An understated Dominance – Dahlia and Dustin Chapter 1465

Chapter 1465

“Hmph! Dare to fight us? It’s really suicidal!”

Looking at Hazel Lancaster who was in a hurry, Isabela couldn’t help but sneer.

The shopping mall is like a battlefield, and the Torby Family is already familiar with such dark methods.

In the past, those small and medium-sized forces that did not know how to promote themselves and refused to rely on the Torby Family were eventually destroyed.

Obviously, the Lancaster Family is no exception.

“Rumors! It’s all rumors!”

Seeing that his daughter couldn’t bear it, Waylon Lancaster stood up decisively and said seriously: “I can use the reputation of the Lancaster Family as a guarantee. The Jade Dew Ointment we developed all complies with the regulations and there will never be any problems. What happened today is purely It was framed by someone!”

“Stop! Now the evidence is solid! My dad was killed by you!” the middle-aged man shouted.

Later, a woman cooperated very well, threw herself directly in front of the body, and started to cry loudly: “Dad! You died so miserably! You did good deeds and accumulated virtues all your life, but now you are killed by these profiteers. It is really unfair!”

Seeing this scene, the camera clicked again, showing the woman’s miserable appearance vividly.

The crusade at the scene became more and more intense, and it had become somewhat uncontrollable.

“Killing for life is justified. If your Lancaster Family kills someone, you must take full responsibility!” Owen Stratford began to fight.

“That’s right! We Torby and Stratford families serve the country and the people, and we will never watch your Lancaster Family bully the weak and oppress the good!” Isabela continued to add fuel to the flames.

While stepping down on the Lancaster Family, he did not forget to raise his own identity.

“Ugh——!”

At this time, several cars sped up and stopped on the side of the road.

As the car door opened, a group of people in uniform stepped forward aggressively.

Wherever they passed, the crowd dispersed automatically, making way for them.

“Which of you is the founder of Jade Dew Ointment?”

The leading bald-headed man cast his eyes all over the place with a very unfriendly expression on his face.

“I am.”

Hazel Lancaster took the initiative to step forward and asked, “Sir, what advice do you have?”

“We are from the Medical Bureau. According to the investigation, your Jade Dew Ointment contains a large number of harmful substances and is seriously illegal. I declare that your company will permanently cease operations and Jade Dew Ointment will be completely banned and no longer sold!” shouted the bald man.

“What?”

Hazel Lancaster’s face changed: “Our Jade Dew Ointment has been strictly verified, how could there be any problems?”

“It’s up to you whether there are any problems. Now, come back with us to assist in the investigation!” The bald man said with a cold face.

“Sir, Jade Dew Ointment has caused a death, and everyone involved must be arrested, especially that guy!”

Isabela suddenly pointed her finger at Dustin, and said with a stern face: “As far as I know, Jade Dew Ointment was researched by him, and now he has killed someone, he should bear the main responsibility and must be severely punished!”

“Oh, is it so?”

The bald man glanced at Dustin with sharp eyes, waved his hand, and shouted: “You can tell by his face that he is not a good person, arrest him immediately!”

As soon as he gave the order, several uniformed men behind him immediately took out handcuffs.

“etc!”

Hazel Lancaster suddenly shouted to stop: “Everyone is responsible for what he does. If there is a problem with Jade Dew Ointment, it is my responsibility and has nothing to do with outsiders!”

“Hazel Lancaster, you’d better think about it carefully. This is a life-and-death lawsuit. Once you get in, it’s very difficult to get out. To take the blame for a jerk, what’s the point?” Isabela said eccentrically.

“Hmph! Although I’m not a good person, I will never repay kindness with hatred and behave like a beast.” Hazel Lancaster retorted.

“you—!”

Isabela’s face turned stern: “Okay! You like going to jail so much, don’t you? Then I will help you! Catch her and punish her severely!”

“Catch her!”

The bald man waved his hand and directly ordered his subordinates to put handcuffs on Hazel Lancaster.

When he was about to be caught in the car, Dustin, who had been watching coldly, finally stood up and said coldly: "Wait... I have something to say."

"What? Are you trying to obstruct law enforcement?" The bald man's eyes were unkind.

"Enforcement? What kind of law is enforced?"
