

An Understated Dominance By Marina Vittori

Chapter 1885

The palace is full of elites, but the Dragon Guard Pavilion has the advantage in numbers.

The two sides started fighting, and the battle was extremely fierce.

On the palace side, Thorian Rhys led the charge, while in the Dragon Protection Pavilion, Lorenzo led the charge.

As for Dustin and Ji Yuanzun, they looked at each other through the air, but there was no movement at all.

Now that the soldiers and horses of both sides were fighting together, Dustin could no longer activate the formation to kill the enemy.

Because whether it is the Mist Formation or the Eagle Formation, they all attack without distinction between friend and foe.

As for the bombs planted around them, they were obviously of no use.

Only when one is truly at the end of his rope would one commit such an act of mutual destruction.

"Thorian! The ambush plan failed, lead people to break out immediately!"

After watching for a moment, Dustin decisively gave the order.

Judging from the situation, although the elite masters of the palace were brave, they did not take any advantage.

Even if everyone has the ability to fight one against three, or even one against five, they still cannot win this battle.

The soldiers and horses of the Dragon Guard Pavilion are ten times that of the elites of the palace. If they continue to fight and fight until their physical strength is exhausted, the elites of the palace will eventually be annihilated.

Therefore, the best choice is to break through when the strength is strong.

No matter what, we cannot let these elite sacrifices be in vain.

"Form the flying geese formation! Follow me to break out!"

After receiving the order, Thorian Rhys did not question anything and immediately commanded his subordinates to form the flying geese formation and began to charge towards the weak area.

The elite masters of the palace are already superior in strength, plus they are well-trained and cooperate well.

Breaking out of the encirclement, extremely quickly.

The encirclement of Dragon Protection Pavilion was torn open.

"Hurry up! Don't let them run away!"

Dustin Kate became anxious and yelled.

"Chase!"

Lorenzo did not hesitate and immediately led a large group of troops to hunt down the elites of the palace.

Soon, the fierce life-and-death struggle turned into an encirclement and pursuit battle.

The troops from both sides chased each other in the mountains and forests, and within a moment they were far away from the initial battlefield.

At this moment, on the battlefield.

On the palace side, Dustin was the only one left standing.

On the other hand, in Hulong Pavilion, in addition to Ji Yuanzun and Dustin Kate, there are still three martial arts masters left.

These three grandmasters are all elders of the Dragon Protection Pavilion. They are all powerful and possess unique skills.

Fortunately, Bai Ye's sword before his death killed most of the masters of the Dragon Protection Pavilion.

Otherwise, what stood in front of Dustin would be more than that.

"Dustin, why don't you run?"

Ji Yuanzun smiled jokingly, looking like a hunter after seeing his prey.

"Why should I run? I'm here today just to kill you." Dustin said coldly.

"Kill me? Hahaha..."

Ji Yuanzun laughed even louder: "Dustin, I admit that you are extremely talented and powerful. You have entered the top ten on the amazing list at a young age, but for me, you are still too young. You have to know that the difference between the tenth on the World Shattering List and the fifth on the World Shattering List is not even a little bit."

"The rankings on the World Shattering List are for reference only and do not represent absolute strength. Weak, the death of your old Pavilion Master Li Yuanwu is the best example." Dustin said coldly.

In the previous shocking list, Li Yuanwu ranked second and Bai Ye ranked third.

As a result, after Bai Ye broke out, Li Yuanwu was no match at all and was not even qualified to escape.

"Li Yuanwu?"

Ji Yuanzun snorted coldly: "Dustin Kate, don't overestimate yourself. First of all, I am not Li Yuanwu, and you are not Bai Ye. A peerless swordsman like Bai Ye has never been seen in the ages, and you are still far away. We haven't reached this level yet."
