t know who my senior is, do you?!”

“He’s Trey Bierstadt himself!”

“What?!”

“Trey Bierstadt?!”

Other than Harvey, everyone else was in utter shock.

Even Julian York’s face slightly changed after hearing that name.

“Sir York, Trey’s a tough nut to crack,” whispered Julian in Harvey’s ear.

“He’s the top talent of Blackburn City’s Martial Arts Alliance. He’s a pretty capable fighter with the strength of a King of Arms.”

“More importantly, we have the organization to worry about.”

“They’ll reveal their big guns if we remove their top talent.

“It’ll be pretty tough.

“We should get out of here for now. I’ll call for backup.”

Harvey smiled.

“No need.”

Jace felt extremely haughty after seeing Julian’s change of expression.

“That’s right! He was already heading his way here around ten minutes ago! He’ll be here shortly!” exclaimed Jace with a cold smile.

“You’ll end up horribly soon enough!”

The crowd gasped after hearing Jace’s words.

The young masters were also cheering for him.

After all, knowing someone like Trey was enough to prove that Jace had some power in Blackburn City.

Without a second thought, everyone started to get envious of Jace.

‘He can trample on anyone he wants with that background!’

“The top talent of Blackburn City’s Martial Arts Alliance?

“Trey Bierstadt?

“Is he that impressive?

Harvey crossed his arms before calmly walking toward Jace.

“Not just him, I’ll also trample on the leader of the organization if he comes!”

“Hahaha! You’re still showing off?!

Jace sized up Harvey with a playful look on his face.

“Who do you think you are, Harvey?!”

“Do you think you can go against the leader of the organization?”

“If my senior hears about this, you’ll be dead in a few seconds!”

“Even a hundred of you wouldn’t be enough to fight him!”

“If he wants to, he can slap you all the way across the globe!”

“You better cherish your final moments!”

“When my senior’s here, you won’t even get a chance to beg!”

Jace Lee did not want to talk to Harvey York any longer. He had never seen such an arrogant man in his entire life.

The beautiful women returned to their senses before glaring at Harvey disdainfully.

After all, he had no right to provoke such a powerful man like Jace.

“Do you really not need me to get someone, Sir York?”

Julian York showed a serious expression on his face. He tried warning Harvey again after checking his phone for more information.

“Trey Bierstadt is a peak King of Arms who defeated countless experts in Blackburn City! His name isn’t just for show!”

“Someone even considered him the most promising person to be the second South Sea God of War!”

“The Moreno family, the Cobb family, and the Lee family had been asking him to be their live-in son -in- law!”

“All of them also gave really attractive offers for that.”

“We should be careful.”

“I’m familiar with Inspector Failes of the Blackburn City Police Station. Even Trey would have to pay his respects when he gets here.”

Naturally, after reading Trey’s information, Julian was concerned that Harvey would suffer losses.

“Even Vince York and Lexie York couldn’t manage to take anything out of me. Do you think I can’t deal with someone like Trey?” replied Harvey calmly.

“I already said that I’d trample on the leader of the Blackburn City Martial Arts Alliance. Why would I even be scared of him?”

Julian froze before he stopped saying another word.

Vroom!

Before ten minutes had passed, three Rolls Royce drove over before they dominantly parked right in front of the crowd.

Soon after, eight men in robes jumped out of the cars.

Their hands were all empty, but their austere looks and cold glares were enough to tell that they were expert martial artists.

Soon, a tall and handsome-looking young man in a robe came over.

Every step he took was filled with an extraordinary aura while showing his icy gaze, giving people a sense of superiority.

Trey Bierstadt!

The top talent of the Blackburn City Martial Arts Alliance!

Many people opened up the organization’s website and compared the big picture inside to the person in front of them before they gasped.

Safe to say that Jace was quite impressive for calling someone like Trey.

Vance Toft’s expression changed slightly. He did not expect Jace would also bring such huge support here.

He regretted his actions before. He thought he should have stood up for Jace and crushed Harvey instead.

The beautiful women were completely dazzled when they saw Trey’s arrival.

‘A rich playboy like Jace can’t even compare himself against such an attractive man like Trey!’

As soon as Trey came, both Jace and Vance had to step aside.

Harvey would surely suffer for acting so high and mighty.

Many people were filled with joy and excitement.

They wanted to make a joke out of Harvey. They wanted to see Harvey being trampled all over.
