An understated Dominance – Dahlia and Dustin Chapter 1461

Chapter 1461

“Why are they here?”

Hazel Lancaster and Waylon Lancaster looked at each other, and their expressions became a little more solemn.

Because the people who got out of the car were not the guests who came to congratulate him, but members of the Torby and Stratford families.

It was obvious that this was a bad move.

Dustin didn't respond, as if he had expected it.

With the virtues of the Torby and Stratford families, they would definitely not tolerate the Lancaster Family's predation, so they would definitely send people to smash the scene.

“Patriarch Lancaster, I haven't seen you for a long time.”

Kevin walked forward with a group of people, with a fake smile on his face.

“The head of the royal family is here, and if there is a loss, don't blame it.”

Waylon Lancaster arched his hands and also showed a professional smirk.

“I heard that your Lancaster Family has recently developed a magical healing medicine, and it will be officially sold today. I wonder if there is such a thing?” Kevin said with a smile.

“It's all the stuff that the juniors are messing around with, and it's not on the stage.”

Waylon Lancaster waved his hand.

“Patriarch Lancaster is too modest. Your medicine has a good reputation in the industry, even better than our rejuvenation ointment. Now that you are promoting it so aggressively, you are going to drive us to nowhere!” Kevin said meaningfully.

“Patriarch Torby is joking. We are just making small fuss. Naturally, we cannot compare with your big business.” Waylon Lancaster said with a smile.

“Since we can’t compare, how about joining us fortunately and making money together in the future?” Kevin narrowed his eyes slightly.

“This...” Waylon Lancaster showed a troubled expression.

This old fox actually wants to occupy their research results, he is really greedy.

“Patriarch Torby, our Lancaster Family has always been used to being solitary, and we don’t like forming allies, so we appreciate your kindness.” Hazel Lancaster flatly refused.

“Hazel Lancaster, our Torby Family brought you into the gang because we think highly of you, so don’t be ungrateful.” Isabela said coldly.

“That’s right. As the saying goes, those who know the current affairs are heroes. As long as you contribute the formula of Jade Dew Ointment, we will be close partners in the future. Otherwise, we will have to fight each other.” Owen Stratford said lightly. .

As the saying goes, courtesy first and soldiers later, if the Lancaster Family knows how to share the sweetness, it will be fine.

If they don’t understand the interests, the two sides will have no choice but to start a war.

“What, are you threatening us?” Hazel Lancaster said with a cold face.

“So what if I threaten you?”

Isabela snorted coldly: “You Lancaster Family can’t even be called a wealthy family, how can you compete with our two big families? If you know your words, hand over the formula immediately, so that you can still make some money, otherwise, I will beat you to pieces!”

Why should a second-rate family challenge two wealthy families? Really overwhelmed!

“Um?”

Hazel Lancaster frowned slightly, her face a little ugly.

Next to her, Waylon Lancaster’s smile quickly faded.

Although he knew that the two sides would be unhappy, he didn’t expect that the Torby and Stratford families would directly quarrel with each other.

“What’s the deal with chickens and eggs?”

At this time, Dustin suddenly laughed out loud: “You Torby Family are really loud. Do you really think you can cover the sky with one hand?”

“Dustin! It’s really you who is causing trouble!”

Isabela turned her eyes and said coldly: “You despicable and shameless guy! Our Torby Family treats you badly, but you actually betrayed us. Not only did you give us a residual recipe, but you also colluded with the Lancaster Family to try to suppress our business. You are so cruel!”

“Despicable and shameless? A wolf-hearted person?”

Dustin sneered, as if he was looking at an idiot: “Isabela, do you want to listen to what you are saying? I saved your life, saved your grandfather’s life, and gave your Torby Family a fortune that can make a lot of money. prescription.

The results of it? You, the Torby Family, have gone back on your word, failed to keep what you promised, and even attempted to kill someone to silence them and monopolize the prescription.
