

An Understated Dominance By Marina Vittori

Chapter 1933

The experience in the oasis was like a lingering nightmare for him.

Just thinking about it makes him cringe. He really doesn't have the courage to go on another adventure.

"What are you afraid of? As long as I'm here, nothing can hurt you. No matter how dangerous it is, I can protect you." Billy Ruso said confidently.

"Senior Ruso, I'm afraid that area is not as simple as you think."

Alexis Walters shook his head: "We just wandered around the outside for a while, and then encountered various crises, resulting in numerous casualties. , I have never explored it at all, but I can be sure that the further you go inside, the more dangerous it will be and the monsters will become more powerful. Even a martial arts master cannot take it lightly."

"Boy, are you exaggerating a bit? How can a congenial warrior know how powerful a martial arts master is?"

Billy Ruso said nonchalantly: "Besides, I am not an ordinary martial arts master, just a few monsters, I can kill them in minutes."

"Senior Ruso. There is no doubt about your strength, but there are too many unknowns hidden in the oasis, so you still have to be careful." Alexis Walters reminded.

"That's all. You look like you're scared out of your mind. I won't force you. Just draw me a map and write down the route and everything you see and hear on it. Maybe I'll need it some time. Come on." Billy Ruso retreated and asked for second place.

"This is no problem." Alexis Walters nodded.

Drawing a map is nothing compared to risking your life.

...

At this moment, in the teahouse in the village.

It is Andrew Young to talk secretly with Thomas Grey.

Because of Dustin, the disciples of Stone Dragon Sect and Flying Sect have temporarily formed an alliance.

"Brother Andrew, you were injured just now. This is our Flying Sect's Snow Flower Golden Jade Pill. It has miraculous effects on internal injuries. Why don't you try it?"

Thomas Grey took out a bottle of elixir and handed it to Andrew Young.

"Thank you, Brother Thomas!"

Andrew Young was not polite. He opened the medicine bottle and threw two pills into his mouth.

Snow Flower Golden Jade Pill is Flying Sect's unique secret medicine, which has the effect of dredging meridians, increasing blood circulation and removing blood stasis.

Sure enough, after taking the elixir, the surging internal energy and blood in the body was strictly suppressed, and it soon became smoother.

"Brother Andrew, I have already inquired. The person who hurt you is Dustin. He is the bodyguard hired by the masked woman. Although he is young, he is very skilled. Fortunately, he has no rich status, so it is not difficult to deal with him. "Thomas Grey told all the information he had inquired about.

"Hmph! I don't care what that kid's background is. If he dares to challenge our Stone Dragon Sect, he will have to pay the price in blood!" Andrew Young said bitterly.

"Brother Andrew, what are you going to do? Ask the sect's seniors to take

action?" Thomas Grey asked tentatively.

"Of course there is no need to alarm the seniors of the sect for such a trivial matter, I can handle it by myself!" Andrew Young said.

"Dustin is a very powerful person, and Kevin Snow from the Golden Blade Sect is in the way. We may not be able to get an advantage in a head-on confrontation," Thomas Grey said.

"There are many ways to kill someone. Head-on confrontation is the next best thing." Andrew Young shook his head.

"Oh? Could it be that Brother Andrew has already made up his mind?" Thomas Grey raised his eyebrows.

"As the saying goes, it's easy to hide with open guns, but hard to guard against hidden arrows. I can easily take his life with just a few tricks. Just wait and see!" It is forbidden to have cold light in your eyes.

"Really? Then I'll wait and see." Thomas Grey smiled.

Dustin is a man with high talent, strong strength and full potential.

If you become a friend, it will definitely be a great help; but if you become an enemy, it will also be a serious problem.

It must be eradicated as soon as possible!
