I am a quadrillionaire chapter 2550-“L-Lufian, c-calm down!” Sylvio managed to stammer out, struggling to speak as he was being strangled.

“I can’t calm down! Tell me where Elora is. Otherwise, I won’t hold back. Even if you have taught me a lot, even if you are half my teacher, I will still kill you,” Lufian roared frantically.

Feeling that Lufian’s energy was getting more and more violent and he might kill himself at any time, Sylvio also started to feel a little worried.

He was constantly thinking about how to resolve the crisis in front of him.

He had seen Lufian’s violent personality before and it was totally irrational.

After struggling a few times, Lufian thought that Sylvio was going to reveal Elora’s whereabouts, so he let go of his hand a little.

Sylvio, who was able to breathe again, thought for a while before persuading, “Lufian, I know Elora is very important to you, so important that you can give up everything for her, but have you ever thought about how sad and disappointed Elora will be if she sees you like this? She wants the Lufian who won’t show his emotions, not the Lufian who will destroy the world whenever you’re upset.”

He knew that if he wanted Lufian to recover, he could only start with Elora.

Elora was Lufian’s obsession.

After speaking, Sylvio conjured a mirror before him to show Lufian how he looked now.

When Lufian saw his hideous appearance in the mirror, he was stunned.

He thought, ‘Is this me?’

‘Why do I have such a terrifying expression?’

'Would Elora hate me if she sees me like this? Will she think I'm disgusting and leave me?'

'No!'

'No!'

'Elora must not see me like this.'

Lufian let go of his hands that were holding Sylvio's neck. He held his head in his hands and shouted in pain, "Get out! Get out of me! Get out of my body."

Immediately, his expression and voice changed. He sneered, "Tsk tsk tsk... You only want to let me leave now, huh? Don't you think it's too late? If it weren't for me, you would have already been killed. How will you have a chance to achieve Heavenly Overlord Rank? You want to burn bridges now, huh? No way in hell!"

"You promised to let me lead! You bastard, you lied to me!" Lufian said through gritted teeth.

Then, he sneered again, "You're still in the lead. I didn't lie to you. It's just that after the fusion, we have become indistinguishable from each other. There is no such thing as a master or a leader. After some time, the dual souls will be completely integrated and you will talk to yourself less like this in the future. You'll gradually get used to it."

"No! I don't want this! Get out!"

"Haha! How delusional! It's impossible. We are two souls in one body and we are the rarest in the universe. If we unite, we will skyrocket, and if we divide, we will fall. Now we have successfully fused and what's waiting for us is a bright future. We will leave our footprints in the universe and it's waiting for us to conquer."

"I don't need this! All I want is Elora! As long as I can be with Elora and live together with her, I'm willing to give up everything even if I live in seclusion in the mountains and forests. I'm also willing to never leave the house!"

"She's just a woman! When we rule the universe in the future, there will be so many female Overlords for you to choose. You can have as many as you want and I'm sure there will be a lot of them who's better than Elora."

“I only want Elora! I only want Elora! I don’t want anyone else!”

“Just because you say you don’t want them now, doesn’t mean you won’t want them in the future. When we fully integrate, you won’t think so.”

After Sylvio regained his freedom, he backed away quickly to keep a safe distance.

Of course, it was just Sylvio’s assumption.

If Lufian wanted to attack him, no distance was safe.

Looking at Lufian switching between the two personalities, Sylvio knew that his guess was right.

Lufian’s ability to achieve Heavenly Overlord was the result of the fusion of dual souls.

According to the other personality, they were no longer separated from each other after the fusion.

In other words, there was no such thing as suppression.

From now on, Lufian would always have a violent and irritable character.

Like today, he would kill Sylvio if he was slightly upset.

What should he do?

Lufian had reached Heavenly Overlord Rank, and he also liked to kill. Wouldn’t the entire Leila be in danger?

Sylvio had a worried look on his face.
