

An Understated Dominance By Marina Vittori

Chapter 1906 -

Dustin Kate's words attracted many people's attention.

As Dragon Army's hussar general, although Dustin Kate's character was highly controversial, his ability was not questioned by anyone.

After all, the opponent's position today was achieved through bloody battles.

If even a courageous and visionary person like Dustin Kate feels that Dustin is the most suitable to be the king, then they have to re-evaluate.

Before, they felt that Dustin was alone, so they supported Thorian Rhys even more.

But now, it seems that is not the case.

First, there was support from the military god Adam Spanner, and then there was support from the hussar general Dustin Kate. The weight of these two people was enough to make many people change their decisions.

"Third brother, please tell me carefully, why did you choose Logan?" Rufus Rhys asked with a smile.

"The reason why I chose Logan is similar to that of Chief Mountainal Spanner. I value a person's talent and ability more."

Dustin Kate said seriously: "This time we are wiping out the remnants of Hulong Pavilion. I believe everyone sees it. It's all about Logan." He strategized and used strategies to kill the cunning Ji Yuanzun, and at the same time plundered all the treasures in the Dragon Protection Pavilion. This was a great achievement. To sum up,

Logan was brave and resourceful, and was the best candidate to inherit the throne. As for Thorian, being a general is more than enough, but being a king is still a little short of it."

As soon as Dustin Kate said this, before Rufus Rhys could reply, Rigsby Wayne stood up excitedly and angrily said: "Nonsense! This time we will destroy the guardians. The remnants of the Dragon Pavilion are not the fault of His Highness alone. His Highness has also made great contributions. Without the help of His Highness, how could it have been so smooth? In terms of talent and ability, His Highness is by no means inferior to His Highness, and he is also younger and has more potential! "

There's no need to be so anxious. I'm just talking casually. It's purely a family opinion and I can't make the final decision. The real decision-making power is in the hands of my eldest brother." Dustin Kate said calmly.

He originally didn't want to get involved in this matter, but seeing that Rufus Rhys's intention was obviously to favor Dustin, he followed the other party's intention and expressed his support.

To put it bluntly, they are just suggestions. As for who should be the king, it all depends on Rufus Rhys's preference.

"You can't speak clearly like this, and it's easy for people to misunderstand. I have to correct the flaws in your words." Rigsby Wayne said coldly.

A traitor actually dares to talk so shamelessly here, he really doesn't know the importance of it.

"I already know all your suggestions."

Rufus Rhys spoke again, interrupting everyone's discussion: "Among you, some support Logan and some support Thorian. This is enough to show that my two sons are very important. Excellent, but there is only one throne, so I can only choose one of them."

As he said that, Rufus Rhys's eyes suddenly glanced at Dustin and Thorian Rhys: "Logan, Thorian, do you think you have the ability to be the king? "

Dad, I'm not very talented and I can't be the king, so you should pass the throne to your eldest brother." Thorian Rhys said directly.

As long as his eldest brother was around, he never thought about becoming a king.

For him, the throne is not as important as his relatives.

However, his heartfelt words made all the supporters present anxious.

Especially the faces of Rigsby Wayne and others changed drastically.

Are you kidding me?

They fought so hard just now just to get Thorian Rhys to the throne.

Now that he is about to get the throne, the other party chooses to give up on his own initiative. Isn't there something wrong with his brain?

"Logan, what do you think?" Rufus Rhys asked again.

"I have no interest in the throne. I came back this time just to destroy the Dragon Protection Pavilion. Now that the Dragon Protection Pavilion has been destroyed, I have nothing to miss. I will leave in a few days. Therefore, Thorian will be the heir apparent. It's appropriate."

Dustin said calmly.
